C. and C. Told of Operatio[illegible] of Sales Ba[illegible]

Melvin Joppru [illegible] at Meeting Thu[illegible] Reports Are Sub[illegible]

Members of the Civic and Commerce association at their luncheon meeting last Thursday noon heard an interesting discussion by Melvin Joppru concerning the Thief River Sales Barn operated by him a mile northwest of this city. Ralph A. Luhman, auditor, also supplied figures dealing with the volume of business handled.

The sales barn, said Joppru, is designed to develop a good local market for livestock and to encourage farmers to raise more stock. He also discussed some of the obstacles he had had to overcome, including the sudden decline in cattle prices last summer.

Luhman reported that in the year and one-half it has been operating, the sales barn has handled a volume totaling more than $800,000, involving more than 10,000 head of stock. He stated that at the March 31 sale 300 animals from 83 consigners had been sold, with buyers and sellers from a large area in attendance.

Secretary Glenn Carlson announced two coming events of interest to the membership. The first is a meeting next Monday evening, April 13, at 7:30 in the Elks club rooms at which the proposed state sales tax will be the topic of discussion.

Carlson also announced that local implement and automobile dealers will stage on Friday, April 17, a huge mass display of farm machinery and cars on LaBree av. from Third to First sts.

City Engineer Douglas Stewart and Chet Matthews, manager of the local office of North Central Airlines, told of the difficulty the airline had met with in using the runway, which at present has received only a sealcoat. They indicated it will be necessary to bypass this city for the time being.

Nine 4-H Clubs to Join in 1-act Play Contest Apr. 13-16

Final County Contest to Be Held Thursday, Apr. 16, in Lincoln Auditorium

Nine 4-H clubs will present plays in the Pennington county 4-H play and music festival on April 13, 14 and 16th. They are Mavie, Smiley, Steiner, Star, St. Hilaire, Sanders, Bray, Double N, and Rocksbury. These and several additional clubs have entered the music division.

The eliminations are scheduled for Goodridge, Monday, April 13th and St. Hilaire, Tuesday, April 14th at 7:30 p. m. and finals will be in the Lincoln high school auditorium on Thursday, April 16th at 8:00 p. m.

The good grooming contest is being held in connection with the finals on April 16 at 7:00 p. m. Four winners—a boy and girl under 15 years and a boy and girl 15 years or over will be selected.

The winning one-act play, music selection and good grooming contestants will participate in the district contest to be held at Crookston during 4-H Club Week, June 15-19.

Worker Gravely Injured Tuesday

Ivan Peterson Hit in Face by Broken Emery Wheel

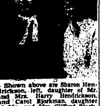
Ivan Peterson, 50, is in critical condition in a local hospital, wher he is receiving treatment for multiple fractures about his face suffered in an accident Tuesday morning at the Thief River Welding Co.

At the time of the mishap he was working alone on a power-driven emery wheel, when the wheel broke in two, striking him in the face.

He was taken in an unconscious condition by ambulance to the hospital, where it was planned to take X-rays today to determine the extent of his injuries more definitely.

Third Drawing Is Set Friday Night, April 10

Win Curved Bar



Shown above are Sharon Hendrickson, left, daughter of Mr. and Mrs. Harry Hendrickson, and Carol Bjorkman, daughter of Mr. and Mrs. Clifford Bjorkman. The two girls were honored recently at a Girl Scout court of awards by being presented with the Curved Bar award, highest rank available to members of the organization.

In connection with the third in the series of four Friday evening prize awards, four drawings for valuable prizes will be conducted over Radio Station KTRF Friday evening, April 10.

To be eligible to win a prize, it will be necessary for the person whose name is drawn to be in a local business place at the time his name is called, except in the case of the principal prize, a $200 diamond ring to be awarded at 8:55.

It was announced that there will be no further registrations of names, but that winners for the next two Fridays will be drawn from names previously registered.

Following is the schedule of drawings Friday evening, April 10: 7 o'clock, $25 grocery coupon, electric mixer and electric razor. 7:55, clock radio, man's or ladies watch and automatic coffee-maker. 8:30, electric steam iron, $25 grocery coupon and electric razor. 8:55 $200 diamond ring and two one-year subscriptions to the Times.

In the drawings last Friday evening, the principal prize of a living room suite was won by Mrs. Mary Freeburg of this city. Other winners included Mrs. Doris Seefeldt, watch; Mrs. Morris Miller, Goodridge, waffle iron; Leo Travnicek, city, $25 grocery coupon; Henry Schwartz, Rt. 2, city, electric shaver; and Mrs. Iver Nelson and Mrs. John Kotaska, one-year subscriptions to the Times.

Girl Scouts Plan Week-end Journey to Duluth Parley

Mrs. L. B. Hartz and Mrs. Warren Ferber to Escort Girls to Conference

Eighteen senior Girl Scouts from the Northwestern Minnesota Council will journey to Duluth this wekend to attend a state-wide senior conference. Over 300 Girl Scouts, representatives of senior troops from all over the state, are planning to attend. They will be housed in the homes of Girl Scouts thruout the city of Duluth.

The theme of the meeting is "How To Make Senior Scouting Grow," and will be characterized by a troop-planned program Friday night, and a keynote speaker Saturday morning followed by groups in such subjects as international opportunities, camping, service projects, senior planning boards, and opportunities in professional Girl Scouting. The highlight of the conference will be a banquet Saturday evening with a Scouts' own program closing the three day meeting Sunday morning.

Those attending from Thief River Falls are Janice Bugge, Nancy Snyder, and Mary Poland; from Red Lake Falls, Gladyce Meyer; from Warren, Carol Howe and Mary Siusar; from Roseau, Joan and Mayonne Johnson and Vernice Hovda.

Adults driving to Duluth are Mrs. L. B. Hartz and Mrs. Warren Ferber of Thief River Falls, and Mrs. Norman Flagstad and Mrs. Carl Jackson of Roseau. Miss Ruth Beddie, council executive director, will also accompany the group.

Social Security Agent Here Apr. 14

Program Protects Most Widows and Children

Four out of five of the widows (or wives) and children in this country are protected by old-age and survivors insurance, according to Walter D. Kistler, manager of the Grand Forks office of the Social Security administration. A representative of the office will be stationed at the employment office in this city Tuesday, April 14.

Mr. Kistler points out that while the original Social Security Act provided monthly benefits for the wage earner only, the present law provides such a wide variety of insurance benefits that practically everyone dependent upon the wage earner for support is protected by this insurance.

Monthly benefits ranging from $25 to $85 per month are provided for eligible workers who retire at any time after reaching age 65. Benefits are provided for the dependent wife, child, or husband of the retired worker also.

In addition, the law provides for the payment of benefits to survivors of insured workers who die, regardless of the worker's age at the time of death.

To Form Auxiliary of N. W. Hospital This Evening at 8

Women from Thruout This Area Invited to Attend Meeting in C. & C. Room

In response to general invitations sent out to women in the area served by Northwestern Hospital, a large number of women have already indicated their intention to be present at the organization meeting of Northwestern Hospital women's auxiliary, which is to be held at 8 p. m., this evening, April 8th, in the Civic & Commerce room of the city Auditorium.

Mrs. Elmer Bratsch of Thief River Falls will serve as temporary chairman. Explanatory talks will be presented by Harold W. Peterson, administrator of Northwestern Hospital, and Mrs. M. A. Ziegler of Kennedy, president of the Kittson Memorial Hospital womens' auxiliary.

Women attending this meeting will be given the opportunity to become charter members of the organization and will be given a chance to indicate in what types of activities they may be interested.

Harold W. Peterson emphasized that the organization will not be involved in any type of solicitation for hospital funds. This he said, is purely an educational and service type of organization such as is commonly found in hundreds of hospitals in the United States.

All women in the area served by Northwestern Hospital are cordially invited to attend this meeting.

Retiring Janitor to Be Honored

Members of Trinity Lutheran church will gather for a Family Night next Sunday at 5:30 p. m. A program will be presented by the Luther Leagues of the church, and special recognition will be accorded to Ole Hedalen, who is retiring as janitor of the church. Supper will be served by Circle No. 11 and a free-will offering will be received. The public is also welcome to attend.

Firemen Called Twice Past Week

The fire department was summoned last Thursday afternoon to Johnnie's Hamburger Shop on Main av. N., where a hot water oil heater became flooded. No damage resulted. In the only other call during the past week, firemen were called to the city dump ground, where a grass fire threatened to get out of control.

Plans Advance for N. W. Dairy Day June 9th

J. M. Roche Is Elected Secretary, Succeeding Glenn Carlson, Resigned

Twenty-five men, including directors of the Northwest Dairy Improvement association and a half-dozen county agents, attended a dinner meeting last Thursday evening in the Rex Café, at which plans for the annual Northwest Dairy Day in Thief River Falls Tuesday, June 9, were further developed. President Stuart McLeod conducted the meeting.

J. M. Roche was elected secretary to succeed Glenn Carlson, who is leaving next week for St. Cloud, and George W. Werstlein, vice president of the Northern State bank, was named to succeed Carlson as a member of the board.

McLeod announced that the boy or girl exhibiting the grand champion purebred calf at the show this year would be given a free trip to the Waterloo Dairy Congress in Waterloo, Iowa, next fall. As in past years, the boy or girl showing the grand champion grade calf will receive a purebred dairy calf of the breed preferred.

Ray Mitteness, registration chairman, stated that entry blanks would be sent out to county agents late this month for distribution to 4-H boys and girls and FFA members, with the entries due May 20. Operators of the many creameries in the area also will aid in encouraging the young people to participate.

Another prominent feature of Dairy Day, as in past years, will be the crowning of a Northwest Dairy Princess, selected from a field of competitors including three 4-H girls from each of the participating counties. Miss Marlene Jensen of Ada is the reigning princess, crowned at the 1952 event.

Alvin Christofferson, who has been named Dairy Day publicity chairman, outlined elaborate plans for promoting the event, and suggestions also were made by Lew Conlon, manager of the Minnesota dairy industry committee, who pointed out the wide circulation thruout the eastern part of the nation given the motion pictures covering the 1952 Dairy Day.

Conlon also told of a quest being made by him and W. N. Moscrip for a purebred calf to be presented on Dairy Day to the winner in the show last year. He added that the search had now been narrowed down to four herds, and that a selection will be made shortly.

Other features of past Dairy Days that will be repeated this year include an afternoon parade following the judging of the calves, and a banquet in the evening for boys and girls entering calves and for other participants.

Minneapolis Men to Discuss Sales Tax Here Monday

Speakers supplied by the Minnesota Retail Federation, with headquarters in Minneapolis, will present objections to the proposed enactment of a sales tax at a meeting of local business men in the Elks club rooms next Monday evening, April 13, at 7:30. The Civic and Commerce association made local arrangements for the meeting, and all merchants are invited to attend.

Choir of Gustavus Adolphus College Coming April 22d

65-member Group Will Appear in Concert in High School Auditorium

The Gustavus Adolphus College Choir, from St. Peter, Minn. will appear in concert at Lincoln high school auditorium, Thief River Falls, on Wednesday evening, April 22nd at 8 p. m.

The choir has been touring each year since it was first organized in 1930, with the necessary exception of the war years, and has earned for itself a place of distinction in the minds of music lovers throughout the mid-west.

This year the men of the choir will also appear as the Gustavian male chorus, and present a group of selections on the concert program. The chorus always sings several numbers in the Swedish language.

The combined choir and male chorus numbers 65 singers, selected from several hundred candidates, and is on a two week tour through Minnesota and Canada.

Conductor of the Gustavus Adolphus Choir is Eugene Casselman, member of the music faculty of the college. Mr. Casselman is a graduate of the Westminster Choir College of Princeton, N. J., and a former member of the Westminster Choir, with which he toured the country extensively. He is also a graduate of the American Conservatory of Music, Chicago, where he studied voice with John C. Wilcox.

Oscar Bakke Joins City Recreation and Parks Staff

Oscar Bakke, recently appointed to the new position of superintendent of parks and recreation, began his duties April 1, meeting with the park board that evening. Bakke and his capable assistant superintendent, Nick Waldorf, are now engaged in getting equipment ready for the summer season, and preparing for the spring rush of landscaping work and transplanting flowers and shrubbery.

Pre-school Clinic Set for Saturday, April 18

The annual pre-school clinic will be held Saturday, April 18, from 9-5 at the Lincoln high school gymnasium, it was announced today by Mrs. Andy Williamson, chairman.

All children who plan to attend kindergarten next September and who have their fifth birthday on or before Jan. 1, 1954 must register at this clinic.

Mrs. Margaret Rare, school nurse, assisted by local nurses, will check height, weight, vision and discuss with the parents the health, physical and mental, of each child. The complete health history will also be recorded.

The following Saturday, April 25, from 1-4 p. m. at the Northrop school gymn, six local doctors will give physical examinations, vaccination and immunization treatments.

These will be given free of charge, but only on this day. Anyone who does not attend this free clinic will have to pay regular price at the doctor's office. The child must be registered in order to attend the free clinic April 25.

Invitations will be sent out according to last years school census. An invitation is not necessary to attend.

Ice Is Gradually Melting in Red Lake River Pool

Due to the slight current in Red Lake River as a result of the closing of the dam at the outlet of Red Lake, the ice in the river pool here is melting without breaking up and passing over the power dam, considerable open water being in evidence Tuesday. Morris Owen, chief operator at the municipal plant, reported today that the flow of water is so light that it is possible to operate the water turbines only about one-third of the time.

Rev. Thompson Is Rotary Speaker

The Rev. G. S. Thompson was the speaker at the Rotary club luncheon Monday noon in the Elks club rooms. The general theme of his discussion was the need for self-improvement before the world can become a better place in which to live.

G. N. Blood Donor Car To Visit City Apr. 20-24

Residents of this city and surrounding communities will have an opportunity to make donations of blood for the armed forces in Korea when the Great Northern blood procurement car makes its second visit to Thief River Falls starting Monday, April 20, and continuing thru Friday, April 24.

Alvin Christofferson, procurement chairman for the Pennington county Red Cross chapter, stated today that pledge cards are being mailed out to all residents of the Thief River Falls community, and he asked that the cards be signed and returned as quickly as possible.

He added that anyone age 21 to 60 and in good health is eligible to donate blood, as well as young people ages 18 to 21 who secure the permission of their parents. Blood can be given safely every eight or nine weeks, it was announced.

Those not contacted directly may volunteer to donate by calling phone 44 or by writing P. O. 107, Thief River Falls. The quota for this city has been set at 500 pints of blood for the five-day stay, or 100 pints per day.

In connection with the appeal for donors, the office of defense mobilization in Washington, D. C., has issued the following statement:

"America now has the largest standing military force in its history except during time of a major war. In addition to battle injuries, these men fall heir to the same accidents and illnesses as civilians. They are injured in training, or in accidents on the highways, undergo major surgery and require treatment for a variety of ailments. They need blood for their healing.

"To the man wounded in combat blood is life itself. Every Korean battle casualty reaching the hospital needs an average of nine pints of blood. Some is given as whole blood, some as plasma. Military authorities set the average need of the seriously wounded at 18 pints.

"In World War I, 8 to 11 of every hundred wounded Americans reaching battalion aid stations died. In World War II this death rate was cut in half. During the Korean conflict this small percentage is being halved again—with an average of only 2.5 deaths per 100 men reaching the hospital.

"The impressive reduction in military casualties is due, in major part, to the prompt use of whole blood and blood plasma transfusions, first to combat shock and then to sustain and reinforce other medical treatment. In order to maintain this splendid record of recovery an undiminished supply of blood and plasma must be available to the Armed Forces."

Implement & Auto Fair Set Friday Apr. 17

$500,000 Exhibits to Be Displayed on LaBree av. from 1st to 3d st.

Organized by the Civic and Commerce association, an automobile and implement street fair will be held in Thief River Falls Friday, April 17, on LaBree av. between First and Third sts., it was announced today by Glen Carlson.

Fourteen dealers will show cars and farm machinery with an aggregate value of more than $500,000. Included in the exhibitors are five automobile dealers, four implement dealers and five handling both cars and implements. They will present what is believed to be the most complete exhibit ever shown in this section of the state.

As an added attraction, farmers in the Thief River trade area will be eligible to register for $300 in cash certificates, which may be redeemed at any of the participating business firms.

Two first prizes of $100 certificates will be awarded, one redeemable in auto parts, repairs or accessories, parts or accessories. Two similar prizes of $30 each and two of $20 also will be awarded.

It was announced that farmers living in the local trade area may register once at each display booth. The drawing will be conducted April 17 at 5 p. m. from the center of the display grounds.

Plummer Co-op Creamery Notes 50th Anniversary

Nearly 400 Present at Dinner in Plummer Hall Monday Evening, Mar. 30

Nearly 400 patrons of the Plummer cooperative creamery and members of their families attended a dinner in the Plummer community hall March 30, celebrating the 50th anniversary of the founding of the creamery.

Secretary-manager George Orr presided over the program. Emil Malwitz, president of the Commercial club, welcomed the guests and praised the creamery for its valuable service to the community. Stuart McLeod, manager of the local Land O'Lakes plant, also extended his congratulations.

Preceding the dinner, the annual meeting of the creamery association was held during the afternoon, with President Peter Gerardy in charge. Stuart McLeod read the annual report, which revealed that the plant in 1952 produced the substantial total of 302,211 pounds of butter, in addition to which 62,371 pounds of butterfat was sold in the form of milk and cream. The volume showed a substantial increase over the previous year.

Speaker at the afternoon meeting was Supt. C. L. Cole of the North Central School of Agriculture at Grand Rapids. Merle Widger was reelected a director for a three-year term.

Residence Areas to be Covered Apr. 16 in Cancer Drive

Plans for a concerted cancer fund drive in the Thief River Falls residence districts, to be conducted Thursday evening, April 16, starting at 6:30, were completed at a meeting Tuesday evening in the Rex Cafe. Mrs. Emmett Israelson, general chairman of the campaign presided over the session, which was attended by 18 women, representing as many local organizations. Mrs. Orris Johnson and Mrs. Charles Booren are co-chairmen of the drive.

Architects Show Progress on Plans for New Hospital

S. L. Stolte of St. Paul Confers with Local Board Last Friday and Saturday

S. L. Stolte of Bettenburg, Townsend & Stolte, St. Paul architects for the new addition to Northwestern Hospital, visited the city last Friday and Saturday to confer with hospital authorities regarding progress of the plans.

Mr. Stolte stated that Part III of the application of Northwestern Hospital association for participation in Hill-Burton funds had been approved by the United States Public Health Service and the Minnesota state department of health. Following previous instructions given by the local hospital board, the architectural firm is at work on the working plans and specifications for the hospital addition.

Mr. Stolte said that by April 15th he will bring to the city the enlarged departmental plans for final criticism by the hospital board, the medical staff and department heads. Following local criticism of the plans for each department, the architects will consult with equipment experts in determining refinements in the plans.

Every indication is that working plans and specifications will be complete by June 1st, after which time bids may be placed for construction, the board announced.

Revive Debate over Location of Court House

Delegation Headed by Hylden asks Board to Use Old Central School Site

The prolonged debate over the site for the projected new court house, which was generally believed to be settled some time ago, was revived Tuesday when a delegation of ten persons headed by Lars Hylden, former member of the county board, appeared before the board at its April meeting to object to using the present site and to recommend instead that the old Central school site be utilized.

At the same time, a delegation of Rocksbury residents appeared to argue in favor of using the present site. They pointed out that the question of location should have been decided finally when town board members from thruout the county indicated in a straw vote taken in 1950 that they strongly preferred the present location.

The board took no action on the matter at its session Tuesday, but arranged to call a meeting with the court house advisory committee Friday afternoon at 4 o'clock when this and other matters relating to the project will be discussed.

M. O. Foss Jr. of Moorhead presented slightly revised plans for the new structure, and T. O. Evanson, Minneapolis bond consultant, also was present to discuss the financing of the project.

The board indicated it would hold a special meeting shortly to call for bids on 25½ miles of road graveling projects, involving mostly the surfacing of short pieces graded in 1952.

Several delegations were present to discuss drainage problems, which were referred to County Engineer [illegible] for investigation.

Jaycees Resume House-numbering Project Monday

Seek to Place Reflector Type of House Numbers on All Local Residences

A dozen members of the Thief River Falls Junior Chamber of Commerce assembled Monday evening on Crocker av. N. to continue the house-to-house campaign to sell and install the new reflector-type house numbers for $1.00

This project was begun last fall by the JayCees, and the major portion of the east side of the river was completed. Several remaining streets on the east side will be completed shortly and from there the campaign will be continued on the west side.

This worthwhile community undertaking has been endorsed by the police and fire departments which encourage residents to take advantage of this program for their safety and the convenience of visitors, deliverymen, and mailmen, as well as the police and firemen.

At the regular meeting of the Junior Chamber of Commerce on Thursday evening, Dr. O. D. Beich, president, appointed Robert DuChamp and Dr. Edward Gilbert as co-chairmen to carry out the project.

Grygla Couple Wed at Church Sunday Evening

Miss Patricia Louise Peterson, daughter of Mr. and Mrs. Clarence Peterson of Grygla, exchanged marriage vows with Gordon Lyle Anderson of Minneapolis, son of Alton Anderson of Grygla, at a double ring ceremony in St. Olaf Lutheran church in Grygla Sunday evening, April 5. Rev. J. M. Erickson officiated at 8 o'clock in the presence of 140 guests.

Mrs. J. M. Erickson played the "Bridal Chorus" from "Lohengren" and Mendelssohn's "Wedding March", and Miss Betty Ellingson, attired in a pale blue formal, sang "O Perfect Love," "The Lord's Prayer," and "The Lord Be With You."

Miss Marilyn Anderson, sister of the groom, and Sheldon Peterson, brother of the bride, attended the couple, and Clarence Peterson gave his daughter in marriage.

Miss Peterson's choice of attire for her wedding was a gown of white satin, fashioned with full skirt of net over satin, scalloped waistline, lace trimmed net yoke, and long tapering sleeves. Her net veil, trimmed with lace matching the gown, was attached to a pearled cap. She carried a white Bible topped with a lavender orchid and white stephanotis. Her attendant wore a gown of pale blue satin and carried a colonial bouquet of pink roses and white carnations.

For her daughter's wedding, Mrs. Peterson chose a two-piece aqua dress with black accessories and she wore a corsage of red roses and white carnations.

The guests were entertained at at a reception in the church parlors following the wedding. A cake centered the bridal table, and later during the reception was served by Miss Helen Hanson and Miss Irene Sletten of this city.

Miss Idelle Erickson poured; Miss Marlene Hanson was in charge of the guest book; Carol Anderson cut the wedding cake; Mrs. Vernon Brateng assisted with the gifts; Jean Hanson was in charge of pictures; and Ione Byklum and Marian Olstad were waitresses.

The bride is a graduate of the Goodridge high school, class of 1952, and has been employed as cashier-bookkeeper at the S & L store in this city. Mr. Anderson is a student at Dunwoody Institute in Minneapolis. The couple will be at home at 11100 Wayzata Blvd. in Minneapolis.

LIBRARY NOTES

Last week while looking around in Mr. Hoeffer's work shop we mentioned finding something that would be of special interest to little girls.

At first glance, the miniature glass house on display at the public library might appear to be just a very interesting and attractive doll house but upon closer examination the careful observer realizes that it could also be used as a model for a carefully planned, convenient home. There are built-in features, plenty of shelf and closet space. Besides this is is completely furnished and equipped with electric lights.

Mr. Hoeffer says he spent many hours building it but they were absorbing, enjoyable hours and he feels well-repaid for the time and patience it took. We are fortunate to have people who are willing to share their hobbies with the rest of us.

It seems a fitting time to display books and periodicals relating to house building and construction. For inspiration and ideas you may want to look through some of these:

American Home, Architectural Forum, Better Homes and Gardens, House and Garden, House Beautiful, Household and Sunset, as well as books and pamphlets on the subject.

The latest books to arrive are:

Ulman,—The Naked Spur.
Morrison, The Stones of the House.
Runciman, History of the Crusades.
Thorpe, Child Psychology and Development.
Pohl, The Lost Discovery.
Harbin, Phunology.

Easter Sunday guests at the home of Mrs. Mildred Rux were Albert Carlson of Karlstad, the Elmer Rux family, Mr. and Mrs. Bruce Carlson and Gary of this city.

Arnt Weduls Note Silver Anniversary

Friends and relatives helped Mr. and Mrs. Arnt Wedul celebrate their silver wedding anniversary in the Trinity church parlors Sunday afternoon, at which time a program was presented and a delicious lunch served.

Rev. G. S. Thompson opened the program with scripture reading and prayer, and Mrs. C. Weckworth and Mrs. C. Matheson presented two vocal selections, accompanied by Mrs. M. Torkelson. Otto Wedul spoke a few words in behalf of the boys of the family and Arnt Wedul expressed thanks and appreciation for Mrs. Wedul and himself.

Flowers were in abundance, 1 large bouquet being telegraphed from Norway by Mrs. Wedul's two brothers and sister there, and one from Vancouver, British Columbia, Canada, from another sister. Pictures were taken and gifts opened.

Miss Barbara Elofson was in charge of the guest book, while members of circle 9 and other friends were in charge of lunch. The serving table was centered by a three-tiered wedding cake.

Guests from a distance were Mr. and Mrs. John Hoston of Brainerd.

Party to Be Given for Mrs. S. Sorenson and Son

Relatives, friends, and neighbors are invited to attend a miscellaneous shower at the Norden church Sunday afternoon, April 12, at two o'clock. Guests of honor will be Mrs. Soren Sorenson and son Sam who lost their home by fire. A pot luck lunch will be served.

Mayor H. E. Simons Asks for Supprt of Cancer Drive

Issues Proclamation Stressing Need of Public Support for Campaign

Mayor Harry E. Simons today called for full support of cancer control activities during April which he proclaimed as "Cancer Control Month."

WHEREAS, The people of this community have demonstrated on many previous occasions their ability to meet crisis with action and

WHEREAS, it is statistically true that one-fifth of all the citizens of Thief River Falls eventually will develop cancer unless new methods of protection are developed without delay, and

WHEREAS, this widespread threat to the health and lives of our people has reached proportions that demand concerted action by everyone, with their time and their financial support, and

WHEREAS, The Congress of the United States has authorized the President to designate April as a special occasion for taking cognizance of this problem, and

WHEREAS, a vast nation-wide effort is being made through government agencies and by volunteer public organizations to concentrate attention on the disease cancer at this time, and

WHERAS, The American Cancer Society will conduct its annual crusade to educate the public and raise funds during the month of April.

THEREFORE, I do hereby ordain and proclaim the month of April as Cancer Control Month, and, furthermore request that all citizens of this community observe this occasion and lend their support to the American Cancer Society's 1953 crusade.

Mayor Harry E. Simons.

Military Services Held Here Monday for E. C. Karwand

Native of Community and Veteran of World War I Died March 30 at Age 61

Military services for Edwin C. Karwand were conducted at the Community Church at two o'clock Monday afternoon, Rev. E. C. Mead officiating. Mr. Karwand was 61 years of age at the time of his death on March 30.

Mr. Karwand was born in rural Pennington county August 28, 1891. He moved to this city with his mother when a young man and graduated from Lincoln high school in 1910. He was employed as bookkeeper in a local bank until he entered the army April 9, 1918.

He served overseas from August 1918 to June 1919 and took part in several engagements of the Meuse-Argonne offensive. After his discharge from the service in July, 1919, he accepted a position as cashier of the Hazel bank.

On April 29, 1920, he married Bertha Olson and they established their home in Thief River Falls. For a number of years they lived at Twin Valley, during which time Mr. Karwand was with the liquidation division of the Minnesota department of banking. Later he was employed with the Federal Land Bank, and since 1939 he has been district representative of the Rural Credit Department.

He was a past commander and adjutant of the Twin Valley American Legion Post, of which he had been an active member.

The survivors include his wife; a son, Sgt. Elwood Karwand, U. S. Air Corps, stationed in Alaska; and two half-sisters, Mrs. Enger Tolefsrude of Minneapolis and Mrs. Ida Stone of Richmond, California.

Mrs. T. Lindland Rites Scheduled For Next Tuesday

Mrs. Tollef Lindland, 84, passed away Tuesday morning at the local hospital. Gulbranson's Mortuary is in charge of arrangements for the funeral which will take place at the Evangelical Free Church in this city at two o'clock Tuesday afternoon, April 14. The remains will be laid to rest at Badger, Minnesota. The complete obituary will be published in the next issue of the Times.

Military Rites Held Saturday For Paul Schenke

Paul Schenke, 37, who was killed in a car-truck collision Tuesday morning of last week, was buried with military honors Saturday afternoon. Rev. G. S. Thompson conducted the final rites at Trinity Lutheran church at two o'clock and burial was made in the Holt cemetery.

Paul John Schenke was born in Marshall county July 7, 1915. He assisted with the farm work and was employed as a farm laborer until he was inducted into the service May 1, 1942. He served in the European theatre for twelve months and was a prisoner of war for six months.

Following his discharge from the service September 22, 1945, he took vocational training with Mostue's Flower Shop in this city. His marriage to Gladys Anderson took place in Seattle *September 22, 1942 and they* have made their home in Thief River Falls since 1945. For the past four and a half years, Mr. Schenke had been employed with Bridgeman Creameries.

He is survived by his wife, two daughters, Gloria of Minneapolis and Bonita of Thief River Falls; two brothers, Hurman and Edward of Grand Forks; and five sisters, Mrs. Agnes Wold of this city, Miss Frances Schenke of Los Angeles, and Mrs. Theresa Wynne, Mrs. Cecil Wynne, and Mrs. Arthur Stokke of St. Paul. His parents and three sisters have preceded him in death.

Services For Peter Meyers Held Sunday

Funeral services for Peter F. Meyers, who passed away at a local hospital on March 31, were held at the Gulbranson Chapel Sunday afternoon at 2:30. Rev. E. C. Mead conducted the services and interment was made in Greenwood cemetery.

Mr. Meyers was born in Des Moines, Iowa, April 29, 1879. After reaching manhood there, he moved to Westbrook, Minn., where he operated a livery and feed barn. He married Anna Flor at Westbrook April 7, 1908, and they farmed in that vicinity until 1924 when they moved to Viking. In 1942 they retired and moved to Thief River Falls.

He is survived by his former wife, Mrs. Anna Meyers of Seattle; and the following sons and daughters; Mrs. Oscar Thoraldson of Goodridge, William of this city, Frank of Westbrook, Donald of Seattle, and Mrs. Elmo Brundsvold of Newburg, N. D. Nine grandchildren, and one great grandchild also survive. He is preceded in death by one son.

Lloyd L. Wilkens Accident Victim Buried Saturday

Funeral services for Lloyd Wilkens, who lost his life in the collision east of this city Tuesday morning of last week, were held at two o'clock Saturday afternoon at the First Lutheran Church at Goodridge, Rev. Walter Pedersen officiating. Pallbearers were Harry Liedberg, Gordon Pittman, Ervin Vigen, Lloyd Wiseth, Gilbert Gunderson, and Archie Ptacek.

Lloyd L. Wilkens was born in Moylan township, Marshall county, July 6, 1920. On April 25, 1943, he married Dorothy Urdahl in Thief River Falls. His wife and three children, Ronald, Donald, and Sherry Lee survive him.

Other survivors include his parents, Mr. and Mrs. Albert Wilkens of Goodridge; two brothers, Melvin and Raymond of Grygla; and two sisters, Arlene at home with her parents, and Mrs. Arnold Homme of Fargo.

Better Than Plain

Rather than having plain coffee cake, spread this on the batter before baking for extra deliciousness: 2 tablespoons softened butter mixed with 2 tablespoons honey and ½ cup well-drained pineapple.

St. Cloud Man Is Added to Staff of Union State Bank

Kenneth L. Onken of St. Cloud assumed on April 1 the duties of assistant cashier of the Union State bank, where he will work primarily in the small loan department.

Onken formerly was associated with the Guaranty State Bank and Trust Co. of St. Cloud for six years, and previous to that he served for two years with the Murray County State bank at Slayton. He served with the U. S. Army air force for two years during World War II.

With his wife and small son and daughter, he has established his residence at 110 East Fifth st.

From the State Capitol

By W. E. DAHLQUIST

The Senate finance committee has recommended that the farming operations at the State Sanatorium at Walker be discontinued. This recommendation was made in the interests of saving money.

Several factors combine to make the Walker farm operation unprofitable. In the first place the institution is not well located from the standpoint of farm production. Unlike some of the other institutions, the patients at Walker are there to rest and there is no contribution of patient labor. And in recent years has come the forty hour week. That was the proverbial last straw. The forty hour week doesn't fit into the farm picture. At any rate the state can buy milk cheaper from producers who work more than 60 hours a week than it can grow its own with forty-hours-a-week labor.

The state sanatorium was located at Walker 50 years ago when the notion was prevalent that pine trees somehow provided a cure for tuberculosis. At that time the death rate from the disease had reached an alarming 2,000 a year figure. Ten years later, as the White Plague continued to spread, a system of county sanitoria was established, providing facilities for a greatly increased number of patients.

This is one public health program that has paid off in a big way. Since 1911 the death rate per 100,000 people in the state has declined from 119.7 to last year's record low of 8.5. Authorities tell us the disease now is definitely under control. New methods of cure by both medicine and surgery give assurance that in the forseeable future there will no longer be a need for special institutions for the care of TB patients. Regular hospitals will be equipped to provide for them.

We have before us the report and recommendations of the interim committee that studied this problem. Several sanitoria have already been closed and converted to other uses. Those remaining in operation have many vacant beds and it is therefore recommended that there be consolidations. The larger institutions are preferable because they are better able to provide the special services that are becoming a part of the "cure" program.

It is suggested that the state assume a larger share of the costs of this down-the-stretch drive to eliminate the disease. Because of the specialized treatment the per day cost of hospitalization will be greatly increased. Because a cure has become almost a certainty and the period of hospitalization has been greatly reduced the total cost per patient is steadily decreasing.

It is a bright picture. Certainly this is the most encouraging report I have been able to make from the present session. Hats off and a round of cheers to those who have made this fight against TB so successful.

I am getting a flood of letters these days and most of them are expressions of concern either about state aid for schools or the proposed sales tax. The folks back home tell me they want a big increase in basic aid. Sorry folks, I can't be for this across-the-board distribution of state money under present conditions. We are spending beyond our means now. We are going to have to learn all over again how to live within our means.

It would be encouraging to get a few letters suggesting more equalization aid. Basic aid goes to the rich and the poor alike. Equalization aid recognizes the needs of the poorer districts and can be justified as the state's proper responsibility to equalize opportunities for education. More equalization aid I am for. So well, however, have the educators organized their across-the-board raid that I am afraid my feeble protest is not going to be heard.

To those who oppose a sales tax I can give my support. I do not think this new tax will come this session. Our spending is now far greater than our income but with anticipated income and our savings we probably can get through the next two years with only moderate tax increases. But two years from now the the situation will be different.

Even if we just maintain the present level of spending, the legislature that takes over in 1955 will be faced with a serious financing problem. In tax revenue we are already feeling the effects of reduced farm income. A slight business recession could result in a critical situation at the state level even before the next regular session and it is not beyond the realm of possibility that a special session will be called before then to either find more revenue or cut costs. That is the prospect.

And so, with that prospect in mind, I believe a proper way to put the questions the folks back home are concerned about would be something like this: "Are you in favor of basic aid being increased to $100 or are you against the sales tax?"

But time is running out. From now until April 22 the weeks will become shorter and the days will not be long enough. If I do not answer your letters, and if I do not grind out a column, it is because the Constitution says we must complete our job down here in 90 days and Governor Anderson has said he will not stand for any clock-covering nonsense. Thanks for listening.

Soil Conservation Election

Polk Centre and Sanders township will vote on joining the Pennington County Soil Conservation District on Thursday, April 9th from 8:00 to 10:00 p. m. The voting places will be School Districts 99 and 166. At the present time 17 of the 21 townships in the County belong to the district which was established 4 years ago. The services of the District are available to all townships that belong. At the present time Don Lawrence, the farm planner, is the only man on full time duty but an engineer and a soil technician that does mapping work are available part of the time. The main project of the District up to the present time has been assisting farmers with drainage problems; however, many farms have also had a complete conservation plan drawn up and use this as a guide in laying out their crop rotations. The activities of the District are directed by a Board of Supervisors that farm in the district. Paul Engelstad is chairman of this board.

Grass, Legume Planting Tips

When planting your grasses and legume this spring, don't seed too deeply. These seeds are small—and so are their sprouts. They don't have food reserve or strength to push up through much soil. Experiments show seed planted ½ inch deep often gives twice the stand as that covered one inch deep. Ideal depth, of course, depends upon moisture, type of soil, and variety of grass. In heavy soils, ¼ inch to ½ inch is usually deep enough. On light soil, it may be necessary to go down ½-inch to one inch to reach moisture. Same rules apply to flax.

Packing beforehand with a roller will save much seed by making it easier to control drill depth. Packing afterwards puts seed in firm contact with soil, speeds germination, and gives more even stands.

If such equipment is unavailable and flax, wheat, barley, or oats is used as a nurse crop, drill the grain first. Then sow grass with a cyclone seeder or crossseed with grain drill set shallow as possible. Harrowing covers the seed and leaves soil fairly firm. This system is not as good as packing, but can give fair results when conditions are favorable.

The use of fertilizer is also important in helping young seedlings to become established. Legumes are high users of phosphate and potash and grass needs nitrogen. A complete fertilizer such as 4-16-16 or 4-24-12 will give the best results. The ideal way to apply would be with a drill attachment to place fertilizer close to the seedlings.

County Herds Rank High

For the past three months two dairy herds in Pennington county have been in the top five in the Lake of the Woods-Koochiching Dairy Herd Improvement association. These two herds belong to Mordy Morrison of Star township and Clyde Christianson of Smiley township. The D.H.I.A. program is helping Mordy to improve his butterfat—production. Three years ago his herd averaged 275 lbs. of butterfat per cow. This was his first year of testing. Last year his herd average was 366 lbs. The big reasons for this increase in production per cow are due to feeding according to production and culling out the poor producers. He says the help received through the testing Association has made this increase possible. Many of the heifers now in Mordy's herd are sired by the artifical breeding service at Roseau. They have also helped him step up production.

Play and Music Contests

One of the big events of our 4-H program takes place next week. This is the county play and music contests, held on the 13th, 14th and 16th. Elimination contests are scheduled for Goodridge on April 13 and St. Hilaire on the 14th with the finals presented at the Lincoln High School Auditorium on the 16th. Nine 4-H Clubs are presenting plays and about 12 are taking part in the music contest. The winners present their numbers at the District Club Week at Crookston June 15th to 19th.

WALTER D. MOSTROM, USN IN ATLANTIC MANEUVERS

The landing ship, medium rocket, USS 515 is taking part in the second phase of an amphibious training exercise extending from the Caribbean area to the shores of North Carolina. Serving aboard is Walter D. Mostrom, commissaryman seaman, USN, son of Mrs. Leonard Mostrom of Goodridge. About 25,000 sailors and 36,000 marines are involved in the current exercise with an armada of more than 150 ships and craft.

SOUTH ST. PAUL LIVESTOCK MARKET REPORT

Slaughter Cattle and Calves

Outstanding feature of Monday's liberal steer and yearling run was the high quality. There was a generous showing of Choice grade, quality perhaps being the best in at least two months. Around 40 percent of the cattle supply consisted of slaughter steers and yearlings, including heifers. Stocker and feeder classes made up 10-15 percent, so there naturally was a very small crop of cows. Aided by higher advices from the eastern dressed beef markets, the local trade on slaughter steers and heifers developed quickly into a brisk affair. Demand was most pronounced for Choice and Prime grades, and these sold strong to 50c higher than last week's close. Other grades were steady to strong. The cow market had some unevenness, but as a general rule was about like last Friday. Bulls were fully steady, extremes 50c higher on weighty dairy bred bulls. Vealers worked out steady although some buyers had lower orders. The stocker and feeder trade was the dullest in months. Scattered sales were made around $1.00 lower than last week's close, but at a late hour most of the offerings were in first hands. Local dealers were very indifferent toward replacement cattle.

Lincoln Athletes to Be Guests at Banquet Monday Night, Apr. 20

Nearly 100 Lincoln high school students, members of the various athletic teams, will be honored guests at a banquet Monday evening, April 20, at 6:30 in the Trinity church parlors. Sponsors of the dinner are the Civic and Commerce association, Junior Chamber of Commerce, Rotary club, and Lions club.

An advance ticket sale will get under way late this week, it was announced by the committee in charge, headed by Gordon Reierson, chairman; Clifford Bjorkman, vice chairman; and Wallace Tunberg secretary.

Reierson announced that guest speakers will include Joe Hendrickson, sports writer for the Minneapolis Tribune; and a member of the University of Minnesota coaching staff, who also will show movies of the 1952 Gopher football season.

Other members of the sponsoring committee include Al Christofferson, Milton Reierson, Roy Oen, Russell Embury and Leonard Goulet.

Sportsmen Honor Ole Ness Tuesday

Club Pays Tribute to Him Preceding Trip to Norway

The largest gathering in recent history to attend a Sportsmen's club meeting assembled Tuesday evening in the Civic and Commerce room to honor Ole Ness, veteran member of the organization, who is leaving early in May for a visit with relatives in Norway.

In behalf of the assemblage, Kern Olson, who presided, presented Ness with a purse of money and with a piece of luggage, the joint gift of the club and of the local fire department, of which Ness is a member. He responded with thanks.

The program included Norwegian songs sung by Mrs. Max Jensen, accompanied on the accordian by Mrs. Jassie Miramontes. Other features included a humorous dialog between Orvis Olen and Harold Anderson, a wildlife recording by E. Dodd, presented by Don Olson; and a film descriptive of wildlife in the Everglades, shown by John Andersen.

Lunch was served at the close of the program.

Lions Committee to Make Plans for '53 Rummage Sale

At the Lions club luncheon meeting last Wednesday noon in the Rex Cafe, President Bill LaFave was authorized to appoint a committee to plan for the club's second annual rummage and auction sale to be held next fall to provide funds for the community Halloween festival, sponsored by the Lions.

Announcement also was made that a team headed by Tom Fuller had won the annual attendance contest, defeating a team headed by Len Goulet, the losers to be hosts at the luncheon this noon.

Film to Be Shown at Sportsman's Store on Sunday

Gordon and Raymond Johnson, proprietors of the Sportsman's Store, announced today that the public is invited to attend a sportsmen's show Sunday afternoon, April 12, from 1 to 6 o'clock at their store. In addition to merchandise displays, the show will include the presentation of the Mark Trail film, "Water Wilderness," taken in the Florida everglades. Lunch also will be served.

Appeal is Issued to Send in Easter Seal Donations

An urgent plea for belated Easter Seal contributions was made this week by H. B. Gough, St. Cloud, president of the Minnesota Society for Crippled Children and Adults, the Easter Seal society.

"We know many persons have forgotten to mail in their Easter Seal gifts," Mr. Gough said. "They want to help Minnesota's handicapped citizens to new happiness and productive, useful lives, but they have forgotten to get those Easter Seal contributions in the mail.

"It is not too late to send Easter Seal gifts. The Minnesota Society for Crippled Children and Adults will be glad to accept them and looks forward to receiving many late contributions."

AIRPORT NEWS

Edgar Hetteen and John Hetteen from Roseau and Robert Hetteen from Malung flew in Wednesday in the Cruiser on a business trip.

Chris Kierk, using Hans Anton's Luscombe, flew Elton Bakke on a business trip to Huron, South Dakota, and back on Wednesday.

Art Burke flew the Aeronca Chief to Minneapolis on Saturday to meet Mrs. Burke and son Jimmy who had been visiting there. Mr. Burke and Jimmy flew back on Sunday. Since it was Jimmy's birthday, he brought his birthday cake with him and treated the airport crowd when they landed here.

Don Younggren from Hallock flew the Cub to Minneapolis on Sunday.

Pat Valgren and E. H. Abel from Grand Forks, flying a Cessna 170, were airport callers on Sunday.

Herb Jung took off Monday morning in his Stinson on a business trip to Devils Lake, N. Dak.

Bill Kvalsten flew Anton's Luscombe to Roseau on Monday.

Mr. and Mrs. Chet Matthews spent the Easter weekend with Mrs. Matthews parents, Mr. and Mrs. Albert Mitzinger at New Glarus, Wisconsin.

Father McMahon from Badger was here twice last week with his new Piper Pacer.

John Parker, game warden from Warroad, was here Monday. He and Jerry Liemandt, local game warden, were making an aerial survy for the fish and game department.

A flight breakfast is scheduled at the local airport for next Sunday. Fliers from most of the surrounding airports are expected to attend.

C. Bjorkman Heads TRF Baseball Club

Phil LeGault is Named to Player-Manager Post

At a general meeting held last Wednesday night at the Arena, Cliff Bjorkman was elected president of the city's baseball organization. Other officers elected at the meeting were Berdeen Nornes, vice-president; Len Goulet, secretary-treasurer; and Elmer Poole, Al Holzknecht, Gib Gilbertson, Jim Roche and Art Bugge as directors.

At a directors meeting held on Saturday night, Phil LeGault was named to the position of playing manager. The local club had received an invitation to "sit in" at the league meeting of the officers and directors of the Red River Valley league, which was held at Warren on Tuesday night, and selected as the Thieves' representatives to that meeting were manager LeGault and Harold Johnson.

It was agreed at the Thieves' director's meeting, that the local club should accept the invitation, if proffered, to join the Red River Valley loop.

Lens Tire Shop to Give Scotchlite to Local Farmers

A novel contribution to night-time higway safety in Pennington Co. and neighboring communities is now being offered by Len's Tire Service, local tire dealers, to provide farmers in this area with reflecting tape for the rear of farm vehicles.

The tape, made of Scotchlite, is bright red in color, and, when used on the back of vehicles, can be seen 70 percent faster than tail lights, according to tests made at Ohio State College.

Abbie Johnson and Geo. Busse, proprietors, suggested that the tape be used on the rear of tractors, trucks and farm implements which are driven on roads and highways. It is particularly desirable for an implement being pulled by a tractor on which the tail light is not clearly visible, they said.

They pointed out that the greatest percentage of highway accidents occur at night and during the twilight hours.

Farmers may obtain a kit of Scotchlite tape at Len's Tire Service, 116 Main av. S.

An Ambitious Program

Bob "Hole in One" Harmon, chairman of the local golf club's tournament committee, announces that plans are in the hopper for the formation of a pair of golf leagues. Two leagues, an American and a National, will be formed, with eight four-man teams to each league. The schedule is slated to begin the first week in June and will continue for seven weeks. The champions of the respective leagues will then meet in "World's Series".

Team memberships will be determined by a drawing that will be held on Wednesday evening, April 15th. The sponsors of the various teams will be eligible to play with the team under their sponsorship, but the balance of the team rosters will be decided by lot.

The league matches, to be played on Stag night dates, will be decided on a handicap basis. And the fact is that there have been a quite a number of early-season golfers at the course, some have been playing a round or two, while others have been sharpening their short game. They haven't been fooling anyone because there has been a "tally clerk" out there making notes, and these early golfers will find that their handicaps have lowered by several strokes.

Golfers wishing to become members of a league team, and who have not been notified of their listing as a prospective member, should make an application to chairman Bob Harmon.

A Couple of Blows

A couple of blows bounced off Phil LeGault's crew-cut this past week. Phil, who is in the process of losing several dollars as a result of a romantic wager made on Roland Stretch Erickson, gave up the high-average lead in the Service and Business bowling leagues.

In the Monday night Service league bowling, Plummer's Jesse DuChamp, rolling a 602 three game total, boosted his average of 179 pins in sixty games, pulling one pin ahead of Phil the Lefty, who has a 178 average in forty-eight games. And in the Business league bowling on Tuesday night, Phil, carrying a 179 average for sixty games of bowling with the Western Oil team, dropped a pin, behind Wally DuChamp of the Poppler's Furniture, who has a 180 pin average in thirty-nine games.

Northern Minny League

A notice was issued early this week that the Northern Minnesota baseball league, one of the northwest's oldest loops, will hold its annual organization meeting at Plummer on Friday evening.

A number of important items are on the agenda of the meeting, for the league must secure a successor to league president Glenn Carlson, who is moving to St. Cloud, and a successor to Myles Jackson, a league officer who has moved out of the territory. In addition there is a possibility that the league meeting will be asked to make some membership replacements.

We'd surely hate to see the Northern Minny league, with all of its fine traditions, be forced to disband because of lack of team membership.

Memo

Gordy Reierson, chairman of the arrangements committee, announced that the details for the athletic banquet to be held here, at the Trinity church parlors, on Monday night, April 20 are just about completed. The Lions, Rotary, JayCees, and the Civic & Commerce organizations have joined in the sponsorship of the dinner honoring the high school letterman.

Gordy states that Butch Nash, of the University of Minnesota coaching staff, and Joe Hendrickson, sports columnist of the Minneapolis Tribune, are to be the featured speakers.

Fishing on the Rainy

A number of the city's over-anxious anglers are making plans to open the walleyed pike fishing year by making a trip to the Rainy river this weekend. The Rainy river, in common with other Minnesota-Ontario boundary waters, is open to angling until April 15th. With the ice "moving out" of the Rainy last week, and with the walleye reported to be in a striking mood, it's perhaps worth the drive up there to make a cast or two.

Incidentally, we hear that the Lake of the Woods and Rainy river resorts expect a banner year this season, and they are making their predictions on early filling of their reservation list. For the weekend of May 16th, when the state-wide pike fishing season opens, and for the following weekend, the resorts are "filled".

Mother of 14 Dies in Auto Accident Near Baudette

Mrs. Orin Hagerud, 50, rural Glenville, Minn., mother of 14 children, was killed Thursday when a car driven by her daughter plunged out of control into a water-filled ditch near Baudette.

Lake of the Woods county authorities said the auto turned over several times, throwing Mrs. Hagerud, her daughter, Mrs. Irving Satre, Albert Lea, Minn., and Mrs. Hagerud's two sons, Donald and Bud, clear of the auto.

The car landed upside down in the ditch.

Mrs. Satre was hospitalized here with back injuries.

Authorities said Mrs. Satre told them she went to sleep at the wheel and was awakened by her mother's screams. She said she "froze," losing control of the vehicle.

Red Lake REA Holds Harmonious Annual Meeting Wednesday

The 15th annual meeting of the stockholder members of Red Lake Electric Co-operative Inc., was held at the Community hall in Red Lake Falls Wednesday afternoon, April 1, and like the meeting of a year ago was most harmonious in contrast to the hectic sessions of a few years back, says the Gazette of that city.

It took very little time to transact the business. President Henry W. Paul called the meeting to order following a band concert given by the Lafayette high school band under the direction of Clifford Jones.

Secretary-Treasurer Jos. F. Skala, read the call of the meeting and followed it with his annual report.

In his annual report Manager O. J. Overmoen said that only about 10 per cent of the farmers were making the utmost possible use of electricity and that there are still many opportunities for farmers to do with electricity that which they are now doing otherwise.

He laid particular stress on the advantage of installing farm water pressure systems and said this should be encouraged for only 20 per cent of the farmers have such systems now. The co-operative has a low-cost finance plan available for its members.

County Agent Sherman H Mandt spoke briefly on what electricity means to the farmer and what it can be made to mean if he takes all possible advantage of the uses to which it can be put.

Principal speaker of the afternoon was Ralph Bartell, superintendent of Minnkota Electric Co-operative at Grand Forks, the co-operative which supplies the current for Red Lake Electric and other co-operatives throughout this section of the Northwest.

"Our big problem is how to get the 39,000 farm members served by our power co-operative to use electricity," Mr. Bartell said. "Electricity will make you money if you put it to work. A water system will increase your production of eggs, meat products and milk. So will a good ventilation system which in addition will lengthen the life of your farm buildings.

The annual election of directors was a quiet affair. At the caucuses previously held in three of the districts, Helmer Lind was nominated in District 3, Jos. F. Skala in District 6 and George K. Larson in District 9. Additional nominations were offered from the floor: Edward M. Anderson in District 3 and Leonard Melin in District 9. Only members living in a district could vote on the candidates from that district.

Lind received 6 votes to Andersons 4 and was elected in District 3. Jos. F. Skala was unopposed in District 6, while in District 9 Melin polled 29 votes to 20 for Larson and was declared elected. There was no voting by mail.

A number of handsome door prizes were awarded as the concluding feature on the program.

SIGNS OF THE TIMES

Early in March a tiny Albert Lea tot reported "a big fat robin in her back yard." About the same time, a St. Cloud lady encountered an even more convincing but far less welcome harbinger of spring. She opened her back door one sunny morning to find a sizeable garter snake bidding for admittance. Which was emphatically denied.

2,567 Korea Vets Take GI Training

1,470 Veterans from Minnesota in College

Although the Korean GI Bill has been in effect only a little over six months, 2,567 veterans of the Korean conflict are in training in Minnesota under the new Korean GI Bill.

Two-thirds of these, or 1,670, are enrolled in colleges and universities, records of the Veterans Administration Regional Office at Fort Snelling showed on March 1. The figure on that date included most of those who enrolled for spring terms, C. E. Obermann, chief of the vocational rehabilitation and education division, stated.

Another 607 Korean veterans were in schools below the college level, with 402 of those being in trade and vocational schools. Many are using their Korean GI training opportunity to finish grade and high school. On-the-job trainees under the new training program numbered 287 and three are taking institutional on-farm training.

While in training, a veteran receives a monthly education allowance check, the amount depending upon the type of training and the number of dependents he has. From his allowance, he meets all training expenses—tuition, fees, books and supplies.

Col. L. E. Fiero to Retire as State Parks Director

Col. L. E. Fiero, director of the division of state parks, has submitted to Chester S. Wilson, commissioner of conservation, a request to be relieved from his position as soon as convenient, and in any event not later than June 30, on account of his physical condition.

Coy. Fiero said that he had been intending for sometime past to retire from his present position upon his physician's advice, but was willing to continue to serve until budgets and legislative proposals relating to the state park system had been submitted to the legislature, and until a new director could be obtained.

Conservation Commissioner Chester S. Wilson, issued the following statement commenting on Col Fiero's service:

"We deeply regret that Col. Fiero has found it necessary, on account of his health, to retire. He was appointed to his present position as head of the state park system in 1946. In that capacity he has made a remarkable record of achievement in maintaining and operating the state park system in the face of an acute shortage of funds and man-power, and is to be highly commended for his service."

Optometrists to Meet in St. Paul April 12 to 14th

Dr. A. R. Lauer, professor of psychology and research professor of safety and human conservation at Iowa State College, Ames, Iowa, will sound the keynote at the 53rd annual meeting of the Minnesota Optometric Association, according to Dr. Harold L. Carlson, Mankato, president of the group. All convention sessions will be held at the St. Paul Hotel in the state's capitol city April 12, 13, 14.

"Theme of the convention this year will be motorists vision," says Dr. Carlson, "since highway accidents rank so high among the causes of death in people of all age groups and we must do everything we can to prevent the continuance of this devastating trend."

Woman Is Elected to Minnesota 'U' Board of Regents

Mrs. C. E. Howard, Chanhassen housewife and former Republican state chairwoman, Tuesday of last week became the fourth woman to be named to the board of regents of the University of Minnesota during its 100 year history.

She was elected to the board by the Minnesota legislature to succeed the late J. S. Jones, St. Paul.

Immediately after the election, the Senate and House, meeting in joint convention, adopted a resolution honoring the memory of Mr. Jones, who served on the Board of Regents from 1946 until his death Feb. 7.

School Enrollment

More than 30,000,000 children are now enrolled in elementary and secondary schools, both public and nonpublic. By 1960, enrollment is expected to increase by 8,000,000.

OUR CHALLENGE

By the Rev. Keough J. Patnode

The most longed for and cherished blessing of the human heart is PEACE. No message gladdened the hearts of men as the song of the angels at Christ's birth, "Peace on earth to men of good will." Again no hearts rejoiced as greatly as the hearts of those who heard the Risen Saviour say, "Peace be with you." Men have always longed for and sought peace with courage and sacrifice. The history of America reveals the desire of man for peace. America has ever been the haven of those who would abandon what is most dear to them—country and relatives—to enjoy the blessings and the freedoms of peace. Even today, America is considered the source and the defender of peace. Nations and people look to her in their wants and sufferings for alleviation; they look to her for leadership and resources in their fierce battles to escape the bondage of Communism. However, truthfully, nothing is as far from us today as peace.

This world of today is not at peace. It is a restless, anxious and war-worried world. Why? Because of the Godlessness that is so deplorably prevalent throughout the world. We are wont to point an accusing finger at Russia as the nursery and home of Godlessness; for in Russia it is the law and rule of the State to deny God and all that he stands for. But it is an undeniable fact that the rest of the world is guilty of indirectly denying God by its way of living.

Look at the world. What do we observe? We see a world that has flouted God's authority, laws and commandments. We see a world that rejects Christ and His teachings. Christ, the Divine Eternal Truth and The Light of the world, is ignored and mocked by the world. It is evident that the outcome of such living finds it answer in the decadence of morals, devastations of wars, the scourges of famine, sufferings and distresses, anxieties of fear and uncertainty that surrounds mankind today. Little wonder then does anguish fill the hearts of men as they perceive such a troubled condition of world affairs.

When the history of this epoch is written, it will record that western civilization came close to perishing (or perished) by its own hand. The tremendous Communist victories which bid fair fulfill Russian dreams of eventually dominating the world, cannot but evidence default on the part of the western world. Communism never flourishes on its own strength, but it does flourish on the curruption that it has created in the hearts and minds of men about it.

Dorothy Thompson, commenting on the decadence of our western civilization, verifies and corroborates the above statements, for she then stated, "a great and brilliant culture, whose supremacy a generation ago was recognized throughout the globe; which gave the world the first concept of liberty under law; which created the most humanistic societies; whose policies were submitted to reason and inhibited Christian ethics; from which came nine-tenths of modern science; which produce the most fantastic wealth and so distributed it so as to make the poverty of its least citizens riches in comparison to the conditions of its predecessors; has fallen into a condition of self-distrust, mental confusion, false alliances and indecisions. . . The characteristics of a decaying society always show themselves long in advance of its collapse. Such characteristics are contempt into which traditional values sink; the growth and impudence of criminalities and public indifference to it, or the justification of it, the decline in decorum among all classes, the ever-increasing sense of obligation (duty) and responsibility, the flattery of masses of leadership, the disorder of sexual life." No great civilization has ever fallen without all these phenomena manifesting themselves in advance. We are engaged now in a fierce conflict with the evil forces that would destroy our Christian civilization. We have American men dispersed throughout the face of this earth in readiness to protect us from the Red Menace of Communism which would enslave us to its treacheries. We are engaged in a bloody undeclared war in Korea, where our valiant American youths of every race, color and creed are making the supreme sacrifice of their own lives so that we may continue to enjoy our American and Christian freedoms and civilization. Whom are we fighting if not the GODLESS? Those who reject and scoff at Christ and God! Yes, we are doing battle with those whose immediate aim and overt objective is the destruction of religion and all vestiges of religion. As evidence, look at the countries who have fallen prey to the satanical regime of Communism, or better Godlessness.

As the tragic current events of our present day history unfold themselves before our eyes, we have grave reason to become alarmed. We have reason to nervously inquire, "Can we entertain any hope of durable peace?" Certainly, there is. But it cannot be found in moral decadence, in irreligiousness and indifferentism, on which Atheistic Communism thrives. Our hope lies solely in the living of Christianity. The issue that confronts us today is grave. It is the battle of Godlessness against Christianity. This battle is not barricaded behind the Iron Curtain and the enslaved satellites of Russian Communism. By no means! Any right-thinking person realizes that the peril of Communism is also dangerously entrenched in our own beloved country. The frightening crises that confronts us cannot be met solely with our American boastfulness of past achievement, and scientific-know-how. Self-confidence and self-complacency will never attain satisfying and assuring peace.

We must do battle with the enemy. We must beware of the enemy's policies, strategies and tactics. Every person mocking at sanctities, spreading demogogic slogans, breaking down Christian decorums, defending crime in the name of freedom, agitating immoral conduct, scorning moral principles and Christian ideals, must ever be evaded. For such crimes are but the preparation for Communistic Godlessness.

Right now there is talk of peace overtures. It is said "Russia seems to want to enter peace-talks." Hence we hear such naive remarks as "Let us meet Russia half-way." Can we meet evil half-way? Therefore, can we meet Godlessness, the denial of God, half-way? If we do, at whose expense will it be? Communism? or Christianity?

If lasting peace is to be our blessing, it can only come if the Christian world unites in living and maintaining the principles, morals and ideals of Christianity in all the phases of public and personal life. The Christian world, upon which rests the establishment of durable peace, can not acquiesce to half-way measures or surrender to Godlessness. It is the grim task of the Christian world to which you, my readers belong, to make Christianity grow and flourish in our daily lives, so that it may fruitfully influence our Godless friends. Hence we must give God His rightful place in our own personal life and in all public dealings. Unless the Christian world turns back to God in humble adoration and childlike obedience to all His laws, in confident and constant hope, in filial love of God, there can be no hope for a peace that will satisfy our human heart, for "unless the Lord builds, he builds in vain who builds."

This is the duty of all who claim to be Christian, namely to bring about a Christian sanity and solidarity in our world. This avowal of complete and united return to God must represent a united front if we are to escape the yoke of Godless Communism. If the united and organized efforts of Godless Communism can do much evil, what immense good can be attained by a strongly united and organized Christian front. The sickle and the hammer must be replaced by the Cross of Christianity. This is our challenge. Certainly, we desire peace. It behooves us therefore to work for it. Now is the time for action. Peace is not to be found in the atomic bomb, potent guns, powerful explosives, these only spell death, not peace. Peace is a reward achieved by forming an unswerving partnership with God.

EDITOR'S NOTE—Dr. G. H. Mayer-Oakes will write this column for the issue of April 15.

FISH BY THE POUND, THE HOUR, OR THE ACRE

Angling efforts are usually measured by the number of fish taken, sometimes by the number of hours spent. Seems that Minnesota's very much on the job department of conservation also measures angling by the acre; number of angling hours in relation to the surface of the water is called "fishing pressure"; it ranges on Minnesota lakes from a brief 2.9 hours per acre on Ball Club lake in Itasca county to 121.3 hours per lake on Eagle lake in Hennepin county; Ball Club was almost a strike-out with only one 1.7-pound fish per acre, while the high-pressure Eagle gave with 131 fish weighing 39.9 pounds for each acre. Winter angling yields 1.31 fish per hour as compared with only .77 per hour for the warm weather Waltonite.

Rep. 65th District

Tuesday, March 31, Walter Day and I were happy to welcome 34 members of the Clearwater County Farmers Union. For most of this group it was their first visit to the Capitol. I believe visits of this kind show that our citizens are deeply interested in what goes on in the Capitol and we would surely like to encourage this endeavor.

The 3 per cent general sales tax bill, which came up before the House last Saturday, has caused quite a stir. The record vote that went out on this bill went out publicly as to whether or not the legislators were for or against a sales tax. The question, however, was really this: Whether we should consider the bill or reject it. Legislators are receiving repercussions of this vote from their constituents and it is even causing quite a great deal of alarm among the members of the House.

The Minnesota Legislature, on Tuesday, March 31, elected its first woman to the Board of Regents in the past 18 years. Mrs. Howard received strong support all the way through the voting procedure.

I am happy to report that the depot closing bill died in the House committee but I know we haven't heard the last of this bill because I feel that eventually it will be passed.

It's only once in a great while that opportunity comes for any group to sponsor a program of unusual merit. There is that opportunity now, for Minnesota bankers, through their divisions of the Minnesota Bankers Association. The program is long range, will revitalize one of Minnesota's great natural resources and be instrumental in perpetuating the beauty and wealth of our state for generations to come. From the Minnesota School of Forestry, "Keep Minnesota Green" organization, County Agents and files of the Minnesota Bankers Association, we know that today Minnesota is 27th as a lumber state; in 1889 it led the nation. Minnesota has 19 million acres of land where tree planting is necessary to save soil, wild life and rebuild our lumber industry. Today, timber cutting is greater than annual growth. The Minnesota newspaper industry pay $28 per M for freight alone to ship in paper, which is four times the value of 1,000 feet of the finest pine in 1889. And, most important to us, no association, no group, no organization of any kind, has yet entered into any concentrated effort to correct this situation.

MORE OF MOTHER NATURE'S BOUNTY

An Ortonville resident was mildly surprised to find a muddy visitor standing shoeless at his door one evening — more surprised when the visitor asked for a flashlight; when a car honked him in a muddy alley, he actually jumped right out of his shoes, and thought he'd like to find them . . . One deer is hardly a novelty around Cottonwood, but a herd of 16 caused a lot of comment . . . One leghorn hen, one day, on nest, three eggs, on the August Okeson farm near Battle Lake . . While a hen on the H. D. Peters farm at Mountain Lake labored and brought forth a normal egg within another that measured 7½ by 9 inches.

$160 million at work!

A TACONITE PROCESSING PLANT will soon be going up on this site near Beaver Bay where Glenn Ericson is drilling a blast hole. When this $160 million taconite project is completed, boat-loads of concentrated iron ore will be shipped to the blast furnaces. A bright future is ahead on the iron ranges as Minnesota's iron mining industry develops the processing of low-grade ores and taconites. There will be more jobs for more mining employees—more prosperity for everybody—if our iron mining industry can meet the competition of ores from other areas. It can do so only if it is treated as fairly as other Minnesota industries.

More Than 2 Million Traffic Casualties in Nation Last Year

More than two million casualties, the worst automobile accident toll in the nation's history, were recorded in 1952, according to figures released today by The Travelers Insurance Companies.

Last year's traffic death totaled 37,600, an increase of 500 over the 1951 mark. The injury count soared to 2,090,000, more than 127,000 over 1951, the Hartford firm reported.

The death and injury totals are highlight statistics from "Who, Me?, nineteenth in an annual series of traffic accident data booklets published by The Travelers. Company statisticians collect and analyze accident facts from each state.

The most dangerous mistake in driving last year was excessive speed. Speed killed 13,430 persons and injured nearly 600,000, according to the report. Drivers under 25 years old were involved in almost 25 per cent of the year's fatal accidents although they constitute only about 15 per cent of the total of all drivers.

More than 15,000 persons were killed and nearly 750,000 hurt in weekend crashes in 1952. Forty per cent of the deaths and 36 per cent of the injuries occurred on Saturdays and Sundays last year.

It was the second consecutive year of improvement in the pedestrian record. Figures from the booklet show that pedestrian casualities were reduced by more than eight per cent in 1952. Crossing between intersections, "jay walking," still is the chief cause of pedestrian death and injuries.

9,000 Pupils Join in Conservation Essay Contest

One hundred and eighty-one Minnesota high schools have entered the tenth annual conservation essay contest and will submit over 9,000 papers, Mrs. Ole Aune, Underwood, conservation chairman of the Minnesota Federation of Women's Clubs, sponsor of the competition, announced today.

Deadline for receipt of the essays for judging by the district chairmen is 12 o'clock noon on Thursday, April 9.

The twenty boys and girls writing winning papers will win as their prize an all paid weeks vacation in June at Douglas Lodge, Itasca State Park.

Names of the boy and girl winner from each of the ten districts and name of the state winner will be announced as soon as possible after the selections are made Mrs. Aune said.

Traffic Deaths to March 31 Pass 100

Compares with Only 69 for Period Last Year

Deaths resulting from 1953 motor vehicle accidents on Minnesota streets and highways passed the 100 mark last week, according to the Minnesota highway department. The death toll, as reported to the department at the end of March was 104, as compared with only 69 for the first three months of 1952.

March fatalities, according to preliminary reports, reached 26. This compares quite favorably with the 24 deaths charged against motorists in March of last year.

Ten deaths resulted from collisions between motor vehicles. Two of these accidents were of the multiple-death variety, with two people being killed in each mishap. Trucks were involved in five of these eight accidents.

Eight accidents involving single vehicles resulted in nine deaths. Two youngsters were killed when the car in which they were riding was struck by a train at a railroad grade crossing. Three deaths resulted from cars skidding on ice and then overturning, two when vehicles ran off the road, one struck a safety isle on a city street and another hit a bridge abutment.

Pedestrian death continued to mount during the month, with seven deaths in this category being reported. This brought the three-month pedestrian toll to 26—exactly double of the 13 in the comparable period of last year.

Rates for Second Class Mail Raised 10 Pct. April 1st

Second class mailing rates went up another 10 per cent April 1 in another of the series of staggered rate increases authorized by Congress in 1951.

The second class postal service handles newspapers, magazines and similar periodicals.

The basic charge for such matter went up 10 per cent on April 1, 1952, adding — according to Post Office officials—between 4 and 4½ million dollars a year to department revenues. The second similar increase becoming effective April 1, and, also calculated on the basic charges as of March 31, 1952, will add a like amount. A third 10 per cent increase is due April 1, 1951.

Marshall County Spelling Contest Won by Julia Ose

Julia Ose, eighth grade student in District 17, the Steiner school with Miss Ruth Melvie as teacher, was named the Marshall county spelling champion for 1953 at the annual contest held at the court house in Warren March 29. The contest had 25 entries. She will represent Marshall county in a mid-west regional contest in Minneapolis this month.

Other winners include Phyllis Lunsetter, eighth grade, district 82, Gatzke school with Mrs. Edna Nygaard, teacher, second; Sharon Nelson, eighth grade, district 126, Middle River school, Mrs. Emma Johnson, teacher, third and Judy Tillett, eighth grade, district 125, Oslo school, Mrs. Edith Norberg, teacher, fourth.

The county contest was conducted by Mrs. Sadie Conitux of the Warren high school, John O. Pearson, Marshall county superintendent of schools, and Miss Hattie Anderson, assistant county superintendent of schools.

Mud Lake Refuge Personnel Offer to Present Slides

Groups May Arrange to View Colored Slides of Wildlife Living in Area

A series of colored slides depicting the wildlife of Mud Lake Refuge are now ready to be shown to any interested conservation club, civic group, schools or other organization. This series consists of 35mm color slides of moose, deer, mink, muskrats, grouse, ducks, geese and many other animals found on the refuge.

These pictures have been taken over the past few years and include scenes during all times of the year. Many shots were taken during the annual winter big game inventory. Also depicted are a new born moose calf, adult moose running from an airplane, a fawn deer, several of the larger deer taken during the hunting seasons on the refuge, a male Wood duck in full plumage, courting activities of the Canada goose, the first goose nest in Minnesota in 40 years, and a drumming Ruffed Grouse to mention only a few.

One of the personnel from the Refuge will show the slides and furnish a running commentary as well as giving a short talk beforehand on the purposes of the refuge. There is no charge for this service but the organization must provide its own slide projector. A showing can be scheduled by writing the Refuge Manager, Mud Lake Refuge, Holt, Minn., and giving the date, time and place of the meeting. Confirmation of all dates will be made by mail.

Worth more... and why

There's an old saying that a thing is worth what someone is willing to pay for it. Well, if you could tour the wholesale and retail used car auctions around the country, if you could survey hundreds of used car lots you would discover that used Fords bring *higher* prices than any competitive make—and by substantial amounts.

THAT'S WHY we feel our '53 cars should not be compared with cars in the same price range. Not because our competitors don't do a good job—obviously they do—but because we feel Ford Cars have more in common with the highest priced automobiles. The similarities are far greater than the differences.

For example. Today, the most expensive cars in this country have V-type, 8-cylinder engines. Ford Cars have had this exact same type of engine for over 20 years.

What's more astounding, the current Strato-Star V-8 sells for hundreds of dollars less than several other makers charge for a six-cylinder car. Now there's nothing wrong with a Six but they do cost less to make. Ford makes a Six—the most modern overhead valve Six in the industry. And if it's a six-cylinder car you want, Ford has it and for less money than the V-8, which is as it should be.

What about ride? Here's another Ford similarity with high-priced cars . . . *Riding Comfort.* One of the misconceptions for many years has been that weight—sheer weight—is what it takes to make a car ride well. Ford has found that you can make a 3000-pound car ride softer and hold the road better by *far* than many cars that weigh a full 1000 pounds more. In the '53 Ford, for example, front end road shock has been reduced up to 80%. We say it compares most favorably with the heaviest cars sold today.

What about automatic transmissions? It would take the fingers of both hands to count the various kinds of automatic and semi-automatic transmissions on the market today. The one we offer is called Fordomatic. It is the most versatile on the market, it represents the most profound consideration of engine-to-wheel power transfer—and that it does the best job for our engines isn't even open to question. It "shifts" better than you could shift by hand.

What you can see is also important. Here again Ford Cars lead not only in their price field but in the medium and upper brackets as well. Ford visibility is *Full-Circle* Visibility. This means huge, curved unobstructed glass area, front and rear, plus side windows that allow all passengers what the hotels call "room with a view."

Appearance? A higher price, of course, does not make a car more beautiful. Conversely, beauty in a Ford comes "for free." Ford has found that it costs no more to develop a beautiful car than one that is less pleasing in appearance. You can drive up to the most exclusive doorways in the world and feel perfectly at home in your Ford. Fords "belong" . . . in exactly the same social category as the finest, one-of-kind creations. After all, a Ford is a custom creation multiplied.

What about running costs? Here's one place that Ford's advantages are obvious. For oil and gas economy Ford has the big cars whipped. Ford parts cost less. Ford service charges are less. Ford tire mileage is thousands of miles greater. And, Ford depreciation is the lowest of any car on the market—bar none.

What are Fords made of? Some people have the idea that the costliest cars are made of "better stuff." It's true that some high-priced cars have costlier upholstery and fittings. What Ford has is so good, both in durability and appearance, that you probably could not tell the difference. You might even prefer it, because of its better design and more pleasing appearance.

Then there's the question of sheet metal. If you were to measure and analyze the sheet metal structure in the most expensive car, you most likely would find it identical in thickness to the corresponding panels in Ford.

After all, then, what is the difference between a Ford and the costliest cars?

In our opinion, the difference is largely a matter of dimensions, weight (and the power required to move it) plus the distinction of owning a car that not so many other people own. The desire for these things is understandable . . . and probably justified for people who are willing to pay the price to satisfy it.

As to comparing Ford with other cars in its price range, by all means do so if you wish. But, as we said before, you'll get a better picture of Ford value by comparing with cars that are most like Fords—those that are priced up to twice as much. In fact, we think you'll quickly begin comparing the other cars with Ford—because the 1953 Ford has really established the New Standard of the American Road.

QUESTIONS answered for VETERANS

(This service is based on questions asked at Veterans Administration offices in the State. Answers are supplied by VA.)

Q: Both my friend and I are disabled Korean veterans, and we've gone into partnership on a farm. Could we both take Public Law 16 on farm training, even though neither of us has complete control of the farm?

A: No. One of the requirements of the program is that the veteran must have complete control of the farm on which he takes his training. This would not be possible under the arrangement you mentioned.

Q: If I file a claim for disability compensation, and VA approves it, as of what date will my compensation payments go in effect?

A: If you file your claim within one year from your date of discharge, compensation will be paid from the day following discharge date. If you wait longer than a year, the effective date will be the date VA receives your application.

Q: I'm a World War II veteran and I am going back on active duty. I plan to keep my National Service Life Insurance while I'm in uniform. Do I continue to pay my premiums to the VA as I did when I was a civilian?

A: If you wish, you can continue to pay premiums directly to the VA. Or you can arrange with your branch of service to have the premiums paid by an allotment from your service pay. Or you may apply for waiver of premium under Public Law 23. See your Service unit's Insurance officer for full details.

Q: I want to go to school under the Korean GI Bill, but I'm not sure what I want to study. Can VA give me counseling?

A: Yes. When you fill out your application blank, designate that you want counseling from VA. Sometime afterward, you will be called in for an appointment.

STATE COUNCIL REPORTS—
Loss Of Industries Laid To High Taxes

WHAT THE PRESS SAYS

...about higher beer taxes

The Press is the sounding board for public opinion. It is therefore enlightening to consider the following editorial excerpts from the Minnesota Press, commenting on the proposal to increase the beer tax:

Excelsior Record — March 19, 1953
"NO MORE TAX ON BEER"
". . . It seems to us that raising the tax on beer is a poor way to make ends meet for the state of Minnesota. This state is a major beer producer. The industry is an important one in our economy. Taxing it out of the market would be a good way to kill the goose that lays a golden egg . . ."

Eveleth News-Clarion — March 19, 1953
"POOR MAN IS TAXED AGAIN"
". . . Beer has long been known as the poor man's champagne and the workingman's drink, and we see no need why they should be penalized because the state evidently has run out of channels to raise revenue . . ."

Shakopee Argus-Tribune — March 19, 1953
"THEY'RE AT IT AGAIN"
"Every time the state legislature meets there's the same problem of raising more money to meet state government expenditures. And every time the debatable question of need for money arises some joker comes up with the idea of heaping more taxes on that glass of beer . . ."

Duluth News-Tribune — January 16, 1953
"STATE COULD LOSE DOLLARS WHILE HUNTING FOR DIMES"
". . . The state beer tax is now $1.10 a barrel for 3.2 beer and $2.20 for stronger beer. The governor wants to increase this by $1 a barrel. . . . This seems an unreasonable share of the additional load to place upon one industry. Increasing the tax on beer may actually produce little or no additional revenue because it will tend to reduce the consumption . . ."

New Ulm Journal — March 19, 1953
"ONE TAX TOO MANY"
". . . What a pity that beer should be the whipping boy. It is the poor man's drink, a 10 cent refreshment at the end of the day, a condiment of comradeship . . ."

Faribault Daily News — March 10, 1953
"TREND AGAINST MORE TAXES"
". . . Since taxes on 3.2 beer now represent more than half what the Minnesota retailers pay for it, any increase in the beer tax would seem hardly justified . . ."

St. Cloud Daily Times — March 10, 1953
". . . Whether you are for or against beer or any other beverage, the rising tax on these commodities raises some questions about how far taxing can go before a commodity prices itself out of the market or before an industry is unable to continue operations . . ."

Renville Star-Farmer — March 5, 1953
"WOULD BIGGER BEER TAX HURT THE FARMER?"
"Renville county farmers who raise malting barley, and can be found in considerable numbers, will doubtless watch the action of the legislature on the proposed increase in the beer tax in Minnesota . . ."

Maple Lake Messenger — February 25, 1953
"ANOTHER TAX ON BEER"
"Legislators are toying around with the idea of slapping another tax on beer as a revenue raiser, and we're agin it. Another tax will mean that either the glass will be cut down an ounce or so, or the price will go up. Beer has long been known as the poor man's champagne, and the workingman's drink . . ."

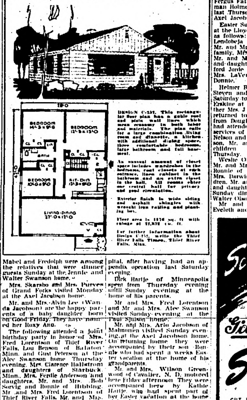
MILLIONS "TAKE TO THE WOODS"

U. S. Forest Service reports that 1951 visitors to Superior and Chippewa National Forests actually numbered more than the population of the state. Camping and picnicking attracted a sizeable city of 94,000; 96,000 were hunting game, 308,500 tried their luck with rod and line; another 52,000 ventured into the roadless regions, and nearly 20,000 engaged in winter sports. All in all, this scenic region attracted an imposing total of 3,196,000 visitors in that one year.

Times House of the Week



DESIGN C-237. This rectangular floor plan has a gable roof and plain wall lines which mean economy in both labor and materials. The plan calls for a large combination living room and dinnette, a kitchen with additional dining space, three comfortable bedrooms, large bathroom and full basement.

An unusual amount of closet space includes wardrobes in the bedrooms, coat closets at each entrance, linen cabinet in the bathroom and an extra closet in the hall. All rooms enter one central hall for privacy and good circulation.

Exterior finish is wide siding and asphalt shingles with wrought iron railing and planting box.

Floor area is 1030 sq. ft. with cubage of 22,932 cu. ft.

From where I sit... by Joe Marsh

Chip Pulls a "Pip"

Chip Hanson is a clever commercial artist. Beside doing cartoons on our paper, he picks up "free lance" drawing jobs.

Right now he's whipping up posters for the Safety Campaign. They all have headlines like "PLAY IT SAFE!" . . . or, "A LIVE WIRE CAN START A FIRE!"

Chip looked a bit sheepish yesterday. Didn't want to tell me why. Finally he blurted out, "I feel like a dope. Here I am on this safety program and the fire inspectors tell me my own studio's a fire trap. I've been storing paint there for years . . ."

From where I sit, what happened to Chip could happen to anyone. He was just too busy informing everyone else about safety — not realizing his safety was threatened. Like those who fret about their neighbors — whether they can afford a new house, whether they should have coffee or a glass of beer with lunch — Chip simply forgot to "draw" some obvious conclusions about himself!

MEET MINNESOTA'S NEW "OFFICIAL TREE"

"Dark green, glossy needles—straight clean trunk — distinctive bark of reddish brown scales, more than an inch thick, rich in tannin—diameter reaches 4½ feet, while it soars as high as 140 majestic feet." What is it? Since February 18 it has been the official tree of the State of Minnesota, of which, despit its "foreign" name, it is a native: the Norway Pine. Two-thirds of its towering trunk devoid of branches, capped by a symmetrical cone, every two to four years sparsely decked with scarlet and dark purple blossoms, Minnesota's Norway pine would be a monarch in any forest.

Coal loaded into vessels at Lake Erie ports in 1952 totaled nearly 40 million tons.

Farmer-Sportsmen Awards Announced

Four farmers Friday were named Minnesota's outstanding farmer-sportsmen for 1953.

They are Matt Matson, Gheen, northeast district; Andrew T. Anderson, St. Vincent, northwest district; Harold Searles, Byron, southeast district; and Edward Nelson, Worthington, southwest district. They will be honored Sunday afternoon, April 12, at the Northwest Sports, Travel and Boat Show, Minneapolis.

The winners were selected for their outstanding leadership in soil and wildlife conservation. Their local county agents will also be honored.

Honorable mention was given the following: northeast—Chris Nelson, Barnum; Fred Fyhr, Hinckley; Paul Strand, Lindstrom; northwest—Hilmer Peterson, Brandon; Elvin Arvidson, Eagle Bend; Elvin Hedlund, Roseau; southeast—Bernard Kohshorn, Red Wing; Phillip Hamilton, Maple Plain; Donald Talbert, St. Cloud; southwest—Alfred Sieburg, Jackson; Hans Tjosaas, Benson; William Kunze, Sleepy Eye.

Matson has been active in sports circles for 40 years. Both he and his wife are avid sportsmen. He follows good soil conservation practices on his farm and maintains deer feeding areas. He has been an officer of several local and regional sports groups.

Anderson farms 2,000 acres near St. Vincent. He was one of the first farmers in the county to plant field windbreaks. Recently he constructed six ponds for game on his farm. He feeds game in winter, and he has been active in farm groups and 4-H leadership work.

Searles has been a leader in the Upper Zumbro Soil Conservation district, a 4-H club leader, and a supporter of sportsmen groups. He has 97 acres of his 150-acre farm in strips and has 1.5 miles of terraces.

Nelson has been an officer in both the Worthington and county sportsmen leagues. He was the main promoter of a campaign to purchase a tract of land on Lake Ocheda for use of sportsmen. He follows good conservation practices on his farm, and has been active in 4-H club work and other farm groups.

Warning Issued on Forest Fires

Public Urged to Guard Against Starting Blazes

A routine check of smoke from a grass and forest fire by the Minnesota forestry fire fighting crew fro mGrand Rapids saved the life of an 80 year old man and his home in one of the first of the 1953 spring forest fires.

Officials of the division of forestry say that 18 fires have been reported during the last week of March. The first fire last year was April 15, and the normal fire season starts about the 12th of April.

Foresters issued the warning that this spring fire season can be very dangerous because of the lack of rain last fall and normal or less snow during the winter. The early, dry spring will be a hazard unless there are heavy and frequent rains.

All people in the northern forest area are urged to observe the following good safety rules: get a permit to burn before you start any fire; don't burn unless you absolutely have to; burn only late in the day and have plenty of help nearby; keep the fire from spreading; remember you can be held responsible for destruction to other property; be sure all fire is out and dead before it is left.

Six Students Earn Straight 'A' Rank at N. W. School

Goodridge, Grygla and Hazel Students Take Top Ranking for Winter Term

Students from the Red River Valley counties attending the Northwest School of Agriculture at Crookston made excellent scholastic records for the winter term which ended March 26, according to Superintendent T. M. McCall.

115 students made the honor and high scholarship rolls. Average Citizen Consumed 455 lb. Dairy Foods in '52

Americans consumed about 455 pounds of dairy foods per person during 1952, it was announced last week.

In terms of individual dairy food products, the per person consumption of whole milk and cream was up 18% over prewar years, the purchase of cheese hit an all time high, ice cream held its own, and dry milk set a new record.

Butter and evaporated and condensed milk were down slightly in per person consumption from the previous year.

These facts were revealed in the 1953 issue of "How Americans Use Their Dairy Foods," a special report issued annually by the National Dairy Council, Chicago, a non-profit research and educational agency for the U. S. dairy industry.

The actual average per person consumption of cheese was 7.7 lbs., a rate of consumption 40% above prewar and more than 70% above twenty years ago. Twenty five years ago little more than 5% of the nation's milk supply was used in the production of cheese. In recent years cheese has used ten per cent of the total.

Ice cream consumption has stood at 14 qts. per person for the past three years, an amount 75% above prewar consumption. Present consumption of ice cream is more than twice the amount consumed per person in 1920.

Bankers Help in Planting of Trees

Minnesota Bankers Assn. Committee Aids Program

Tree planting activities in Minnesota will be greatly stepped up as a result of the efforts of conservation minded Minnesota bankers.

Already this spring, county associations of bankers have purchased 23 tree planting machines for use in 24 counties, according to Marvin Smith and Parker Anderson, extension foresters at University Farm.

The bankers are presenting these machines to the counties through local county agents to be used in large-scale tree planting activities. A mechanical tree planting machine will plant up to 10,000 tree seedlings a day, while by hand a man will do well to plant 500.

The purchase of the mechanical planters has come as a result of efforts of the "Keep Minnesota Green" subcommittee of the Minnesota Bankers' Association, headed by A. G. Sirek, New Prague. The subcommittee has been working with local county agents and Soil Conservation Service representatives and the University of Minnesota.

Mechanical tree planters have been purchased for use in the following Northwest counties: Kittson, Roseau, Marshall, Lake of the Wods, and Polk.

Porpoises Kill Sharks

It is true that porpoises kill sharks. Their weapons are their tough snouts, with which they butt the tender gill slits of their often larger adversaries.

AMERICA'S QUALITY BEER

Here's Packard's new medium-priced car!
The New Packard CLIPPER
Here's your opportunity to own and drive a really fine automobile at only a few hundred dollars more than you'd pay for a car in the lowest-priced field!
In all truth, the new Packard CLIPPER is enjoying public response far beyond expectations and has, since the first day it was shown!
Because the value is there, and the price is right.
How can Packard do it? Deliver so much big-car value and performance at medium-car prices?
FIRST: It's Packard engineering traditionally fine, historically dependable. Packard, you remember, is the oldest maker of fine quality cars in America.
SECOND: Packard occupies a unique manufacturing position, for Packard alone with 54 years' experience in fine car building, combines craftsmanship of the highest character, and modern mass production techniques, to produce greater dollar for dollar values.
In addition to greater values, you get Packard's contour styling that is setting the new trend in automotive design. Contour styling means not only a handsomer car, but better visibility any way you look! You get the smoothness and comfort of the famous Packard ride, too real big-car ride!
You get the unforgettable kitten-smooth, whip-quick pull and zoom of the Packard Thunderbolt-8 Engine — real big-car power!
In all, you get more than 70 big-car features!
If you plan to buy a car in the $2500 price-class be sure to see and drive the new Packard CLIPPER and compare it with other medium-priced cars. Surprisingly enough the CLIPPER costs only a few hundred dollars more than cars in the lowest-priced field. And, of course, there's a wide range of new beautiful CLIPPER models, any one of which will give you a lift, as well as a ride, anytime you drive it!
New Packard CLIPPER
In addition to the new CLIPPER, Packard of course continues to build one of the finest cars in the world, sold under the single name PACKARD. America's new choice in fine cars Now - Ask the man who owns one!

LIVEWEIGHT TRACTION
gives farming a real boost!
When your field work calls for more real pull, liveweight traction will see you through.
The hydraulic TRACTION BOOSTER in the CA and WD Tractors changes deadweight to liveweight. Weight of both tractor and implement is automatically shifted to bear down on drive wheels when soil is stubborn and tillage is tough.
The hydraulic TRACTION BOOSTER reduces wheel slippage — enables the CA and WD to do drawbar jobs that normally would require heavier tractors.
Stop in and let us show you how it works.

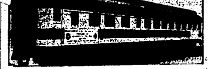
Blood Procurement C[illegible] Here April 20-24; [illegible]al Set at 500 Pints



Residents of this and neighboring communities are urged to aid in reaching the local quota of 500 pints of blood when the Great Northern Red Cross blood donor car is stationed in Thief River Falls from next Monday, April 20, thru Friday, April 24, it was announced today by Alvin Christofferson, blood procurement chairman for the Pennington county Red Cross chapter.

Donations of blood will be received in the car each of the five days from 2 to 8 p. m. Serving on the car are four Red Cross registered nurses, while doctors from the local clinics will work in relays to assist in the program.

Christofferson stated that a committee consisting of Mrs. Andy Williamson, Mrs. L. B. Hartz and Mrs. Margaret Race will be in charge of arrangements for local nurses and nurses aids, canteen workers and hostesses.

Each donor will be given a physical checkup previous to supplying blood, both for his own protection and for the sake of the person who will receive the blood.

Donors, it was explained, should not eat milk, cream or fatty foods for at least four hours previous to their donor appointments.

Local women will serve light refreshments to all donors in a canteen attached to the procurement car.

Christofferson reminded recipients of pledge cards to sign and return them at once. If, he said, no card has been received, phone 44 and pledge your intentions to give blood, which may save the life of a wounded fighting man.

Cancer Fund Crusade Thursday Evening in City Residence Area

Solicitors for the cancer fund crusade will canvass the residence districts of Thief River Falls Thursday evening, April 16, starting at 6:30, it was announced today by Mrs. Emmett Israelson, chairman of the drive, along with Mrs. Charles Booren and Mrs. Orris Johnson, co-chairmen.

Solicitors are asked to assemble in the Civic and Commerce room in the Auditorium promptly at 6:30.

The Smiley Community club made a generous gesture when it turned over to the cancer fund the substantial sum of $50 from the proceeds of a bake sale Saturday.

Mrs. Marjorie Kiland, county commander of the Minnesota division of the American Cancer society, cited figures to show the extent of the cancer research being carried on by the national organization.

Last year, she said, the American Cancer Society allocated $4,100,000 for its national research program, and in the last eight years has devoted approximately $24,500,000 to cancer research. The ACS is helping support research by some 900 investigators working in approximately 100 universities, laboratories, hospitals, etc.

During the fiscal year 1952-53, ACS-sponsored grants-in-aid will total 270, with an addition at 31 institution grants. The ACS is now financing the training of 75 young doctors in diagnosis and treatment of cancer. Since 1948, 277 young physicians have been so trained.

C. C. Assn. Meets with Jr. Chamber Thursday Evening

Past Jaycee Presidents to Outline Objectives at Session in Elks Club

The Civic and Commerce association and Junior Chamber of Commerce will hold a joint dinner meeting in the Elks club rooms Thursday evening, April 16, at 6:30, J. M. Roche, C. & C. secretary announced today.

Lucian Krause, vice president of the C. & C., will preside over the first part of the meeting, in which a report will be submitted by Dr. M. D. Starekow, chairman of the civic development committee.

The Junior Chamber will present the remainder of the program under the direction of Dr. O. D. Beich, retiring president. He will call for short talks on various phases of Jaycee work by past heads of the organization, including Arthur A. Johnson, Roland Erickson, Dr. Starekow, Gordon Peterson, Justus Larson and Art Christianson.

Walt Kavanaugh, newly elected president of the Jaycees, also will be introduced.

Sanitation Film Viewed by Rotary

Members of the Rotary club, at their luncheon meeting Monday noon in the Elks club rooms, witnessed the showing by Norman Olson of a film dealing with community sanitation problems. Completing the program was a trumpet solo by Linda Wold, Lincoln high school student, accompanied on the piano by Miss Judith Halvorson.

Augustana Church Parley Slated at First Lutheran

41st Annual Convention of RRV Conference to Be in Progress Apr. 20 to 23

The 41st annual convention of the Red River Valley Conference of the Augustana Lutheran Church will be held at the First Lutheran Church, Thief River Falls, April 20-23. The Rev. Carl F. Johnson is the pastor of the host church.

Pastors and laymen from the 112 congregations of the conference will be present. The theme for this year's convention is "The Church's Gospel of Hope" and the Rev. Walter E. Carlson, of Warren, conference president, will preside.

One of the highlights of the program will be the concert to be presented by the Gustavus Adolphus College of St. Peter, Minnesota. The concert is scheduled for April 22 at 8 p. m.

Guest speakers for the convention include the Rev. William Siegel of Minneapolis, who is chairman of the Augustana Mission Advance Committee of the church body, the Rev. Martin Carlson, director of stewardship and finance of the Augustana Lutheran Church, the Rev. Carl W. Larson, executive secretary for this area of the American Bible Society and the Rev. Howard S. Thirty airplanes, including 21 from points in North Dakota and nine from Minnesota, participated Sunday morning in a highly successful flight breakfast at the Thief River Falls municipal airport, Chris Kierk, manager, stated, adding that approximately 75 breakfasts were served. Planes came from towns as far distant as Larimore, Hatton and Northwood, N. D.

River Ice Breaks up Sunday Night

The ice broke up in the Red Lake River pool at ten minutes 51 seconds after 6 o'clock Sunday evening, April 12, it was officially announced this week by Bill LaFave, in whose boat house was located the electric clock connected by a wire to a log that had been embedded in the ice early in the winter.

Youth Fatally Hurt in Crash Early Sunday

David Johnson, Warren, Dies in Local Hospital Early Tuesday Morning

David Lee Johnson, 18, of Warren died in a local hospital Tuesday morning at 6:10 from the effects of injuries sustained shortly after midnight Saturday in an accident on Highway 1, ten miles west of Thief River Falls.

His death marked the fifth accident fatality in Pennington county during the past three weeks.

The youth, son of Mr. and Mrs. Henry M. Johnson of Warren, was traveling west at the time of the accident, which occurred when he attempted to pass another car driven by Carl Anderson of Oslo.

The Johnson car clipped the edge of the Anderson car, and went out of control, rolling over several times before coming to rest in the ditch. Johnson, alone in the car, a 1953 Dodge, suffered internal injuries and a possible concussion, and remained in an unconscious condition at the hospital until his death.

The Carl Anderson car remained on the highway, and Anderson escaped injury.

In another accident soon after Friday midnight, Margaret Gullickson of Middle River was hospitalized here with injuries sustained when a car in which she was a passenger rolled over in the ditch six miles north of Middle River. She suffered a fractured back and neck injury, but her doctor said she was in good condition and would be released shortly.

The highway patrol reported that Paul Odegaard of Cleveland, N. D., was the driver of the car, in which two other youths also were riding.

$500,000 Auto and Implement Street Fair in City on Friday

Huge Display Will Be Shown on LaBree av. N. from First to Third St.

Farm machinery and automobiles with a total value of nearly $500,000 will be displayed at a street fair in Thief River Falls Friday, April 17, sponsored by local car and implement dealers in cooperation with the Civic and Commerce association.

What is believed to be the most complete exhibit of its kind ever shown in this section of the state will be placed on LaBree av. from First to Third st.

As an added attraction, farmers in the Thief River trade area will be eligible to register for $300 in cash certificates, which may be redeemed at any of the participating business firms.

Two first prizes of $100 certificates will be awarded, one redeemable in auto parts, repairs or accessories, and the second redeemable in implement parts or accessories. Two similar prizes of $30 each and two of $20 also will be awarded.

It was announced that farmers living in the local trade area may register once at each display booth. The drawing will be conducted April 17 at 5 p. m. from the center of the display grounds.

Dealers represented in the display will include the Falls Implement Co., C. Gustafson & Son, Northern Chevrolet Co., Tunberg Motor Co., Custom Motors, Main av. Motors, Forkenbrock Motor Co., Wiener's garage, Taxeraas Implement Co., Krause Bros. Implement Co., Amundgaard-Lunke Co., Edward Motor Sales, Consumers Co-op association and Aase-by's Garage.

Negotiations to Be Opened for Park Site for New Court House

The Pennington county court house advisory committee, which includes all members of the county board, as well as other citizens, reopened the question of a site for the new court house at a meeting Friday afternoon, when it voted 7 to 4 to ascertain if the city council would consider exchanging the east half of the west side park for the site occupied by the present building.

The present site had been designated as the location for the structure by the county board at a meeting in January, 1951. In acting to negotiate for the park site, the board apparently ruled out further consideration of the Central school grounds, which had originally been designated, but which appraisers for the school board, owners of the property, had priced at $28,500.

As an argument in favor of the park site, it was pointed out that if the new structure were erected there, the present court house could be used until the building is completed, thus solving the question of where to house the various county offices during the year or longer that construction work is in progress.

The county board Friday also studied slightly revised plans for the new building submitted by M. O. Foss & Co. of Moorhead, architects. The board deferred ordering the preparation of working plans until a final decision has been reached on the matter of a site.

11 Teachers to Quit Positions at End of Term

Two New Teachers Are Named; School District Election Set for May 19

Eleven resignations tendered by faculty members were accepted by the Thief River Falls board of education at its April sessions Monday evening, and two new teachers were appointed. The number is about half that resigning a year ago.

The board also arranged for the annual School District 18 election to be conducted Tuesday evening, May 19, from 7 to 9 o'clock in the municipal auditorium. Monday, April 20, will be the first day for candidates to file, and May 7 will be the closing date.

It was voted to continue the practice in effect in recent years, whereby the school district will supply the services of two faculty members to aid in directing the summer recreation program.

Teachers resigning from Lincoln high school posts include Winona Anderson and Ellene Grinde Johnson, home economics; Grayce R. Halfdahl, social studies; Mary C. Hanft, librarian; and Frank N. Summerside, music instructor.

Grade teachers whose resignations were accepted include Regis Erickson Wright, Jean Carlson and Esther Kuoppola, Knox school; Phyllis Carpenter, Northrop; and Jean Sandberg and Florence Norell, Washington.

Two new home economics teachers have been signed for the coming year, Supt. W. G. Claffy announced. They include Dorothy Gjerstad of Minto, N. D., and Marilyn Smith of Edgeley, N. D. Both are graduates of the University of North Dakota.

Pre-school Clinic In Lincoln Gym Is Set for Saturday

Attendance Required of Children Entering Kindergarten in Fall

Mrs. Andy Williamson, chairman, today reminded local parents to bring their children who will be attending kindergarten next fall, to the annual pre-school clinic to be held Saturday, April 18, from 9 a. m. to 5 p. m. in the Lincoln high school gymnasium.

Attendance of the children is required, provided they will reach their fifth birthday on or before January 1, 1954.

Mrs. Margaret Race, school nurse, assisted by local nurses, will check height, weight, vision and discuss with the parents the health, physical and mental, of each child. The complete health history will also be recorded.

The following Saturday, April 25, from 1-4 p. m. at the Northrop school gym, six local doctors will give physical examinations, vaccination and immunization treatments. The doctors are donating their services, Mrs. Williamson stated.

Valuable Prizes Slated for Friday Evening Drawing

Awards to Include Free Trip to Minneapolis to Be Given for Two Persons

Nearly 20 valuable prizes, topped by an all-expense trip for two persons to the Twin Cities, will be awarded Friday evening, April 17, in the last of a series of four Friday night drawings sponsored by Thief River Falls merchants.

As in past drawings, it will be necessary for the winner to be in a local business place to qualify for a prize in the 7 o'clock, 7:55 and 8:30 drawings, while it will not be necessary to be present for the 8:55 drawing, when the free trip will be awarded together with other prizes left over from previous drawings.

Prizes to be given Friday night include three $25 grocery coupons, two electric mixers, two clock radios, two watches, an electric shaver and a coffee maker.

Winners in last Friday night's drawings include Mrs. Edwin D. Hanson, Rt. 3, and Clarence Myrom, subscriptions to the Times; H. W. Wilson, electric shaver; Mrs. Jeanette Olson, city, watch; Soren Knutson, city, clock radio; and George Gall, city, electric shaver.

Glenn Carlson, whose resignation as secretary of the Civic and Commerce association took effect today, left Monday afternoon to take over the duties of manager of the Chamber of Commerce at St. Cloud. His family will remain here until the end of the current school term.

Elks Youth Day to Be Staged by Local Lodge May 1 and 2

Lodge to Participate in National Tribute to the Rising Generation

Carrying out a mandate from Wm. Stern of Fargo, grand exalted ruler of B. P. O. Elks the Thief River Falls Elks lodge has designated Friday, May 1, as Elks National Youth Day, with local festivities continuing thru Saturday, May 2.

Walter Jung, past head of the lodge here, has been appointed general chairman of the affair, which is designed to supply recreation for the children and to pay tribute to them as future leaders of the nation.

The two-day program will include free roller skating in the arena both days, with a teenage dance in the Elks club rooms Friday evening, when hot dogs and milk will be served. Another dance for teenagers will be held in the municipal Auditorium Saturday evening, May 2.

As an added feature of the festivities, arrangements have been made for Lincoln high school students to elect an honorary mayor, municipal judge, police chief and fire chief, to hold office on Youth Day.

Miss Darlene Lee, high school senior who served last fall as homecoming queen, will reign over the festivities May 1 and 2.

Oscar A. Nelson Director Group Health Mutual

Oscar A. Nelson of Thief River Falls, was elected to the board of directors of Group Health Mutual and Group Health Association Saturday at the organization's fourteenth annual meeting.

Nelson was nominated at the district meeting in Thief River Falls in March, to succeed S. J. Bredeson, of Middle River. Succeeding Mr. Nelson as a member of the supervisory committe is P. J. Gerardy, of Plummer.

More than 500 members and delegates representing 125,000 members attended the meeting and heard reports indicating that the organization is at an all-time high in membership and business volume.

Gustavus Adolphus Choir Appears Here April 22

The Thief River Falls community will enjoy a musical treat when the Gustavus Adolphus choir of St. Peter appears in a concert in the Lincoln high school auditorium next Wednesday evening, April 22, at 8 o'clock, under the direction of Eugene Casselman.

The choir has been touring each year since it was first organized in 1930 with the exception of the war years and has earned for itself a place of distinction in the minds of music lovers throughout the mid-west.

This year the men of the choir will also appear as the Gustavian male chorus, and present a group of selections on the concert program. The chorus always sings several numbers in the Swedish language.

The combined choir and male chorus numbers 65 singers, selected from several hundred candidates, and is on a two week tour through Minnesota and Canada.

Donna Bjerken Becomes Bride of Vernon C. Thorson

Lighted candles and bouquets of pink and yellow snapdragons graced the altar of the Trinity Lutheran Chapel for the wedding of Miss Donna Bjerken, daughter of Mr. and Mrs. Ernest Bjerken of Thief River Falls, and Vernon C. Thorson, son of Mr. and Mrs. Arthur Thorson of Goodridge, at two o'clock Sunday afternoon, April 12. Rev. G. S. Thompson officiated at the single ring ceremony in the presence of 100 wedding guests.

Mrs. K. E. Lindberg presided at the piano, playing a prelude of nuptial music as the guests were seated, and also provided accompaniment for Miss Marilyn Johnson, who sang, "O Promise Me" preceding the ceremony and "O Perfect Love" as the couple knelt at the altar. As "Lohengrin's Wedding March" was played, the bride approached the altar wearing a ballerina length gown of pink satin with net overskirt, fashioned with lace bodice and peplum, and a lace bolero jacket with mandarin collar. She wore a rhinestone necklace with matching earrings and a tiara of white carnations and pink sweetheart roses. The bride's bouquet consisted of white carnations and pink sweetheart roses.

Attending the bride as maid of honor was her sister, Miss Carol Bjerken, who wore a ballerina length gown of yellow frosted organdy, styled with scalloped neckline and fitted three-quarter length sleeves. She wore a tiara similar to that of the bride and carried a bouquet of white carnations and yellow roses tied with green streamers.

Delano Thorson attended his brother as best man, and Donovan Narverud served as usher.

For her daughter's wedding, Mrs. Bjerken chose a beige dress with navy accessories and a corsage of white carnations and yellow roses. The groom's mother was attired in a variegated blue sharkskin suit with navy accessories. Her corsage was of pink and white carnations.

Bouquets of fresh flowers decorated the church lounge where approximately 70 relatives and friends were entertained by the bride's family immediately following the ceremony. The serving table was centered with a three-tier wedding cake flanked by lighted candles. Miss Eileen Rhodegard, aunt of the bride, cut the wedding cake, and Mrs. Glenn Peterson poured. Mrs. Harwood Olsen and Mrs. Oscar Arndtson were in charge of the serving and the waitresses were Dorothy Huseth and Donna Ballingrud. Mrs. Lindberg provided piano music during the reception and Miss Ellerine Olsen sang "The Lord's Prayer." The bridal couple was also entertained briefly at the home of the bride's grandparents, Mr. and Mrs. Halvor Rhodegard, before leaving on their wedding trip. Prior to her marriage, the bride was honored at a prenuptial shower given by friends and co-workers in Minneapolis.

The couple left that evening for Spokane, Washington, where they will make their home. Since her graduation from Lincoln high school in 1952, the bride has held a secretarial position at the University of Minnesota. Mr. Thorson graduated from the Northwest School of Agriculture in Crookston in 1946 and is a veteran of the Korean war. Since his discharge from the service, he has been employed by the Soo Line Railroad in Minneapolis.

Out of town guests attending the wedding were Mr. and Mrs. Melvin Johnson and Harley of Crookston, Mr. and Mrs. Milton Poppenhagen, also of Crookston, and Mr. and Mrs. Gust Bjerken, Jean and Darlene of Mahnomen.

Meeting of AppMus Club Held at A. Pearson Home

Zehlian Art Group Plans Hobby Show on Friday, May 1

The Zehlian art group of the Woman's Club of Thief River Falls feels there are many persons in Pennington County that are pursuing hobbies such as collections, hand made articles and various types of drawing and paintings, and that these people should be applauded and encouraged with their hobbies publicized so that others may find suggestions that may help them adopt an interesting and possibly a lucrative hobby.

The Art group under the leadership of Mrs. Rudolph Sagmoen has plans underway to sponsor an exhibiting of hobbies from collectors thruout the county and with the cooperation of interested parties, the group hopes to exhibit a varied and interesting display.

This public showing is scheduled for Friday afternoon, May 1st from 1:00 to 9:00 p. m. in the Civic and Commerce rooms located in the city Auditorium. Entrants are asked to register their articles on Thursday, April 30 from 1:00 to 5:00 in the Women's Club rooms in the basement of the Auditorium with last minute entries accepted Friday morning from 9 to 12 noon.

Any details requiring further explanation will be discussed with those interested by Mrs. Sagmoen or any member of the Zehlian Art Group.

Movie Shots on Golf Viewed at Ladies' Stag

The opening seasons ladies stag of the Thief River Golf Club was well attended Monday evening. The after dinner entertainment included the showing of three highly interesting movie shorts covering some of the techniques of the country's foremost golfers, with bridge being played the remainder of the evening. Mrs. Sidney Lieberman earned the high prize for the players and Mrs. W. G. Claffy won second high with Mrs. Otis Wold receiving the third prize.

The business session of the meeting included a decision to change the regular summer luncheons from Wednesday to Tuesday afternoon thus avoiding a conflict with the scheduled meetings of the Men's Stag. President Mrs. Robert Bredeson reminded members to plan for the coming semi-formal dinner dance to be held at the club house on Saturday May 1st.

Door prizes were awarded to Mrs. Jack Edmiston and Mrs. Les Campbell, a guest for the evening.

Care of Medical Patients Topic of Talks Next Sunday

The fourth of the series of ten panel discussions under the auspices of Northwestern Hospital will be presented over KTRF between 3:00 and 3:30 p. m., Sunday, April 19th. The discussion topic will be "What is Involved in Good Hospital Care of Medical Patients."

Participants in the discussion will be Dr. J. H. O'Leary, Dr. O. F. Mellby, Dr. George Van Rooy, Ina Hanway, R. N., and Harold W. Peterson, administrator of Northwestern Hospital.

Since nearly all medical patients are cared for in the old Mercy Hospital, the discussion will take up the problem of care in that hospital structure and will bring out the improvements of medical care which has ensued since the merging of the two Thief River Falls hospitals. It also will present the ways in which the new hospital addition will help to largely solve the problems now experienced in this field of patient care.

Mr. and Mrs. Gus Lemke left today for their home in Kenosha Wisc., after a visit at the home of Mrs. Lemke's brother, Adolph Lanska, whom they had not seen for forty years.

Mrs. Sagmoen Heads Hospital Auxiliary

A large number of women responded to the invitation to attend the organizational meeting of the Northwestern Hospital Women's auxiliary last Wednesday evening in the Civic and Commerce Room of the municipal Auditorium.

Mrs. L. B. Hartz served as temporary chairman, and Mrs. Frank Bond was secretary pro-tem.

The nominating committee, consisting of Mrs. Warren Ferber, Mrs. E. O. Iverson, Mrs. Maynard Mehrkens, Mrs. M. C. Gulbranson and Mrs. Jack Edmiston, submitted a slate of officers. Mrs. Rudolph Sagmoen was elected president; Mrs. M. R. Levorson, vice-president; Mrs. W. W. Powell, secretary; Mrs. V. A. Copp, treasurer; and Mrs. L. L. Tygeson, corresponding secretary.

MRS. RUDOLPH SAGMOEN

Mrs. M. A. Ziegler of Kennedy, president of the Kittson Memorial Hospital Women's auxiliary gave an inspirational talk on the work being done by that organization. Informative talks were given by Judge Paul A. Lundgren, chairman of the building committee of the hospital board, and by Harold W. Peterson, administrator of Northwestern Hospital.

Approximately 80 women signed up as members and indicated their choice of auxiliary activities on the basis of a list presented for their consideration. Many women unable to be present are requesting membership. A membership of 500 is expected, said Mrs. Sagmoen, and all women in the area served by Northwestern hospital are cordially invited to join in this opportunity for working together toward the common goal of helping Northwestern Hospital provide the best possible care for the sick and injured.

Application blanks for charter membership in the Auxiliary may be obtained from the president, Mrs. Sagmoen.

Ivan W. Peterson Dies of Injuries Suffered April 7

Rites Held Monday for Victim of Accident at Thief River Welding Co.

Ivan Peterson, 50, of this city died Wednesday, April 8, from injuries received the previous morning when a power emery wheel on which he was working at the Thief River Welding Co. broke in two, hitting him in the face.

Funeral services were conducted at the Gulbranson Chapel by Rev. Carl F. Johnson Monday afternoon. Pallbearers were Clarence Carlson, George Mackenroth, Carl Berggren, Kenneth Ose, Alfred Nabben, and Roy Mogen.

Musical Arts Choir Here Sunday, April 26

The songs, solos, and spiritual forms that will be heard here Sunday, April 26, at 8:15 p. m. in the Lincoln high school auditorium, under the auspices of the Northwest Concert association, arranged or composed by Othello R. Wilson, conductor and founder of The Musical Arts Choir, are acclaimed as a forecast of the trends of program music for the next ten years.

Since the start of the Musical Arts Choir in 1930, critics and audiences have recognized Musical Arts programs as something new in choral art. The rich and fertile possibilities of this music of America are still in the process of exploration and development by Mr. Wilson and his creative singers.

The Musical Arts Choir has played to audiences in auditoriums at most of the colleges and churches of the East and Canada where their product has been acclaimed as "highly skilled singing of great effectiveness."

Othello R. Wilson was born in Salem, Virginia, of musical parents. He started his musical training at an early age. At eleven, he organized a quartet which made a name for itself locally even before radio broadcasts became popular.

At Hampton Institute, Mr. Wilson became a member of the famous Institute Choir and was soon appointed to assist the late R. Nathaniel Dett with the choir and glee club. Many of Mr. Wilson's compositions, some of which will be heard here, show the influence of the great master arranger of Negro music.

Tour direction of the Musical Arts Choir is under the University of Minnesota Concert and Lecture Service.

Lions Challenge Rotary to Blood Donor Contest

The Lions club membership at their luncheon meeting last Wednesday noon in the Rex Cafe viewed movies presented by Ray Mitteness dealing with the necessity of conserving the nation's forest resources. In their business session the members voted to challenge the Rotary club to a contest to determine which club can supply the most blood donors for the Great Northern-Red Cross blood procurement car, which will be stationed in Thief River Falls from April 20 thru the 24th.

Dr. G. Booren to Attend Reunion of Graduating Class

Dr. G. W. Booren, veteran local dentist, will attend a banquet this evening (Wednesday) in the Congress Hotel in Chicago, the occasion being the 50th anniversary of the class of 1903 of the Chicago College of Dental Surgery, of which he was a member.

Dr. Booren has practiced in Thief River Falls longer than any other local professional man, and next September will observe the fiftieth anniversary of his arrival in this city.

He left for Chicago from Grand Forks this morning via Northwest Airlines, and will return Thursday afternoon.

Halma Man Bound over in Car Theft

Earl Peterson of Halma, who was arrested on a charge of stealing and wrecking the automobile of Lawrence Audette of Red Lake Falls Saturday, March 28, was brought before Justice Glen N. Fellman of that city, Saturday, April 4, for preliminary hearing.

Peterson was bound over to Red Lake county district court for trial and is now in the Polk county jail at Crookston. His companion, Morris Anderson, is in a Thief River Falls hospital receiving treatment for a broken hip fractured when the car rolled over in the ditch on T. H. 32 just south of St. Hilaire.

Lincoln high school will be well represented in the district 31 music contest and festival at Crookston Friday and Saturday, April 17 and 18. Soloists and ensemble groups will be heard Friday, with choruses, glee clubs and bands to be heard Saturday.

Appearing from this city will be those earning A ratings in local elimination contests. Included are the band, chorus, girls' glee club, six instrumental ensembles and four vocal ensembles.

Instrumental soloists will include Marjorie Havel, baritone; Pat Wold, flute; Ivanette Hanson, French horn; Shirley Wik, *French horn; Janet Nelson,* snare drum; Gene Bratsch, trumpet; Linda Wold, cornet; Kathleen Walker, bass horn; and Devera Borchert, Janet Nelson, and Ara Peterson, piano. Ensembles are the clarinet quartet, French horn quartet, flute quartet, drum ensemble, and trombone trio.

Vocalists include Gene Bratsch, Duane Rafteseth, Marilyn Johnson, Daphne Hesse, Gail Brown, Durelle Newbury, Delores Rafteseth, and Karen King. The madrigal singers, girls' octet, boys' octet, and a duet by Marilyn Johnson and Daphne Hesse were chosen in the ensemble grouping.

Officers of Elks Lodge Installed Thursday Evening

R. S. Eldevik was installed last Thursday evening as exalted ruler of the local Elks lodge, and other elective and appointive officers also assumed their new duties.

The ceremony was conducted by past heads of the lodge, with Andrew Anderson acting as installing officer, in which capacity he has served each year since 1920.

Appointive officers inducted include R. J. Dryden, esquire; J. K. Stadum, inner guard; Dr. Edward Gilbert, chaplain; and Dave Vaaler, organist.

Largest self-unloading freighter on the Great Lakes—the 666-foot John G. Munson of the Bradley Transportation Company—is powered by two coal-fired steam generators.

Fire Causes Heavy Damage to George Ferris Residence

Family Is Temporarily Absent from Home When $4,000 Loss Is Suffered

A destructive fire that was discovered by neighbors Friday evening at 8 o'clock caused damage estimated by the fire department at upwards of $4,000 to the George Ferris residence on West Greenwood blvd. Mr. and Mrs. Ferris and their children were away from home when the blaze was discovered.

The blaze had made rapid headway by the time the firemen arrived at the scene. There being no hydrants in the vicinity, the two fire trucks were used in relays, running to the nearest hydrant at the corner of Pennington av. and Nora st.

The fire apparently had started in a small utility room and had then spread into a bedroom and up into the attic, Fire Chief Roy Langevin reported.

During the temporary absence of Mrs. John Wold from her home at 406 So. Arnold av. Friday afternoon, a roast being cooked in the oven of the kitchen range was burned and the walls scorched when an automatic heat shut-off device failed to function properly. Firemen used a smoke extractor to remove the dense smoke from the dwelling.

Neighbors noticing smoke coming from the roof of the Mrs Alfred Peterson home at 103 Arnold av. S. Sunday at 10:45 a. m. turned in the alarm. Firemen put out the blaze in the roof, which caused nominal damage.

AIRPORT NEWS

Harold Olson, North Central Airlines station agent at Grand Forks, and Reuben F. Bang, also from Grand Forks, were at the airport on business on Tuesday. They were flying in a Cub.

Father L. A. McMahon from Badger stopped at the airport Thursday on his way home from Minneapolis in his Piper Pacer.

Dr. R. G. Ogilvie, accompanied by Kenneth A. Mum from Long Beach, California, flew over from Grand Forks Saturday in his Ercoupe.

Paul Ness and Dick Gunther from Erskine were here Saturday in the Interstate.

Bob Jones and Bob Goodrich from Warren, flying a Luscombe, were Sunday visitors at the airport.

Mr. and Mrs. Kelly Peterson and their four sons from Warren were also airport callers on Sunday.

Ray Brown and Hans Solberg from the state department of areonautics were here the first of the week. From here they went on to Lancaster. They were flying the department's Navion.

Dan Sollis from Warren, accompanied by Wally Stiner flew his Cessna 170 to Grand Forks on Monday to meet Harvey Johnson, also from Warren who is on emergency leave from the army to see his brother David Lee Johnson, hospitalized in Thief River Falls with critical injuries suffered in an automobile accident Saturday night.

The flight breakfast on Sunday brought approximately 40 fliers from North Dakota and Minnesota. The earliest arrivals flew in at eight thirty and from then until eleven a. m. the parking crew was busy guiding them in and distributing them around the field. Plans for this breakfast were initiated by the Grand Forks Flying Club, which as part of its flying program, promotes flights to various airports in the area once or twice a month.

Minneapolis Man Talks on Bills to Provide Sales Tax

Taxpayers Association Attorney Says Levy Is Bound to Come Eventually

Bills recently introduced in the legislature providing for a three per cent sales tax were the topic of discussion at a well attended meeting Monday evening in the Elks club rooms.

The meeting was sponsored by the Minnesota Taxpayers association and the Minnesota Retailers Federation, with local arrangements made by the Civic and Commerce association.

Maynard Hasselquist of Minneapolis, attorney associated with the taxpayers group, was the principal speaker, and was introduced by C. D. Gustafson, former president of the Pennington County Taxpayers association.

Hasselquist stated that, while there is little prospect of the enactment of a sales tax at the current session of the legislature, it is bound to come eventually, whether we like it or not. He said that under the proposed bills the sales tax would replace the personal property tax, and that it would also reduce real estate taxes by about 14 per cent.

His talk was followed by a brisk discussion period, in which comments revealed that a majority of those present were opposed to the enactment of a sales tax.

Auto and Truck Collide on E. 1st

The car of Anna Bradley, local police matron, sustained an estimated $285 damage when struck last Wednesday morning at the intersection of First st. and Markley av. by a truck driven by Harold Larson, the truck suffering $60 damage, police reported. Mrs. Bradley was going north on Markley av. at the time of the collision, while Larson was traveling east on First st.

Hospital Board Approves Salary Raise for Nurses

Action Taken to Bring Institution into Line with Other Hospitals

At the Northwestern Hospital board of directors meeting Monday evening, the board authorized an upward revision of the salary schedule for registered nurses. It has been recognized for some time that this schedule was below that of hospitals of similar size in this area.

The revised salary schedule allows a beginning salary for general duty registered nurses of $220 per month. Four increases of $5 per month after each of four six-month periods of service and an additional increase of $10 per month following three years of continuous service are allowed under this schedule. Other increases for registered nurses in the classifications of head nurse, obstetrical supervisor, operating room supervisor, evening and night supervisors were also a part of the revised schedule.

Upon recommendation of Harold W. Peterson, administrator, the board, in recognizing the fact that it is often necessary to place pediatric patients in adult beds because of the present limitations of the hospital structure, ruled that such patients shall not be charged more for room and board than the highest charge for the regular pediatric beds. In the future, such necessary bed assignments will not cost the patent any more per day than what would be charged for a similar arrangement in the pediatric section of the hospital.

Walt Kavanaugh Elected Head of Junior Chamber

Named to Succeed Dr. O. D. Beich at Special Meeting Last Thursday Evening

At a special meeting of the Junior Chamber of Commerce last Thursday evening, Walter Kavanaugh was elected president to succeed Dr. O. D. Beich.

Others elected were Robert DuChamp and Milton Reierson, respectively first and second vice president; Arnold Narverud, secretary; Robert Connor, treasurer; Dr. Beich, state director; and Dr. D. M. Traynicek, Kenneth Borsheim, N. H. Kortuem and Dr Edward Gilbert, directors. Hold over directors include Lloyd Hanson and Dr Ralph Helm, whose terms expire in 1954.

It was announced that the Jaycees will meet jointly with the Civic and Commerce association Thursday evening, April 16, at 6:30 in the Elks club rooms. A promotional campaign for the Junior Chamber will be discussed.

Dreng Bjornaraa Talks at Recent Meeting in Fargo

Dreng Bjornaraa of Minneapolis, public relations representative of U. S. Steel Corporation visited in Thief River Falls and Hickory township over the week-end, returning Sunday afternoon with Mrs. Bjornaraa who has spent two weeks here since the death of her mother, Mrs. Caroline Knudsen.

Mr. Bjornaraa came here from Fargo, where he addressed a training institute for Minn. and N. Dak. Employment and Security personnel, including R. S. Fldevik and Gordon Nohre of this city. In charge of local arrangements was Oscar Gjernes of the Fargo employment service office, formerly of Oklee and a brother of Carl Gjernes.

Mr. Bjornaraa also attended a conference of 80 representatives of the Lutheran Brotherhood insurance society, of which he is a director.

Good Legume Mixtures

How big was your protein bill for this past winter? As is pretty obvious to any livestock producer this time of the year protein is the most expensive nutrient purchased in livestock feeding. Now is the time to make plans to reduce this bill for the coming year. This can be accomplished by using good legume mixtures to provide plenty of pasture, hay, and silage. You can furnish practically all the protein you need for beef, dairy cattle, and sheep through good legume mixtures. Also check that permanent pasture, then consider this: Most permanent pastures can produce 3 to 5 times the amount of feed they do at the present.

Planting Trees

If you are planting trees this spring, get the job done as early as field conditions and availability of stock permit.

The long range weather forecasts warn of warmer and dryer weather than usual for May in the Upper Midwest this year. If this should be true, survival of plantings could be reduced seriously unless extra care is taken to do a good, early job of planting.

Planting should be done early enough to get the benefit of moisture from melting snow and spring rains.

Condition of tree planting stock, as affected by the manner of handling prior to planting, also influences survival of new plantings. Trees should be planted soon after they arrive. But, if circumstances delay planting for a day or two, the trees should be "heeled in."

"Heeling-in" can be done by taking the trees out of the bundle and putting them in a V-shaped trench in the ground and covering the roots with soil. Pick a cool, shady spot for the trench and moisten the soil thoroughly.

When you take the trees out of the trench for planting, carry them in a pail of muddy water to keep the roots from drying out. Plant trees at their original depth. Tramp the dirt firmly around the roots to exclude air. Remember don't let the roots get dry. A dry root is a dead root.

SOUTH ST. PAUL LIVESTOCK MARKET REPORT MONDAY

Slaughter Cattle and Calves

[illegible]

The Kashgais

According to their own legends, the Kashgais came originally from Chinese Turkistan, sweeping across Afghanistan and northern Persia (modernday Iran) in the vanguard of the Yellow Horde. They still speak a Turkic tongue strikingly similar to that of the city of Kashgar in far-off Sinkiang (Chinese Turkistan). "In the time of Genghis Khan," a chief told an explorer, "we were not yet a separate tribe. After our ancestors settled in Azerbaijan, on Persia's northwest border, we came together as a unit. Then, around 1600, we made our way south, settling where we are now."

Prowlers Set for Baseball & Track Seasons

First Ball Game Slated Against Warren on Fair Grounds on April 28th

A squad of twenty-five boys, liberally sprinkled with lettermen, reported to Prowler baseball coach Ralph Skjod at the Fair Grounds on Monday afternoon and were sent through a couple hours of chilly practice.

The baseball Prowlers, defending district champions, are tentatively slated to begin their 1953 schedule on April 28th when, at 4:15 p. m., they meet the Warren Ponies on the Fair Grounds diamond. Coach Skjod states that he hopes to have a slate of tn or twelve games on the schedule, with the Prowlers playing home-and-home series with such teams as Warren, Crookston, Oslo, Alvarado, Fosston, Bagley, and Red Lake Falls.

While the Prowler baseball mentor has a number of experienced boys on his squad, the Prowler track coach, N. Quentin Jones, who has been sending a group of thirty boys through drills, has only four lettermen—high-jumper Wayne Kotaska, sprinter Mike Hajostek, half-miler Oliver Swanson, and hurdler Lyle Guttu—available for the 1953 season. The Prowler thinclads will make their first entry into track competition on April 25th when the locals will participate in the eighth annual Sioux Relays at Grand Forks.

The 31st district track and field tournament will be held at Grand Forks, in North Dakota's Memorial Stadium on May 15th. The regional tourney, as has been the custom, will be hld on the BSTC field at Bemidji on May 22nd.

Ole Ness Honored by Sportsmen

Ole Ness, superintendent of thes ewage disposal plant, who is leaving shortly for a visit with relatives in Norway, is pictured above with the luggage he received, together with a substantial purse, from his fellow members of the Pennington County Sportsmen's club at a meeting Tuesday evening of last week.

The fire department, of which Ness is a member, brought him to the meeting in style on a fire truck. He was then taken in hand by Sheriff Art Rambeck and Police Chief Ken Judy, who handcuffed him and brought him before a kangaroo court presided over by Judge Kern Olson.

Keeping Score with "Huck" Olson

Item

Cedric Adams' "In This Corner" column in the Minneapolis Star of March 31st carried a paragraph that is of interest to local residents. We'll quote the item:"A winner picker scores again. Marvin Benson of Woodlawn boulevard a few years back picked 13 out of 14 winners in the regional and state basketball tournament games. This year he hit on 17 out of 19 games, which included 6 out of 8 regional winners and 11 state tourney game winners including a prediction of Hopkins over Hibbing. Benson predicted that score 48 to 36 which wasn't too far away from the 48 to 37 final."

Marvin, who is the younger son of the Sivert Benson's and a brother of Garfield Yankee Benson, is well remembered here as being the city's top-flight tennis player during the late 20's, and during that time, too, he was a standout softball pitcher. Marv, since his graduation from the University, has been employed with the internal Revenue department.

A Reminder

Don't forget the athletic banquet, honoring the high school lettermen, that will be held at 6:30 p. m. on Monday evening at the Trinity Church parlors. Joe Hendrickson, sports columnist of the Minneapolis Tribune, will be the featured speaker. In addition, a film, portraying the high lights of the 1952 Gopher football season, will be shown.

We hear that an attempt is being made to get Billy Bye, the former Prowler and Gopher backfield star, to attend the gathering. We're sure that Bill would have an enjoyable time renewing acquaintances with his many friends up here.

An Added Reminder

Hockey fans, especially the senior hockey enthusiasts, should make a note to be in attendance at the benefit dance that will be held at the Auditorium on Friday night, April 17th. Bob Sjulestad's boys will provide the rhythm, and the net profits will be used to defray a portion of the deficit that was accumulated this past hockey season.

Bernie Moves Up

The likeable Bernie Broderick, for the past six years a successful coach of the Warroad high school Warriors, has resigned his position as principal and coach at Warroad to accept an assignment in the St. Paul school system.

Bernie is slated to join the faculty of Murray high school in St. Paul, and will be shop instructor and hockey coach for the St. Paul School.

In the six years that Bernie was at Warroad he has brought the Warriors to the state high school hockey tournament three times, and on two occasions he directed his team to a runner-up position. Bernie, it is recalled, was a member of the local high school faculty during the 1945-46 season, teaching shop and assisting Connie Stanbridge with the Prowler hockey team.

Cousins

The Thieves baseball team was welcomed into the Red River Valley league like long lost cousins; and, judging by the pre-season prospects, it appears that the Thieves will be treated like "cousins" by the majority of the teams in the Red River loop when the schedule gets under way. It's a fact that the locals, who will be without the services of righthander Gordy Galbraith and catcher Bobby Monroe, won't have the all-round strength of last year's club, which won the Northern Minny league title. And it must be remembered that the Red River Valley circuit has more team power than the Northern Minny.

Incidentally, the Northern Minnesota league will continue in operation this year, and it will probably be extended to an eight-team loop. Beaume Ste. Marie informs us that Gonvick and Clearbrook have been accepted into the league, joining Plummer, St. Hilaire, Erskine, McIntosh and Fosston. There is a possibility that Winger, Oklee, Goodridge, or Grygla will be given the eighth place berth.

Thieves Baseball Club Scheduled to Open Season May 3

Manager Phil LeGault Calls for First Practice Session Next Sunday

Accepting the applications of Thief River Falls and Shelly for entry into the circuit, making the league an eight-member loop, the Red River Valley baseball league completed its organization at a meeting held at Warren last Tuesday evening. The league members, in addition to Thief River Falls and Shelly, are Crookston, Red Lake Falls, Alvarado, Nielsville, Warren-Argyle, and Viking.

The league schedule will be arranged on a round-robin basis, with each team playing fourteen games. It was voted to open the season on Sunday, May 3rd; and, according to the tentative schedule, the Alvarado Farmers will be playing the Thieves at Thief River Falls in one of the four opening day games.

The Red River Valley league will hold a meeting this week at Red Lake Falls, and at this gathering it is expected that the details of the schedule and the adoption of a code of playing rules will be made.

Phil LeGault, manager of the local club, announced that the season's first practice will be held at the Fair Grounds diamond on Sunday afternoon, and the lefthander hopes that there will be a goodly turnout of candidates.

Athletic Banquet Is Set for Monday Night

Members of the past year's athletic teams in Lincoln high school, numbering nearly 100 youths, will be entertained at a banquet in the Trinity church parlors next Monday evening, April 20, at 6:30.

The dinner, which is open to both men and women, is sponsored jointly by the Civic and Commerce association, Junior Chamber of Commerce, Rotary club and Lions club.

Guest speaker will be Joe Hendrickson, sports writer for the Minneapolis Tribune. Motion picture highlights of the 1952 University of Minnesota football season also will be presented.

An advance ticket sale got under way Monday, and it met with a favorable response. Others wishing to procure tickets may contact Clifford Bjorkman, Roy Oen, Gordon Reierson or Alvin Christofferson.

Raymond Martin Delivers Address in Minneapolis

Raymond B. Martin, president of Trumpetsound Institute, returned Tuesday evening from Minneapolis where he addressed the Intersynodical Lutheran Layman's Confrence at St. Paul's Evangelical Lutheran church. He was accompanied by his father, Ben Martin; and a student, Edwin Kjos, Pelican Rapids.

Classes will resume today for the day students at Trumpetsound Institute; and Tuesday, April 21 at 8 p. m. the evening school will open its new session.

Selective Service Rules Are Explained

Following appears the ninth in a series of articles by Col. Lloyd T. Lilygren, state director of selective service, explaining the regulations under which that agency operates. This article pertains to personal appearances by the registrant.

Part 1624 of the Selective Service regulations provides that every registrant as a matter of procedural right, is entitled to one personal appearance before his local board after each classification, (except a classification which is itself determined upon an appearance of this part), if he files a written request therefore within 10 days after the local board has mailed a notice of classification (SSS Form No. 110) to him. Such 10-day period may not be extended.

All local boards have been urged to encourage personal appearances as well as appeals. To this end we have instructed local board clerks to send out another notice, SSS Form No. 390. This form advises each registrant that if he is interested in a personal appearance or in taking an appeal to the State Board of Appeal, that he should report to the board office. The clerk will then explain in detail the registrant's rights and privileges and assist him in the procedure to follow. The registrant and/or employer (father) is then requested to sign a Minnesota Form Letter No. 30 acknowledging that they have been informed of their rights.

After the registrant has made his written request for an appearance before the local board, he will be notified in writing by the board clerk the date he is to appear before the board. The date set for a personal appearance may be several days after his written request has been made or it may be two or three weeks later; depending on the frequency of the local board meetings.

A registrant cannot be inducted during the period afforded him to appear in person before a member or members of the local board, and if the registrant requests a personal appearance he shall not be inducted until 10 days after the notice of classification (SSS Form No. 110) is mailed to him by the local board (after the personal appearance), as provided in paragraph (d) of section 1624.2 of the Selective Service regulations. No order to report for induction shall be issued during the period afforded the registrant to ask for a personal appearance and to take an appeal.

Frequently, after classification by the local board and within 10 days after the mailing of the notice of classification (SSS Form No. 110), registrants request a personal appearance and also appeal to the appeal board. In such case, the fact that an appeal has also been taken does not deprive the registrant of his procedural right of personal appearance. The local board must give the registrant an opportunity to appear. If the local board determines not to reopen the registrant's classification after the personal appearance, the registrant's file must be forwarded to the appeal board without further action on the part of the registrant since he has already appealed from that classification.

There can be only one official personal appearance *after each* classification or reclassification. The registrant has the right to appear only before the local board which has classified him. His case cannot be transferred to another board for the purpose of accomplishing the personal appearance.

No person other than the registrant shall have the right to appear in person before the local board, but the local board may in its discretion permit any person to appear before it with or on behalf of a registrant, but no registrant may be represented before the local board by anyone acting as attorney or legal counsel.

The evidence presented at the personal appearance should include among other things, the registrant's occupation, marital status, dependency, name of present employer, change of address, and other pertinent information necessary to make the proper determination of his classification.

Under the Selective Service regulations, it is the responsibility of the registrant to furnish for the purposes of his record before the local board and appeal board in writing of the oral information presented at the personal appearance. The summary should be as brief as possible under the circumstances in the case.

2,436 State Road Employes to Get Safety Awards

A record-breaking number of safe driver awards will be given 1,469 employes in the State Highway Departments 16 maintenance districts for having operated motorized equipment during 1952 without a preventable accident. In addition, 499 other employes of the construction division have also qualified for awards for accident-free driving. Another group, working out of the central office or in other divisions of the Department, consisting of 468 employes, also have received awards, for a total of 2,436 employes eligible to receive these awards.

Presentation of individual and maintenance district awards will be made at the annual safety meetings which will be held at the various district headquarters. The last of these meetings will be held at Crookston May 7.

These safety contests and district award meetings are part of an extensive employe safety program whose objective is the protection of both the traveling public and the employes themselves against accidents involving the Department's road maintenance and other motor vehicle equipment.

Crookston WMF Circuit Meeting at Argyle Apr. 21

The Crookston circuit of the Women's Missionary Federation of the Evangelical Lutheran Church will hold its spring convention in Our Saviors Lutheran Church at Argyle on Tuesday, April 21, beginning at 10 o'clock.

Mrs. Roy Storvick of Wadena, general president of the W.M.F. will be the guest speaker. Mrs. Melvin Sucher, wife of the newly installed pastor at Warren, will conduct the Bible Study. There will be special music.

Mrs. H. A. Wilson, Crookston circuit president will have charge of the meeting. Reports will be given by the various department secretaries.

Osgood Magnuson Named Assistant State 4-H Leader

Osgood Magnuson will become assistant state 4-H club leader, and Harold K. Anderson, Crow Wing county agricultural agent, will succeed him as district supervisor of 4-H club work in the Northwestern part of the state, effective May 1.

As assistant state club leader, Magnuson succeeds Norman Mindrum, who became executive director of the National 4-H Club Foundation, Washington, D. C., in January.

Magnuson became a 4-H agent at University Farm in August, 1947. He was promoted to district supervisor of club work in September, 1949. Before joining the state staff, he served as agricultural agent in Chippewa county and assistant county agent in West Polk county.

Cattle Feeders to Meet April 23d at Northwest School

To Inspect Results of Feeding Dried Sugar Beet Pulp to Fatten Steers

The annual Cattle Feeders' Day at Northwest School and Experiment Station, Crookston, will be held on Thursday, April 23, at 2:00 p. m.

The 1952-53 cattle feeding trial was set up to determine the value of dried sugar beet pulp in the rations for fattening beef steers. Twenty-four head of Hereford steers were used in the feeding trial which was started in late September. Superintendent T. M. McCall announces that in the cattle feeding trials at the station in recent years, surplus feeds such as potatoes and in 1952-53 home-produced beet pulp have been used in the feeding trials. While the winter feeding of potatoes was discontinued for the past winter due to the high price of potatoes, yet the potato pasture trial will be continued during the coming summer.

H. D. Fausch, animal husbandman, and L. Sumption, assistant, of the experiment station, have directed the feeding trial with dried beet pulp. H. D. Fausch announces that the feeding trial is a cooperative project with the American Crystal Sugar Company.

The formal program for Cattle Feeders' Day will be held in the Northwest School auditorium. A. L. Harvey, leader in experimental projects with beef cattle at the Central Experiment Station, University Farm, St. Paul, will speak on the economics of feeding beef cattle and the beef cattle outlook for 1953. O. A. Holkesvig, manager of the American Crystal Sugar plants at East Grand Forks and Moorhead, will speak on the subject of dried beet pulp and its availability to livestock farmers of the Red River Valley.

H. J. Sloan, director of the Minnesota Experiment Station, St. Paul, and T. H. Fenske, assistant dean of agricultural administration, University Farm, St. Paul, will also appear on the program. H. D. Fausch will give the results of the 1952-53 feeding trial and will, with L. Sumption, conduct the tour of the feeding pens at the station.

Mahnomen Firm Is Low Bidder on Marshall Co. Jobs

Successful low bidder for the 1953 Marshall county gravelling projects was the Ness Construction Co. of Mahnomen with a bid of $39,903.71. The project covered 20 jobs on county and county aid roads. The contract was awarded at the April 7 meeting of the Marshall county board held in the courthouse at Warren.

Bids from other firms for the gravel project included: Oscar Schenkey of Middle River, $42,834.97; Clarence Zufall of Elmore, $49,357.73; and Clement F. Scully Construction Co. of St. Paul, $78,406.89.

JUDGING THE SCHOOLS

By Dr. G. H. Mayer-Oakes

An institution which touches every home in its most tender spot—the child, and every taxpayer in his most tender spot—the pocketbook, is sure to be the object of more or less criticism. Whatever affects the child affects the parent, especially if it seems to reflect upon the parent even tho that may be purely imaginary. Since we all went thru the same processes years ago, nostalgia is always with us, and the school today is never quite as good as it was when we were children.

"They didn't do it that way when I went to school" usually means "What's the matter with the schools these days. They don't teach spelling. They don't teach reading. They don't teach arithmetic." Or, perhaps, it is the opposite complaint, the schools are teaching something new, "common learnings," for instance, whatever that is.

Recently the editor of a popular magazine instructed one of his staff to interview a movie actress recently in the limelight. Among other things he stated, "She cannot sing, dance or act." Such a criticism is very much on par with the statements we read in the city newspapers concerning the public schools—probably more false than true. Even tho, as some state, the schools are being attacked from every side, considering that the school affects hundreds of lives and hundreds of pocketbooks it speaks volumes for the administrators and teachers that, actually, there is so little criticism. The addition of new subjects to the curriculum, new methods of teaching, the greatly increased costs of education, should be objects of concern to everybody interested in education—interested in the ultimate good of the child, that is.

The ultimate criterion for judging the schools is not merely what is happening at the moment, it is the potentiality of the boys and girls who are being graduated, and unfortunately this can be realized only years after graduation. Recently a gentleman, discussing a certain school system, stated, "In twenty-five years, that high school did not turn out a noteworthy graduate," meaning that no graduate had made any special mark in later life to his knowledge. Probably, however, the gentleman did not know the whole story.

Commencement rolls around, the class of that year is graduated and for most of us "That's that." But, as the word implies, that is only the beginning—the beginning of proof that the teaching has been worthwhile, that the cost has been worthwhile. Somebody has said that if we only knew the value of education we would try it sometime.

What is true of our Thief River Falls public school system is probably a good indication of what is true of the average school system. Of the graduates of this school system, five and probably six are Ph. D's; at least two are professors in large universities; several are holding responsible positions with large manufacturing firms; fifteen or more are doctors of some phase of health; several are successful lawyers; five or six are ministers; several are graduate pharmacists; many are teachers, nurses and technicians; many are business men or hold positions in the business world; all of them, as far as this writer knows, are good citizens, which is even more to the point.

These folks certainly learned to read, to write and to do arithmetic and must have learned a good many other things besides. The graduates of this year and of next year will do as well even tho times may continue to change. No matter what the city newspapers and magazines may say to the contrary, the schools will continue to turn out graduates who will be good citizens and a pride to their home towns.

Looking Backward

1923—THIRTY YEARS AGO

Only about half the present staff of teachers in the local schools are expected to sign contracts for the coming year.—Dr. L. R. Twete, veterinarian, arrived from Fargo to establish a practice in this city.—The firm of Kohn and Fiterman was appointed Chevrolet dealer here.—G. W. Connell was installed as head of the local Elks lodge, succeeding L. G. Larsen.—Myrtle Aubol, 4, daughter of Alfred Aubol of Erie, was burned to death when fire attacked the family home.

Cold and Crisp

In serving a salad, have all ingredients cold and crisp. This can be done by keeping the salad in the refrigerator until time to serve, and then serving on really cold plates.

More Glaze

To give home-baked rolls more glaze and less crustiness, use a slightly beaten egg white with one tablespoon of water beaten together, brushed on the rolls before baking.

Consumption of bituminous coal by electric utilities in the U. S. set an all-time record in November, 1952 when 9,604,000 tons were used.

QUESTIONS answered for VETERANS

(This service is based on questions asked at Veterans Administration offices in the State. Answers are supplied by VA.)

Q: If I take VA's vocational counseling in connection with my Korean GI Bill training, do I have to abide by the counselor's decision as to what I should study?

A: The VA counselor won't make any decision as to what you should study under the Korean GI Bill. Instead, the purpose of the entire counseling process is to help you understand your own aptitudes, interests and abilities, so that you'll be in a better position to make up your own mind.

Q: If a veteran doesn't specify how he wants his National Service Life Insurance paid out, in what form will his beneficiary receive it after he dies?

A: If the veteran has made no selection of any mode of settlement, the insurance will be paid in 36 equal installments to his beneficiary. His beneficiary, however, has the right to change to any other method of settlement, so long as it's on the installment plan and not a lump sum payment.

Q: I understand that if my entitlement to GI Bill education under the World War II program runs out after I've reached the mid-point of a semester, I will be able to continue, under the GI Bill, to the end of the semester. My entitlement won't carry me to the mid point. Could I pay my own tuition just past that point, and then have VA carry me to the end of the semester?

A: No. Under VA regulation you may not elect to pay for a portion of your own semester, and thereby extend your entitlement. You must pay from the time your entitlement expires if you wish to stay in school.

CORRECTION. The following question, which appeared in last week's issue, was answered incorrectly. We are reprinting it at this time with the proper answer.

Q: I have just been discharged from the Armed Forces. Is there any time limit I have to meet, in starting training under the Korean GI Bill?

A: A veteran discharged before August 20, 1952 must start his training before August 20, 1954. A veteran discharged on or after August 20, 1952 has two years from his date of discharge, or separation, in which to begin.

Political Roundup

By Asthur Naftalin

The last official day of the 1953 legislative session is next Tuesday. As this week opened it appeared virtually hopeless that a special session can be avoided, but legislative leaders sought frantically to pull the session out of the fire.

Governor Anderson, having gone to the voters with a second appeal for public support of his program, was in a last-ditch fight to save his major proposals. But his opposition to budget cuts and his criticism of the legislature's failure to move along on his proposals seemed only to intensify the stalemate.

With virtually no major legislation passed, the session was clearly stalled on dead center, deeply mired in a quandary over taxes and appropriations, with scores of other major measures awaiting final action.

Finances in Jumble

Senate finance and house appropriations committees continued whacking away at the major money bills. The Governor's request for $33,552,000 for state departments was reduced to $30,213,000, although the reduction was more than offset by increased appropriations from various earmarked funds for specific purposes.

Big reductions still stood in the Governor's requests for public institutions, including the mental health program, and for buildings. The senate committee voted an increase in the Governor's $31 million request for the University, but his was still under the Regents' request.

The budget cuts, however, were seen as no solution to the financial problem. House Majority Leader Roy E. Dunn warned that the drastic reductions might balance the budget at this session, but that additional revenue is necessary to maintain state services. He indicated there was still a possibility that a sales tax may be adopted.

No Clock-Covering

Governor Anderson repeated that he would not sign any bills passed after next Tuesday and that, in the event the legislature failed to finish its business, he would call a special session. He said the clock in the Governor's office would not be covered, an end-of-the-session device frequently used by the legislature which the Governor called a "mockery" of the state constitution.

He took note of the fact that legislators have worked hard during the session but then took out after them for not being consistenet in their budget-cutting moves and for their interfering with the administrative process by controlling expenditures so tightly that it was impossible to carry out the programs established by the legislature.

Turmoil at Windup

These next few days are bound to be turbulent ones for the legislators. If the session ends next Tuesday, one of two things will have happened; either the drastic budget cuts will stand as voted by committees, augmented by important diversions of dedicated funds, or there will be a last-minute acceptance of the "package" tax proposal, including a retail sales tax.

In either event, a host of major proposals now on general orders are certain to be lost through the lack of time. These include party designation for legislators, arrest powers for liquor control agents, repeal or modification of the Presidential primary, the employment on merit bill, reapportionment, and government reorganization as recommended by the Little Hoover Commission.

The Governor touched on this point when he declared, "Many of us are going to experience disappointment in some of our favorite bills becoming lost in the late session confusion. That disappointment is not yet despair. I believe if enough people show an interest in the things for which there still remains hope, we can still achieve success."

Atmosphere Cloudy

A rather unusual atmosphere has surrounded this session. Veteran legislative leaders have made little effor to conceal their genuine indecision as to what to do. On the one hand, they recognize the necessity for increased appropriations, but, on the other hand, they are impressed by the repeated claims that tax burdens cannot be increased.

The public, for all the concern over various special measures, has been surprisingly apathetic about the fundamental problems. Concern over the fate of particular state programs has not manifested the kind of vigorous public expression that gives legislators confidence in a particular direction of action.

The Governor has sought to mobilize public opinion behind his proposals, but his efforts have seemingly produced no spontaneous upsurge of clear-cut public demand for a specific line of action. His own relations with the legislature are symptomatic of the general confusion; his demands and his criticisms are neither embraced nor resented.

As the session enters its final days the same lack of confidence, lack of cocksureness in action to be taken, seem to characterize both houses as at the opening of the session. This spirit—or lack of it—is perhaps only a reflection of the deep imponderability of the difficult problems that must now be finally resolved.

"Due To"

"Due to" always modifies a noun and not a verb. Therefore, as a rule, no sentence should begin with due to. Do not say, "He succeeded due to his intelligence." Say, "His success was due to his intelligence."

SMILEY . . .

By Mrs. Jim McCrum, Rt. 2, city

The Smiley 4-H club had a very busy evening last Friday when a variety of interesting items kept popping up to keep the meeting at top notch. A short business session was followed by a program announced by the chairman, Gail Peterson. The program was led by general singing led by Mrs. Norton Nelson; Arlene Peterson read a short poem; a demonstration, "Success and Failures of Muffin Making," by Shirley Beiswenger; a poem was read by Sharon Nelson; a demonstration "Propagation of House Plants", by Dianne Lendobeja; County Agent Ray Mitteness gave an interesting talk on Home Beautification and he also showed a film entitled "Grass Roots." The Smiley 4-H play "Elmer" was presented. Lunch was served by the Melvin Torkelson and Albert Froseth families.

Mr. and Mrs. Ted Beiswenger and Norma, accompanied by their two nieces, Beulah and Ruth Beiswenger, motored to Fisher a week ago Sunday and were guests for dinner at the home of Mr. Beiswenger's cousin and his family, the Walter Beiswengers.

The April meeting of the Smiley Community Club will be held at the Hall this Friday evening, April 17. This meeting promises to be very interesting what with two speakers, good ones at that. They will be Mr. Don Lawrence of Thief River Falls who will speak on "Fruit and Garden Varieties," and Mrs. Paul Lundgren of Thief River Falls who will speak on "Flowers." There will also be special musical selections and Marilyn McCrum will give her prize declamatory reading "King Midas." The program committee comprises the Adam Lendobeja and Lester Chapman families. Recreation will be supervised by the Rudolph Hanson family and Carl Luhe. Lunch will be served by the Mark Olson and the Robert Kraemer families. For an enjoyable and an entertaining evening, why not attend.

The Alfred Olsons have been very busy this past week. They are now living on their new property after having moved all their possessions from the Ernest Thune farm (formerly the Casper Wiener farm) where they had lived the past year or so. The Olsons purchased the Earl Knutson farm, formerly the Anton Anderson farm. We hope sincerely, that Al and Sadie and their family will be happy and successful on their new place.

The North Smiley Homemakers met at the Ted Beiswenger home Wednesday afternoon for their project lesson on Fabrics. The lesson was conducted by the two leaders, Mrs. Norman Johnson and Mrs. Adam Lendobeja. They discussed the many varieties of materials especially the newer kinds now on the market. The same leaders will conduct the future lessons this coming year, and Mrs. J. W. Lendobeja was reelected to serve as township chairman for the Project lessons. Lunch was served to the nine members present.

We will be having new people in Smiley soon. Albert Mostrom of Thief River Falls has purchased the former Lewis Johnson farm. He is very busy fixing up the house and the well. The family plans to move out to the farm as soon as school is out. The Mostroms have three children.

The Bake Sale conducted by the Smiley Community Club for the Cancer fund was very successful, according to the committee, Mrs. Norman Johnson and Mrs. Rudolph Hanson. They report a net profit of $50 to turn over to that worthy cause. They wish to thank the members for their generous help in supplying the many delicious varieties of good baked edibles for the sale.

The Smiley 4-H club presented Mrs. Sylvia Olson with a farewell gift as an appreciation gesture for her capable help in many ways in club work.

Callers at the Orville Rolandson home Saturday were Orlie Hofdahl, Allan and Joe Rehm all of Kratka, Mr. and Mrs. S. S. Nelson, Alfred Olson and sons Clyde and Larry, and Marlin Hutmaker. Clyde and Larry spent the day with Jr. Rolandson.

Beverly Rolandson helped Marilyn Hofdahl celebrate her birthday at the Orlie Hofdahl home in Kratka Sunday.

Sunday visitors at the Orville Rolandson home were Mr. and Mrs. Douglas Olsen and family of Thief River Falls.

(Crowded out last week)

Mr. and Mrs. Art Berndt of Minneapolis were Saturday visitors at the Otis Miller home.

Miss Clara Olson was a Wednesday afternoon visitor at the home of an old friend, Miss Lena Gullingsrud in Thief River Falls.

Two local girls spent their Easter Holiday recess at their homes. They are Miss Gladys Vigen who returned Sunday evening to Augsburg college in Minneapolis. After a visit with her brother, Bert Vigen and other relatives Miss Jean Nelson returned to Concordia College in Moorhead Monday evening after visiting her folks, the Norton Nelson's.

Mr. and Mrs. Bill Grundhaus and children, were Easter Sunday dinner guests at the Oscar Ranum home in Thief River Falls.

Mr. and Mrs. Norton Nelson attended the auction sale of the latter's brother, Henry Hegrenes in McIntosh a week ago Monday. The Hegrenes' are quitting farming as he will continue his employment with a farm plumbing concern in McIntosh.

Mr. and Mrs. Otis Miller were Easter Sunday dinner guests at the Gene Bruggeman home at Brooks. Other guests there were Mr. and Mrs. Frank Bruggeman and family, Mr. and Mrs. Joe Bruggeman, all of the Brooks vicinity.

Mr. and Mrs. Jim McCrum and Marilyn spent Sunday afternoon, a week ago at the Pat Harris home in Crookston.

Dinner guests at the Norman Johnson home Easter Sunday were Mr. and Mrs. Ed Johnson, Mr. and Mrs. Dave Sorvig of Red Lake Falls.

Marilyn McCrum and several other local winners at the Lincoln High School declamatory contest accompanied Principal Kalmer Ostby to Crookston a week ago Tuesday, where the young folks participated in the District contest. Marilyn gave her humorous selection on "King Midas" and received an "excellent" rating in Crookston.

Mr. and Mrs. Bob Kraemer and youngsters attended a family gathering at the home of her mother, Mrs. G. Hillyer Easter Sunday.

Mrs. Mark Olson, Miss Clara Olson and Mrs. Bill Grundhaus were among the many that attended the funeral services for Mrs. Sannes Wednesday afternoon at the Zion Lutheran Church in Thief River Falls. Mrs. and Miss Olson assisted with serving of lunch to the bereaved relatives after the services.

The Helperette Club was postponed last Wednesday to Wednesday of this week.

Easter dinner guests at the Jim McCrum home were Mr. and Mrs. Mark Olson, Wayne, Judeen and Phyllis. Afternoon and evening visitors were Mr. and Mrs. Winton Knutson of Numedal and Mr. and Mrs. Otis Miller.

GULLY . . .

By Mrs. Arnold Brovold, Gully, Ph. [illegible]

The Lund Luther League will meet next Sunday evening at the church. Hostesses are: Mrs. Ernest Rolf, Mrs. Anna Nyland and Mrs. Ted Nyland. Everyone is welcome.

Miss Mabel Bergh returned to her home in Minneapolis on Thursday after spending about ten days here with her brother and family, Mr. and Mrs. Henry Bergh. She also attended the funeral service for her uncle, S. O. Levke at Clearbrook and visited with other relatives.

Mr. and Mrs. Selmer Berg of Gonvick visited at the Ray Brekke home on Sunday afternoon.

Mavis Lunde spent Sunday afternoon at the Clarence Lunde home helping her brother Stanley celebrate his birthday. Others there were Mr. and Mrs. Alfred Peterson and girls and Mr. and Mrs. Herbert Larson and Roselyn.

Patty, daughter of Mr. and Mrs. Floyd Paulson was an overnight guest of Yvonne Tharaldson and Mavis Lunde at the *Eat Rite cafe.*

Mr. and Mrs. Lloyd Fjerstad and daughter Vickey of Fosston visited at the Claude Knudson home on Sunday afternoon. Mr. and Mrs. Claude Knudson took Anton Knudson to Fosston for a check-up Saturday.

Wally Mattson drove to Mankato on Easter Sunday to get his wife and daughter who had spent about two weeks visiting with Mrs. Mattson's sister and family, the Harlow Thompsons. They returned here Monday.

Mr. and Mrs. Ted Nyland were dinner guests and visited at the Lar Nayland home near Clearbrook Sunday. Also visiting there were Mr. and Mrs. Harlow Nyland and Mary Jo of Bemidji.

Mrs. Paul Lundmark accompanied by Mrs. Anton Knudson and Mrs. Verny Lanman drove to Bagley last Thursday to visit with Mrs. Len Olson. Mrs. Olson has been released from the hospital and is again making her home with Mrs. Mary Jane Wilborg in Bagley.

Mrs. Edwin Christianson of St. Paul, who is visiting her mother, Mrs. Aletta Nyland for a few days took a group of women along to Grand Forks on Monday. They were Mrs. Ted Nyland, Mrs. Helmer Brenna, Mrs. Albert Nyland, Mrs. August Hagen and Mrs. Aletta Nyland.

Mr. and Mrs. Martin Christianson were dinner guests at the Bill Christianson home near Erskine Sunday. Also there were Mr. and Mrs. Martin Thompson and Mr. and Mrs. Anton Skanson.

Mr. and Mrs. Robert Anderson of Fosston visited Sunday with Cora Anderson and Delano. They also brought some of their household goods to be stored since Bob plans to leave for the service April 21. Mrs. Anderson plans to be employed at the Cozy Cafe in Fosston.

Yvonne Tharaldson visited at the Ole Dahl home near Gonvick Sunday afternoon and helped celebrate Francis Dahl's birthday.

Harvey Aas drove to Bemidji Saturday evening to meet Pastor Wilson and Carroll Ellertson coming from St. Paul and Duane Ellertson, BSTC, who both spent the weekend with their parents, Mr and Mrs. Ed Ellertson. Pastor Wilson, here for the weekend services, was a guest at the Ed Kvale home.

Visitors at the Mrs. Marie and Cora Hanson home Sunday afternoon were Mr. and Mrs. Norman Strand of Trail and Mr. and Mrs. K. K. Strande.

Mr. and Mrs. Frank Rutkowski and family of Moorhead were dinner guests at the Peter Rutkowski home on Saturday. Peter returned with them to Moorhead.

Visitors at the Carl Forsberg home Wednesday evening were Mr. and Mrs. Andrew Forsberg and Mr. and Mrs. David Forsberg. On Thursday little Debra Rydeen stayed with her grandmother, Mrs. Carl Forsberg, while her parents, Mr. and Mrs. Rueben Rydeen and Mrs. Luella Rydeen of Clearbrook made a trip to Fargo to shop and also visit at th Edmund Rydeen home there.

The Lund Ladies' Aid met for a regular meeting Wednesday afternoon. Mrs. Ed Kvale led the devotion, Mrs. Curtiss Melbo had the Bible study, Mrs. Henry Knutson, educational secretary, gave a reading on higher education, religious pictures from Christmas cards were collected and will be sent to a mission school at Fort Dauphin, Madagascar, to be used by missionaries in their studies as well as pictures to brighten the walls of the otherwise drab huts of the natives. A donation was sent for circuit scholarships. Beverly Bergh's name was sent in as an eligible senior student from this congregation for the scholarship to Concordia college. Delegates were chosen to attend the spring convention held in McIntosh May 8th. They were: Mrs. Kenneth Forsberg and Mrs. George Ness with Mrs. Sophie Olson and Mrs. Martin Christianson as alternates. The tables had Easter decorations with a silver cross among flowers as the centerpieces. Hostesses were Mrs. Roald Haugen, Mrs. Henry Sollen, Mrs. Manly Paulson, Mrs. Ray Norgard and Mrs. Ernest Rolf. Mrs. Henry Nyland gave a cash donation instead of serving. Among those from a distance attending were Mrs. Clifford Hanson and Lynn, Mrs. Selmer Enerson, Mr. and Mrs. Victor Enerson of McIntosh and Mrs. Elmer Enerson of Trail.

The Boy Scouts had what proved to be a very interesting hike on Sunday afternoon as they were scouting among the hills just south of Gully when they came upon a monument or tombstone made of grey marble. An upright marker, becoming narrower at the top, with a large cross. The inscription on it is: Julia Urodzoma, 1872—Umarla 2 Sierpnia 1936. Near the base was this word: Szklarski. The Gully Scouts would be grateful to anyone who can give some information in regard to their "find."

The upper grades (5-6-7-8) of the Gully school are very grateful to the school board for making an educational tour for them possible last Friday and also to Delmer Emmel of Clearbrook for driving the bus for them. The young folks with their teachers left at 7:30 Friday morning and when the tired and enthusiastic group returned Friday evening they had visited many of the interesting places at Grand Forks including, a potato chip factory, a packing plant, the airport, The Grand Forks Herald, KNOX, and Minnkota Power Co. (REA). They also saw the Red River, the University of North Dakota, and a drive-in theater from the bus.

On Friday morning the first and second graders visited the creamery here in Gully where Mr. Lundmark showed them how butter is made, weighed, wrapped and packed, how the cream is weighed and tested, heated, then cooled, to be ready for butter making. The pleasent surprise was the chance to sample one of the products of the Land O'Lakes Creameries, an ice cream bar. Another trip taken by the first two grades was a train trip to Clearbrook one morning and a ride back in Bennie Carlson's bus. This was the first ride in a school bus for some of the children and the first train ride for many of them.

Mr. and Mrs. Edvin Bergh, Barbara and Gerdine, Mrs. Thora Brovold, Mr. and Mrs. Arnold Brovold, Gay and Carol visited at the Orland Rindahl home at rural Goodridge on Sunday afternoon.

Mr. and Mrs. Orville Fore, Judy and Darrel of Grand Forks visited at the Arlie Fore home on Saturday. Judy stayed to visit until Sunday when Mr. and Mrs. Arlie Fore, Lauren and Renae took her to the Maurice Lillo home north of Oklee, where they visited Sunday afternoon.

Another meeting was held at the hall Friday evening and about 30 4-H members were signed up. Officers were as follows: Helen Berich, president; Judy Votava, vice president; Geraldine Pladsen, secretary, Dennis Haugen, treasurer, and Patty Paulson, reporter. Leaders chosen were, Charles Pietschett, Roald Haugen and Mrs. Archie Bauman and one more lady will be chosen later. Miss McKinnon and Harley Shurson were present to help the club in getting organized.

Dinner guests at the Archie Bauman home on Sunday were Mr. and Mrs. Victor Anderson of Bagley and Mr. and Mrs. Amos Thompson and children of Wene.

(Crowded out last week)

A very large crowd attended the Easter cantata presented Sunday evening at Lund church. Peter and the Resurrection was given by the combined Gully and Gonvick choirs. It had been presented at Gonvick on Good Friday. Full color projected pictures illustrated Passion and Resurrection. Rev. Berg directed the more than 50-voice choral group, accompanied by Mrs. Berg. Student Pastor Lanvik was the narrator and Verne Odegaard operated the projector.

There were 127,400 more persons injured in U. S. motor vehicle accidents last year than in 1951.

Former Secretary of the Interior Chapman has declared development of synthetic fuels from coal and oil shale are necessary for the future of the country.

There are 2,309 bituminous coal mines in Kentucky.

Recapping $1800 TIRE

TALLER THAN A MAN is this $1,800 tire being hoisted from a recapping mold by Walter Brennan of Grand Rapids, Minn. Truck tires like this are in constant use in Minnesota's iron mines—recapping them to increase their useful life has become a specialized business in the Range country. Iron mining is responsible for the growth of hundreds of such independent businesses which employ thousands of Minnesotans in non-mining jobs. In fact, every 1,000 mining employees really account for the support of some 7,000 Minnesotans. There will be more independent businesses, more jobs for more Minnesotans, if Minnesota's ore industry can maintain its competitive position in the iron ore market.

PROLIFIC MOTHER NATURE

A Hampshire ewe on the Duane Hedrick farm near Heron Lake, gave birth late in March to six perfectly formed healthy lambs—believed to be a national record.—State championship is claimed for the White Rock egg on the Emmett Filley farm near Blooming Prairie—8 inches long, 10 inches around, another perfect egg within.—Broken records can also be a bad break, as Robert Weldon of Grove City can testify: March 17, 1952—Robert broke his left leg on a hayride party. September 1 an outdoor movie fan stepped on Robert's left leg and broke it. March 17, 1953, Robert slipped on a patch of ice and broke his left leg.

AGE NEED BE NO HANDICAP

From Mrs. Anna Rasmussen, 91, to Linda Carol Andreasen, seven months, a five generation family enjoyed a happy reunion in Owatonna when Linda's father Donald got home from a 20-months tour of Navy duty.—Married 65 years, in the same huge log home 45 years, with boundless enthusiasm, Mr. and Mrs. C. V. Smith celebrated their anniversary with the help of 600 guests including their four sons, two daughters, 20 of their 24 grandchildren, and 19 of their 24 great-grandchildren, at Baldwin.—Walter Bushnell is going to pursue many hobbies at Duluth after 42 years with Oliver Iron Mines.

LIVEWEIGHT TRACTION

gives farming a real boost!

When your field work calls for more real pull, liveweight traction will see you through.

The hydraulic TRACTION BOOSTER in the CA and WD Tractors changes deadweight to liveweight. Weight of both tractor and implement is automatically shifted to bear down on drive wheels when soil is stubborn and tillage is tough.

The hydraulic TRACTION BOOSTER reduces wheel slippage — enables the CA and WD to do drawbar jobs that normally would require heavier tractors.

Stop in and let us show you how it works.

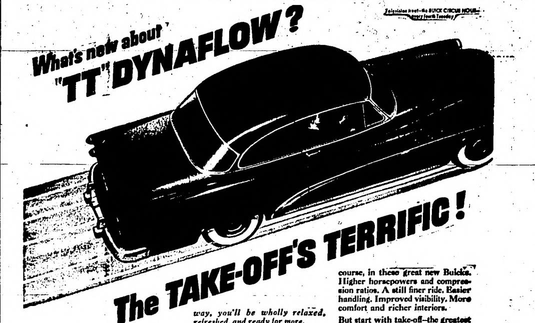
Television host—the BUICK CIRCUS HOUR—every fourth Tuesday

What's new about "TT" DYNAFLOW?



The TAKE-OFF'S TERRIFIC!

It's only fair to warn you.

When you try a new Buick with the sensational Twin-Turbine Dynaflow Drive,* you'll tingle all over with thrill.

You'll sweep your speedometer needle from zero to 30 mph so quickly, you won't have time to breathe but twice.

You'll move from a standing start to legal speed so quietly, you'll practically hear your heart beat.

You'll experience such complete and utter smoothness every step of the way, you'll be wholly relaxed, refreshed, and ready for more.

This is not dream stuff. This is real.

This is what actually happens when you're at the wheel of a 1953 Buick with TT Dynaflow.

Twin Turbines in the Dynaflow unit, instead of just a single one—in addition to other engineering advances—make the tremendous difference.

So you feel a firmer and more immediate "take hold"—get far faster getaway, new quiet and efficiency, plus infinite smoothness to and through every speed range.

There's a lot more to be had, of course, in these great new Buicks. Higher horsepowers and compression ratios. A still finer ride. Easier handling. Improved visibility. More comfort and richer interiors.

But start with take-off—the greatest in Buick's fifty great years—and learn the rest of the story from there. Can you drop in on us this week?

*Standard on Roadmaster, optional at extra cost on other Series.

All set for Summer
AIRCONDITIONER for 1953 Super and Roadmaster Riviera and Sedan models, available now at extra cost.

FARM TENANCY DOWN; OWNERSHIP RISING

In the last quarter century farm tenancy reached the highest peak for Ninth Federal Reserve Bank in South Dakota, and is currently as low ebb in Montana. Between 1930 and 1940 Minnesota farm tenancy rose from 31.1 to 32.3 percent, in 1950 was down to 20.9 percent, pointing to high proportionate ownership. North Dakota figures for the same period were 35.1, 45.1, 21.9; South Dakota 44.5, 53.0, 30.4; Montana 24.5, 27.8, and 11.7 percent. Average size of Minnesota farms has increased 11 per cent, over the district 35 per cent. Farm income in Minnesota was up a little in '52 over '51, rather sharply down over the rest of the district.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Bedtime—Hectic or Happy?

Bedtime can be a pleasant, inviting ending to the day for the tired child, if it is not turned into an unpleasant duty. An air of cheerful certainty can be better maintained if you expect him to retire every night at the hour you decide upon as surely as you expect him to be up again in the morning. Mother and father may be persuaded to change their minds once in a while about the hour of going to bed (on a holiday for example); but bedtime is too frequent for regular argument.

Most children enjoy having a certain amount of ritual accompany routines. This is especially true of going to bed. All the dolls must be tucked in, the teddy bears bedded down, each one duly kissed good night, then the child himself with his favorite toy put in his bed, kissed goodnight, the shades pulled, lights out, and the final "sleep tight." No matter how hurried parents are, bedtime will go much more smoothly if it is not rushed. A short, quiet story period preceding the bedtime hour will help to put everyone in a relaxed mood.

There is no harm in letting a child get used to taking a favorite toy to bed with him; most young children do. It is often helpful in increasing his sense of security and comfort, making his bedtime more enjoyable for him.

But what if his taste leans toward hard toys, cars, and airplanes, instead of cuddly stuffed toys? Don't worry, he won't hurt himself on them. They will probably be pushed out of the way by the time he is really asleep, and if not they might be moved by his mother if she thinks they will interfere with his sleeping comfort.

All children need sleep, and lots of it; when given the proper atmosphere and help in relaxing tired nerves and muscles the little child will welcome bedtime as an enjoyable experience, the satisfaction of a basic need.

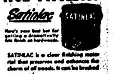
Here's Your Starting Team For a FINE FINISH!
Firzite
Brings out the full beauty of fir plywood and other soft woods. Helps you achieve dramatic, modern effects on hardwoods.
FIRZITE seals the wood pores, makes it possible for you to give fir plywood surfaces a first-class stained or satin-smooth painted finish.
FIRZITE tones the wild grain . . . virtually eliminates grain-raise and checking. In either white or clear . . . it's easy to use, takes only a few minutes to apply.
For today's exciting, modern blond or pickled effects, use white (or tinted) FIRZITE. Buy it in pints, quarts, gallons or 5-gallon cans.



Satinlac
Here's your best bet for getting a dramatically fine finish on hardwoods.

SATINLAC is a clear finishing material that preserves and enhances the charm of all woods. It can be brushed or sprayed.
Age cannot darken or yellow the clear, sleek finish you get with SATINLAC.
Ask for SATINLAC in pints, quarts, gallons, or 5-gallon cans.
For help on your wood-finishing problems, ask for our helpful, free leaflet "How to Use Firzite and Satinlac."

Henry W. Paul Again Elected Head of REA

The board of directors of Red Lake Electric Co-op, Inc., met following the recent annual meeting and elected the following officers for the ensuing year: President, Henry W. Paul; vice president, Manvel Moe; and secretary-treasurer, Jos. F. Skala. Paul and Skala were re-elected to their position. Manvel Moe succeeds John Isaacson.

The financial statement of the company of December 31, 1952 showed cash in the bank of $118,212.65, accounts receivable from members of $6,779.59, material and supplies amounting to $85,999.72, advance insurance payments of $688.25, investments in Minn-Kota of $918.78, bond investments of $35,000, other assets including work in progress of $25,382.89.

Net value of the system after depreciation is given as $2,298,832.98, making total credits of $2,521,038.98.

Of the $2,575,537.78 borrowed from the REA including accrued interest, there has been paid back $121,179.05 leaving $2,454,357.83 owed the government. For materials, taxes etc. there is owed $35,404.77. Meter deposits, membership fees, construction contributions paid and capital credits of previous years, all total $39,552.53.

In 1952 the electric service sold amounted to $297,137.44. Cost of the current purchased was $111,692.44 and other expenses of operation were $111,194.95 making a total of $222,887.39 cash expense for the year, leaving an operating margin, not including depreciation, of $74,250.05.

Payments to the U. S. government in 1952 were $26,158.52, and a depreciation of $84,472.46 was written off in 1952, showing a book loss of $9,222.41 altho there was a cash gain of $48,091.53 for the year.

Contributions in Easter Seal Drive Equal Last Year's

Pennington and Marshall Counties Exceed 1952 Receipts to This Date

Total contributions received to date in the 1953 Easter Seal appeal across the state are running neck and neck with contributions in the campaign a year ago, H. B. Gough, St. Cloud, state president of the Easter Seal Society announced this week.

Mr. Gough made a plea for all citizens to make their Easter Seal contributions as early as possible now so that the Minnesota Society for Crippled Children and Adults will be able to plan its year's program of service to the handicapped.

Total contributions reported to the state office up to this week were $159,403. Total goal for the campaign is $250,000. Most of the 87 county Easter Seal committees have not yet made final reports and many are still receiving contributions. It probably will be several weeks before the total contributions are known.

Counties in this area, where reported receipts exceed those of last year to date include Marshall and Pennington.

Send in your local news items to the Times, your friends and relatives would appreciate the courtesy.

Shrine Circus in Grand Forks Will Start April 30th

Ever think of a pig as being smart? Some are.

In one of the feature attractions in the Shrine Circus in Grand Forks April 30 and May 1, 2 and 3, Bob Nelson of circus fame will put his trained porkers through a routine that never yet has been duplicated.

Nelson's barnyard frolics is one of many trained animal acts in the circus which will be presented in three matinee and four evening performances in the University of North Dakota Fieldhouse. The 36-act program will include a well balanced array of aerial, ground and riding exhibitions, all top-notch entertainment from the biggest traveling tent circuses.

The circus will be sponsored by Kem Temple and will be under the direction of Orrin Davenport, last of the famous Davenport family of bareback riders and originator of Shrine Circuses. The show will be the first Shrine Circus in the Red River Valley in many years and the largest indoor event ever brought into the area.

Speech Festival Held at Crookston Wednesday, Apr. 8

Winners Are Selected to Enter State Contest in Minneapolis April 17th

The speech festival of Region VIII, of which Thief River Falls is a member, was held in Crookston last Wednesday, April 8. This contest resulted in the selection of high school students to represent this region in the state speech contest to be held at the University of Minnesota on April 17.

The winners and alternates from this region are as follows: Original oratory: state representative, Jenney Krueger of Park Rapids and alternate, Sylvia Luoto of Middle River. Delsie Charais of Crookston took top honors in humorous interpretive declamation, with Howard Patton of Roseau as alternate.

In memorized oratory, H. R. Noble of Park Rapids won state honors and Janis Cirks of Ada is alternate. Donna Swanson, representing Bagley, is state winner in dramatic interpretive reading, and Gayle Berberick of Ada alternate. In manuscript reading, Carol Anderson of Ada took state honors, with Grace Johanneck of Red Lake Falls as alternate. James Strandberg of Warren and Nola Hildahl of Roseau were chosen state and alternate winners in the discussion division.

Thief River Falls was represented in the regional contest by Dorothy Gilbertson, Lincoln high school senior, who received a rating of excellent in manuscript reading.

H. G. Rasmussen Attends Meeting of Insurance Firm

Harold Rasmussen returned Saturday evening from Fargo, N. D. where he had attended the regional meeting of the Lutheran Brotherhood Insurance Society held April 10 and 11. About 60 representatives from Minnesota, the Dakotas, and Montana were in attendance. Rasmussen stated that he heard a talk by Dreng Bjornaraa, public relations representative for the United States Steel Co., recently appointed to the board of directors of the Lutheran Brotherhood, and Donald Sponheim, a senior at Concordia College. Donald spoke on "What the Lutheran Brotherhood Scholarship Means to Me." Mr. Sponheim received the scholarship for the school year of 1952 and 1953.

Chevrolet's improved Velvet-Pressure Jumbo-Drum Brakes give maximum stopping power with maximum ease of application

Chevrolet owners have long been convinced that they have the *safest* as well as the *largest* brakes to be found on any low-priced car.

And now, for 1953, our engineers have made these brakes *even more efficient* by installing a new hydraulic master cylinder, increasing brake responsiveness while decreasing pedal effort, and adopting a new foot-form brake pedal which provides easier, more natural contact with the foot.

The results are much *smoother, more responsive* brake action . . . with up to 23% less pedal pressure . . . and a *soft, velvety feel of operation* hitherto found only in higher-priced cars.

Realize, too, that here is the *only* low-priced car with sturdy Fisher Unisteel Construction, Safety *Plate* Glass in windshield and all windows of sedans and coupes, extra-easy Power Steering* and many other important safety factors, and you'll understand why owners rate the new Chevrolet tops in safety-protection as well as in beauty and performance.

Come in; see and drive this thrillingly advanced car at your first opportunity.

Capitol Chat

By Mrs. Coya Knutson
Rep. 65th District

These last few days of the session are extremely hectic, as the Governor told you in his message April 9th. A few worthy activities may be commented upon at the present time.

As you maybe remember, the House passed out a resolution, No. 18, requesting Congress to use the royalties from the nation's undersea resources for national defense and the purposes of primary, secondary and higher education in all the states. We are the voice of a just America. The United States Supreme Court has ruled three times that the federal government controls the ocean's resources, the oil below the marginal sea and the Continental Shelf. Those are lands which lie beyond the states' control and ownership. This is valued up to $100 billion. Now, under pressure from the oil interests, certain U. S. Senators want to turn this rich heritage which belongs to all people, over to four coastal states. We should send a flood of letters, postcards, telegrams and resolutions to our two senators and your congressman opposing this unjust bill. This would mean $319 a year per pupil unit in Minnesota for the next ten years. Think of what that would mean for education! Address your mail to either the House or Senate Office Building, Washington 25, D. C. •

Pennington Co. Wins in Traffic Safety

Outstanding achievements in accident prevention will be publicly recognized by Governor C. Elmer Anderson at the annual Governor's Award Presentation dinner at Hotel Nicollet, Minneapolis, May 13. A. V. Rohweder, Duluth, president of the Minnesota Safety Council, today made public the winners in the statewide 1952 Safety Contests.

Pennington county was selected as the winner in Group AE, counties of 10,000 to 15,000 population, and Beltrami county in Group AC, counties of 20,000 to 25,000 population.

Two cities and five counties, winners in the 1951 contests, again made the honor roll. In the traffic safety contests, Minneapolis, for the fifth consecutive year, led the three cities in its population group, while Two Harbors was again adjudged the leader of cities in the 2,500 to 5,000 group, and International Falls for cities in the 5,000 to 10,000 group.

Ramsey county repeated as the winner in the county traffic safety contest in counties having more than 50,000 population. In the Adult Farm Safety Work contest, Olmsted county continued its dominance, with Carver, St. Louis and Waseca counties repeating as blue ribbon award winners.

M. J. Hoffmann, state highway commissioner and chairman of the traffic safety committee, stated that the selections were made on the basis of the following formula: 30 per cent on the traffic death record, 30 per cent on traffic safety education activities, 20 per cent on effectiveness of traffic law enforcement and 20 per cent on local safety engineering efforts.

Mary Pickford to Visit Twin Cities

To Promote Savings Bond Purchases April 23-24

"Bond Achievement week" throughout Minnesota begins Monday.

Miss Adelaide Enright, St. Paul, state women's bond chairman, said today that Savings Bonds sales to the professional and self-employed on a regular, automatic monthly basis would do for this group what the payroll savings plan does for the wage and salary earners.

A highlight of the week's activities in Minnesota is the arrival on April 22 of Miss Mary Pickford of Hollywood. She will be in the Twin Cities for public appearances on April 23 and 24.

Miss Pickford is scheduled to narrate excerpts from her original films at a Mary Pickford Party, scheduled for 2 p. m., April 23, at Hotel Radisson, Minneapolis. This event is open to the public on a first come, first served basis. There will be no charge, but there will be a fee for light refreshments.

The other event at which Miss Pickford will speak and show movies will be in St. Paul, at a luncheon at the Hotel Lowry, at 12:15 p. m., April 24. This event is also open to the public. Reservations are being accepted in advance. The price of the luncheon includes cost of food only, as Miss Pickford is offering her program as a public service.

In addition to these appearances, Miss Pickford will meet with the press, radio and television representatives; will participate in a motor caravan in both cities; and will visit firms on behalf of the bond program.

INFALLIBLE RECIPE FOR FATAL ACCIDENT

If you are a male (92.5) between the ages of 25 and 64 (70.7), with a year or more of driving experience (98.5), operating a passenger car (74) in apparently good condition (96.4) at an excessive rate of speed (46.8) on the right side of a straight highway (81.7) between the hours of 7 and 8 p. m. (6.5) on a clear (81.1) dry (75.6) Saturday evening (20.9)—brother, you'd better go home quick or you're likely to wind up dead. Figures in parentheses indicate the percentage of fatal accidents occuring under exactly the conditions listed. The 11 factors listed average out to 71.3 of all fatal accidents, and you'll only jeopardize your life an extra 2 per cent by getting on the wrong side of the road. Take it easy, warns Travelers Insurance Company.

HELP FIGHT CANCER!

HAMRE

Mrs. Helga Overby, Carol, Mary Ann and Alden from Bemidji spent Easter vacation here at the Olga Jelle home.

The Easter bunny didn't make a report of delivering eggs to the Emil England farm on Easter morning, however, a mother pig made a record of bringing an unusual litter of twelve little pigs.

The following came in on Edward Jelle on Wednesday, April 8 to help him celebrate his birthday: Mrs. Olga Jelle, Oscar Overby, Louis, Elmer and John Jelle, Mr. and Mrs. Emil England, Mrs. Helen Newhouse and Walter Jelle.

HAMRE . . .
By Mrs. Frank Johnson, Grygla

Mr. and Mrs. George Carlson were Easter Sunday guests at the Orrin Benson home.

Mr and Mrs. Harry Johanneson and family were Easter Sunday dinner guests at the Harry Johaneson home

Mr. and Mrs. Mencer England and son Robert from Twin Valley were Easter Sunday guests of her mother, Mrs Julia Anderson.

Mr. and Mrs Frank Johnson received a letter from their son Marvin Johnson that they had returned to the Navy Center at Little Creek, Virginia from a long navy voyage to the West Indies. They all aboard ship experienced the fears of being caught in a bad storm enroute back, which did considerable damage to the ship. They had to keep large pumps going to keep enough water out of the cracked bottom to keep the ship afloat.

Easter Sunday supper guests at the Newhouse home were Gayland and Dewane England, Marland Johnson, Harold and Gordon Severt. They all spent the evening playing card games.

Dewane and Gayland England were Easter Sunday dinner guests at the Frank Johnson home. Afternoon visitors were Harold and Gordon Severt from Goodridge.

Emil England took his son Dewane to the farm of K. L. Lund at Grand Forks, N. Dakota on Monday. There Dewane will be employed until July.

Ladies Aid Held

The Carmel Ladies Aid was held April 9 at the church kitchen with Mrs. Johnny Lillevold serving. Rev. Erickson rendered devotion and prayer, songs were sung by all present. Three readings were given by Mmes. Manley Anderson, Hans Hanson and Frank Johnson. Business meeting followed. Minutes of last meeting were read, when president called for approval of same Disapproval of holding parochial school in the church kitchen was brought up and discussed. It was finally decided to again hold a vote on the question. Majority voted to hold school in the school houses at Jt. 79 and not the church kitchen. Donald Anderson has been hired as the teacher.

"Thy Word Was Unto Me The Joy And Rejoicing Of Mine Heart." Jer. 15:16

Gives your dollars a two-way stretch
1: It's worth more when you buy it...
What makes Ford worth more when you buy? Some say it's the solid, built-for-keeps Ford Crestmark Bodies. Others say it's because only Ford can offer V-8 power in a low-priced car. Still others think of Ford's smooth-as-silk new Wonder Ride or "Worth More" features like Ford's suspended pedals . . . or Center-Fill Fueling. The best thing for you to do is to See . . . Value Check . . . and Test Drive this new Ford for yourself.
2: It's worth more when you sell it...
Even by resale value standards Ford is the best buy on the American Road! For surveys of used car lots prove that last year's Ford is No. 1 in resale value. And this newer, finer '53 Ford holds even greater promise of keeping up its resale value. No other car gives you so much for so little money!

Week's Events in Newfolden

Edith M. Lindbeck, Newfolden

Vows Spoken

Miss Aral Evangeline Rokke, daughter of Mr. and Mrs. Oscar Roke of Newfolden, and Mr. Lyle Harris Teigen, son of Mrs. Sophie Teigen of Oslo, exchanged marriage vows Saturday, April 4, at 8 p. m. Rev. Arthur Grorud officiated at the double ring ceremony before the candle lit altar at the Bethesda Lutheran church near Newfolden.

A prelude of nuptial music was played by Mrs. Edward Palmer of Warren, who also accompanied Miss Doris Roley, also of Warren, when she sang "I Love You Truly," "I'll Walk Beside You" and "O Promise Me."

The bride, given in marriage by her father, was dressed in a gown of white satin, designed with a fitted bodice and long train. The net yoke was trimmed with seed pearls, and pastel sequins. Her fingertip veil fell from a lace, heart shaped tiara. Her only jewelry was a string of pearls, a gift of the groom. She carried a bouquet of white Easter lilies.

Mrs. Carroll Tinnes, sister of the groom, served as Matron of Honor. Miss Barbara Rokke, sister of the bride, was bridesmaid. They were attired in identical pink and green gowns, respectively and carried colonial bouquets of crysanthemums, daisies, and iris.

Carol Rokke, sister of the bride, was flower girl. She wore a lavender floor length gown and carried a basket of daisies, crysanthamums and iris. Mr. Wallace Loge, friend of the groom, and Orvald Rokke, brother of the bride, attended the groom at the altar. Ushers were Mr. Carroll Tinnes and Dale Rokke.

Both mothers wore navy blue dresses with white accessories and wore corsages of red roses.

A reception for approximately 150 guests was held in the church parlors, which was decorated in pink and green. The bridal table was centered with a three tiered wedding cake. Mrs. Helmer Rokke and Mrs. Edwin Rokke aunts of the bride cut the cake. Miss Marlene Bring was in charge of the guest book. Miss Ivadelle Anderson poured and Mrs. Kermit Christianson and Marilyn and Miss Maxine Hjelle assisted by Janet Berg, Darlene Osunnd, Ardelle Bring and Delores Edeen were in charge of serving.

For travel the bride wore a blue suit with navy and white accessories, and wore a corsage of red roses.

After their wedding trip the couple will be at home on the grooms' farm near Oslo. The bride is a graduate of the Newfolden high school and has been employed by the P.K.M. electric co-operative the past 2½ years.

Petroleum is used in many ways to aid the U. S. motorist. In Ohio, unique methods were used to clear a highway after a blizzard. A petroleum-fueled crop-dusting plane became an "aerial snow plow." It spread crystallized salt on a highway and caused snow and ice to thaw.

Within the last 25 years, hydro-carbons from petroleum and natural gas have become a source of raw materials for more than 2,500 different chemical products.

Although buses were in use prior to 1925, none were registered as such until that year, since many states did not segregate buses from cars or trucks in earlier years.

The Alert Poultryman
ANSWERS YOUR QUESTIONS
Q. What is the best way to clean a brooder house?
A. Start by removing everything -- equipment, litter, dirt, etc. Scrape and sweep away all filth, then scrub with hot water and detergent. Use Dr. Salsbury's Germex as a disinfectant. Germex is a powerful germ-killer, yet is odorless and will not stain. Economical, too. Remember, sanitation needs doing right -- so buy Germex now and use it now.

ALL THINGS COME TO HIM WHO WAITS

In March 1952 Louie Suddendorf, Verndale, lost his watch. A railroader found it, noticed no identification, put it away. In March 1953 when the railroad man's watch failed he got out his find and opened it up—found the owners' name inside, and returned it.—Mrs. Joe Brey of Milroy bought two pairs of hose in a New Ulm store—when she opened the package at home she had four pairs. It was more than a year before she visited New Ulm again, but when she got there she went in and paid for the extra hose, to the pleased astonishment of the proprietor.—A rifle of real pioneer vintage was found embedded in a felled elm tree on the Dan Tikalsky place near New Prague.

Rev. W. Carlson Again to Head Lutheran Body

Warren Pastor Renamed Head of RRV Augustana Church at Meeting Here

Rev. Walter E. Carlson of Wa[illegible]ren was re-elected president [illegible] the Red River Valley Confere[illegible] of the Augustana Luthe[illegible] Church now holding its 41st [illegible]nual convention in the First [illegible]theran church in this city [illegible]cording to the new consti[illegible] under which the conference now operates, the tenure of office is two years. Other officers elected were: Vice President, Rev. G. Adolph Johns, Bismarck, N. D.; secretary, Rev. Vendel Olson, Moorhead, and treasurer, Emil E. Gahlon, Alexandria.

The elections on the general ballot were taken just before adjournment Tuesday, but the results will not be known before sometime Wednesday.

The convention convened Monday evening with nearly two hundred delegates in attendance, including pastors, lay delegates and representatives to the meeting of the Women's Missionary Society which is holding its 40th annual convention. The opening service was held in the Trinity Lutheran church, Pastor Walter E. Carlson preaching the sermon.

Tuesday morning a communion service was held, Pastor Vernon W. Johnson of Fargo gave the sermon. At 11 a. m. the first business session was held when the president read his annual message covering the activities of the conference in their various phases

At the afternoon and evening inspirational services the speakers were from Minneapolis. Pastor Martin Carlson, director of stewardship and finance of the Augustana church, spoke at the afternoon meeting and at the evening service sponsored by the Women's Missionary Society. Pastor Wm. Siegel spoke on the topic "World Mission and the Home Church". He pictured the world condition where people are becoming depersonalized, where there is great restlessness

Soil Conservation Service District Offices Open Here

Arthur C. Libby Heads Staff of Three Arriving Thursday from Moorhead

The transfer of the district soil conservation service headquarters from Moorhead to Thief River Falls, which has been pending since January, became a reality last Thursday with the arrival in this city of three SCS officials.

The three men, headed by Arthur C. Libby, area conservationist, and including Charles Faunce, agricultural engineer, and Maynard Seilly, soils scientist, have established offices in the former city water treatment plant building on East Second st., which they are sharing with the state highway department.

The local office, which had been located at Moorhead since 1945, supervises eight soil conservation districts, including Pennington county, Red Lake county, Marshall-Beltrami county at Grygla, Beltrami county at Kelliher, East Polk county, Lake of the Woods county, East Agassiz in Norman county and Littlefork in St. Louis county.

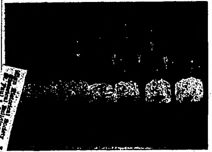
Mr. Libby added that new soil conservation districts are now in process of organization in Kittson, Clearwater and Koochiching counties.

The transfer of the district office to Thief River Falls, Libby explained, is part of a program aimed at reorganization of the U. S. department of agriculture soil conservation service in Minnesota.

Time Extended to Seek State Bonus

The time for World War II veterans to file applications for the state bonus has been extended by the Minnesota legislature until December 31, 1953, the state department of veterans' affairs has notified H. B. Rafteseth, Pennington county veterans' service officer.

Musical Arts Choir Here Sunday



The Musical Arts choir of Washington, D. C., a highly acclaimed group of vocalists, will present a program Sunday evening at 8:15 in the Lincoln high school auditorium. This will be the last of the season's programs to be presented under the sponsorship of the Northwest Concert association.

State Does Convene in City Friday, Saturday

The B. P. O. Does two-day Minnesota state convention, with the Thief River Falls drove No. 65 as hosts, will open on Friday, April 24th. Registrations will start at 2 p. m. in the Elks lodge, followed by an afternoon tea and cocktail party open to all Does and their husbands. More than 100 guests from out of town will attend.

The convention will open Saturday at 9 a. m. with ritualistic exemplifications presented by the various droves of the state. A noon luncheon will be served in the Elks ladies lounge for all attending Does.

The afternoon session will start at 1 p. m. and will include the election of state officers for the ensuing year and voting on the convention city for 1954. The wearing of formals by drove members is optional, but required of the participating officers, it was announced.

A banquet will be held at 6 o'clock in the Eagles Auditorium and served by their auxiliary for Does, Elks and their ladies. Mrs. June Emanuel will be the toastmistress.

The general public is invited to attend the evening program to be held at the city Auditorium at 8 p. m. The state officers of the B. P. O. Does will be installed, followed by the Elks rest service presented by Alexandria drove No. 71 and The Flag Day exercises by Albert Lea drove No. 70. These two very impressive rituals are used together with the Elks in many cities for Decoration Day and Flag Day presentation to the public. The guest speakers will be the Supreme President Miss Jeanne Christianson of Atlantic, Iowa, R. S. Eldevik, ex-

Poor Response to Blood Donor Appeal to Date

Only 73 Pints Donated During First Two Days; Car in City Thru Friday

Officers of the Pennington county Red Cross chapter today *joined in expressing acute disappointment* over the poor response of local residents to an appeal to donate blood for wounded soldiers in Korea while the Great Northern blood procurement car is stationed in Thief River Falls Monday thru Friday of this week.

With a quota for this community of 100 pints of blood per day, it was announced this morning that only 33 pints had been received Monday and 40 pints Tuesday.

Alvin Christofferson, procurement chairman for the local Red Cross chapter, expressed the hope that the showing would be greatly improved during the last three days of the drive thru Friday. He said prospective donors may visit the car at the Great Northern depot at any time, between the hours of 2 and 8 p. m. whether or not they have an appointment.

Each donor will be given a physical checkup previous to supplying blood, both for his own protection and for the sake of the person who will receive the blood.

Donors, it was explained, should not eat milk, cream or fatty foods for at least four hours previous to their donor appointments.

70 Sweethearts Age 70 or Over to Be Honored May 8

Women Asked to Register by Mail with Civic and Commerce Association

Friday, May 8, has been set as the date of the second annual Pioneer Sweethearts luncheon, at which 70 women age 70 or over will be honored guests of the Civic and Commerce association, it was announced this week by Don Olson, chairman of the public relations committee.

Cooperating with Olson's committee in making arrangements will be the C. & C. social relations committee, of which Miss JoAnn Wedul is chairman.

The luncheon will again be served in the American Legion club rooms. Guests will include the first 70 women age 70 or older who register by mail with J. M. Roche, secretary of the Civic and Commerce association.

Council Votes to Refinance $125,000 Bonds

Orders Report on Sewer and Water Main Work in North Section of City

Among other major items of business disposed of by the city *council at a lengthy session* Tuesday evening was the adoption of a resolution providing for the refunding of $125,000 in early maturing bonds to spread the payments over a longer period.

Bonds to be refinanced include $50,000 in light plant bonds, $50,000 in water plant bonds and $25,000 in public improvement bonds. Date of the sale of the new issue was set at May 26.

City Engineer Douglas Stewart was instructed to make a preliminary survey and cost estimates covering the projected installation of sewer and water mains to serve a large area recently annexed to the city in the north end. Revised petitions calling for the work were submitted Tuesday, and City Clerk P. G. Pederson indicated that they bore more than the required number of signatures.

Lands south of the water treatment plant being condemned by the city, involving a half-dozen property owners, were valued at a total of $900 in a report filed by appraisers recently appointed by Council President Carl Gjernes.

After considering four bids, the council awarded to the Socony Vacuum Oil Co., low bidder, the contract to supply the city's requirements for road oil this season. Regular road oil will be delivered in tank car lots at 9.68 cents per gallon, with a charge of 10.63 cents for asphalt oil.

The James Holmes Hemphill Co. of Minneapolis, low bidder at $1.50 per gallon was awarded the contract to supply the city with 600 gallons of DDT insecticide for spraying trees during the coming summer.

Given its first reading was an ordinance regulating the installation in the city of television masts and aerials. The measure provides that a permit must first be obtained from the superintendent of water and light, and that a $2 inspection fee shall be paid.

Other ordinances given their first reading provide for regulating the sale of merchandise and services at private homes in the city, and setting up hours of liquor sales by local clubs.

No objectors appearing at a hearing called for the purpose, M. C. Gulbranson was authorized to proceed with the construction of a non conforming addition to his funeral home on Riverside av.

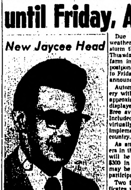
David Carlson, district superintendent, will be here for the service.

Auto and Implement Street Fair Put off until Friday, April 24

New Jaycee Head



WALTER KAVANAUGH

Recently elected president of the Thief River Falls Junior Chamber of Commerce, who will be installed in his new post Thursday evening, May 7.

Due to unseasonably cold weather and a snow and dirt storm that hit this locality last Thursday, the automobile and farm implement street fair was postponed from Friday, April 17, to Friday, April 24, local dealers announced this week.

Automobiles and farm machinery with an aggregate value of approximately $500,000 will be displayed all day Friday on LaBree av. from First to Third st. Included in the exhibit will be virtually all lines of cars and implements produced in this country.

As an added attraction, farmers in the Thief River trade area will be eligible to register for $300 in cash certificates, which may be redeemed at any of the participating business firms.

Two first prizes of $100 certificates will be awarded, one redeemable in auto parts, repairs or accessories, and the second redeemable in implement parts or accessories. Two similar prizes of $30 each and two of $20 also will be awarded.

It was announced that farmers living in the local trade area may register once at each display booth. The drawing will be conducted April 24 at 5 p. m. from the center of the display grounds.

Dealers represented in the display will include the Falls Implement Co., C. Gustafson & Son, Northern Chevrolet Co., Tunberg Motor Co., Custom Motors, Main av. Motors, Forkenbrock Motor Co., Wiener's garage, Taxerass Implement Co., Krause Bros. Implement Co., Amundgaard-Lunke Co., Edward Motor Sales, Consumers Co-op association and Asseby's Garage.

St. Hilaire Club Wins One-act Play Contest

The Kratka and St. Hilaire 4-H clubs presented the winning music number and play in the annual 4-H contest on Thursday evening, April 16th at the Lincoln high school auditorium. Winners in this event and the good grooming contest earned the right to participate in a district program presented at Crookston 4-H Club Week June 15-19.

James Wilson sang the 4-H Hymn and "God's Little Candles" for the top music number. He was accompanied by Delores Koglin. "Buddy Pays the Mortgage" was the play presented by St. Hilaire for top honors. Runner up was the Smiley club's play "Elmer."

In the good grooming contest James Harbott of St. Hilaire and Janice Maxson of Bray were named winners in the 14 and under age group while Delores Koglin of Kratka and John Erickson of Bray won first places in the older division.

More than 900 attended the contests which were held at Goodridge, St. Hilaire, and Thief River Falls. Eight clubs presented plays and ten participated in the music division.

Judges for the Play and Music contest were Marvel Kristjanson, Harriet Overboe, Judith Halvorson, Phyllis Evenstad, Leona Thompson and Genevieve Munt all of Thief River Falls and Mr. and Mrs Lavon Sumption of the Northwest School of Agriculture at Crookston. Carol Bjerken, Mrs. Charles Richards, and Ivan Bundy selected the good grooming winners.

Cast of St. Hilaire 4-H Winning One-act Play

With the comedy, "Buddy Pays the Mortgage," as its entry, the St. Hilaire 4-H club won first place in the Pennington county one-act play contest conducted in the Auditorium in this city last Thursday evening.

By virtue of its victory, the club will present the play in the Red River Valley contest to be held at Northwest School in Crookston in June.

Members of the cast, pictured above, include, left to right, front row: Roger Corbet, Barbara Black, Esther Suronen, Donna Busse, Shirley Wik and Cherry Johnson. Back row: Ronny Anderson, Alden Sand, Junior Harbott and Harlan Hallstrom.

Thora Skomedal Heads B.P.W. Club For Coming Year

Mrs. Lucile Holbert, chairman, presided at the monthly meeting of the B.P.W. Club, April 14th at a dinner meeting in the Rex Cafe. The program of the evening was on "Legislation," and was in charge of Mrs. Ruth Lundgren, who introduced the guest speaker, L. W. Rullen, county attorney. He gave a very interesting and informative talk on the subject of "Wills." He also discussed "joint tenancy" and the possible taxes that might attach to the property, such as inheritance tax, gift tax, and income tax in case the property is sold by the heir.

The new slate of officers for the coming year are as follows: President, Thora Skomedal; 1st vice president, Mrs. Jean Brown; 2nd vice president, Mrs. Clenore Storholm; Treasurer, Mrs. Ann Johnson; secretary, Martha Narverud.

Plans were made for the state convention to be held in Virginia May 21st through May 24th with the B.P.W. of that city extending an invitation.

Final plans were made for the District One convention held here Sunday the 19th at which time six guests from the club at Bemidji and eight guests from Crookston attended the one o'clock banquet in the basement club room of the Rex Cafe. District president, Joan Wedul presided at the business meeting with local chairman, Lucile Holbert as M. C. After group singing, and after welcoming the guests, Hazel Shimmin of Bemidji responded. A short review of the projects completed by all the clubs was given. The tables were beautifully decorated with candles, flowers and sprays of green leaves. Kay Barzen was chairman of arrangements and a "thank you" was extended to her and all members who helped with plans. The Crookston club put on the state emblem program, using their own emblem display which had recently been made for their club.

The fall district meeting will be held in Bemidji with that club extending the invitation.

W. C. T. U. News Notes

The Woman's Christian Temperance Union held their April meeting at the home of Mrs. C. M. Adkins, Mrs. C. E. Mead and Mrs. Joe Stenberg assisting hostesses. Rev. Eva Peet gave devotions.

The members enjoyed a Parliamentary Quiz sent out by the National Director. Nearly all members made the passing grade of 75 per cent or over.

A report of the Youth Temperance Council meeting and election was given.

The Ninth District Convention will be held May eighteenth in the Community Methodist church of Thief River Falls. Registration at 9:30. Mrs. Fred Van DeWalker, St. Paul the state president will be the guest speaker. A pearl contest in which contestants from seven Unions will be participating is scheduled for three o'clock in the afternoon.

Reception of all new members, reports of all 23 department directors. Election of officers. Several fine musical numbers will make a full program. A White Ribbon Recruit and a memorial service will conclude the afternoon session.

A noon luncheon will be served by the local Union, Mrs. Charles Sagmoen, chairman of that committee. Several members in this northwest area are making plans to attend the World Convention to be held June 3-9 in Vancouver, B. C. followed by the National at Seattle and a boat trip to Alaska.

Mrs. Earle Ripley, membership captain, reported on fine gains already made in Membership Drive which is being held during the month of April.

The Hazel Union reported a fine meeting held at the Mons Engelstad home and a food sale in a Thief River Falls Store last week which netted a good sum.

The Stephen Union held a double speech contest Wednesday evening, April 15th in the Lutheran Parish Hall. A very large crowd was in attendance. The Junior Choir of the Lutheran church and a Junior Quartette from the Presbyterian church furnished the music. All bronze speech selections were Bible selections and the silver were Temperance readings. Rev. and Mrs. Emery Larson, Miss Judith Wold and Mrs. R. B. Westacott were judges. A large number of the WCTU members saw the film "The Choice is Yours" when it was shown Sunday evening at the Community Fellowship Service. This is the newest and best of the WCTU films. National Visual Education Director and Producer reports more copies of this film has been sold since its release last August than all other films to date. This film was shown at a joint Jr Sr. School Assembly last February in Thief River Falls. Many other schools in Counties South of Thief River Falls also were privileged to see it. The State WCTU owns seven copies but has a daily request for ten or more showings. This shows that there is a great demand for good Temperance Films.

Star Installs Mrs. R. Burrell Worthy Matron

The Winslow Chapter of the Eastern Star held an impressive installation ceremony on April 6. For lack of space, details of the ceremony were omitted in last week's issue of the Times.

Officers were escorted to the east by the conductress and associate conductress, Mrs. G. W. Mayer-Oakes and Mrs. W. Ekstrand. A beautiful Bible ceremony preceded the installation. Mrs. Robert Bredeson and Mrs. Lucius Knight carried lighted candles, while Mrs. Clarence Stromberg carried the open Bible to the altar. As they proceeded to the altar, Mrs. Lawrence Erickson, accompanied by Mrs. R. E. Looker, sang "Just a Closer Walk With Thee."

An arch of red roses was formed by the following Job's Daughters: Barbara Wangenstein, honored queen; Janice Larson, Patricia Clinton, Beverly Buckli, Doris Pic, Ara Peterson, Carol Bjorkman, Suzanne Humes, Gail Hruby, and Janice Anse.

After Mrs. Burrell, the incoming worthy matron, had taken her obligation at the altar, she was escorted to the arch by Mrs. Legvold, the installing marshal, then walked through the arch to the east. Mrs. Lawrence Erickson, Mrs. Burrell's daughter, sang "For You," while Jon and Kayleen Burrell, grandchildren of the new worthy matron carried a basket into which roses were placed by Job's Daughters and presented to Mrs. Burrell. Jon and Kayleen were presented with gifts by their grandmother.

Mrs. Erickson presented the jewel past matron's pin to Mrs. Burrell, who expressed her thanks and also presented her daughter with a gift in appreciation of her songs.

The following installing officers were presented gifts from the chapter: Mrs. Morris Howick, Mrs. Neil McKechnie, Mrs. Gunder Legvold, and Mrs. R. E. Looker. A social hour was enjoyed and lunch served.

3¼ Pct. U. S. Bonds Available

Series F and G Bonds Accepted in Exchange

Secretary of the Treasury Humphrey today reminded holders of Treasury F and G bonds which mature between May 1 and December 31, 1953, that they may convert those bonds into the new Treasury 3-¼% fully marketable bonds if they desire.

Holders of such F and G bonds who wish to convert to the new issue must make application for the transfer before May 1, 1953 to a Federal Reserve Bank or Branch, or the Treasury. No applications for transfer will be honored after that date. This offer of transfer does not apply to Series E Savings Bonds which mature during the same period.

Exchanges of Series F and G savings bonds will be made par for par and will be allotted in full. The lowest denomination of the new bonds will be $500. Holders of smaller denomination Series F and G bonds may exchange them for the next higher multiple of $500 upon payment of any cash difference.

ATOM'S APPLE

Big Concrete Bowl Is Foundation For Atomic Engine

WEST MILTON, N. Y. — Newspaper readers were surprised recently by pictures of a large concrete bowl under construction here. From a distance it looked as though it might be an amphitheater or a football stadium.

In real use, however, it is a "saucer" 42 feet deep and 279 feet in diameter, the foundation for a 225-foot steel sphere. The sphere itself is to house a section of the hull of an atomic submarine.

Wherever work in atomic energy is in progress, the first consideration is always for the safety of personnel and of people living in surrounding areas. The steel sphere will provide an added precaution. In the remote event of simultaneous failure of controls in the reactor itself, the resulting release of radioactive material would be safely contained in the sphere.

When the structure was first pictured, an enterprising editor coined the phrase "Atom's Apple" as a name for the sphere. The name has caught on with the public, although scientists have done their best to point out that it is really called a Hortonsphere.

Though similar spheres are widely used in the chemical and petroleum industries, the one at West Milton will be the largest ever constructed.

Musical Arts Choir Here Sunday Evening

The Musical Arts choir of Washington, D. C., will present a concert Sunday evening, April 26, at 8:15 in the Lincoln high school auditorium. The group will appear here as the final number of the concert series sponsored by the Northwest Concert association.

The Musical Arts Choir of 20 voices, whose personnel consists of young men and women from many walks of life, is a group dedicated to the preservation of the American folk idiom as well as the desire to promote racial goodwill through the medium of artistic presentations of ballads, Negro spirituals, classics and church music by the vocal ensemble.

Many of these young men and women have distinguished themselves in their musical careers as soloists, choir directors and teachers of school music. They have combined their musical talents to form a distinguished choir which is now in demand both in the United States and abroad.

The choir has well established itself as high grade entertainment, having appeared on radio, television, and furnished sound scrips for screen in both the United States and Canada.

Tour direction of the Musical Arts Choir is under the University of Minnesota Concert and Lecture Service.

Leo J. Carl Killed at Red Lake Falls

Crushed between Freight Car and Truck Thursday

Leo J. Carl, 53, of Red Lake Falls was fatally injured last Thursday morning when crushed between a railroad car door and a Red Lake Falls Rendering Co. truck which was backing up to the car to be unloaded.

Carl was taken to St. John's hospital where he died at 12:35 p. m. from a crushed skull and other injuries. Those who saw him right after the accident said it was evident that the injuries were fatal.

He was inside the car and was waiting for the truck which was being backed on the loading platform on the Great Northern side track near the Northland Grain elevator. In some manner Carl was caught between the body of the truck and the car door. His body was found on the railroad car floor. Arthur Cartiere was driver of the truck.

The deceased has been a life long resident of Red Lake Falls. He is survived by his wife and several children.

Accident Victim Buried at Warren

David Lee Johnson Rites Were Conducted Friday

Funeral services for David Lee Johnson, 18, of Warren, who died from injuries suffered in a car accident April 11 ten miles west of Thief River Falls, were held Friday in the First Lutheran Church in Warren with Rev. Walter Carlson officiating.

He is survived by his parents, Mr. and Mrs. Harry Johnson of Warren, three sisters, Mrs. Dean Brenner of Herman, Minn., Mrs. Howard Davidson of Portland, Ore., and Mrs. Steve Granbowski of Minneapolis, and a brother, Harvey, in the service at Ft. Lawton.

The young man was graduated from Warren high school last spring and was president of the senior class. He was also captain of the football team.

Democracy Begins at Home, Well-Known Educator Says

Troubled parents seeking to strike a balance between the parental mailed fist and the kid glove will find many helpful hints on democratic discipline in Ernest Osborne's new pamphlet, Democracy Begins In The Home.

Dr. Osborne, Professor of Education at Teachers College and well-known writer on parent education, examines a variety of typical family situations to show how democracy can be learned in everyday family life.

Authoritarian parents, he suggests, as well as those who "do everything" for their children, will alike end up with offsprings who are unprepared for adult roles as responsible citizens.

Disciplining children is much more than using force on them, the author points out. In its wider sense it is teaching them to do what is necessary for people to live happily together.

Parents should not act as if they "owned" their children, but should be guided by respect for them as individuals who share in a cooperative venture. Children should be given opportunities to make simple choices from an early age—for only in that way can they learn to make decisions, and take the consequences of poor ones.

"There is no one right way for a family to operate democratically," writes Dr. Osborne, "Democracy as a way of life may be expressed quite differently in different families. What is important is that the spirit of cooperative sharing—of consideration for the rights of each in the group—is expressed through whatever is done."

The family council plan is discussed as helpful in giving children a sense of "belonging" and sharing in family problems. Gripe sessions, where children air their views help some families live more satisfactorily together.

Family-centered hobbies and projects are recommended in giving children common interests with parents. Building a summer cabin together with all the children pitching in, crafts activities—stamp collecting—photography—all can contribute to the sense of family closeness that means so much.

Democratic family living not only repays us in satisfaction and happiness, concludes Dr. Osborne. But—on the larger scene—our children must be taught the essence of democracy in the give-and-take of family life if the struggle against dictatorship and statism is to be successful. Democracy as an ideal will never be meaningful to them if they are not.

The book was published by the Public Affairs Committee, Inc., New York City, a non-profit organization.

Elks Made Final Plans for Youth Day Observance

Rollerskating and Two Dances are Included in Arrangements for May 1-2

Plans for the local observance of Elks National Youth Day Friday, May 1, with the program continuing into Saturday, May 2, made substantial progress during the past week, it was announced by Walter Jung, chairman of the arrangements committee of the Thief River Falls Elks lodge.

Free rollerskating in the arena will be available to all young people of the community Friday afternoon and evening, May 1, followed by a teenage dance in the Elks club rooms, at which hot dogs and milk will be served. Music will be supplied by Bob Sjulestad and his orchestra.

Preceding the dance Friday evening, four high school boys will be installed at 9:30 as acting city officials, serving as mayor, municipal judge, police chief and fire chief. The ceremony will be open to the public, Jung stated.

Rollerskating facilities at the arena Saturday, May 2, have been reserved for students taking part in the state area music contest in progress in the city that day. However, Jung announced, all young people from thruout the area are invited to attend another teen-age dance to be held that evening in the city Auditorium.

As an added feature of the Youth Day observance, arrangements were made this week by Don Olson, manager of Radio Station KTRF, for a group of students to take charge of the station Saturday, May 2.

Nurses assisting were Mmes. Otis Wold, Randall Noper, Clarence Knudsen, Palmer Lorenson, Donald Aasland, John Wold, Helen Lawrence and J. M. Wiley.

Also helping with arrangements were the Misses Ruth Mickelson, Ella Fiskerbeck and Corinne Johnson, and the three PTA presidents, Oscar Roglin, Mrs. John Lynskey and Mrs. Marshall Simon.

22 County Drivers Lose Permits in '53

16 Revoked, 6 Suspended in First Three Months

Drivers licenses of 16 Pennington county motorists have been revoked during the first quarter of this year, and an additional six drivers have had their permits suspended, according to a report issued today by the Minnesota highway department.

In Marshall county, eight licenses were revoked and six suspended, while in Red Lake county the figures were respectively three and nine.

The report shows that a total of 2,114 revocations have been imposed during the first three months of 1952, as compared with 1,428 during the first quarter of last year. Suspensions are also higher, with 5,338 put into effect, while there were only 3,665 during the comparable period of last year.

While more drivers were losing their permits, more would be drivers were also taking examinations, the report shows. Inside tests were taken by 23,047 applicants, or almost 4,000 more than in the similar period of 1952, while 18,418 took road tests, as compared with 13,325 in the first quarter of last year.

Brucellosis Spreads In Dozens of Ways

Farmers worrying over the problem of keeping bovine brucellosis out of their herds were given some pointers recently by the American Veterinary Medical Association.

The association points out that there are a dozen ways in which the disease can be spread to clean cattle, but that the most common way is through importations from strange herds.

Control authorities recommend that newly-purchased cattle from recently-tested herds should be isolated 30 days before having them re-tested. Cattle bought from untested herds should be tested immediately and isolated for another test in 60 days.

Brucellosis can spread from diseased hogs, truck and box cars which have been carrying diseased stock. Buyers, salesmen or visitors may bring in germs on their clothing or shoes, or the disease may spread from stagnant water or slow-moving streams past infested farms.

Plummer Pilot Is Aiding Prisoner Air Lift in Korea

Warrant Officer Norman S. Jacobson of Plummer was one of 33 helicopter pilots in Korea assigned to the evacuation of Allied prisoners currently being released by the Communist forces, according to an Associated Press dispatch Monday. The pilots flew disabled Allied prisoners from Freedom Village to Munsan and then to Seoul. Chief nurse of the mobile army surgical hospital installed at Freedom Village is Major Edna M. Nelson of Hallock.

Crookston Plans to Dedicate New Hospital Sunday

Dedication ceremonies for the million dollar new Bethesda hospital at Crookston will be held Sunday, April 26, at 3 p. m. Scene of the ceremonies will be the recently completed hospital, according to Walter Roos, Fisher, president of the board of directors.

Featured speaker for the ceremonies will be Dr. Robert N. Barr, chief of special services, Minnesota department of health. Also appearing on the program will be Dr. Helen Knutson, division of special services.

Leonard Erickson, Crookston attorney, will serve as master of ceremonies.

The new Bethesda, with its 77-bed facilities, now gives Crookston the maximum number of beds allowable by the Minnesota department of health. St. Francis hospital, also a comparatively new structure, has 140 beds.

POPULATION GROWS

Biggest Factor In U. S. Future Business Prospects

PITTSBURGH—The remarkable growth of the American population is the biggest single factor in the future of any business and the evaluation of future markets, a national advertising firm said in a recent report.

Among the facts on population trends in this country as pointed out by the agency are:

Abnormally low depression birth rates are beginning to have an effect; the marriage rate is dropping and will continue to drop until 1960, when it will rise again.

In 1950, there were five million men 20 to 24 years old in the labor pool, in 1955 the number in that bracket will have dropped to 4.75 million.

In 1950 fewer than 17,000 school buses were built; last year 24,000 were turned out and the number may be larger this year.

The U. S. population is increasing at the rate of 250,000 a month, which requires an increasing number of hospitals and other facilities.

The population will rise to 193 million in 1975, by conservative estimate.

While the declining marriage rate now threatens the record rate of home building that has continued since the end of the war, it will pick up in the late sixties and may soar to an average of 1.3 million a year or more by 1975.

The growth in population ahead, the report concedes, raises the question of whether there will be enough food for all the added millions. The needed crop land does not exist.

DOG LOVES CHICKS . . . "Tootsie," 10-year-old Pomeranian owned by Mrs. Charles Wilcox of Los Angeles, prefers company of young chicks to puppies; but older chickens must be replaced with newly-hatched foster children.

Damage from Forest Tent Caterpillars Is Expected in County

The eastern half of Pennington county can expect some damage from forest tent caterpillars this summer. According to information received from the state entomology office a larger area will be infested this year but more preparations are being made to control this troublesome insect.

Trees infested with forest tent caterpillars should be sprayed with DDT about 7-10 days after the insects hatch, or about a week after the leaves have begun to unfold.

In addition, it's a good idea to spray a 400-foot barrier strip adjacent to and continuous with the area from which the caterpillars are to be excluded.

If such a barrier strip isn't provided, control may be only temporary and reinfestation likely. Exact time for spraying will be announced by the State Entomologist in late spring.

Other control recommendations received from the State Entomologist's office:

Either aircraft or ground spraying is effective. For more than one acre, aircraft spraying is more rapid, effective and economical. Costs per acre will be about $3.50.

For aircraft spraying, one pound of DDT in one gallon of fuel oil or water per acre is recommended. In ground equipment, dilute 25 per cent DDT emulsion concentrate with water to a concentration of one-eighth of one per cent—2 quarts of 25 per cent DDT emulsion to 100 gallons of water.

DDT, 50 per cent wettable powder, at one-eighth of one per cent, or 2 pounds 50 per cent wettable to 100 gallons of water is also effective.

Sprays, in general, give better results than dusts. Do not use kerosene or fuel oil if spraying is done with ground equipment, or burning of foliage may result.

Control service should be arranged early. The county extension office is prepared to assist in making arrangements for aerial spraying or ground fogging. You will be hearing more from your Extension Office about how arrangements to spray can be made.

Into the United States record 1951 output of 105,000,000 tons of steel went more than 392,000,000 tons of other raw materials, plus nearly 28 billion kilowatt hours of electric power.

Firemen Called out Seven Times in Six-day Period

Little damage resulted from a series of seven blazes developing from last Wednesday to Tuesday, Fire Chief Roy Langevin reported.

Grass and brush fires broke out Wednesday near Highway 59 in the southeast section of the city, and at Third st. and Maple av., and another blaze developed Monday in the latter location while grass was being burned on the boulevard.

No damage resulted from flooded oil heaters Thursday at 716 Riverside av. and Sunday at 623 St. Paul av. S. Due to a faulty draft, a heater exploded and set fire to the kitchen wall at the Ray Bren home at 409 Knight av. N., the damage being minor.

The department was summoned early Tuesday afternoon to the H. O. Tommerdahl residence at 709 Eighth st. E., where a grass fire spread to a shed, little damage resulting.

New Automobile Styles Are 'Old-Time' Ideas

A look at some of the styling features of the new 1953 model automobiles reveals that automobile styles and women's clothing styles have one thing in common—they're ever changing but not always as new as they seem.

Wire wheels, for example, are the newest thing for American autos this year in keeping with the "continental trends." However back when ladies' skirts were descending from the knee-revealing period of the mid-twenties, most American cars already sported wire wheels.

One-piece windshields are, of course, being featured on most new cars this year. However, it doesn't take a very long memory to recall the day when all cars had one-piece windshield, though they weren't curved or as big as today's.

Then there are accessories on the market to enable a car owner to carry his spare tire outside the trunk. They would be the very latest thing except that that's where the spare tire was carried years ago until somebody got a new idea and put it inside the trunk.

Orthopedic Field Clinic Slated Here Saturday, May 9

Mrs. Rudolph Sagmoen Heads Volunteer Group Making Arrangements

Sixth of 11 clinics for Minnesota children in need of orthopedic attention is scheduled for Saturday, May 9, at Lincoln high school in Thief River Falls. Hours will be 8 a. m. to 2 p. m., according to Mrs. Rudolph Sagmoen, who heads the local volunteer committee.

The Thief River Falls clinic is open to children of Pennington, Marshall, Red Lake, Roseau and Kittson counties.

Any boy or girl up to the age of 21 years who has or may be developing a crippling disability may report for examination by an orthopedic specialist. If it is a child's first visit to an orthopedic clinic, his parents are advised to get a referral from their family physician.

Examining physicians will be an orthopedic surgeon and a pediatrician. They will recommend any needed medical or surgical care.

Young people, ages 14 to 21, will have an opportunity to talk with a vocational adviser about further education and job training available to those who have physical handicaps.

Organizations cooperating in the clinic program are: Gillette Hospital for crippled children, state division for vocational rehabilitation, state Christmas Seal organization, Minnesota-Dakota Orthopedic society, Northwestern Pediatric society, Minnesota State Medical association and local medical societies.

Gideons to Note 10th Anniversary

Banquet to Be Held in Zion Church Saturday

A banquet in the Zion Lutheran church parlors Saturday evening, April 25, at 6 o'clock will feature the tenth anniversary rally of the Thief River Falls camp of Gideons International.

Speaker at the dinner, to which Gideons and their wives and members of the auxiliary are invited, will be the Rev. Fred Sommers of Bagley. Pastors of participating churches and their wives also are invited to attend, it was announced. The program will include the installation of new officers elected last week.

On Sunday, April 26, Gideons will appear in churches at Warren, Viking, Alvarado, St. Hilaire and Thief River Falls, with additional churches in the area to be visited Sunday, May 3.

C. W. POPE IS NAMED ON VOCATIONAL COMMITTEE

C. W. Pope, area vocational school director in this city, has been appointed to the trade and industrial program committee for the Minnesota Vocational association's annual state convention to be held in Minneapolis on October 29 and 30.

Local Girl Capped at Ceremony Held in Duluth Church

Capping exercises were held Saturday evening April 11th at the First Lutheran church of Duluth for the student nurses of St. Lukes Hospital. Among the 72 girls capped was Miss Shirley Anderson, daughter of Mr. and Mrs. Edwin Anderson of Thief River Falls.

The address was given by Rev. Wendell O. McGinnis, Rector of St. Pauls Episcopal church. The ceremony was followed by a reception in the church parlors for the parents and friends of the newly capped nurses.

Among those attending were Mr. and Mrs. Edwin Anderson and family of this city.

Youth for Christ Rally at Winger

The last Youth For Christ Rally for this season will be held in the Winger Auditorium on Sunday evening, May 3rd, at 8:00 p. m. Pastor Fred Sommars of Bagley will lead the meeting. Devotions will be given by Kenneth Jore of McIntosh. Music will consist of a vocal solo by Edward Lomness of Fosston; selections by the McIntosh youth choir; a trumpet trio from Fosston, and other selections. Evangelist Clifford Anderson of Clara City, Minnesota, will be the guest speaker.

Jaycee Heads Tell C. C. about Junior Group

Former Presidents of Junior Chamber Present Program Thursday night

Past presidents of the Junior Chamber of Commerce told of the past achievements and present objectives of the organization at a joint dinner meeting last Thursday evening in the Elks club rooms, attended by 70 members of the Jaycees and Civic and Commerce association.

Dr. O. D. Belch, retiring president of the Junior Chamber, presided over the Jaycee portion of the program, and called for short talks by past presidents Arthur A. Johnson, Justus Larson, Roland Erickson, Ralph K. Luhman, Gordon Reierson, Arthur Christianson and Dr. M. D. Starekow, and President-elect Walt Kavanaugh.

Arthur Johnson said the local chapter was formally organized in 1935, affiliating with the state Junior Chamber in 1936 and with the national organization in 1942. Justus Larson pointed out that membership in the Jaycees helps promote civic service, community leadership and good citizenship.

Art Christianson pointed out the advantage of Jaycee membership to young men moving into this community. Dr. Starekow told of some of the many activities sponsored by the local chapter in one of its busiest years, 1946, when he was president.

Walt Kavanaugh, incoming president, solicited the support of the Civic and Commerce members, and pledged his best efforts to make the coming year a success.

The C. & C. portion of the program was conducted by Lucian Krause, vice president. Dr. Starekow, chairman of the civic development, reported on a conference of his group with Police Chief Ken Judy regarding the parking situation in the downtown area.

He said the committee recommended that a graduated scale of fines be assessed against residents of the city who violate the two-hour parking regulation, and that fuller use be made of parking lot facilities.

Al Christofferson reported that the city is host this week to the convention of the Red River Valley conference of the Augustana Lutheran Church, and to the state convention of the Docs. He also urged local citizens to contribute this week to the blood donor campaign sponsored by the Red Cross.

Secretary J. M. Roche announced that because of cold and stormy weather the automobile and implement street fair scheduled for Friday, April 17, had been postponed to Friday, April 24. He also stated that a committee was working on details for the second annual Pioneer Sweethearts Day on May 8, when 70 women, age 70 or over, will be honored at a noon luncheon.

British Noblemen Give Away Castles

LONDON—The British government has announced that the aristocracy could pay their taxes with works of art. In other words, a painting instead of cold cash.

The reason is that many of the nobility have houses and paintings but little money. By accepting paintings the government hopes to preserve some of the old castles and homes which the aristocracy has been giving away.

A castle in Northamptonshire sold for $7,500 just before the war. An Avon castle for $3,500 and one in Ireland, that cost 100,000 pounds to build, for $280.

Some are even being torn down and crated.

The reason is the heavy cost of maintenance and taxes. So now the government will accept paintings, but what happens to the pictures that the government "buys" has not yet been decided.

They may be moved to public galleries or they may be left in houses where the public is allowed on sight-seeing trips.

Many English noblemen already conduct tourist parties through their ancient houses at 35 cents or so a head as an additional means of paying for upkeep.

FORMER RESIDENT TAKES POST AT MIDDLE RIVER

Alfred Hanson, Trail, has been engaged as the new manager of the Co-operative Oil Association at Middle River and took over his duties on April 14.

Mr. Hanson has been farming for the past two years, and for five years before that was employed by Consumers Co-operative Association of Thief River Falls.

World production of electricity in 1951 reached the staggering total of one trillion 19 billion kilowatt hours—1,019,000,000,000.

Council Votes to Refinance Early Maturing Bonds

(Continued from page 1)

Several more petitions for blacktopping of streets were received, and a hearing on the matter was set for May 19.

Action was deferred on the request of the Union Gospel Tent Mission for permission to use a portion of the former Central school grounds for tent meetings during part of the summer.

The council confirmed the appointment by the park board of Nick Waldorf to the post of assistant superintendent of parks.

Approved at the meeting were applications for building permits with a stated value of more than $57,000, including new homes to be erected by Donald Thyren at 719 Duluth av. N., Paul Perrault, State av. N. at First st., Iver Nelson & Sons, Spruce av. at Mussey st. and Harold Rasmussen, Markley av. north of Third st. Arthur A. Johnson also was authorized to complete the superstructure on a basement dwelling on Merriam av. N.

Night Depository at Northern State

New Service Announced by Local Institution

Business firm patrons of the Northern State bank will not have to carry large sums of money overnight if they subscribe to a night depository service offered by the bank effective this week, George W. Werstlein, vice president, announced.

Each firm using the service is given a key to open the deposit entrance door adjoining the front entrance and leading into a special receiving safe.

The depositor places the cash and checks in a special bag furnished by the bank, together with a deposit slip, and locks the bag with his individual key, then places it in the entrance door of the deposit safe.

The following morning, the deposit bag is removed from the safe by two members of the bank staff and is held intact until the arrival of the customer, who then unlocks the bag and makes his deposit in the regular manner.

and spiritual hunger. "When modern man destroys God, he destroys himself" declared the speaker, and continued, "Only the gospel has the remedy to the world's ills."

At today's inspirational services, Pastor Carl V. Larson, regional secretary of the American Bible Society and Pastor Howard Olson, missionary to Africa will address the conference.

The special matters for consideration at today's session include the board of charities report, report of the treasurer, report on American Mission. The conference will also hear a report on the "History of the Red River Valley Conference" which will come off the press August 1.

The Women's Missionary Society Tuesday afternoon conducted a panel discussion on "Program Planning," the leader being Mrs. Edna Friedstrom of Chicago, secretary of the children's division. Business sessions were scheduled for today, with a dinner this noon at the First Lutheran church.

The convention will close Thursday noon.

Blind Man Best Air Force Typist

MITCHEL AIR FORCE BASE—Bill Nottingham is one of the Army's best typists—and he is totally blind.

He types eight hours a day in the base's law office transcribing from disks reams of court-martial records and other legal documents.

He got his job when a backlog of court cases piled up in the First Air Force legal office. The Commission for the Blind recommended him.

He received a 30-day assignment to work in the legal department. After he finished that job, he was transferred to the legal office of the 2,500th Air Base Wing, which also was swamped with court cases.

He knows exactly when he has filled a page of typewriting, through a device rigged on the back of his machine. He rarely makes an error, but whenever he senses that he has made one he notes the page, line and number in Braille and has a co-worker correct it.

Until recently he made his living by playing the guitar.

He has quickly grasped the military idiom. He learned the layout of the headquarters building in one day and gets around with ease.

His home town is Muncie, Indiana.

U. of M. School of Nursing to Supply Student Nurses

Supervisor Discusses Plan to Furnish Relay of Nurses at Local Hospital

Miss Margery Low, supervisor in charge of the University of Minnesota country hospital nursing program, visited Northwestern Hospital Monday morning to discuss arrangements for establishing an affiliation between Northwestern Hospital and the University of Minnesota School of Nursing.

Under this plan, the University Nursing School with affiliated nursing schools in the Twin City hospitals would furnish Northwestern Hospital with a continuous supply of nursing school students with at least 18 months of previous training. The students would be associated with Northwestern Hospital in groups of six, who would be rotated every six weeks.

The program involves doing actual nursing service in the hospital, attendance of classes set up under the supervision of the director of nurses and other activities which further contribute to the background of the students for their profession.

Miss Low expressed enthusiasm for the invitation offered by Northwestern Hospital to nursing student participants in her program. She stated that a long waiting list of such students existed who had expressed themselves as being interested in experience outside the Twin Cities. She said that she was sure there would be no difficulty in arranging for a continuous supply of six student nurses for the local hospital.

One aspect of the program is the problem of making these girls feel that they are a part of the community, said Harold W. Peterson, hospital administrator. It is felt that the newly organized Northwestern Hospital Women's Auxiliary may play an important part in the integration of these welcome newcomers to our community.

We Extend A Cordial Invitation

TO 70 MOTHERS 70 OR MORE YEARS OLD

to Attend Our Mother's Day

"PIONEER SWEETHEARTS" LUNCHEON

at the American Legion Banquet Room

Friday, May 8, 12:30 o'clock p. m.

The members of the Civic & Commerce Association of Thief River Falls wish to honor these mothers with a token of appreciation for their part in making Northwestern Minnesota a better place in which to live. This group will represent the many thousands of such mothers living in the surrounding area. The luncheon will begin at 12:30 p. m. with genial Kern Olson as host.

Flowers will be given to all, and special prizes will be awarded to the oldest mother, the one from the longest distance, the one with the greatest number of children and the one with the greatest number of grandchildren. As a special feature of the program, films will be shown of "Pioneer Days Celebration" held in Thief River Falls in 1932.

The first 70 mothers to send their names and addresses to "Pioneer Sweethearts," in care of Civic & Commerce, Thief River Falls, will be the participants in this event. Send your name in today! Listen to "News of the North" on KTRF for names of the participants.

Yours in appreciation,

SOUTH ST. PAUL LIVESTOCK MARKET REPORT—MONDAY

Slaughter Cattle and Calves

Cattle marketings here fell nearly 1,500 head under a week ago and 12 leading centers had almost 20,000 fewer than last Monday. Local supplies consisted principally of slaughter steers and heifers, with the accent on steers. These classes made up about 70 percent of the crop, quality being mostly Good to low Choice. Cows accounted for about 20 percent, the remainder being principally replacement classes. Buyers operated rather cautiously on slaughter steers and heifers and trade during the forenoon had a slow appearance. Prices were mainly steady with lastweek's close, although steers scaling below 1,200 lbs received much more dependable outlet than the heavier weights. Sellers asked sharply higher for the meager cow run and succeeded in getting prices that ranged from steady to as much as 50c above last week's close. Bulls were strong to 50c higher all grades sharing to some extent in the advance, although the principal gains were chalked up on Good light and medium weight bulls of beef breeds. The vealer market was generally steady. Stocker and feeder classes sold at steady levels, interest being most dependable for the few Good steer offerings.

U. S. TREASURY TAKES IN HUGE SUM MARCH 16-20

The United States Treasury took in more money in the five days March 16-20 than it collected in the 83 years from 1789 to 1872, during which time it fought three wars and bought Louisiana, Florida and Alaska, according to the Chamber of Commerce of the United States.

Gutenberg Bible

Johannes Gutenberg's first printed Bible took long to make and met with great difficulties in preparation. Gutenberg wanted his print to be as handsome and clear as a manuscript and he succeeded. However, the new and much slower process of printing was not a success financially. Creditors grew impatient. Until his death Gutenberg was threatened by lawsuits, and the Bible named for him was not published until 1456.

330 at Dinner Honor Lincoln High Athletes

Joe Henrickson, Sports Writer of Minneapolis, and Billy Bye Give Talks

More than 330 persons assembled Monday evening in the Trinity church parlors at a banquet arranged in tribute to members of Lincoln high school athletic teams. The affair was sponsored jointly by the Civic and Commerce association, Junior Chamber and Rotary and Lions clubs.

Among the guests were ten coaches from nearby towns, who were introduced by the Rev. E. C. Mead, serving as toastmaster in his usual efficient manner. Also presented were Quentin Jones, Lincoln school athletic director, and seven members of the local coaching staff.

Mr. Mead next introduced Billy Bye of Minneapolis, a native son of Thief River Falls who gained fame as a member of the University of Minnesota football team a few years ago.

Billy expressed his pleasure at being back among his old friends, and he told the young athletes they have a foundation on which to build a successful life. He urged them to try to live up to the expectations of their elders.

Members of the various teams took a bow, after which a committee headed by Cliff Bjorkman presented each member with a handsome scrapbook bound in the Prowler colors, blue and gold.

Mr. Mead then presented Joe Hendrickson, sports writer for the Minneapolis Tribune, who gave a well organized and thought provoking address.

Among the benefits of participation in athletics, Hendrickson said, are that they unite a community, give a chance to blow off steam, teach respect and tolerance, advertise a community, benefit youth physically and teach the lessons of life.

He cautioned the young athletes who plan to go to college against making athletics their No. 1 objective. He also discussed some of the considerations involved in deciding which college to attend.

Completing the program was the presentation of motion picture highlights of the 1952 University of Minnesota football season.

Hospital Problems to Be Aired over KTRF Sunday at 3

The fifth of the series of ten Northwestern Hospital panel discussions will be presented over KTRF on Sunday afternoon, April 26th, 1953, from 3:00 to 3:30. This discussion is named "Some of the Problems Involved in Running a Hospital."

Participants will be Edward L. McMillan, administrator of Kittson Memorial Hospital, Hallock; Robert Krukowski, acting administrator of Greenbush Community Hospital; Harold Kloemplen, administrator of Karlstad Memorial Hospital; and Harold W. Peterson, administrator of Northwestern Hospital, Thief River Falls.

Some of the topics to be discussed will be: Does hospitalization cost too much? Does a hospital charge more to patients possessing hospitalization insurance? Why hospital bills should be paid. Difficulties experienced in getting registered nurses.

2 City Golf Loops Will Open Season Wednesday, June 3

Players Divided into National and American Leagues by Committee

Bob Harmon, commissioner of city league golf, has drawn up a schedule for the two city leagues, with the National and American leagues slated to begin play on Wednesday, June 3rd.

The first week's schedule, in the American league, will find the Bridgeman's Creameries meeting Lieberman's, Falls Theatre playing Lincoln Life, First Federal playing Poppler's Furniture, and KTRF meeting the Tunberg Motors.

The second week's schedule, for June 10th, will find the Falls Theatre playing Liebermans, First Federal meeting the Lincoln Life, KTRF against Poppler's Furniture, and Bridgeman's playing Tunberg Motors.

The National League will open its schedule on June 3rd with the Ace Hardware meeting the Kelly Hardware, Bredeson Cleaners playing the Larson Company, the Hardware Mutual against the S. & L. Company, and the Jung's Bakery meeting the Union State Bank.

On June 10th the schedule will find the Bredeson Cleaners meeting the Kelly Hardware; the Larson Company playing the Hardware Mutual, Jung's Bakery against the S. & L. Company, and the Ace Hardware meeting the Union State Bank.

Commissioner Harmon states that a handicap committee, with representatives from each league, will be formed and that this committee will have the authority to establish handicaps. Harmon also adds that the team managers will not be permitted to indulge in "player trades" with other teams, and if a team manager should be unable to fill his roster he will be permitted to make a selection from the reserve player list.

Keeping Score with "Huck" Olson

Read 'Em and Weep

Bob Harmon, presiding with the efficiency with which we imagine Commissioner Ford Frick conducts the draft meetings of Organized Baseball, completed the drawings for the player rosters of the two city golf leagues at a gathering at the golf club on Wednesday night.

The two leagues, a National and an American, will begin play on their seven-week schedule on Wednesday, June 3rd. The league rosters, as drawn last week, are as follows: National League—Ace Hardware—Dr. Jim Disse, Earl Hackert, Ed Baird, and Bill Ekstrand; Bredeson Cleaners—Bob Bredeson, Bill Claffy, Milt Releron, and Bob Duchamp; Hardware Mutual—Dr. A. E. Jacobson, Russ Embury, Doug Tegtmeier, and Walt Larson; Jung's Bakery—Vic Jung, Paul Rismoen, Dr. Orion Belch, and Martin Gulbranson; Kelly Hardware—Dr. M. G. Johnson, Elmer Benson, Bud Kelly, and Dr. Phil Parker; Larson Company—Larry Perkins, Dr. Ed. Bratrud, Justus Larson, and Arnold Trost; S & L—Hap Casmey, Clarence Walders, Dr. Ed Gilbert, and George Carver; and Union State Bank—Rudy Mehlhoff, Pug Wassgren, Dave Vaaler, and Gust Craft.

Moving over to the American league we find the following teams and their player rosters: Falls Theatre—Ward Nichols, Jack Madsen, Roy Oen, and Orvis Olen; 1st Federal Savings—Bob Harmon, Stan Dahlen, Bob Tarnowski, and Ted Nolan; Bridgeman Creameries — Bob Strunk, L. L. Tygeson, Dr. W. P. Kaisler, and Dale Larson; KTRF—Ken Nelson, Don Olson, Dr. Wm. Felgal, and Dr. Ralph Helm; Lieberman's—Kern Olson, Dr. Ted Bratrud, Sid Lieberman, and Elmer Sherman; Lincoln Life—Lloyd Bennes, Ernil Larson, Bart Wangenstein, and Bob Conner; Poppler's Furniture—Stan Larson, Mel Lefeber, Rev. G. S. Thompson, and Dr. Milt Starekow; and Tunberg Motors—Frank Tunberg, Bob Wurst, Anton Hall, and Red Kortuem.

A study of the two leagues and the player rosters leads us to the conclusion that the American League will be the powerful circuit, and that Ward Nichols' Falls Theatre squad and Stan Dahlen's 1st Federal team can be installed as the favorites to cop the American league title. Vic Jung of the Jung's Bakery team in the National league, while conceding that the American league has the better "paper" players, maintains that the National league champion, which undoubtedly, according to Vic, will be the Jung's Bakery, will win the World's Series match.

He's "Our" Boy

The presence of Billy Bye at the speaker's table added the proper touch to the athletic banquet held at the Trinity Church on Monday evening honoring the Lincoln high school athletes. Billy, who considers this his "home town" as it is here that he began the athletic career that carried him to stardom with the Minnesota Gophers. We are sure that the message that Billy presented made an impression on the Prowler athletes; and we're sure, too, that the messages of Rev. E. C. Mead, who presided as toastmaster, and Joe Hendrickson, sports columnist of the Minneapolis Tribune, won't be quickly forgotten.

Incidentally, Bill informs us that he is within a pound or two of the playing weight that he carried as a Gopher, weighing 183 pounds. He intends to play with the Winnipeg Blue Bombers this year, and will leave for the Canadian city about July 15th when the Bombers are scheduled to begin practice. In addition, Bill will become a member of the Winnipeg school system, and will be employed as a teacher-coach.

Several of the city's ever-youthful businessmen have expressed the thought that it would be a fine gesture if Thief River Falls promoted a Billy Bye Day and sent a contingent of fans to one of the Bomber football games at Winnipeg next fall. That idea has plenty of merit.

One Last Call

Now is the time for all ball players, young and old or middle-aged, to come to the aid of the Thieves. That is the plea of player-manager Phil LeGault and general manager Harold Johnson as they gather the local squad for their first outdoor drills this week. Phil states that, with weather permitting, a practice session will be held at the Fair Grounds this evening, being called for 6:30 p.m. In the event that the weather prevents the outdoor practice a player meeting will be held at the Auditorium at 8:00 p. m. Phil and Harold extend invitations to every able-bodied baseball player to be in attendance at the practice session and the general meeting, and stress the fact that the city's younger players will be particularly welcome.

Two-Piece Costume

Two-piece costumes of tweed consisting of a slender skirt and a soft jacket are perfect together. When you want variety, wear the jacket with a pleated skirt or the skirt with a sweater and a bright scarf.

Plummer Juniors to Present Their Class Play Apr. 30

"Let Me out of Here," 3-act Farce Comedy, to Have Cast of 10 Actors

Plummer high school juniors are scheduling final rehearsals for their class play, "Let Me Out of Here," to be presented Thursday, April 30th, at the Plummer Hall. Curtain time in 8 p. m.

The play is a three-act farce-comedy full of unexpected situations both surprising and laugh-provoking.

The ten-person cast includes Phyllis Dobson and Rhoda Newstrom who play the parts of Eve Boyd and Bonny Lynn, two girls who live together in an apartment in a large city.

They are visited by Bonny's brother, Garrett, (James Kopp) and Victor Ward, (Robert Dube.) This visit starts a whole series of events that tangle up the plot. Aunt Angela Boyd (Joanne Kapler) comes to visit her niece together with Gifford Morton, (Bill Peterson), a young poet and author. Victor's father appears in the third act. This part is played by Neil Craft.

The colored maid, Hazel Miles (Barbara Clausen); the elevator boy, (Andy Wichterman), Bessie Rhodes, the landlady, (Beverly Burstad) are all character parts that add even more life to this lively play.

The production staff includes Gene Mattison, Neil Vigstal, Donovan Brown, Nellie Westlake, Robert Juneau, Gloria Mickelson, Vernon Hanson, and Clarice Fredrickson. Play director is Miss Katherine Barzen.

Fishing Seasons to Open Soon in State

The opening day of the fishing season is in a class by itself — a red letter day, particularly in Minnesota. If all the calendars that hang in countless kitchens could be gathered up it is more than likely that this day would be crossed or circled on more of them than any other. The tackle box becomes the center of attention as tangled equipment is unsnarled, the rods and reels are oiled, new hooks and lures are purchased, and everything is put in readiness for the start of the season.

No small boy ever looked forward to Christmas with greater eagerness than the incurable disciples of Izaak Walton watch for the coming of May — the bonnie month when nature challenges the frozen grip of winter and unlatches the magic door to her summer playhouse.

In Minnesota, 10,000 ice-locked lakes and one of the finest networks of racing trout streams in America are open once more. This huge aquarium of flashing crystal provides ample opportunity for the most ambitious wielder of rod and reel. And it makes very little difference what kind of fishing you would have. Here the fisherman may test his skill in a strenuous tussle with King walleye, the vicious muskie, the husky and savage Great Northern, the explosive bass and the wily and elusive trout. No need to seek further for the fabled fisherman's paradise. In Minnesota you are right in the midst of it.

But the novice fares equally well with the expert. If he prefers less strenuous sport than a tussle with one of the big fellows, there are the crappies and the sunfish. The tug of a small fry is also exhilarating and a mess of panfish done to a tender, golden brown is as tasty as anything with fins.

Whether you would sit on some grassy bank in the shade of a tree, drop your line over the side of a boat, or enjoy the thrill of a vicious tug at your rod as you troll the rippling waters, the choice is yours. And in case you prefer the unusual, and want to try your skill with the deep-sea variety, you will find it in the cold depths of Lake Superior, a thousand miles from either ocean.

Unless the state legislature, which is in session as this is written, makes any changes, opening dates will correspond to those of previous years. Stream trout and land-locked salmon, or lake trout, may be taken on May 2. Two weeks later, on May 16, the season opens for all other species, except large and small-mouthed bass which enjoy a respite until June 20.

Governor Sets Arbor Day May 1

Proclaims Conservation Week April 25-May 2

Governor C. Elmer Anderson has set the week of April 25 through May 2 as Minnesota Conservation Week and Friday May 1 as Arbor Day.

The largest tree planting program ever attempted in the history of the state is now under way and Conservation Week will lead off with a demonstration of modern planting machines at Treeville on April 25. Arbor Day will be celebrated by state officials making a planting of Norway pines on the capitol grounds. The Norway Pine has recently been named the state tree by the legislature.

24,000 trees will be planted at the Treeville project, which is the Pat Knox farm, 6 miles east of Shakopee on highway 101. Governor Anderson, Senator Ed Thye and other state officials will appear on a speaking program. The Treeville project is backed by Minnesota Bankers association, Keep Minnesota Green committee, soil conservation service, state division of forestry and other agencies.

The planting of Norway Pines on the capitol grounds will be dedicated by state officials. The three foot pines are grown in the state nursery. Plans are under way to have a number of clump plantings of the Norway pine on the grounds to be planted each Arbor Day in future years.

The capitol site planting will be one of thousands of plantings to be made by schools, public lands and private forests on Arbor Day. Arbor Day was first set aside in 1876 and each year since the citizens and organizations have planted trees to commemorate the day.

Jese DuChamp Is Reappointed Job Agent in Plummer

Jese DuChamp, Plummer merchant, who has served as employment security representative in the Plummer community, will continue to serve in that capacity during 1953.

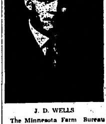
This became known this week, when R. S. Eldevik, local manager of the Minnesota state employment service, announced the names of representatives in Red Lake county. The arrangement has the approval of Victor Christgau, state director.

DuChamp's work will be under the direct supervision of the Thief River Falls office, which serves Red Lake, Pennington, Roseau, Kittson and Marshall Counties.

DuChamp will be the division's point of contact, where persons checking local or out-of-area employment will be able to get information as to jobs that are open, and where employers will be able to place orders for needed workers. A copy of the Minnesota State Inventory of Job Openings is available at DuChamp's place of business for the use of those who may wish to check job openings in other Minnesota communities.

Martin Healy is the local employment represntative at Red Lake Falls and Tom Melby has been appointed to serve the Oklee area.

With Farm Bureau



J. D. WELLS

The Minnesota Farm Bureau Federation will have a new secretary-treasurer on May 1, says President J. L. Morton. J. Delbert Wells, of Indianola, Iowa, on that date will succeed to the post held for more than 30 years by the late J. S. Jones.

A former farmer and agricultural teacher, Mr. Wells has for the past two years been a member of the organization staff of the American Farm Bureau Federation.

A native of Oklahoma, Mr. Wells has been active in Farm Bureau work for a number of years. His first official position was that of secretary of the Clark County Farm Bureau in Kansas in 1945. He later served as president and in 1948 he became organization field man in Southwest Kansas, covering 27 counties. He has served as midwest regional organization assistant for the American Farm Bureau since December 1, 1950.

Less Butter Used In Minneapolis

Consumption Down Due to Oleo Encroachment

Per capita butter consumption in Minneapolis declined by more than one-third between 1938 and 1952, while margarine consumption in that city increased nearly 13 times.

These facts were brought out in surveys of representative groups of Minneapolis families conducted in 1938 and 1952 by agricultural economists at the University of Minnesota. Results of the surveys were reported today by Rex W. Cox, associate professor of agricultural economics.

In spite of this decline in butter consumption and rise in use of margarine, butter remains the citys' favorite spread. Per capita consumption of butter in Minneapolis was 34.8 pounds in 1938 and 20.8 pounds in 1952. Margarine was used at the rate of .5 pound per capita in 1938 and 6.8 pounds in 1952. Substitution of spreads other than margarine is partly responsible for the reduction in use of butter, according to Cox.

The relative decrease in the combined consumption of butter and margarine in Minneapolis during the 1938-52 period was twice that of the country as a whole. Nationally, per capita butter consumption was 16.4 pounds in 1938 and 8.7 pounds in 1952. U. S. margarine consumption amounted to 2 pounds per capita in 1938 and 7.7 pounds in 1952.

Practically all Minneapolis families used some butter in 1938, but the proportion of butter users had dropped to 90 per cent in 1952. Over the same period, the proportion of families using margarine had increased from 4 to 38 per cent.

About two-thirds of the families interviewed in the 1952 survey used butter exclusively as a table spread. More than one-fourth of the families ate both butter and margarine.

Deadline Nears to Send Entries to Patrol Camp

Sponsoring organizations for boys and girls who will attend the annual school safety patrol camp this year are urged to send in their reservations and registration fees as soon as possible, according to Capt. Neil Gordon, camp committee chairman. He stated that May 10 is the deadline for payment of camp fees to American Legion department headquarters at St. Paul. The camp is conducted annually by the Legion, with the assistance of the State Highway department.

The plans for this year's camp, which will again be held at "Legionville" on the Crow Wing county fair grounds at Brainerd, call for five week-long sessions, with the first to begin May 31. It is planned to have four periods for boys while the last week has been set aside for girl members.

A minimum of 550 youngsters will be accommodated during the five-week period, during which they will receive expert instruction in the various phases of safety, in addition to enjoying many hours of sports and other recreation under the direction of capable leaders.

The United States produces 42½% of the world's electricity, Russia, 10%, Canada, United Kingdom, Germany, Japan rank next at 6.3, 5.9, 5, 4 percent.

Minnesota Division of Social Welfare has 244 full-time, 8 part-time employees.

9,713 Students Submit Essays on Conservation

The tenth annual conservation essay contest closed Thursday, April 9. The contest was sponsored by the Minnesota Federation of Women's Clubs. Mrs. Ole Aune, Underwood, Minnesota, conservation chairman, reported that two hundred and nine Minnesota high schools officially entered the competition and 9,713 papers were written on the theme "Keep Minnesota Green." The two best selected essays from each school are now in the hands of the Minnesota Federation of Women's Clubs. District winners will receive a weeks vacation at Douglas Lodge, Itasca State Park as their prize. The award winners names will be announced about May 6.

Political Roundup

By Arthur Naftalin

As this is written the 1953 legislative session is suffering its final spasms. At midnight Tuesday of this week the legislators were set to adjourn, having ruthlessly slashed all major appropriations and having diverted substantial sums from ear-marked funds.

Cries of anguish were being heard on all sides. Public institutions, conservation, state employes, University, all operating departments, building programs all felt the sharp edge of the pruning knife.

There was still some prospect that a special session would be needed, as conference committees began meeting to iron out differences between house and senate, but leaders in both houses were confident that they would complete their work by the Tuesday deadline.

A Continuing Crisis

With adjournment of the session the big problems in administration begin. Every agency is now forced to re-examine its entire program, cutting back purchases, discontinuing some services, eliminating positions, and finding economies that will do minimum damage to the agency's operations.

Retrenchment will be the central theme during the next two years. But it is certain to be a period of continuing crisis as the full impact of the curtailed appropriations is felt. Certainly the sharp cutback will dramatize the state's acute financial problem, and by the time the 1955 session convenes there should be proposals for tapping new revenue sources that may find acceptance.

Sales Tax in 1955?

The major turn in this session came when it was made clear that sales tax was out of the question. Legislative leaders then turned to the slashing operation, and there seemed to be an overall strategy of tying the fate of appropriations to the acceptance of the "package" tax deal, including both a sales tax and repeal of the personal property tax.

In the view of some observers, the action in this session is aimed at preparing the way for the sales tax in 1955. Some fundamental questions must now be faced, such as, What services and how large can the state afford? Is our present tax structure discouraging new business from entering the state? Are there basic economies that can be achieved by a thorough and intensive overhaul of the machinery and services of state government?

In terms of money, a sales tax would solve many problems. But the form in which it was offered would have brought substantial relief to many large businesses, including the utilities, and the opposition to this was firm and unrelenting. Business claims that tax relief is imperative, if the state's financial resources are to be increased, but farmers, workers, and consumers are by no means convinced that they must shoulder the burden of an enormous tax shift in order to keep state services at their present level.

Governor's Program Beaten

In the waning hours of the session, it was obvious that Governor Anderson's program had been all but scuttled. Not only were his requests for increased appropriations refused and his suggestions for new revenues ignored, but almost all of his non-money recommendations — constitutional revision, party designation, arrest powers for liquor control agents—were lost in the shuffle.

The Governor's defeat relates, in part at least, to the internal difficulties within the Republican Party. When he joined in the move to unseat Represenatative Roy Dunn as the Republican national committeeman last May, he was warned that this clash might have its repercussions in the 1953 session. Anderson won that skirmish last spring, but he suffered a setback in this session.

Confusion of Party Lines

Among the many bills beaten back in this session was one that would have restored party designation in the election of state legislators. Governors have repeatedly urged this move, recognizing that it is their best hope for carrying their Party's program in the legislature.

This session is typical of many that have preceded. The official Republican Party program was repudiated, but by a legislature that was entirely dominated by conservatives, most of whom identify themselves with the GOP. Liberal opposition, reflecting the Democratic Farmer-Labor Party, was scattered to the winds. On some measures, liberals took the lead in supporting the conservative position.

In the end, there was complete confusion of party lines. Both major parties can claim with honesty that they were not responsible for what happened in this session, and the individual members of the conservative and liberal factions could claim that they were tied to no program and could legislate without recourse to any party position, because of their non-partisan election.

Early Talk of 1954

The actions of this session will sting and smart for a long time, and there is bound to be early talk about the 1954 elections. The entire legislature, including senators, will be up for re-election, and it is a safe bet that more than the usual attention will be paid to the legislative contests. Voters can brace themselves for some extensive oratory having to do with state public finance and the sales tax.

Capitol Chat

By Mrs. Coya Knutson
Rep. 65th District

Since this is my last column to you for this session, may I take the opportunity to say thanks for my many fine visits with you. My very special appreciation to the newspapers which carried it so faithfully.

Many have stated this is the hardest working Legislature they have ever seen. I feel, too, that we have worked extremely hard even though we can't point to too many accomplishments as far as many people may think. Our biggest problem, of course, has been to hold the line on spending and taxing. It is an even greater problem to keep from passing bad legislation as well as to help the passing of good legislation.

We had an extremely facetious episode here this week when a group of Minneapolis women came asking us to legislate in regard to leashing dogs; however, the problem was not in the least bit laughable to them. Here again was a situation where they had circumvented the City Council's wishes, coming to the Legislature in the hope we would shoulder the problem. I am a firm believer in home rule and if we are going to take on the everyday problems of city councils, we will remain in session the year around.

I am sorry to say we lost "Party Designation" but from now on it may be a very difficult bill to pass for the simple reason that someone will hold the Party Split Bill over our heads. Even if we are in favor of party designation, we would have to fight it in order to keep from splitting up our party.

Last week the Gideons, an organization of Christian businessmen, presented each member of the House with a Bible, each one having the individual names inscribed in gold.

April 11th the Legislature visited the Ford plant. They walked us over the entire 20 acres to show us how their automobiles are made, after which they dined us in sumptuous fashion. We often become suspicious after such generous treatment and the question often popping into our minds is "Are they looking for tax concessions, too?"

BACHELOR OR NOT... some baby sitter!

It's hard to stump a telephone man. Take Installer-Repairman Carl Walch* for example. Arriving at the Nelson home to put in an extension, he found Mrs. Nelson feeding baby Roy in the kitchen.

"I'll have to unlock the basement door," she told him. "But if I stop feeding the baby now, he's sure to start crying."

"Let me take over," said Carl reassuringly. "I've had some experience."

A rusty lock delayed Mrs. Nelson several minutes. When she hurried back, baby was contently stuffed with cereal; Carl was expertly testing the bottle of milk by the time-honored method —drops on the forearm.

Although he's a bachelor, Carl, it seems, has six nieces and nephews—all under five—and he's just about their favorite baby-sitter. Oh, yes—he's got a way with telephones, too!

*Names have been changed, but the story is true.

Today's big bargain

MOST PEOPLE "pay" their telephone bill with far fewer hours of work than it took ten years ago. On top of that, the service is vastly better—faster, more efficient, and you can call about twice as many people. But on the other hand, the service costs far more to supply. The rates we charge must cover these costs and provide a reasonable return for those who have invested money in the business.

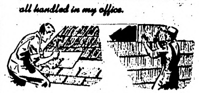
Central Lumber's budget plan includes re-roofing, new siding, new kitchen, basement recreation room, attic refinishing, insulating, right along with repairing and painting. No down payment . . . up to three years to pay . . . as much as $2500 includes material and labor . . . all handled in my office.



A NEW ROOF AND NEW SIDING

A house does wear out, yet with a little planning and care the old place can become a very worthwhile investment. Even many of the windows could be modernized. A project of this kind should be carefully planned . . . not only to fit the budget but to be certain you get everything done that should be done in the one program. An average home could get such service effort, both material and labor for as little as . . . . $15.97 PER MONTH

HAMRE...

By Mrs. Frank Johnson, Grygla

Congratulations to Mr and Mrs Lorance Lillevold parents of a baby girl born March 16.

Willard Jelle and Miss Deloris Urban from Moline, Illinois came up Sunday to spend a short visit with relatives and to get Mrs Olga Jelle who will now stay with her son at Moline. All left on Monday for Illinois.

Enos Whitson took his wife to Thief River Falls Monday for medical aid. Mrs Whitson was confined to Northwestern Hospital with pneumonia where she is reported as much improved at this writing.

Sunday visitors at the George Carlson home were Mr and Mrs Gust Holmberg, Mr and Mrs Art Hetland and Janice all from Thief River Falls and Mr and Mrs Fred Tressett.

Luther League Held

The Carmel Luther League was held Sunday at the church, with all present bringing the lunch. This was the first meeting of the spring and annual meeting. The election of new officers was as follows: President, Mrs John Lillevold; vice president, Miss Carol Aronson; secretary, Miss Alma Jelle; and treasurer, Miss Myrtle Olstad. A program was given and Rev. Erickson rendered devotions. Next meeting will be held with Mrs Hans Hanson serving.

"We shall sleep," was the sigh of the midnight,
"We shall rise!" is the song of today.

NEWS BY THE CARLOAD

Eleven gallons of ink a week mounts up in the course of a year. Hence the Mankato Free Press has in connection with its big new plant a gigantic "ink well"—a tank of 1,750 gallons. Into this twice a year a big tank truck from Chicago, with a capacity of more than 4,000 gallons, pours 1,750 gallons of that which appears during the next six months as news, features, editorials, pictures, and advertisements in this big South Central Minnesota daily newspaper.

In the past 15 years the number of Minnesota recipients of old age assistance reached a peak of 65,223 in 1939, a low of 54,082 in 1947. The 1952 total was 55,183.

TRUCK USERS BUY MORE CHEVROLET TRUCKS

than any other make!

No matter the size or type of truck you need—what better proof could there be that a Chevrolet truck is your best buy!

CHEVROLET
MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

Recently published official registration figures for the last full year show that truck users in every single State bought more Chevrolets than any other make!

It is difficult to imagine more convincing proof of Chevrolet's superiority, for such clear-cut and overwhelming preference can lead to but one conclusion:

Chevrolet trucks *must* be better, *must* enjoy solid advantages over other trucks. Such preference *must* rest on a firm foundation of good, sound value. And, of course, it does—as owners of Chevrolet trucks can testify.

Chevrolet trucks are widely known and preferred for their ability to hold hauling and delivery costs down. They are known for their power, their stamina, for their exceptional gas and oil economy, as well as their low-cost upkeep. And on these same counts, you can expect 1953 Chevrolet trucks to be even more outstanding.

So before you buy *any* truck, see how much *more* Chevrolet trucks offer you. Stop in and see us soon.

Utah's rich lode of good coal has been producing fuel for over a century.

Coal Is New Rubber Source

American chemists are acclaiming a new synthetic rubber called Vulcollan, made from coal tar and natural gas, perfected in West Germany and tested in the U. S., as "so good we don't have to look any further for a rubber that will outlast the normal life expectancy of an automobile."

School's Open In Town Without a Name

SIXTH-GRADERS Harry Haugen, LanaLee Nelson and Georgeanne Lewis with teacher Mrs. William Martell have a brand-new school—in a town so new it hasn't yet been named. Located near Beaver Bay, it's being built to house employees of the north shore's new taconite processing plant. When completed, the community will number some 5,000 families. A bright future is in store for Minnesota's iron ranges as the mining industry develops taconite and low-grade ore processing. There will be more jobs for more Minnesotans—more prosperity for the whole state—if these concentrated ores can compete with ores from other areas. But they can only do so if our iron mining industry is treated as fairly as other Minnesota industries.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

At the time for the regular meeting of the City Council on March 10, 1953 at eight o'clock P. M. the following members were present: Lund, Hunt. The following members were absent: Christensen, Fuller, Bergland, Gjernes.

There being no quorum present, the meeting was declared adjourned to March 13th, 1953 at eight o'clock P. M. and it was so adjourned.

P. G. PEDERSON,
City Clerk.

(Seal)

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota, met in the Council Chambers on March 17, 1953; the meeting being called to order at eight o'clock P. M. Aldermen Christensen, Lund, Hunt, Bergland, Gjernes were present. Alderman Fuller was absent.

Minutes of the meetings of February 10, 19 and March 10th were read and approved.

Reports of Departments were presented, examined and ordered filed.

Application for Building permit, duly approved by Building Inspector, was presented by Stanley Ighion, addition to residence, Lots [illegible], Block 10, Red Lake Rapids, $[illegible]. Alderman Hunt moved approval, which motion was seconded by Hunt and adopted.

Applications for renewal of cigarette licenses by various businesses were presented. Alderman Christensen moved approval and issuance of licenses. Alderman Bergland seconded the motion which was adopted by roll call vote.

Alderman Hunt moved that An Ordinance amending Ordinance No. 75, as amended by Ordinance 142 and Ordinance No. 191 and prescribing the time for regular meetings of the City Council of the City of Thief River Falls, be given its third and final reading. Alderman Christensen seconded the motion which was adopted. Roll call was ordered on the question of adoption and the following Aldermen voted Aye: Christensen, Lund, Hunt, Bergland, Gjernes. The following voted Naye: None. The Ordinance was then by the President declared passed and adopted.

There was presented by State of Minnesota, a lease of quarters in Old Water Treatment Plant for a term of three months from April 1, 1953, at a rental consideration of $75.00 per month. Alderman Hunt introduced a resolution approving the same and directing its execution by the officers of the City and moved its adoption. Alderman Bergland seconded the motion and the resolution was passed and adopted by unanimous vote.

There was presented by Red Lake Electric Coop Inc. a receipted bill for labor and services in setting a lighting pole at the Municipal Airport December 15, 1952, such labor and services being considered a donation to the City by such Association. The Clerk was directed to acknowledge the same and to express to the Association the City's thanks and appreciation for their contribution.

Pursuant to a petition heretofore filed by the property owners in Block 36 of the Original Townsite, requesting one-way traffic in the alley of such Block, Alderman Christensen, introduced a resolution restricting such alley to one-way traffic from South to North, with right hand turn only permitted at exit thereof and moved adoption of such resolution. Alderman Lund seconded adoption. The roll was called on question of adoption and all members voted in favor thereof, whereupon the resolution was by the President declared passed and adopted.

Alderman Lund introduced a resolution placing Paul Hedland on payroll as apprentice-lineman effective March 10, 1953, salary $230.00 per month, which was seconded by Alderman Hunt and adopted. Alderman Christensen introduced a resolution approving increase in salary of apprentice operator Iver E. Larson and Leland D. Enge, $230.00 and $233.49 respectively on completion of satisfactory performance as of April 1, 1953, which motion was seconded by Lund and adopted.

There was presented by Park and Recreation Boards recommendation for appointment of Oscar Bakke as Superintendent of Parks effective April 1, 1953, at a salary of $270.00 per month. Alderman Hunt introduced a resolution approving and fixing salary as recommended and moved its adoption. Alderman Lund seconded adoption and the resolution was passed and adopted by unanimous vote.

Alderman Christensen introduced a motion that the City Council rescind their action taken in response to call for bids, on February 19, 1953, in granting to Olof Hondrum a franchise for transportation of passengers to and from the municipal airport for the reason that it is not within the power of the governing body to grant an exclusive franchise in this instance. Alderman Lund seconded such motion which was passed and adopted by unanimous roll call vote.

There was presented a petition for bituminous treatment of Arnold Avenue from Great Northern Right-of-way south to T. H. 32, signed by Henry Hoard, Randall J. and Marie Erickson, Emil W. Krause and others and the same was ordered laid over to a later meeting.

In the matter of petition heretofore filed by Harry A. Meyers, Mr. and Mrs. Olaf Halvorson, Mr. and Mrs. Lawrence Nicholson, Mr. and Mrs. H. O. Ness and others requesting installation of sewer and water mains from 11th street to Thirteenth Street between the west line of City limits in Fairfax Addition and Atlantic Avenue in Fairfield Addition and also between Main and LaBree Avenues from 11th to 13th Street, there was presented a report by the instrument man in the Engineering Department that the petition carried a very slight majority of signatures of property owners, that some of the properties had changed ownership since the filing of petition and it was suggested that the petition be returned to the circulator in an effort to secure further signatures and it was so ordered.

Alderman Bergland introduced a motion that the City Attorney be instructed to draft an Ordinance regulating the hours wherein "On Sale" liquor sales may be made within the City of Thief River Falls. Alderman Lund seconded the motion, which was adopted.

Alderman Lund moved that the Clerk be directed to advertise for delivery of approximately 50,000 gallons of fuel oil and approximately 400 gallons of DDT Spray concentrate, bids to be opened on April 21st 1953 at eight o'clock P. M. Alderman Christensen seconded such motion which was adopted.

Alderman Bergland introduced a resolution declaring the vacation of the alley in Block 35 of the Townsite of Red Lake Rapids and moved adoption of such resolution. Alderman Lund seconded the motion. The roll was then called on question of passage and all members voted in favor thereof and the resolution was by the President declared passed and adopted.

Alderman Christensen introduced a resolution requesting an amendment to Grant Agreement with United States Government, Civil Aeronautics Administration, Project 9-21-053-301 to provide for elimination from the present contract of items 1701.301 and 1701.302, fencing and safety gates and moved adoption of such resolution.

Alderman Lund introduced a resolution approving for payment various verified bills against the City and moved its adoption. Alderman Christensen seconded the motion. The roll was called on the question and all members voted in favor thereof, whereupon the resolution was declared passed and adopted.

On motion made and duly carried the meeting was declared adjourned to Tuesday, March 24th at eight o'clock P. M.

ROLL CALL

Aldermen voting Aye: Christensen, Lund, Hunt, Bergland, Gjernes.
Aldermen voting Naye: None.
Resolution declared passed.

CARL E. GJERNES,
President of the Council.

Presented to the Mayor March 17, 1953.
Approved March 23, 1953.

H. E. SIMONS,
Mayor.

Attest: P. G. Pederson,
City Clerk.

(Seal)

Pursuant to adjournment the City Council met in the Council Chambers on March 24, 1953, at eight o'clock P. M. with Aldermen Lund, Hunt, Fuller, Gjernes present. Aldermen Christensen and Bergland were absent.

Manager of Thief River Potato Company, operating on Atlantic Avenue, appeared before the Council with a request for water service for proposed installation of potato washer at plant location and explained to the Council the operation and method of removal and disposition of refuse from such operation. The Council members indicated their approval of such water service with the verbal understanding that the superintendent of Sewerage Treatment Plant be contacted during installation in order to eliminate the possibility of clogging and overloading of sewer facilities.

On motion of Alderman Fuller, seconded by Hunt and duly carried, the Clerk was directed to bill the County of Pennington the sum of $10.00 for rental of a portion of W½ NW¼ Section 4, Twp. 153, Range 43, which they are now utilizing for storage of culverts and other County equipment.

Alderman Fuller introduced a resolution continuing agreement with respect as to method of computation of reimbursement for relief expenditures of the City, by the County of Pennington, on the same terms as indicated in the resolution of the City Council passed and adopted on April 11, 1950 and moved adoption of such resolution. Alderman Lund seconded the motion and the resolution was duly passed and adopted.

An application was presented by George F. Hayes for license and permit to sell Farm Produce at a location on Eighth Street East, accompanied by license fee and performance bond in the amount of $[illegible], which bore approval of the City Attorney. Alderman Fuller moved approval and issuance of license, which motion was seconded by Lund and by a roll call vote the same was carried.

Motion was then made and carried that the meeting be adjourned to March 31, 1953 at eight o'clock P. M. and the meeting was declared so adjourned.

CARL E. GJERNES,
President of the Council.

Attest: P. G. Pederson,
City Clerk.

Pursuant to adjournment the City Council met in the Council Chambers on March 31, 1953 at eight o'clock P. M. with Aldermen Christensen, Lund, Hunt, Fuller, Gjernes present. Alderman Bergland was absent.

J. A. Narverud of Narverud Cleaners, Robert Iverson, of Iverson's Cleaners and others appeared before the Council with a suggestion that the Council take steps to amend the present Ordinance relating to Transient Merchants. Alderman Fuller moved that the petition confer with the City Attorney in the matter and that he be directed to prepare such an Ordinance for the consideration of the Council. Alderman Christensen seconded the motion which was adopted.

There was presented by [illegible] an application for Special Permit to permit the erection of an addition to his residence and accessory, located on Lots [illegible] and [illegible], Block 10 of Porter's Addition, [illegible]. Alderman Lund moved that a hearing be held in the matter on April 21st, 1953 at eight o'clock P. M. Alderman Christensen seconded the motion and the same was adopted.

Members of the Boards of North and Rocksbury townships were present and a discussion was held in the matter of a proposed plan of furnishing fire protection to such townships. A proposed form of agreement was presented and examined and the matter was continued to the next regular meeting.

J. M. Roche of the Civic & Commerce Association appeared before the Board requesting permission to block off LaBree Avenue from First to Third Street for conducting an Auto and Machinery Street Fair on April 28th and for permission to erect on the grounds directly south of the Sports Arena a fire proof tent for live stock housing in case of inclement weather in connection with conducting a Northwest Dairy Day on June 9th. Alderman Lund moved approval and granting of requests. Alderman Hunt seconded the motion which was duly adopted.

Alderman Lund introduced a resolution fixing and establishing the salaries of various officials and employees of the City of Thief River Falls and moved adoption of such resolution. Alderman Christensen seconded adoption. The roll was called on the question and all members voted in favor thereof. The resolution was then by the President declared passed and adopted.

The meeting was then declared adjourned.

Several Kinds of Greens

Use two or three kinds of greens for serving salads and add the contrast of color and flavor to your salads. Watercress and lettuce are good together. Plan to use dark and light greens together.

Average old age grant per person per month ranged in the last fiscal year from a December low of $54.56 to a January high of $58.94. April was second high, $58.25.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

At the time for the regular meeting of the City Council on March 10, 1953 at eight o'clock P. M. the following members were present: Lund, Hunt. The following members were absent: Christensen, Fuller, Bergland, Gjernes.

There being no quorum present, the meeting was declared adjourned to March 17th, 1953 at eight o'clock P. M. and it was so adjourned.

P. G. PEDERSON,
City Clerk.

(Seal)

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota, met in the Council Chambers on March 17, 1953, the meeting being called to order at eight o'clock P. M. Aldermen Christensen, Lund, Hunt, Bergland, Gjernes were present. Alderman Fuller was absent.

Minutes of the meetings of February 10, 18 and March 10th were read and approved.

Reports of Departments were presented, examined and ordered filed.

Application for Building permit, duly approved by Building Inspector, was presented by Stanley Ihlen, addition to residence, Lots 27-28, Block 10, Red Lake Rapids, $400.00. Alderman Hunt moved approval, which motion was seconded by Hunt and adopted.

Applications for renewal of cigarette licenses by various businesses were presented. Alderman Christensen moved approval and issuance of licenses. Alderman Bergland seconded the motion which was adopted by roll call vote.

Alderman Hunt moved that An Ordinance amending Ordinance No. 75, as amended by Ordinance 142 and Ordinance No. 191 and prescribing the time for regular meetings of the City Council of the City of Thief River Falls, be given its third and final reading. Alderman Christensen seconded the motion which was adopted. Roll call was ordered on the question of adoption and the following Aldermen voted Aye: Christensen, Lund, Hunt, Bergland, Gjernes. The following voted Naye: None. The Ordinance was then by the President declared passed and adopted.

There was presented by State of Minnesota, a lease of quarters in Old Water Treatment Plant for a term of three months from April 1, 1953, at a rental consideration of $75.00 per month. Alderman Hunt introduced a resolution approving the same and directing its execution by the officers of the City and moved its adoption. Alderman Bergland seconded the motion and the resolution was passed and adopted by unanimous vote.

There was presented by Red Lake Electric Co-op Inc., a receipted bill for labor and services in setting a lighting pole at the Municipal Airport December 15, 1952, such labor and services being considered a donation to the City by such Association. The Clerk was directed to acknowledge the same and to express to the Association the City's thanks and appreciation for their contribution.

Pursuant to a petition heretofore filed by the property owners in Block 30 of the Original Townsite, requesting one way traffic in the alley of such Block, Alderman Christensen introduced a resolution restricting such alley to one-way traffic from south to North, with right hand turn only permitted at exit thereof and moved adoption of such resolution. Alderman Lund seconded adoption. The roll was called on question of adoption and all members voted in favor thereof, whereupon the resolution was by the President declared passed and adopted.

Alderman Lund introduced a resolution placing Paul Hedeel on payroll as apprentice lineman effective March 10, 1953, salary $230.00 per month, which was seconded by Alderman Hunt and adopted. Alderman Christensen introduced a resolution approving increase in salary of apprentice operator Iver P. Larson and Leland D. Lane, $236.00 and $213.48 respectively on completion of satisfactory performance as of April 1, 1953, which motion was seconded by Lund and adopted.

There was presented by Park and Recreation Boards recommendation for appointment of Oscar Bakke as Superintendent of Parks effective April 1, 1953, at a salary of $270.00 per month. Alderman Hunt introduced a resolution approving and fixing salary as recommended and moved its adoption. Alderman Lund seconded adoption and the resolution was passed and adopted by unanimous vote.

Alderman Christensen introduced a motion that the City Council rescind their action taken in response to call for bids, on February 10, 1953, in granting to Olaf Homstrom a franchise for transportation of passengers to and from the municipal airport for the reason that it is not within the power of the governing body to grant an exclusive franchise in this instance. Alderman Lund seconded such motion which was passed and adopted by unanimous roll call vote.

There was presented a petition for bituminous treatment of Arnold Avenue from Great Northern Right-of-way south to T. H. 32, signed by Henry Hood, Randall J. and Marie Erickson, Emil W. Krause and others and the same was ordered laid over to a later meeting.

In the matter of petition heretofore filed by Harry A. Meyers, Mr. and Mrs. Olaf Halvorson, Mr. and Mrs. Lawrence Nicholson, Mr. and Mrs. H. O. Ness and others requesting installation of sewer and water mains from 11th Street to Thirteenth Street between the west line of City Limits in Fairfax Addition and Atlantic Avenue in Fairfield Addition and also between Main and LaBree Avenues from 11th to 14th Street, there was presented a report by the Instrument man in the Engineering Department that the petition carried a very slight majority of signatures of property owners, that some of the properties had changed ownership since the filing of petition and it was suggested that the petition be returned to the circulator in an effort to secure further signatures and it was so ordered.

Alderman Bergland introduced a motion that the City Attorney be instructed to draft an ordinance regulating the hours whereby "on sale" liquor sales may be made within the City of Thief River Falls. Alderman Lund seconded the motion which was adopted.

Alderman Lund moved that the Clerk be directed to advertise for delivery of approximately 70,000 gallons of fuel oil and approximately [illegible] gallons of [illegible] gasoline, respectively, bids to be opened on April 21st 1953 at eight o'clock P. M. Alderman Christensen seconded such motion which was adopted.

Alderman Bergland introduced a resolution declaring the vacation of the alley in Block 35 of the Townsite of Red Lake Rapids and moved adoption of such resolution. Alderman Lund seconded the motion. The roll was then called on question of passage and all members voted in favor thereof and the resolution was by the President declared passed and adopted.

Alderman Christensen introduced a resolution requesting an amendment to Grant Agreement with United States Government, Civil Aeronautics Administration, Project 9-21-003-203, to provide for elimination from the present contract of Items 1701.501 and 1701.502, fencing and safety gates and moved adoption of such resolution.

Alderman Lund introduced a resolution approving for payment various current bills against the City and moved its adoption. Alderman Christensen seconded the motion. The roll was called on the question and all members voted in favor thereof, whereupon the resolution was declared passed and adopted.

On motion made and duly carried the meeting was declared adjourned to Tuesday, March 24th, at eight o'clock P. M.

ROLL CALL

Aldermen voting Aye: Christensen, Lund, Hunt, Bergland, Gjernes.
Aldermen voting Naye: None.
Resolution declared passed.

CARL E. GJERNES,
President of the Council.

Presented to the Mayor March 17, 1953.
Approved March 23, 1953.

H. E. SIMONS,
Mayor.

Attest: P. G. Pederson,
City Clerk.
(Seal)

Pursuant to adjournment the City Council met in the Council Chambers on March 24, 1953, at eight o'clock P. M. with Aldermen Lund, Hunt, Fuller, Gjernes present. Aldermen Christensen and Bergland were absent.

[illegible] of Thief River Potato Company, operating on Atlantic Avenue, appeared before the Council with a request for water service for proposed installation of potato washer at plant location and explained to the Council the operation and method of removal and disposition of refuse from such operation. The Council members indicated their approval of such water service with the verbal understanding that the Superintendent of Sewerage Treatment Plant be contacted during installation in order to eliminate the possibility of clogging and overloading of sewer facilities.

On motion of Alderman Fuller, seconded by Hunt and duly carried, the Clerk was directed to bill the County of Pennington the sum of $[illegible] for rental of a portion of W½ NW¼ Section 4, Twp. 154, Range 43, which they are now utilizing for storage of culverts and other County equipment.

Aldermen Fuller introduced a resolution continuing agreement with respect as to method of computation of reimbursement for relief expenditures of the City, by the County of Pennington, on the same terms as indicated in the resolution of the City Council passed and adopted on April 11, 1950 and moved adoption of such resolution. Alderman Lund seconded the motion and the resolution was duly passed and adopted.

An application was presented by George F. Hayes for license and permit to sell Farm Produce at a location on Eighth Street East, accompanied by license fee and performance bond in the amount of $[illegible] which bore approval of the City Attorney. Alderman Fuller moved approval and issuance of license, which motion was seconded by Lund and by a roll call vote the same was carried.

Motion was then made and carried that the meeting be adjourned to March 31, 1953 at eight o'clock P. M. and the meeting was declared so adjourned.

CARL E. GJERNES,
President of the Council.
Attest: P. G. Pederson,
City Clerk.

Pursuant to adjournment the City Council met in the Council Chambers on March 31, 1953 at eight o'clock P. M. with Aldermen Christensen, Lund, Hunt, Fuller, Gjernes present. Alderman Bergland was absent.

J. A. Narverud of Narverud Cleaners, Robert Bredeson, of Bredeson Cleaners and others appeared before the Council with a suggestion that the Council take steps to amend the present Ordinance relating to Transient Merchants. Alderman Fuller moved that the petition confer with the City Attorney in the matter and that he be directed to prepare such an Ordinance for the consideration of the Council. Alderman Christensen seconded the motion which was adopted.

There was presented by [illegible] Gulbranson an application for Special Permit to permit the erection of an addition to his residence and Mortuary, located on Lots 1-2 and 21-22, Block 10 of Porter's Addition, [illegible]. Alderman Lund moved that a hearing be held in the matter on April 21st, 1953 at eight o'clock P. M. Alderman Christensen seconded the motion and the same was adopted.

Members of the Boards of North and Rocksbury townships were present and a discussion was held in the matter of a proposed plan of insuring fire protection to such townships. A proposed form of agreement was presented and examined and the matter was continued to the next regular meeting.

J. M. Borhe of the Civic & Commerce Association appeared before the Board requesting permission to block off LaBree Avenue from First to Third Street for conducting the Auto and Machinery Street Fair on April 11th and for permission to erect on the grounds direct south of the Sports Arena a fire proof tent for live stock housing in case of inclement weather in connection with conducting a Northwest Dairy Day on June 9th. Aldermen Lund moved approval and granting of request. Alderman Hunt seconded the motion which was duly adopted.

Alderman Lund introduced a resolution fixing and establishing the salaries of various officials and employees of the City of Thief River Falls and moved adoption of such resolution. Alderman Christensen seconded adoption. The roll was called on the question and all members voted in favor thereof. The resolution was then by the President declared passed and adopted.

The meeting was then declared adjourned.

HOW TO DRIVE AND STAY ALIVE

Of the appalling and increasing number of fatal automobile accidents 71.3% occur to experienced male drivers between 25 and 64 years old with a year or more of driving experience operating a passenger car in apparently good condition on the right side of a straight highway between 7 and 8 p. m. on a clear dry Saturday evening. Aside from staying at home altogether, Travelers Insurance Company statistics indicate that the safest combination is a female driver under 18 with three to six months driving experience driving a taxi with one tail light on a snowy highway between 9 and 10 o'clock on a foggy Tuesday morning. In short, people are careful under obviously adverse conditions.

LITTLE FOLKS MAKE BIG NEWS

Deborah Ann Stinson of Mound and Bradley Allen Dykema of Raymond are tiny tots who probably have never met, but undoubtedly some day should. For each, at this writing, has the great distinction of having ten living grandparents: each has two grandfathers, two grandmothers, and six great-grandparents.—Harold Zeller of Westbrook and his 20-year-old wife have five children, no twins, born between March 15, 1949, and the same date 1953—two pretty girls, three husky boys.—Four generations helped Mrs. John Otterness of Willmar celebrate her 82nd birthday.

Cattle Feeders Day at Northwest School Thursday

Valley Livestock Men to See Results of Using Beet Pulp in Feeding

The annual Cattle Feeders' Day at the Northwest School and Experiment Station at Crookston will be held Thursday, April 23. The formal program will be held in the school auditorium at 2:00 p. m. with the tour of the steer feeding pens at 3:00 p. m.

Announcing the program, Superintendent T. M. McCall states, "Sugar beet pulp varying percentages of the feeding rations has been the feed featured in the 1953 feeding trials. Results of interest to cattle feeders and sugar beet growers have been obtained at a time of declining beef prices."

Members of the experiment station staff of University Farm, St. Paul, who will take part in the program include the director of the Minnesota experiment station, H. J. Cloan; E. F. Ferrin, head of the department of animal husbandry, and A. L. Harvey in charge of beef cattle projects.

O. A. Holkesvig, manager of the American Sugar company, East Grand Forks, will also speak on the program. H. D. Fausch, animal husbandman, and L. J. Sumption, assistant in animal husbandry, at the Northwest School and Experiment Station, will give the results of the 1952-53 feeding trial and conduct the tour of the feeding lots.

Farmers and others interested in the beef feeding trials are invited to attend this meeting.

U. S. Population Now 158,848,000

The Census Bureau Wednesday estimated that the nation's population March 1 was 158,848,000.

This is an increase of 191,000 over the bureau's estimate of 158,657,000 for Feb. 1 and an increase of 2,651,000 over the Bureau's estimate of population March 1, 1952.

The estimates include U. S. armed forces overseas.

Roseau Girl Is Awarded Nursing Scholarship

Five new medical and nursing scholarships, good for $500 a year, were awarded at the Group Health annual meeting in Minneapolis, April 11. Here are the winners, receiving their awards from Mrs. Frances Hanson of Albert Lea, left, and William C. Arndt, Osceola, right, of the Scholarship Committee. The awardees are Leslie Jacobson, Minneapolis; Richard Dion, St. Paul; Joan Holmes, Tomahawk, Wisconsin; Joyce Lunde, Askov, Minnesota; and Joan Miller, Roseau, Minnesota. Five other students are now on Group Health Scholarships, which have been made possible by 10-cent annual contributions by the members. Awards are made on the basis of scholastic standing, character, and understanding of the cooperative health movement.

Miss Miller is the daughter of Mr. and Mrs. Albin L. Miller of Roseau. She is a first year student in the Hamline University school of nursing.

Sales of Savings Bonds Increase

Gain 33 Per Cent in Minnesota in March

March sales of U. S. Savings Bonds were up 33 per cent over a year ago, it was reported today by Darrell Bandy, state director of the savings bonds division. It was the 10th straight month in which sales exceeded the corresponding month a year earlier.

Dollar volume was approximately $6,800,000 last month as compared to $5,100,000 in 1952. The sales for the first quarter of 1953 have now reached $22.7 million which is up $4.3 million over the same period last year.

Sales on a national basis have improved considerably over a year ago. March, 1953 was the third consecutive month in which sales of U. S. Savings Bonds had exceeded redemptions of matured and unmatured bonds.

Women's organizations throughout America are cooperating with the Treasury department during April through a special sales promotion activity known as the "Women's Crusade for Security."

Mary Pickford is touring the country in connection with the campaign and will appear in Minneapolis-St. Paul on April 23-24. She will make personal appearances at a party in the Junior Ballroom of Hotel Radisson in Minneapolis on April 23 and at a luncheon in the ballroom of Hotel Lowry in St. Paul on April 24.

Lutherans Open '53 World Relief Clothing Drive

Campaign to Continue from Sunday, April 26, to Saturday, May 16

The Rev. Luthard O. Gjerde, executive director of the Lutheran Welfare Society of Minnesota, has announced that the annual Lutheran World Relief spring clothing drive will be held from Sunday, April 26, through Saturday, May 16.

Lutherans throughout the state have been asked to bring good used clothing to their churches, where it will be sorted and packed. Churches from outside the Twin Cities area are to ship their clothing to Lutheran World Relief in care of Larson Transfer Company, 2010 21st Av. So., Minneapolis.

Since 1946, American Lutherans have sent 32,500 tons of relief goods to needy people in 24 different countries. Last Thanksgiving, over 200,000 pounds of clothing was shipped from the State of Minnesota. The Luther Welfare Society is hoping that the response to this year's drive will exceed that of last year to meet the increased needs.

Traffic on State Roads Rises 7 Pct. in First Quarter

Traffic on Minnesota's trunk highways in the first quarter of this year was seven per cent above 1951 volumes, according to data obtained by automatic traffic recorders at 27 locations on rural trunk highways throughout the state.

Much of this increase, says the Minnesota highway department, is due to a near record increase of 15.2 per cent in traffic during March of this year over that of March 1952.

Every recording station showed a substantial gain during the month over traffic volumes of the comparable month a year ago. The largest increase was 33⅓ per cent on T. H. 61 southwest of Knife River. This gain was attributed, in large measure, to increased mining and allied activity along the north shore of Lake Superior. The smallest gain was shown by the automatic counter on T. H. 212, west of Sacred Heart, which showed a gain of 7.1 per cent over the traffic count of March 1952.

Cleaning Range

For daily cleaning, merely wipe range with soapy cloth, followed by clear water, and dry. If units are removable, wash thoroughly in hot, soapy water or clean with abrasive when necessary. Rinse, dry thoroughly, and replace.

OPEN LETTER TO THE PUBLIC

Dear Friends:

Northwestern Hospital authorities wish to clarify for the public the way in which the plans for the construction of the new hospital addition have been developed. This is particularly important since at the time of the original drive for funds a $150,000.00 structure was contemplated. At the present time, the estimated cost of the construction necessary is $932,703.00 which is a firm top figure. This large difference between original plan and the plan as it has developed naturally provokes curiosity, and it is the aim of this statement to clarify this matter for the public.

At the time of the drive for funds in 1951, the second story of the Mercy Hospital had been condemned for patient use. The need for additional hospital beds was critical, and it may be said that this still remains true. At that time there did not appear to be any prospect of this community qualifying for federal aid under funds of the Hill Burton Hospital Construction Act. Responding to this critical need, the hospital Board decided upon an addition to the St. Luke's building which would take the form chiefly of adding rooms for hospital beds leaving the operating rooms, delivery rooms and the ancillary hospital facilities much as they were. Ancillary hospital facilities consist of a very large variety of services in a hospital which make hospital construction an extremely complicated task of an expensive type. By concentrating its plans on the addition of rooms for hospital beds, which are really the simplest and cheapest parts of hospital construction, the Board had hoped to cope with the situation with local funds without reliance on federal aid.

After a thorough study had been made of the proposed plan in cooperation with the Minnesota Department of Health and the hospital architects, it was learned that while rooms might thereby be acquired, the contemplated minor changes in our operating rooms, delivery rooms and ancillary hospital facilities would be entirely inadequate for the size of hospital contemplated, and that it would only be a matter of a few years before the entire structure would have to be rebuilt in order to meet standards of the Minnesota Department of Health.

It thus became increasingly clear that the community would not be able to raise the necessary funds for a hospital that would meet modern standards. For that reason the Hospital Board decided to hold up construction and make a renewed effort for a federal grant. The money which had been pledged in the drive was generous proof to the Minnesota Department of Health that the community felt the need for a new hospital. The Hospital Board, therefore had something concrete with which to back up its application for federal funds. Fortunately, the hospital qualified for the federal grant in November 1952 and the community will thereby receive aid from the federal government in the sum of $419,716.35.

Th firm top figure for the new hospital construction is $932,703.00. Plans for this structure which are now in the detailed working stage provide for rearrangement, remodeling and redecoration of the present Northwestern Hospital Plant B at a cost of approximately $52,000 so that it may become an integral part of the total plan. This will bring our present plant up to modern standard.

Present Northwestern Hospital Plant B is 120 feet in length. The ground floor of the new structure will be a 180 foot addition to the north of this building. The new ground floor which corresponds to the general basement area of the present building will include the entrance to the hospital, a large waiting room, and an admission office. The present business office and complete laboratory facilities, including areas for a blood bank, are to be moved from the first floor to the new ground floor area. Also to be found in the new ground floor area will be the laundry and a greatly enlarged kitchen, dish-washing, cafeteria area and adequate dining space.

Deep x-ray will be added to the present diagnostic x-ray facilities. This, too, will be on the ground floor. Present non-existent facilities for a nurses' lounge, lockers and toilet facilities for female help and a staff lounge for use by the medical staff, department head meetings and educational activities in the hospital will also be on the ground floor. General storage for the hospital will be located in the area now used by the laundry. There will be an emergency entrance in the rear of the hospital and a fully equipped emergency room is included in the plans.

In order to take care of the proper and complete organization of the operating room area and the maternity area according to the standards set up by the United States Public Health Service, a wing will be built in the direction of the river which will include completely modern facilities for these services.

Upon the completion of this addition, the result will be an increase in Northwestern Hospital Plant B from a capacity of 54 beds and 14 bassinets to 114 beds plus 20 bassinets, with ancillary facilities completely set up as per the standards demanded by the United States Public Health Service and Minnesota State Department of Health. The plan is so arranged that it would be possible in the future to add further structure to the north end of the building to enlarge the hospital to 150 beds, which according to the original study made by the James A. Hamilton Associates, hospital consultants, may be the size structure required in this area some years in the future.

Architects are agreed that hospitals are the most complex structure that they are generally called upon to plan for. The Board of Directors of Northwestern Hospital in this statement attempts to explain the difference between the original plan and the plan as it has developed under the necessity to fully meet hospital standards as set forth by the Minnesota State Department of Health and as it has been necessary to change these plans in order to qualify for Federal Aid under the Hill-Burton Hospital Construction Act.

TO INSURE THE SUCCESSFUL COMPLETION OF THIS STRUCTURE; TO TAKE ADVANTAGE OF THE FEDERAL GRANT OF $419,716.35, IT WILL BE NECESSARY THAT ADDITIONAL FUNDS AND PLEDGES BE MADE AVAILABLE PRIOR TO JULY 1, 1953.

This is our final opportunity for a Federal Grant.

Cadillac
LAZA

Puts a Good Mark on a Man!

Regardless of where he drives, no man is wholly a stranger to the people about him—if he sits at the wheel of a 1953 Cadillac.

His name may be unknown—and also his occupation—and, likewise, the whereabouts of his home.

But he is not without standing. For his Cadillac marks him as a man of character and substance.

Wherever he may be, let him arrive at the door of a distinguished hotel or restaurant—or let him seek the ear of anyone for direction or information . . . and he has the courtesy that goes with respect.

And let it be said for Cadillac owners that, almost invariably, they respond in kind.

Indeed, the honor which Cadillac does to its owners is the fruit of the honor they have so long bestowed upon Cadillac. When so many wonderful people favor a particular make of car over such a long period of time—the car must inevitably become a mark of distinction.

All of this, of course, comes to the owner of a 1953 Cadillac as an *extra joy* and satisfaction.

It comes in addition to the magnificent performance of Cadillac's 210 h.p. engine and improved Hydra-Matic Drive . . . the wonderful comfort of Cadillac's new Air Conditioner* . . . the car's soft, easy, relaxing ride . . . its marvelous balance and handling ease . . . its long life and dependability . . . and its truly amazing economy of upkeep and operation.

Put them all together and they spell the grandest satisfaction in all the world of motoring.

Have you seen and driven the 1953 version of the "Car of Cars"?

If not—we should be happy to see you at any time. Why not come in today?

*Optional at extra cost.

Be Careful

Lye is present in many washing powders, most drain pipe cleaners and some paint removers—it's a deadly poison. Hydrochloric acid is found in metal cleaners and carbon tetrachloride in dry cleaning fluids; both are poisons that could be fatal. So are most mothballs and naphtha flakes. Remember, chemicals than can kill insects can also kill humans.

Drop Cookies

Drop cookies should be placed about one and one-half inches apart in neat spoonful on the cooking sheet to allow for spreading.

World's newest V8
Television treat— the BUICK CIRCUS HOUR— every fourth Tuesday

Big travelers, be seated!

This is an invitation to you who need and like room when you travel—and are wondering where to get it.

This is an invitation to take your ease in a sampling of the 1953 Buick SUPER Riviera Sedan.

Talk about room (and you will!)—here is the roomiest six-passenger sedan made in America.

Here you will find headroom, hiproom, legroom and kneeroom so generous—big people beam.

The tall, the portly—and the in-between—they can all spread out and stretch out, and really feel unfettered.

But the marvel of this Buick roominess is the wondrous ease of handling that goes with it.

The world's newest V8 Engine is one reason—an engine so compact it permits a chassis with short turning radius, wider front tread, easier steering, better balance.

Twin-Turbine Dynaflow* with its dazzling new getaway and silky smoothness is another. Power Steering* is still another.

And there's an AIRCONDITIONER,† too!

The thing to do, of course, is to visit us and try one of these great Buicks for room, for ride, for power—and for sheer comfort and pleasure. Why not make it soon?

*Standard on Roadmaster, optional at extra cost on other Series. †Optional at extra cost in Super and Roadmaster Sedan and Riviera models.

All set for Summer—Available Now!

Stove Care

Food spillage will not injure the surface heating units of your range, for the foods either burn off or fall through to the drip pan beneath. However, spillovers should be avoided when possible. If spilling occurs, first let food burn itself to carbon, then turn off switch, let unit cool and brush off with a bristle (not wire) brush.

Sleek Suitings

Look for sleek suitings and marvelously textured tweeds in many of the new suits. These are made warm enough for comfort, but they lack bulk, they're snug under coats and give slender, flowing lines.

Let us show you how good baled hay can be
The best way to judge hay quality is to examine it in the barn this time of year. Here are some things you will notice about rolled bales:
1 The hay is bright and green — just like it was baled.
2 Leaves are sealed inside the bale — almost no leaf loss during handling.
3 Bales that have been rained on are still good — they shed the showers.
4 Rolled bales handle without waste — won't buckle, break or fall apart.
5 Rolled bales are easy to feed — rolled out, cut apart or fed whole.
Let us show you why hay in rolled bales is winning blue ribbons for quality at leading shows. Your livestock needs the best.

Flavor that switched a million beer drinkers
In just the past two years Hamm's Beer has won over a million brand new friends. What attracted all these folks? They tell us it was Hamm's special kind of crisp, clean-cut taste, with smoothness "aged in." It's an unusually refreshing flavor which we have captured here in the land of sky blue waters. Won't you be curious? Just once, try Hamm's Beer.
P. S. Thank you! Your calls for Hamm's have made it the fastest of them all in the Upper Midwest.

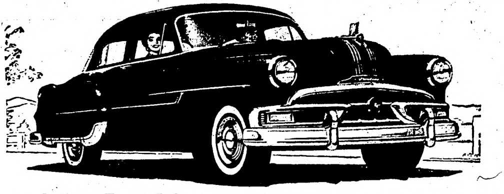
DOLLAR FOR DOLLAR YOU CAN'T BEAT A
Pontiac
A GENERAL MOTORS MASTERPIECE



A Very Proud Car—At A Very Modest Price!
According to Webster, one of the important meanings of the word proud is this: "Worthy of admiration; deserving praise."
That definition fits the 1953 Pontiac like a glove. Pontiac's distinctive Silver-Streak beauty is certainly worthy of admiration—and gets plenty of it everywhere.
And when you sit behind the wheel and feel the effortless surge from Pontiac's famous power plant you'll know that you're driving a mighty proud performer.
As a matter of fact, the only modest thing about a Pontiac is its price—for this wonderful car which gives you the engineering quality and the best features of the costliest cars is priced just above the very lowest!
And when you're figuring price, be sure to remember Pontiac's remarkable resale value—the sure test of long-lasting quality. Why not come in and see how easily you, too, can become the proud owner of a new Pontiac?
HIGHLIGHTS OF PONTIAC QUALITY AND VALUE!

Spotless Medicine Chest

When your medicine chest becomes soiled and spotted, it is easy to renew it with smooth and colorful enamel. Naturally, it is important to keep the chest in perfect sanitary condition.

Variety

When you need variety for French dressing on a vegetable or green salad, mash some hard-cooked eggs with a fork and blend into the well-seasoned dressing. You might like to add a bit more vinegar and a speck of grated onion to highten the flavor.

Earth's speed around the sun is estimated at 66,600 miles per hour.

Weather and History

History is often written by weather. The Spanish Armada was destroyed by a storm. And had it not rained on the night of June 17, 1815, the Battle of Waterloo might have had a different outcome.

Intense Heat

Powdered coal, prepared by machines which grind the product so fine as talcum, provides the intense heat needed for best results in many modern industrial furnaces.

AFFINITY BETWEEN MINNESOTA-NEW ORLEANS

There are those who credit Louisiana's fertility to the Minnesota top soil delivered prepaid by our native Father of Waters. It is a matter of historic record that a Minnesota editor and publisher, B. B. Herbert of Red Wing, led in the organization of National Editorial Association at a New Orleans gathering of journalists in 1885. And that, through mayors, Boards of trade, Mardi Gras and Aquatennial, there has since been continuing friendly traffic between the cities of New Orleans and Minneapolis. This week Minnesota again invades the Crescent City. The National Editorial Association meets there April 26-30, and once again a Minnesotan will assume the Presidency of this influential organization of more than 5,000 United States newspapers: Alan C. McIntosh, editor and publisher of Rock County Star-Herald, Luverne, a past president of Minnesota Editorial Association. Two other Minnesotans are on the program.

Status of Youths Age 19 in Draft Explained

Colonel L. E. Lilygren, state director of selective service, today said that since numbers of 19-year-olds are now being inducted, many registrants and their parents have gained the false impression that all the men who have just reached their nineteenth birthday will be inducted almost immediately.

Colonel Lilygren explained that the term "nineteen-year-old," as used by the selective service system, includes all of those registrants between nineteen and twenty. Selective service Regulations require each local board to induct the oldest registrants classified 1-A and found acceptable by the armed forces before taking the younger men.

"Thus, the registrants who are nineteen years and ten or eleven months," Colonel Lilygren said, "are for the most part the 19-year-old men who are now filling the induction calls in many boards. Such boards will next take those registrants who are nineteen years and nine months and so forth. Under the selective service procedure of taking the oldest first, the registrant who has just reached his nineteenth birthday may not be reached for induction for possibly another six months or more, as we are only taking a few of these now."

The nineteen-year-old registrant who is still in high school and worried about being graduated with his class will in most instances not be taken out of high school to be inducted, Colonel Lilygren said. This is because the selective service law provides that a high school student who is reached for induction during an academic year shall be *deferred until he graduates or* reaches age twenty; whichever comes first.

Colonel Lilygren pointed out that the student must of course be attending high school full time and be making satisfactory grades and also that he must submit evidence to this effect to his local board.

"The local board cannot be expected to read minds," Colonel Lilygren observed, "and of course if the 19-year-old registrant who is in high school fails to notify his board of his status immediately upon receiving his notice to report for induction he can only blame himself if he is inducted."

State Druggists Plan Convention in Minneapolis

The annual convention of the Minnesota State Pharmaceutical association will open Sunday in the Nicollet hotel, Minneapolis. The convention will continue through Wednesday, April 29 with about 2,000 druggists and wives attendings.

Displays by about 250 distributors of drugstore merchandise will be shown at the Upper Midwest drug show Sunday, Monday and Tuesday.

Importance of the druggist to the health of the community will be emphasized by speakers, who will include outstanding sales executives and medical authorities, according to R. D. Laska, St. Paul, convention general chairman.

The program will include talks by John W. Dargavel of Chicago, secretary of the National Association of Retail Druggists, and Frank W. Moudry, St. Paul, secretary of the Minnesota State Board of Pharmacy.

Ducks and Geese Back at Mud Lake Wildlife Refuge

Thousands of Ducks and over 500 Canada Geese Were on Refuge Last Week

Mating calls of geese and ducks are once again resounding over marshes and ponds of Mud Lake Refuge. Several thousand ducks have returned from their winter home in the southern states and are starting to set up housekeeping. Over five hundred Canada geese are using the refuge at this time and it is hoped that a good representation will remain for nesting purposes. The spring migration is over a week ahead of its normal pattern and the number of waterfowl is up proportionately.

First arrivals this spring were three mallards observed on March 21st. The build up of numbers has been quite gradual with the mallards leading all the way. The pintail is second in total numbers with the baldpate, gadwall, greenwinged teal, black duck, shoveller, and blue-winged teal represented by just a few ducks. However, the baldpate, gadwall and blue-winged teal compose a large portion of the summer nesting population and they should build up considerably in the near future.

Goldeneyes were also early arrivals and built up to several thousand before starting on their way north again. The goldeneye and its close relative the bufflehead, are the only two species of duck that use the refuge during migration but do not nest here.

Several flocks of geese have been lured into the refuge by the captive Canada goose flock. These birds are wing-clipped and spend the winter on the refuge and are released in a 150 acre pen in the spring. The young produced by this captive flock over the past few years are now coming back to the refuge to nest and enticing other geese to use the refuge area. It is hoped that in a few years the reproduction of the geese using the refuge will be adequate to supply local hunters with better goose shooting.

Warning Issued on Muskrat Rabies

Children in Rural Areas Advised to Avoid Them

Children in Minnesota are warned to stay away from muskrats. These animals are now migrating and may be carrying rabies, a virus disease which is given to humans thru the bite of an infected animal.

According to Dr. R. Fenstermacher, professor of veterinary medicine, University of Minnesota, a number of cases have been reported in which muskrats bit children who tried to capture them or poked them with sticks.

"These animals are numerous in rural areas and have even invaded the suburbs," Dr. Fenstermacher said. "Leave them alone, because they will attack if antagonized. If a muskrat gets into your basement and does not leave when windows are opened, call your local game warden."

"Once rabies develops in animals or humans, it is almost always fatal," Dr. C. B. Nelson, chief of the section of communicable diseases, state department of health, explained. "Fortunately, not everyone who is exposed develops the disease. Puncture of the skin is usually necessary for infection, although on rare occasions, rabies may result from a rabid animal's saliva coming in contact with a scratch or other break in the person's skin.

Dr. Nelson said that whenever any person has been attacked by an animal suspected of being or known to be rabid, the attending physician or health officer should call the section of communicable diseases of the state health department, to discuss the advisability of giving anti-rabic treatment.

Sericea For Dry Weather

In every drought-stricken county, cattle can be seen grazing and doing well on farms that are growing sericea. The same holds true for cattle on kudzu.

Annual 4-H Club Week June 15-20 at N. W. School

Pennington County Club Members Scheduled to Attend June 18 to 20

The annual 4-H Club Week for club members of the fourteen northwestern Minnesota counties will be held at the Northwest School of Agriculture, Crookston, during the week of June 15-20, Superintendent T. M. McCall states. "Plans were completed at a conference held at Crookston on April 15 with district 4-H club leaders Osgood Magnuson and Miss Evelyn Harne, county club agents, and Northwest School faculty."

4-H club members will attend camps in two groups with the southern county members attending June 15-16-17 and the northern counties, June 18-19-20. The counties included in each camp are: Southern counties—East and West Ottertail; Clay, Becker, Mahnomen, Norman and East Polk, June 15-16-17; northern counties—Kittson, Roseau, Lake of the Woods, Marshall, Pennington, Red Lake, West Polk, and Clearwater, June 18-19-20.

More than six hundred 4-H club members are expected for the 4-H Club Week, according to Superintendent McCall. The latest instruction in 4-H club projects will be given at the club week by members of the state 4-H club department with Osgood Magnuson and Miss Evelyn Harne of the St. Paul office as leaders, assisted by members of the Northwest School teaching staff, county agricultural agents, and county 4-H club agents.

Out of The Pan

It was out of the frying pan and into the fire for a hapless woman driver in Jacksonville, Fla., who, caught in a line of traffic on a railroad track with a passenger train roaring toward her, escaped by stepping on the gas, hitting the car in front of her, which hit another, which, in turn, hit another. She was promptly arrested and charged with reckless driving.

State Asks Bids on Roseau Road Jobs

Extensive improvements to 11 trunk highways are included in a call for bids issued today by State Highway Commissioner M. J. Hoffmann, with bids to be received May 8. The estimated total of the low bids is expected to amount to $3,100,000.

More than 82 miles of trunk roads will be improved, with bids to be received on 28 miles of grading, gravel base and plant-mixed bituminous surfacing, 25.5 miles of gravel base and plant mixed surfacing, 11.3 miles of grading and concrete paving, 12½ miles of grading and 4.7 miles of grading and road-mixed bituminous surfacing.

The projects include, in this area:

Roseau County, T. H. 89—Grading, gravel base and road-mixed bituminous surfacing of 1.9 miles northerly from a point one-half mile south of Ross.

T. H. 89—Bridge No. 6781 over Roseau river at Ross, using three old low truss spans.

Average distance from the earth to the moon is 239,000 miles.

Farmers Face Many Troubles in 1953

WASHINGTON — The Federal Crop Reporting Board says U. S. farmers will face a number of problems during the spring and summer of 1953.

Farm labor supplies continue tight because of continued competition of industry and the armed forces. Farm wages, consequently, continue relatively high. Further, there is no indication of a decline in farm production costs corresponding to drops in farm products prices.

Supplies of machinery, equipment and seed appear to be adequate, the board reports. Fertilizer supplies are larger than in previous years but supplies of some types are still not up to demand.

Weather conditions also will cause the farmer considerable trouble. Dust storms in some Great Plains area has already occurred and will continue for much of the year.

Inadequate moisture will continue to harass producers in some section of the central and southern Great Plains states.

Recent declines in prices of farm products which have attracted public attention is only one of the many factors in a confusing farm problem.

To top it all, the Agriculture Department has asked farmers to produce a volume of products equal to last year's record.

Boil Pecans

Pecans that are boiled for 18 minutes will crack whole.

GROWING WITH YOUR CHILD
Institute of Child Welfare, University of Minnesota

When Baby Wants a Spoon

About the age of eleven months or one year most children become interested in feeding themselves. Mothers can expect to wash spilled food off the floor and out of the child's hair for some time, until he becomes quite proficient with the spoon. Nevertheless, it is important that when interest is shown in self-feeding that parents encourage their child.

By giving him a spoon and setting the dish of food before him he becomes accustomed to the spoon, even though mother does most of the actual feeding. The next step is to give him the responsibility for getting the food to his mouth. Some time when he is very hungry set his plate before him, hand him the spoon and let him eat by himself. By 15 months or at least by 18 months most children are becoming pretty acceptable "eaters."

Because of the spilled food on clothes, floors, and table it is easy to become discouraged and impatient and to continue feeding the baby instead of allowing him to do it for himself. Soon the child will lose interest in feeding himself and will deem it his privilege to be fed.

It may become impossible to get the child to hold a spoon, much less actually feed himself. Then some mothers may find themselves still feeding a three year old, and finding it more and more of a drudgery. At this stage the problem is more difficult to solve and may require weeks or months of diplomacy and patience.

Sooner or later we must recognize that a certain amount of "messiness" and playing with food is to be expected as a child learns to feed himself. This is probably so at whatever age you might finally decide to let the child learn how to feed himself, and the chances are good that you will have fewer messes and frayed nerves if you face the problem the first time it comes up. It will be easier for both mother and baby to allow and encourage self-feeding when interest is shown.

4-H Club News

Smiley 4-H Club

The meeting of the Smiley 4-H club was held Friday evening, April 10, at the Smiley hall.

It was decided that we have 4-H Sunday the evening of May 3.

The program under the supervision of Gail Peterson, Karen Diehl and Duane Helgeland, consisted of a poem by Arlene Peterson; two demonstrations, "Reasons for Failures in Muffins" by Shirlie Beiswenger and "Propagating House Plants" by Diane Lendobeja. The contest play "Elmer," whose cast consists of Kent Froseth, Gloria Johnson, Patty Torkelson, Marilyn McCrum, Diane Lendobeja, Shirlie Beiswenger, Dennis Nelson, Marvin Torkelson and Bette Rude, was given. A talk was given by Ray Mitteness, after which he showed a movie.

Lunch was served by the Albert Froseth and Melvin Torkelson families.—Shirlie Beiswenger, reporter.

Wyanriver Club

The Wyanriver 4-H will meet at the Clarence Weckwerth home Tuesday evening, April 28th. Wayne Erickson and Priscilla Johnson are on the program committee; Eugene Weckwerth and Gary Peterson, recreation committee. Ray Mitteness will be present to show movies on Dairy Day.

Stellar Lighting

Fluorescent lighting may be comparatively new in electricity, but it is an old story in nature. Many astronomers believe, that fluorescence makes the only difference between dark and brilliant nebulosities of stellar dust in the sky. Those near a brilliant star are charged with light and electricity and shine brightly, while those with no nearby bright body appear as faint spots in the heavens.

Let Steam Escape

When boiling or baking Irish potatoes in their jackets, be sure to prick them with a fork as soon as they are removed from the heat so that the steam can escape. This makes the finished product mealy rather than soggy. Scrub skins well and grease before baking.

Ice Cream

Always have ice cream mixtures prepared and thoroughly cooled before putting in freezer or refrigerator.

SMILEY . . .
By Mrs. Jim McCrum, Rt. 1, city

The Smiley Community Club had both an interesting and an educational program Friday evening at the Hall. After a variety of topics of business affairs of the club, the program was announced by the chairman of the program committee, Mrs. Adam Lendobeja. Community singing in the form of action songs was led by Mrs. Rudolph Hanson; Marilyn McCrum gave an interpretive humorous reading; a charming talk on Flowers was given by Mrs. Paul Lundgren with the talk accompanied by movie shots of the Lundgren lawn. The movie was shown by Mr. Lundgren. Mr. Don Lawrence, the county soil conservation head, gave interesting information on garden and fruit varieties for this region. He also showed two movie selections. Mrs. A. W. Oski and daughter, Beverly sang a duet. Refreshments were served by the Mark Olson and Harlan Knutson families, and Miss Clara Olson. Mark Olson has been appointed by the Community club to take charge *of the junior baseball team. He* has been busy the past few Sunday afternoons getting all the local young lads, who seem to be very enthusiastic about playing this coming season.

The Smiley 4-H club wishes to take this means to congratulate the St. Hilaire 4-H club in their good fortune in winning the recent 4-H play contest. The same holds true to young Jim Wilson of Kratka for winning the music contest. May all these folks have heaps of luck in Crookston in June.

The folowing folks came to the J. W. Lendobeja home Wednesday afternoon to make an occasion of Mr. Lendobeja's birthday, Mrs. M. E. Kays, Mrs. Phillip Kays and Mark, both of Thief River Falls, and Mrs. La Vik of Bagley. Mrs. M. E. Kays brought a lovely cake. In the evening, Mr. and Mrs. Rudolph Hanson, Marlos, Lois, and Lila came to help the event along.

Mr. and Mrs. Gust Berggren of Silverton were Sunday dinner guests at the home of their daughter and family, the Maurice Newtons.

There are new people living on the Otis Miller farm, the former Will McCrum place. They are the Vennis family of Fosston and they are renting the buildings only. We hope they will like Smiley.

Sunday visitors at the Bob Kraemer homewere Mr. and Mrs. Ray Rausch and family of Thief River Falls.

The Pennington County Home and Community groups will be celebrating their annual Achievement Day on Tuesday April 28, in the City Auditorium in Thief River Falls. Mrs. Norton Nelson, Smiley township project chairman, requests that members of both Group one and Group Two of Smiley contact her as soon as possible if they have articles completed since the last years' Achievement Day that they could bring in for this coming affair. Exhibits will be on display as before. They may include braided rugs, lampshades with the lamp base, wooden plates and trays, handbags, or anything concerning the projects we have had so far. This promises to be quite an event, so encourage your friends to come also. Anyone can come.

The play cast of the 4-H play for Smiley, Kent Froseth, Patricia Torkelson, Betty Rude, Shirley Beiswenger, Dianne Lendobeja, Gloria Johnson, Marilyn McCrum, Marvin Torkelson, and Dennis Nelson presented their director, Mrs. Jim McCrum with a gift, a necklace and earring set. She wishes to take this means of thanking those wonderful young folks for the gift and the excellent job they did on the play.

Miss Marlos Hanson was an overnight guest of her two friends, Darlene and Lois Ulstrand, in Thief River Falls.

Mr. and Mrs. Dave Bruggeman, Rosemary and Paul Bruggeman were Tuesday afternoon visitors at the Bob Kraemer home. Mr. Bruggeman the former, was home on furlough from his Army duties and left over the weekend for Camp Stoneman, Calif. to await further orders for overseas service. He had spent his 11 day furlough with his wife, his parents, the Fred Bruggeman's and numerous other relatives.

The Bethany Luther League had an interesting program in the church parlors Sunday evening. The program was dedicated to "Japanese Sunday." The excellence of the program was shown when it included a playlet and readings concerning mission work being done in Japan. A highlight of the program was the showing of a large Japanese doll loaned for the occasion by Miss Olga Bloomsness of Thief River Falls. Mrs. J. W. Lendobeja gave a history of the doll and she also gave an explanation of her complete wardrobe. Refreshments were served by Mrs. S. S. Nelson and Mrs. Bert Johnson.

A family gathering was held at the Adam Lendobeja home Sunday afternoon when the following were guests: Mrs. Ada Jorde and sons, Mr. and Mrs. Steve Jeanette and family, Mr. and Mrs. Lloyd Johnson and family of Rocksbury, Mr. and Mrs. Clifford Jorde and tots, Mr. and Mrs. Curtis Swanson and daughter, Mr. and Mrs. Laverne Raindorf and family. It was Dianne Lendobeja's birthday.

Mr. and Mrs. Jim McCrum and Marilyn and Miss Clara Olson attended program and services put on by the Women's Society of the Community church in the church auditorium Sunday evening. A movie was shown and several other numbers including the humorous reading by Marilyn McCrum.

Congratulations are in order now days on the new addition to the Willard Johnson family. The little daughter Marge Jan, arrived Sunday morning.

Several local girls were among the Lincoln high school participants in the District Music contest in Crookston Saturday. The girls from here were Lila and Lois Hanson, Gloria Johnson and Dianne Lendobeja. The Hanson girls were in the Glee Club and chorus groups. Gloria and Dianne were in the band.

The Helperettes met at the home of Mrs. Archie Anderson a week ago Wednesday afternoon. The lesson on "Fabrics" was conducted by Mrs. Bob Kraemer and Mrs. Harlan Knutson. Prizes were won by Mrs. John Ranum and Mrs. Mark Olson for the contest. The members brought their finished aprons and Hannah Kisch brough her tray. A delicious lunch was served by the hostess, Mrs. Anderson. The next meeting will be held at the home of Mrs. Gust Hallberg, the first Wednesday in May. Each member will bring a favorite and reliable cake recipe to be exchanged.

Mr. and Mrs. J. W. Lendobeja and Mrs. Walter Lendobeja motored to Grand Forks Sunday and spent the day with the Donald Hoff's. Other visitors there were Mr. and Mrs. Robert Hoff and family and Mrs. William Hoff all of Fargo.

Sunday visitors at the Mark Olson home were Mr. and Mrs. Art Waller of Viking.

Saturday afternoon guests at the Walter Lendobeja home were Donald Hoff, Bob Pesky, and Ole Dahlen all of Grand Forks, N. D.

Vegetable Varieties

Quite often a gardener selects seed for his garden on the basis of kind of vegetable only. There are many varieties of each kind of vegetable which the gardener should be acquainted with if he is to be successful. Not all varieties are adapted all over Minnesota. Varieties of tomato, pepper, cucumber, squash and melon differ greatly among themselves as to their adaptability.

Some varieties are suited for a particular use. Some are excellent for canning or freezing, others are best used fresh. Some will keep longer in storage than others.

Growth habits of varieties differ. There are varieties of squash that can be grown in a small space whereas others require a lot of room.

Several varieties are resistant to diseases which become a problem to a gardener. Wherever we choose a disease resistant variety, our gardening will be made easier.

Two disease resistant green beans excellent for the garden are Topcrop and Wade. Both are heavy producers and freeze well.

America spinach will extend your cutting season of spinach in the garden. It will withstand more heat than some older varieties.

Salad Bowl and Slobolt lettuce are both excellent varieties that produce all summer without going to seed.

Freezonian and Little Marvel peas are good choices for first plantings, and Wando and Lincoln will produce a crop one week or 10 days later. All are good for freezing.

Miniature, Golden Midget, Golden Rocket and Golden Freezer are varieties of sweet corn every gardener will enjoy. The first two are small ear varieties while the Rocket and Freezer produce larger ears.

Firesteel tomato is very dependable early tomato for large fruits of good quality. Meteor and Cavalier are especially desirable for northern Minnesota.

Niagara and Surecrop cucumbers will produce good yields of excellent pickles or slicers because of mosaic resistance. Vines will not dry up early and stop producing.

Workmen's compensation for eye injuries suffered in industry adds up to around $50,000,000 annually.

QUESTIONS answered for VETERANS

(This service is based on questions asked at Veterans Administration offices in the State. Answers are supplied by VA.)

Q: If I take on-the-job training under the Korean GI Bill, will my monthly GI allowance be for the same amount, throughout my training course?

A: No. Under the law, your allowance will be reduced at four-month intervals, as your training progresses.

Q. Both my wife and I are World War II veterans. I used my GI loan entitlement to buy a house. Now we want to sell, and buy a larger house. Could my wife use her entitlement for a GI loan for the second house?

A: Yes. Both you and your wife are individually entitled to GI loans. The fact that you've used your loan entitlement would not prevent your wife from using hers.

Q: I have just been awarded a disability compensation rating by the VA, but I think I should be entitled to a higher rating. I plan to appeal. Is there any time limit on filing my appeal?

A: Yes. You must appeal to VA's Board of Veterans Appeals within one year from the date VA mailed you the notice of your original rating.

Q: I have a permanent plan of National Service Life Insurance policy. Is it possible to exchange it for a term insurance policy for the same amount?

A: No. Permanent plan policies may not be exchanged for term policies under VA regulations.

The Alert Poultryman ANSWERS YOUR QUESTIONS

Q. I'm buying baby chicks—what is your advice to me?

A. Put 'em in a good, clean house and feed 'em well. And, when you buy chicks, buy Dr. Salsbury's Ren-O-Sal, too. To give your chicks faster growth, faster feathering, and earlier egg production, give them Ren-O-Sal in the drinking water right from the start. Ren-O-Sal is handy to use and economical. So, for more profit, buy Ren-O-Sal when you buy your chicks."

WRITING PRISONERS

Michigan Prisoners Turn Out 200,000 Words Every Day

JACKSON, Mich.—The prisoners of Southern Michigan Prison are turning out 200,000 words a day—and not in letters home. They are writing fiction and articles for the nation's leading magazines and getting paid at the rate of about $300 a week for their efforts.

Writing has become the outstanding spare time activity at the institution. Nearly a sixth of the prison's population is a budding author.

During 1952 the convicts wrote an estimated 10,000,000 words in novels, short stories, poems, jokes, and fillers, and in return they received checks totaling more than $15,000.

One prisoner earned an average of $250 a month, while others receive checks ranging from 50 cents to $800 each.

The most prolific writer in the prison is Steven Schmiedl, a one-armed convict serving life for murder. He writes regularly for several trade publications under the name of Lew York.

The prisoners have formed a manuscript committee and all manuscripts are reviewed by it before their submission to publishers. Some convicts even have professional literary agents to handle their material.

Fiction stories coming out of Jackson usually have a ring of reality in them, for more often than not they are based on true experiences of the authors.

Surgeons Save Boy

Quick-thinking surgeons at a New Jersey hospital applied bare electric wires from a lamp cord to a 12-year-old boy's heart and, in so doing, saved the youngster's life.

The boy, who had just undergone a heart operation, suddenly developed an irregular convulsive beating of the heart. Ordinarily a shock machine would have been used to break the convulsive beat, but there was none in the room and no time to get one.

The surgeons grabbed an extension cord, scrapped the insulation from it and touched the wires to the throbbing heart muscle four times. The heart stopped beating.

Oxygen was supplied by a respirator and the heart was massaged until the beat returned—without the convulsion.

Rivers of Oil

From Sumatra and Borneo come rivers of oil. Bali, where Hindu gods still reign, is a place of temples and spectacular rice terraces, glittering dances and ancient music.

Publishers Make Film to Dramatize Newspaper's Value

HARRISBURG, Pa.—The bring home to the average reader the importance of the home town newspaper, the Pennsylvania Newspaper Publishers Association has invested $23,000 to film a 20-minute semi-documentary technicolor motion picture.

The picture was filmed in State College, Pa. The "actors" are residents of the community and the newspaper around which the picture revolves is The Centre Daily Times of State College.

Briefly the picture tells the story of the effect on various segments of the community when, for no apparent reason, the town's only newspaper suspends publication.

The immediate results are portrayed in a series of incidents dramatizing absence of the paper on individuals — businessmen, housewives, public officials.

There is no notice of a power shutoff; the mayor makes an important speech on a community problem and is misquoted by the word of mouth; the grocer, with no advertising medium, face huge losses on a special sale of perishable fruit.

What the townspeople do about the problem makes it an interesting document. More than 60 prints of the film have been distributed in 23 states to various groups connected with the newspaper industry.

Gold Hoarding Is World Problem

WASHINGTON—One of the great problems of today is hoarding of gold outside the United States. In the U.S. it is illegal to hoard gold.

It has been estimated that outside the United States private gold hoards amount to $11 billion. This figure excludes all the yellow metal estimated to have gone into industrial uses over the years.

The paradox is that there is such a vast store of idle and unproductive money in a world plagued by a shortage of dollars for trade purposes and by a great need of investment capital for modernization of production and for helping underdeveloped areas to realize their potentialities.

An analysis of the gold hoarding trend abroad since the end of World War II shows that the greatest amount occurred in 1951, reflecting the event in Korea and their inflationary aftermath. In that year an estimated 39 per cent of the known world gold production disappeared into private hoards while only 15 per cent was added to official gold reserves.

In the previous five years, from 46 to 58 per cent of total annual gold production had been added to official gold reserves yearly.

"LEAVE IT TO GRANDMA!"

By Zelma Wilkes Smith

GRANDMA Watson sat alone in her daughter's living room. Bill had just left, relieved to have put the sobbing five year old Tommy into Grandma's arms. This had been the first time Bill had tried to keep the child over night.

Grandma had seen the jealous light in Bill's eyes when she had told him Sybil had gone out. She had also heard Sybil crying herself to sleep nights, during the month she had been in this house with Sybil.

"Stubborn kids!" she said in exasperation, "still in love, but too proud to give in!

Something should be done about this, but what?

Sybil slept late on Sunday morning. When she came down to breakfast she found her mother on the front porch, calling Tommy. "I declare, I don't know where that boy could be," she told her daughter.

"Why Tommy went home with Bill—remember?" Sybil said.

"No, Bill brought him home about ten last night. He couldn't get the child to sleep."

"Huh!" Sybil retorted, "he probably brought Tommy home so he could have a date with Carol!"

"That's his secretary?" Grandma asked.

"Yes, and Bill began taking her to conferences instead of me!" Sybil's eyes were flashing through sudden tears.

"Tommy had breakfast at seven, and I've not seen him since." Grandma said frowning. "Sybil, I'm worried."

"Oh, he's probably playing with the little boy down on the corner." Sybil said. "I'll go after him."

It was half an hour later when Sybil came home. "Hasn't Tommy come home yet?" she asked. "I've been everywhere, and no one has seen him. Do you suppose—oh, no—not clear across town!" She ran to the phone to call Bill.

Sybil was crying when she came back to the kitchen. "Bill is coming right over," she sobbed, "he thinks Tommy tried to come back to him today."

Bill and Sybil were gone for several hours. The girl called back every half hour to see if Grandma had heard good news yet.

"We've been to the police station," she said over the phone, "and Bill is calling the hospital—oh, Mom—where can he be!"

"Don't forget, darling," Grandma said gently, "no harm will come to him."

In the late afternoon, Bill led Sybil into the house and put her to rest upon the divan. "Mom, you'd better bring her a sedative, she's all in. I'm going out again soon, but I want her to rest."

When Grandma brought in the pills with a glass of water, she found Bill upon his knees beside the divan, Sybil resting in his arms.

"We've been such fools," he was saying. "As soon as Tommy is found, I'm moving my things back in here. I belong here with you and Tommy."

"I've been so miserable without you, darling," Sybil confessed.

"You were silly, being jealous of Carol," he went on, "I could never love any woman but you. You should know that!"

Grandma watched Sybil swallow the pills, then she went back to the kitchen, and upstairs by the back way. In the bedroom she dialed a number on the phone. "Hello, Mrs. Barett," she said, "you can send Tommy home now. Yes, it worked like a charm. Thank you for keeping him."

Grandma was crying softly, as she clicked the receiver back into its cradle. It had torn her heart to see them tortured, but surely it had been no sin, since it had brought them to their senses. From the corner window, she could see Tommy rounding the corner and trotting down the street. She lifted the phone and asked for long distance.

"Hello, Sarah," she said joyfully, "I'll be home tomorrow, dear. Yes, to stay!"

Money Talks

CARACAS, VENEZUELA—"Money Talks!" That's the theory of Venezuela's top government officials who are spending $300,000,000 a year—one half of the nation's annual oil income—in an unheard of series of public projects.

The projects include highways, schools, hospitals, sports arenas, reservoirs, housing projects and agricultural developments. In four years 178 projects have already been finished or are underway.

The most recent undertaking is the "Avenida Bolivar" in Caracas. It amounts to a $300,000,000 Rockefeller Center of 24 buildings.

This construction spree is luring thousands of American engineers and technical "know how" experts to Venezuela.

More than 700,000 men working in England's nationalized coal mines produced only 230 million tons in 1952, as compared with 165 million tons produced in the U. S. by 350,000 men

New World Record

PALM SPRINGS, Calif.—A new world speed record for planes was established recently at the Salton Sea near Palm Springs. In a speed trial a new type Sabre-jet interceptor was clocked at 699.9 miles per hour over a measured course. To the layman that is 700 miles an hour in good round figures.

The plane which set the new record was powered by a turbo-jet engine, equipped with an afterburner for increased thrust, making possible greater speed and improved rate of climb. The craft is the all-weather interceptor version of the F86 Sabre-jet which has a 15-to-1 kill ratio over the Russian built MIG 15 in Korea.

COMMUNIST IDEA

Hungary Puts Tax On All People Who Don't Have Children

BUDAPEST — The Communist government of Hungary has come up with a new tax idea. Not so much to raise money, however, as to increase the population.

It is a special 4 per cent tax on total income of all persons who do not have children.

For a long time the government has subsidized couples with children under a program called "Protection of Mothers and Children." It is proving so expensive, however, that the state has decided it is reasonable that those without children, the bachelors and the spinsters, should contribute to the fund.

The tax must be paid by bachelors between 20 and 50 and spinsters between 20 and 45, as well as by childless couples. Members of *the Army, State Security Office,* disabled veterans, and university students between 20 and 24 are exempt.

The new program also decrees that newborn babies are to be given diapers and clothing in the value of $33 by the government. Family allowances for families with more than three children are increased. The allowances are stopped for those with but one child.

The new program is designed to encourage Hungarians to have larger families, a Hungarian government spokesman reported.

Pawnee Tribe Wins Land Appeal Case

WASHINGTON -- The Indian Claims Commission has been directed by the United States Court of Claims to reconsider claims of Oklahoma's Pawnee Indians for "just compensation" for millions of acres of land taken more than a hundred years ago.

The tribe has asked "just compensation" for some one million acres of land in north central Kansas.

A second claim concerns an 1833 treaty whereby the Pawnees ceded to the United States some 23,000,000 acres of land south of the Platte River. Another goes back to an 1838 treaty whereby the Pawnees ceded to the U. S. about 110,418 acres that included Grand Island, Neb.

Some 10,500,000 acres are involved in a claim of land ceded in Nebraska for which the tribe received less than five cents an acre. The fifth claim returned for further consideration involves 4,800 acres of Pawnee land in Nebraska admittedly taken by the government.

No one can estimate the amount the Pawnees would receive if and when they won their case. It would run into millions of dollars, however, since much of the land was taken for practically nothing.

Similar cases have resulted in verdicts for the Indians involved and new payments to the tribes by the government.

Inhibitors

There are a number of chemicals which keep fats and oils from becoming rancid. They are called inhibitors and are used extensively in compounding automobile motor oils, but they are not edible and so cannot be used to preserve fats used in cooking. However, there are certain natural materials, such as Vitamin E and oat flour which have some value in the latter application.

Casing the Joint

In Emporia, Kans., Carl Tate Williams drew 90 days after he denied that he was a Peeping Tom, told the judge that he was merely looking for something to steal.

OUR LAND

Prepared by the Minnesota Soil Conservation Service in cooperation with University Farm, St. Paul

How About That Pasture?

Would you like to pasture your bluegrass permanent pasture a week to 10 days earlier this spring and be sure of enough good grass to prevent a drop in milk production? If your bluegrass sod is good and not too weedy, the application of 100 pounds per acre of ammonium nitrate or 200 pounds per acre of 10-10-10 broadcast just after most of the snow has melted from the pasture will greatly hasten growth of the grass. Harold E. Jones, extension soils specialist at University Farm, advises that a part of the pasture might be treated in this manner to permit good grazing a week to 10 days before it would normally be practicable.

Soil Building Helps

The average size of American farms grew from 171 acres in 1940 to 210½ acres in 1950. At the end of the same ten-year period there were 713,000 fewer farms, and 870,000 fewer persons worked on them. But even with fewer people working the land, production of major crops increased because of mechanization, greater use of fertilizer, new crop varieties, and a greater awareness by farmers of the need of building and maintaining soil fertility.

Land Appreciation

Anyone interested in Land Appreciation schools such as have been conducted in Minnesota during the past year may wish to get a copy of Form S-27, "Plan a Land Appreciation School," by Roger Harris and Harold Jones, soils men at University Farm. Copies may be obtained from county agents or the Bulletin Room, University Farm, St. Paul.

Worse than Fire

The three principal hazards of the forest are fires, insects and fungus diseases. But on farm woodlots heavy pasturing has proved even more destructive than fire, according to Parker Anderson, extension forester at the University of Minnesota.

Coat Problem

Modified swagger coats are being hailed by women as the answer to the one coat problem. These will fit over dress or suit easily because they have a modulated all-over flare, deep sleeve that give comfort and a bit of detail in their fur trimmed collar and cuffs.

Well Groomed

Just as wrinkle-resistant fabrics were popular last season, so are they now for the newer clothes. Add to that your darker colors for fall, and you have dresses that are marvelously easy to keep you looking well groomed.

Doctor Uses Magnet To Cure a Cough

SCHENECTADY—Dr. Arthur Q. Penta, noted broncho-esophagologist at Ellis Hospital, recently used one of the world's smallest magnets to remove a metal object from a patient's lung.

The doctor had a patient that originally complained of a wheezing cough, but an x-ray revealed that, of all things, a carpet tack was lodged in the narrow portion of his right lung.

The patient, a handyman around the house, carrying the tacks in his mouth had unconsciously inhaled one of them.

Removal of the tack by means of forceps proved impossible, and the only alternative seemed to be lung surgery with possible respiratory complications.

Then Dr. Penta thought up the magnetic answer. He had one designed and made. It is believed to be one of the smallest ever used in bronchoscopy.

Mr. and Mrs. Gunder Senum and Edvin visited the Winchester Mystery house of San Jose while they were out west. It was built by Winchesters' wife after his death. It took 36 years to complete and cost millions of dollars. There are gold and silver chandeliers and art glass windows and doors. The glass is inlaid with German silver and bronze and some are valued at $1000 each. The front door is valued at $2000. The building covers six acres and has 160 rooms. It has its own heating, lighting and water system.

Flattering Coats

Princess style coats have always been very flattering, but never more so than this year. Double stitching on top seams accentuates their slenderness as well as their smart lines and detailing.

O.K.

O.K., sometimes falsely attributed to General Jackson's faulty spelling for Oll Korrect, was first published on March 23, 1840 in the New York New Era as a reference to the Democratic club of New York City, so named in allusion to the fact that Van Buren had been born in Kinderhook, New York. The quote, which is the oldest Editor Mathews has been able to find, states: "The Democratic O.K. Clubs are hereby ordered to meet at the House of Jacob Colvin."

New Interest

Fabric interest continues to rise high as new fashions appear. Look for heavy crepe in dresses to wear for afternoons and the light, airy chiffons for evening. For keeping you warm during the cold days of winter there's nothing nicer than the textured and two-toned woolens.

Local Children to Be Guests of Elks May 1-2 at Youth [illegible]y Festival

National Youth Day Fr[illegible] May 1, recently proclaime[illegible] President Eisenhower, is observed in Thief River under the sponsorship of t[illegible] cal Elks lodge, the event designed to pay tribute [illegible] rising generation.

Walt Jung, chairman of the local observance, announced that free roller skating in the arena will be open to young people all day Friday.

In a ceremony in the Elks club rooms at 9:30 Friday evening, to be open to the public, four high school boys will be installed as city officials for a day, and Darlene Lee, Lincoln homecoming queen, will be honorary queen.

The boys to be installed by their official counterparts include Oliver Swanson, mayor; Roger Dorn, municipal judge; Larry Gilbertson, police chief; and Mike Hajostek, fire chief. The ceremony will be broadcast over KTRF.

Preceding and following the installation, the teen agers will be guests of the Elks at a dance, with music by Bob Sjulestad and his orchestra. Hot dogs and milk also will be be served.

Don Olson, manager of KTRF, announced that high school students will operate the radio station Saturday from 7 a. m. to 8 p. m.

As a climax to the festivities, another teen-age dance will be staged Saturday evening in the municipal Auditorium, with the young people as guests.

Elks Head Coming

SAM STERN

Grand exalted ruler of the B. P. O. Elks in the United States and prominent Fargo business leader, who will be the guest speaker at the annual spring roundup of the Thief River Falls lodge next Tuesday evening, May 5.

Judge Lundgren Talks on Hospital Plans Sunday at 3

In place of the panel discussion of hospital problems regularly heard over KTRF each Sunday afternoon at 3 o'clock, the half-hour next Sunday, May 3, will be devoted to a discussion by Judge Paul A. Lundgren, member of the Northwestern Hospital board of trustees, of plans for the development of the projected addition to the hospital building, as well as plans for financing the project.

Automobile and Farm Implement Fair Is Success

Drizzling Rain Fails to Dampen Spirits; $300 in Certificates Awarded

The farm implement and automobile street fair on LaBree av. last Friday, sponsored by local dealers in cooperation with the Civic and Commerce association, attracted a large number of interested spectators in spite of, or because of an all-day drizzling rain that prevailed.

Local observers expressed the view that, had it not been for the rain, local farmers would have been busy with field work and thus unable to visit the exhibits.

In addition to a large number of gleaming new automobiles, the display included a wide variety of farm tractors, combines, discs, drills and other kinds of farm machinery.

In the drawing conducted at 5 o'clock by a committee including F. E. Tunberg, O. E. Taxeraas and Chas. Krause, $300 in merchandise certificates were awarded.

Mrs. Gust Konickson of Rt. 4, Red Lake Falls won a $100 certificate for farm machinery repairs or accessories, while a $30 certificate was won by Marvin Koop of Rt. 5, city, and a $20 certificate went to Mrs. A. Austinson, Rt. 2, city.

Verner Arveson of Oklee was the winner of a $100 certificate for automobile accessories or repairs, with Henry Hovet of Goodridge winning a $30 award, and P. J. Lillevold a $20 certificate.

Valley Editors to Meet Saturday

The Red River Valley unit of the Minnesota Editorial association will hold its annual spring meeting at the American Legion club rooms in Bagley Saturday afternoon, May 2. Victor L. Johnson of Lake Bronson, president, announced this week. Expected to represent The Times at the meeting are W. E. Dahlquist, Clarence Mattson and N. A. Holen.

Delegates Report on Rotary Parley

Members of the Rotary club, at their luncheon meeting Monday noon in the Elks club rooms, heard reports by Lucian Krause and Dr. Edward Gilbert, who had been in attendance last week at a Rotary district conference in Fergus Falls.

Council May Call Election on Hospital Aid

Trustees Ask Council to Act to Make $200,000 Certificates Salable

Judge Paul A. Lundgren and F. A. Rinkel, members of the board of trustees of Northwestern Hospital, appeared at an adjourned session of the city council Tuesday evening to discuss financial and other details of the hospital building project.

The substance of their report is given in an official statement of the hospital board appearing on Page 19 of this issue of The Times.

The two men discussed the allotment to the hospital project by the council a year or more ago of $200,000 in certificates secured by the earnings of the municipal liquor dispensary. They pointed out that the certificates are of little immediate value in financing the project for the reason that financial firms are reluctant to buy them except at a huge discount, due to the uncertain nature of the security.

Judge Lundgren therefore asked the council to call a special election in which voters will be asked to put the city's credit behind the earnings certificates, thus making them convertible into cash.

The trustees reported that prompt action will be necessary, owing to the fact that the state department of health, thru which agency the $419,000 federal grant was obtained, had revised its schedule as set up previously, and now required that bids on the project must be called for before July 1.

After discussing the matter, the council voted to instruct City Clerk P. G. Pederson and City Attorney Robert A. Wurst to confer with T. G. Evenson, Minneapolis bond consultant, on details in connection with calling a special election to vote on a bond issue of $200,000, which would serve as collateral to the liquor dispensary earnings certificates.

State Convention of Does Here April 24-25 Termed Big Success

Highlights of the highly successful state convention of the B.P.O. Does held in Thief River Falls Friday and Saturday were a banquet in the Eagles Auditorium attended by more than 225 persons and an impressive public installation of newly elected officers and the exemplification of ritualistic work in the municipal Auditorium Saturday evening.

Officers installed included Mrs. Mary Alice Ross of Minneapolis, state chairman; Mrs. LaVaun Clinton of Thief River Falls, vice chairman; Mrs. Thelma Coons of Rochester, secretary; and Mrs. Mildred Gendler of Albert Lea, treasurer.

The installation ceremony was conducted by Miss Jeanne Christianson of Atlantic, Iowa, national president, assisted by Mrs. Nora Ferdinandson of Minneapolis, conductor, and officers of the Thief River Falls drove. All participants were gowned in white formals.

At the opening of the exercises the state officers were ushered to their seats by Thief River Falls officers with Mrs. Clinton as conductor. Members of the Alexandria drove effectively presented the Elks rest ritual, and the beautiful Flag Day ritual was exemplified by members of the Albert Lea drove.

Completing the program were short talks by Mayor Harry E. Simons and R. S. Eldevik, exalted ruler of the local Elks lodge, and the rendition of "God Bless America" by Harold Anderson, accompanied on the piano by Mrs. Theone Brown. A large and appreciative audience witnessed the ceremonies.

Mrs. June Emanuel officiated as toastmistress over the banquet which preceded the evening meeting. Mrs. Bea Nelson supplied music during the dinner hour, and Miss Marilyn Johnson presented a vocal solo, accompanied on the piano by Miss Floydeen Litstrom.

Speakers included Miss Jeanne Christianson, national president of the Does; Mrs. Elise Perkins, past national president; Alice Blacklin of Albert Lea, retiring state chairman; Mrs. Verna Noper, president of the Thief River Falls drove; Mayor Harry E. Simons and R. S. Eldevik.

At the annual business session conducted earlier in the day, the 1954 state convention was awarded to Austin. The 1953 national convention will be held in Orlando, Florida, in June, and the delegate from the Thief River Falls drove will be Mrs. Verna Noper, with Mrs. Clinton as alternate.

Nine new members were inducted into the Thief River Falls drove Saturday morning in initiation ceremonies exemplified by members of the Minneapolis drove.

No More Filings During Week for Education Board

Since the filing April 20, the opening day, of three candidates for the three posts on the Thief River Falls board of education to be filled in the annual election Tuesday evening, May 19, no additional aspirants have entered their names, Andy Williamson, clerk of the board, announced yesterday. Those who had filed previously include Dr. M. D. Starekow and Wm. Thompson, seeking election for three-year terms, and Al Purdy, candidate for a two-year term. Last day for filing is Thursday, May 7.

Municipal Tax Rate in TRF Near Lowest in State

With the exception of three Twin Cities suburbs, Thief River Falls has the lowest tax rate for municipal purposes of all Minnesota communities with a population in excess of 2,500, it is revealed in a tabulation in the April issue of the magazine published by the League of Minnesota Municipalities. The Thief River Falls rate of 18 mills compares with Crookston, 44 mills; Bemidji, 42.5 mills; International Falls, 69.93 mills; Detroit Lakes, 34.33 mills; and East Grand Forks, 52.70 mills.

National Head of Elks Order Here Tuesday

Grand Exalted Ruler Sam Stern to Be Honor Guest at Elks Spring Roundup

Sam Stern of Fargo, grand exalted ruler of the B.P.O. Elks in the United States, will be the guest of honor of the Thief River Falls club at its annual spring roundup next Tuesday evening, May 5.

R. S. Eldevik, head of the local lodge, announced that the evening's program will include a dinner in the club rooms at 6 o'clock, followed at 8 by an address by Mr. Stern.

The head of the nation's 1,100,000 Elks has been a member of the order for 42 of his 64 years. Long interested in the rehabilitation of the physically - handicapped, he was one of the founders of Camp Grassick, summer camp for physical therapy and speech correction operated by the North Dakota State Elks association. Mr. Stern has also been North Dakota state chairman of the National Foundation for Infantile Paralysis since its inception.

A prominent Fargo banker, Grand Exalted Ruler Stern has been a leading figure in the commerical development of that area.

Zehlians Sponsor Hobby Show May 1

Exhibits Shown Friday 1 to 9 p. m. in C. C. Room

The public is invited to attend a hobby show sponsored by the Zehlian art group of the Woman's Club of Thief River Falls on Friday, May 1st from 1:00 to 9:00 in the Civic and Commerce rooms.

The exhibition will include articles and collections supplied by hobbyists thruout Pennington county.

Any person interested in entering the show may register their articles on Thursday, April 30 from 1:00 to 5:00 and again on Friday morning from 9 'til noon in the Woman's Club rooms in the basement of the city Auditorium. Further details may be obtained by calling the Zehlian group chairman, Mrs. Rudolph Sagmoen.

Everyone is welcome to view these hobbies and coffee and cookies will be served during the afternoon.

Creamery to Start Making Cheese May 11

Wisconsin Man Engaged to Handle Department Making Cheddar Cheese

Following authorization given at the recent annual meeting, the Thief River Falls cooperative creamery will engage in the manufacture of cheddar cheese starting Monday, May 11, Tom Fuller, manager, stated today.

Cheese will be produced under the supervision of Ray Jorgenson, formerly of Wanderoos, Wisconsin, who has had 15 years experience in the field. Two extra men will assist him. The plant, said Fuller, will manufacture approximately two tons of cheese per day, which will be marketed thru the facilities of Swift & Co.

Installation of equipment, all of stainless steel, will be completed next week, and will be located on the second floor of the creamery building. The apparatus includes a new type of plate pasteurizer, with a capacity of pasteurizing and cooling 10,000 pounds of milk per hour.

Arrangements are now being made with local dairymen to deliver whole milk to the plant for use in making cheese. Fuller expressed the belief that the plant's butter output would not be materially diminished as a result of the new venture.

Welcome .65 Inch Rain Here Friday

Dry soil conditions prevailing this spring were relieved last Friday when a general rain fell thruout the Northwest, bringing this community .65 inch, according to the KTRF rain gauge. The moisture helped materially to turn pastures green. Highest temperature reading for the past week was 64 last Thursday, while a low of 28 was recorded Tuesday morning.

Local Clean-up Week Starts Friday, May 1

While the week starting April 26 has been proclaimed by Governor C. Elmer Anderson as Clean-up Week in Minnesota, Dr. O. F. Mellby, city health officer, has issued an order calling for the week of Friday May 1 to 8 to be observed in Thief River Falls.

At the same time, Dr. M. D. Starekow, speaking for the county board of health, ordered the observance of the week in the remainder of Pennington county.

In his proclamation, Governor Anderson stated:

"We in Minnesota are fortunate in being able to live in a state which has great natural beauty. And in our good fortune, we also have a responsibility to keep and maintain the many beautiful aspects of our state.

"By making a determined effort to keep our parks, our playgrounds, our streets and our own back yards clean, each of us can contribute to a more beautiful and healthful state. This we owe to ourselves and to generations which will follow us.

"If each citizen will do his part in cleaning up our state, a great deal can be accomplished, and I hope that every effort will be made to enlist everybody in this annual spring endeavor.

"I urge that all public officials, civic organizations and individual citizens assume a role of leadership in this project, so that Minnesota will become a better place in which to live."

Local Water Plant Gets Publicity

The thoroly modern Thief River Falls water treatment plant will receive nationwide publicity at the convention of the National Waterworks association in Grand Rapids, Michigan, May 10 to 15. At the request of the West Virginia Pulp & Paper Co., which supplies the local plant with activated carbon, Harold Johnson, chief operator at the plant, provided a picture of the structure, which is being enlarged into a huge photo mural and will be part of the paper company's display at the convention as an outstanding example of a treatment plant.

To Be Installed as City Officials Youth Day May 1

The four boys pictured above will be installed as city officials for Elks National Youth Day at a public ceremony in the Elks club rooms Friday evening, May 1, at 9:30, while Darlene Lee, also pictured, who was elected Lincoln Homecoming Queen last fall, will serve as honorary queen of Youth Day.

Police Chief Ken Judy will turn over his duties to Larry Gilbertson, shown at left; while next to him is Oliver Swanson, who will serve as head of the city government after receiving the official key from Mayor Harry E. Simons.

Second from right is Roger Dorn, who will be deputized as municipal judge by Judge H. O Chommie. Fire Chief Roy Langevin also will be on hand to welcome his counterpart, Mike Hajostek, shown at extreme right.

1,200 High School Musicians to Invade TRF Friday and Saturday

Fulbright Award Is Given Paul Sponheim

PAUL SPONHEIM

Paul Sponheim, son of Mr. and Mrs. William Sponheim of Thief River Falls, has been awarded a Fulbright scholarship for study in a foreign country.

Sponheim, a Concordia graduate of 1952 and now a student at Luther seminary in St. Paul, will spend a year of theological study in Denmark.

A 1948 graduate of Lincoln high school, Sponheim was a straight A student and valedictorian of his class. He also was valedictorian of the 1952 graduating class at Concordia.

Fulbright scholarships were originated by Senator Fulbright of Arkansas and are financed by the sale of war-surplus material to other countries. They provide tuition, maintenance and transportation from the student's home and back.

Jury Panel Is Drawn for May Term of Court

36 Names Are Selected; May 18 Tentative Date Set for Jury to Meet

A petit jury panel of 36 names was drawn last week for the new May term of Pennington county district court, which will open Monday, May 11, with the call of the calendar. Judge Paul A. Lundgren will preside. The spring term had formerly been held in March, but the date was changed by a recent legislative act.

Women Signing up for 'Sweethearts' Luncheon May 8th

First 70 Women over 70 to Register with Roche Will Be Guests at Party

Twenty four registrations had been made up to Tuesday noon by women of age 70 or older from thruout the Thief River Falls trade area who are eager to attend the second annual Pioneer Sweethearts luncheon Friday noon, May 8, in the American Legion club rooms.

With a strict limitation of 70 on the total number of guests, eligible women who wish to attend are asked to register at once by mail with J. M. Roche, secretary of the Civic and Commerce association.

Kern Olson, who officiated as master of ceremonies at the luncheon last year, will serve in the same capacity on May 8, it was announced. The Times next week will publish the detailed program.

Two-hour Parking in Effect Monday, Says Chief Judy

Local motorists who have made a practice of parking their cars all day on the streets in the downtown district were warned today by Police Chief Ken Judy that, effective next Monday, May 4, tickets will be issued to violators of the two-hour parking limit.

Winners in 4 District Contests to Compete in Area Event in This City

Approximately 1,200 high school students from 22 communities thruout Region Eight will invade Thief River Falls Friday and Saturday, May 1 and 2, to participate in the state area music contest at Lincoln high school. Entrants will be the winners of A ratings in the district contests held recently. The local event is one of six area contests currently being held thruout the state.

As a climax to the two-day event, a program Saturday evening at 7:30 will include performances by top-ranking soloists and ensembles in both vocal and instrumental divisions. The public is invited to attend and a small fee will be charged, it was announced.

Activities will get under way Friday morning at 10 o'clock, when instrumental and piano soloists will be heard, continuing into the afternoon with vocal soloists. Following will be heard vocal and instrumental ensembles, which will be heard until 8:30 p. m.

Bands and orchestras will be auditioned Saturday morning, starting at 9 o'clock, while starting at 1 p. m., choruses and glee clubs will be heard. The evening concert will conclude the festival.

Serving as judges of both vocal and instrumental offerings will be Frederick A. Schmitt of St. Olaf college, Northfield, and Ralph Mendenhall of Minneapolis. Norman Johnston of the Duluth schools also will judge vocal entries, and Victor H. Hardt of Stout Institute, Menomonie, Wisc., will also judge the instrumental offerings.

Break Ground for New Evangelical Church Structure

Ceremony Was Conducted Sunday on Building Site on Kendall av. at 3d st.

Last Sunday, April 26, marked an important milestone in the history of the Evangelical Free church of this city, for ground was broken for the new and larger church edifice the congregation will build on Kendall av. N. at the corner of Third st.

Andrew Norby, local contractor who donated the site for the building, will supervise construction, which is scheduled to get under way in the near future.

The ground-breaking ceremony opened with a song by the assembled congregation, followed by Scripture reading and prayer by Jesse Vedum, a trustee of the church. Anton Hall, chairman of the planning committee, presented a description of the edifice to be erected.

Following a prayer of dedication by Rev. J. O. Jacobsen, pastor of the church, Wallace Christensen, chairman of the congregation, broke ground for the new structure.

After a vocal duet by Naomi Jensen and Nona Jean Davis, accompanied on the accordion by Carol Ulshafer, the ceremony closed with a prayer by Waldie Christensen and the benediction by Mr. Jacobsen.

Grade "A" Milk Standards Topic of Meeting Here

Dairymen producing milk for Bridgemen Creameries were guests at the company plant Monday evening to hear reports on the requirements for grade "A" milk production and to discuss the possibility of meeting these requirements within a year.

William LaFave, plant manager, presided and opened the meeting with a statement on the need for meeting this higher standard if the company is to maintain its present outlets.

Explaining the state and federal standards covering grade "A" production and processing were Henry Wyman of the state department of agriculture and Chester Ness of Land O'Lakes.

Vows Exchanged at Community Church Friday

Arrangements of pink, yellow and white gladioli before a background of palms, provided a beautiful altar setting for the wedding of Miss Shirley Hunt, daughter of Mr. and Mrs. Gordon Hunt of Thief River Falls, and Eugene Borgie, son of Mr. and Mrs. Oscar Borgie of St. Hilaire, at the Community Church in this city at eight o'clock Friday evening, April 24. The double ring ceremony was performed by Rev. E. C. Medd in the presence of two hundred wedding guests.

Mrs. Max Jensen presided at the organ and served as accompanist for Mrs. Clayton Mathson, who sang "I Love You Truly" and "Because God Gave Me You." Escorted to the altar and given in marriage by her father, the bride was lovely in a gown of white satin, styled with beaded bodice and full length train. A beaded coronet secured her fingertip veil.

Over her prayerbook, she carried a bouquet of white feathered carnations centered with a lavendar orchid and tied with streamers fashioned into love knots. Her jewelry was a pearl necklace, a gift from the groom.

The bride was attended by Miss Beverly Larson as maid of honor, and the Misses Eldora Hoefer and Betty Bake as bridesmaids, wearing formals of pale green, pale pink, and yellow, respectively. They carried pastel colored muffs trimmed with corsages of pink roses and carnations, and their pearl necklaces with matching earrings were gifts from the bride. Susan Sorum, flower girl, also wore a pale green formal and her jewelry was a pearl necklace with matching bracelet, a gift from the bride.

Clayton Mathson of St. Hilaire, close friend of the groom, was best man, and the groomsmen were Lester Larson and Kermit Finstad, both of Thief River Falls.

The bride's mother was attired in a gray dress and the mother of the groom wore a tan suit. Each had a corsage of pink roses and white carnations.

A reception in the church parlors followed the ceremony, with Group 4 in charge of the serving. Waitresses were Edith Lindquist, Lyla Hanson, Beverly Swenson, Mrs. Charles Anderson, and Carol Gilbertson. Mrs. Eldon Larson and Mrs. Jerry Mickley arranged the gift table and Mrs. Joe Horejsh was in charge of the guest book. Mrs. C. L. Williams, aunt of the bride, cut the wedding cake, and Mrs. Gust Larson poured.

Mr. and Mrs. Borgie will leave May 1 for Milwaukee, Wisc. where the groom is employed by Bucyrus-Erie Co. Before her marriage, the bride was employed by Northland Seed and Produce of this city.

Out of town guests at the wedding included Mrs. E. Peterson, grandmother of the groom, from Minneapolis; Mr. and Mrs. Norman Berget and Lillian Peterson of Warren; and Mr. and Mrs. George Borgie of Fargo.

Allen Lee Narverud Marks First Birthday

Allen Lee, son of Mr. and Mrs. Arnold Narverud, was honored by relatives and friends on his first birthday. Sunday guests were Mr. and Mrs. Ben Mahla and Lucille of Plummer, Mr. and Mrs. J. A. Narverud and Donovan, Carol Bjerken, Martha Narverud, Mrs. Mary Otto, Mr. and Mrs. Jerome Larson, and Mr. and Mrs. Harold Hjelmeland. Those who called the following day to wish Allen a happy birthday were Mrs. Wally Tunberg, Tommy and Patty, Mrs. Ellsworth Jorgenson and Danny, Mrs. Lou Tierney and Timmy, Mrs. Teddy Jaeger, Greg and Linda.

Golf Club To Hold Dinner Dance Saturday

The Golf Club will hold their annual spring semiformal dinner dance Saturday, May 2, at six-thirty. As usual Mrs. Lawson and Mrs. Cloutier will be behind the scenes insuring members a delicious dinner, and Bea Nelson's quartet will be on hand at nine o'clock to supply music for the dance. Tickets are being mailed to members and there will be cards and prizes for those who do not wish to dance.

Mrs. Oscar Seeland Honored on Birthday

Musical Arts Choir Gets Enthusiastic Response

(By Lois Ekeren)

Subscribers to the Northwest Concert Association Artist Series experienced a real treat for the closing concert of the season, when the Musical Arts Choir of Washington, D. C., sang here last Sunday evening, April 26. A brief and informative history of the choir, which numbered nineteen singers for this concert, was entertainingly outlined by Othello R. Wilson, conductor.

The group was organized a little over twenty years ago in a small school in Virginia, where Mr. Wilson was the only teacher of ninety pupils, and reorganized after World War II, with some of the original members as the nucleus. These singers finance their tours themselves, and all concert proceeds go to a scholarship fund for Negro students. Knowledge of these facts, plus the realization that this is a volunteer, and hence not a strictly professional group, greatly enhanced the enjoyment and understanding of the program.

To open the concert, the choir sang a group of anthems not from the musical storehouse of their own people, but representative of several other races and styles. Particularly well-received was "As By Streams of Babylon," Campion-Dett, (the second hearing this, since it was done also by the Gustavus Choir with entirely different interpretation), the solo sung by a deep, husky contralto voice, which captivated the audience to such a point that part of it had to be repeated. These numbers all were objectively done and stylistically valid, and still the particularly wonderful and unique quality which we enviously associate with Negro voices was present.

The four Religious Folk Song Derivatives ran the gamut of emotional intensity from pleading and trust to ecstatic joy, and utilized twice the soprano soloist, who sang with a lilt and charm that was quite contagious.

The group of secular songs fairly sparkled with color and variety. The jazzy little "Music in the Mine," with its soprano descant, the most unusual arrangement of "Who Is Sylvia?" sung by men only, "Ain't It a Shame," which brought real laughter from the audience, the simple and delicate "Baby Mine," and "One World" (a special plaudit here for the accompanist)! made a unique group.

Probably closest to the singers themselves were the spirituals of the closing group—sung just as they "grew" throughout the history of the Negro people in America—some familiar, as "Deep River" and "Were You There?", others, such as "Let Us Cheer the Weary Traveller," not so well known, but certainly equally moving. The audience applauded so strenuously that the group generously offered four encores, "Dip Your Finger in the Water," "Honor" (a soprano solo), the brief and pointed "Sophomore's Philosophy," and "O Lord, I Done What You Told Me To Do."

As far as we can determine, this is the first time any concert performers have received such a wholehearted and openly enthusiastic response in Thief River Falls. We usually find ouselves lamentably reticent about expressing our enjoyment, but this group sang with such vigor and obvious sincerity and the emotional impact was so tremendous that the applause was entirely spontaneous.

It would indeed be a waste of time to discuss technical proficiency, because even though there was, in analysis, a lack of professional finish, that was not a part of their aim, nor consistent to expect. They achieved the most important single factor a musician can ever desire—to perform with a musical and emotional honesty that reaches people and conveys the intended message. Technique, however desirable, is only a means to this end. Those who heard this concert won't soon forget that thrill, and will certainly hope to experience it again.

Sharon Bugge Is Given Essay Prize by Woman's Club

At a special meeting of the Woman's Club held Monday evening, sixth grade students of the Plummer school took the members and their guests into the land of make-believe with a puppet show in the portrayal of three fairy stories. Between acts, the puppets played a piano solo, a violin solo, and sang a duet. Larry Laufman, who played the part of a puppet clown, was also on the scene before the plays and between acts. The scenery, stage, and wardrobe were all designed and made by the students.

Following the show, awards were presented to the winners of the conservation essay contest. Winner of first prize in the local contest and also first prize winner in the district was Sharon Bugge. Second prize was awarded to Donna Wik and third to Janeth Rux. After presentation of the awards, Sharon read her prize winning essay. Her prize will be a week's outing at Itasca State Park this summer with the winners in other districts.

Foresters Hold Installation of Officers April 21

St. Ann's Court No. 855 of the Women's Catholic Order of Foresters installed officers along with their regular meeting Tuesday evening, April 21, in St. Bernard's hall.

After a short business meeting chief ranger Winifred Wengeler presented Miss Christine Giefer, who conducted the installation ceremonies. The oath of office was given by Father Keough Patnode.

Chief Ranger Wengeler and installing officer Giefer were presented with corsages before the ceremony began.

Winifred Wengeler was installed as chief ranger; Florentine Kozojed, vice-chief ranger; Anne Hylden, recording secretary; Angeline Breznay, financial secretary; Frances Engelstad, treasurer; Zenda Conners, senior conductor; Mildred Gall, junior conductor; Barbara Votava, Mary Strom, and Mary Haider, trustees; Margaret Kotaska, inside sentinel; Elaine Pahlen, outside sentinel; and Father Patnode, chaplain.

Fancha Conners and Darlene Pahlen, members of the junior division, served as honorary conductors, while Ivadell Kleinvachter and Mary Thompson were honorary outside and inside sentinels, respectively. Agnes Williams was pianist.

At the close of the installation ceremony, vice-chief Kozojed presented chief ranger Wengeler with a gift from the court, and Miss Wengeler gave each of the officers a small corsage.

An enjoyable program was presented at the conclusion of the meeting. Mrs. Richard Mabey and Mrs. Harold DeMars sang a duet, and Mrs. Mabey sang two numbers, accompanied by Miss Leona Thompson. Miss Thompson than played Savino's arrangement of "Blue Moon." Agnes Williams gave a reading.

Lunch was served by a committee consisting of Mrs. Florentine Kozojed, chairman, and Mmes. M. M. Strom, Anna O'Boyle, Leonard Goulet, Emmett Mousley, and Miss Winifred Wengeler.

Couple Exchange Nuptial Vows at Terrebonne

Miss Merle Braaten, daughter of Mr. and Mrs. L. O. Braaten of Plummer, and Donald Gagner, son of Mr. and Mrs. Albert Gagner of Mentor, exchanged marriage vows Saturday morning, April 18, at St. Anthony's Catholic Church at Terrebonne. Rev. Father Paquin officiated at the double ring ceremony.

The bride, given in marriage by her mother, wore a gown of white satin with inserts of lace, a fingertip veil of matching lace, and carried a bouquet of red roses. Her sister, Mrs. Omer Violette of Buhl, was maid of honor and Mrs. Bill Claussen of Grand Forks was bridesmaid. The former wore a shrimp-colored formal and carried a bouquet of carnations to match, and Mrs. Claussen wore an aqua formal and carried a bouquet of deep violet carnations. Judy Carpenter of Plummer was flower girl and Skippy Gagner served as ring bearer. Omer Violette of Buhl attended the groom as best man and the groom's other attendant was Bill Claussen, brother-in-law of the bride.

Following the ceremony a wedding dinner was served in the church parlors. Mr. and Mrs. Gagner have left for Duluth, where they will make their home.

Pioneer Mayfield Resident Ends His Life Monday Night

Self-inflicted Gunshot Wound Fatally Injures John Nelson at Age of 58

John Nelson, 58, longtime resident of Mayfield township, died in Northwestern Hospital Tuesday morning at 1:45 from the effects of a .22 rifle bullet wound in his head inflicted by himself Monday night at 10:15 in his bedroom in the home of his brother Morris, with whom he lived. Both men are bachelors.

A coroner's inquest was convened Tuesday night by Dr. Theodor Bratrud, county coroner, assisted by Sheriff Arthur Rambeck and County Attorney L. W. Rulien. The jury ruled that Nelson had died of self-inflicted gunshot wounds. Testimony presented at the inquest revealed that the dead man had twice been committed to mental hospitals.

Nelson was born in Corn Valley, Wisconsin, October 30, 1894. At the age of four years he came to Hillsboro, N. D. and in 1905 to Pennington county where his parents homesteaded in Mayfield township. Since 1929 he has operated his own farm in that vicinity.

He is survived by the following sisters and brothers: Morris, Frank, Willie, and Mrs. Adolph Bolberg, all of Oklee; Mrs. Melvin Hanson, Hatton, N. D.; and Mrs. Ole Aasen, Clearbrook.

Funeral services will be held at Ebenezer Lutheran Church Saturday afternoon at two o'clock, Rev. Halvard Lie officiating.

Missionaries at Covenant Church

Mr. and Mrs. Gustaf Anderson, missionaries from Venezuela, South America, and their family, en route to Spokane, Wash., on furlough, will speak at the Mission Covenant church Wednesday May 6 at 8 o'clock p. m., said L. W. Lindholm, pastor. Mr. and Mrs. Anderson, he said, are to show pictures of their work in South America.

This year's Follies will be presented in the Grand Forks Central high school auditorium.

Red Lake County Rural Pupils See Sights in TRF

A large group of pupils from three rural schools in Red Lake county, accompanied by their teachers, made a tour of Thief River Falls Thursday afternoon, escorted by Don Olson of the public relations committee of the Civic and Commerce association.

The three teachers, who can be seen in the back row, include, left to right, Mrs. Myrtle Baril, District 130; Mrs. Thelma Dalley, Dist. 157; and Mrs Jim Casey, Dist. 17.

Among the stops made by the group were the Osborne-McMillan Elevator Co., Station KTRF, The Times, roundhouse, Hartz warehouse, airport and Land O'Lakes ice cream plant. The visitors enjoyed lunch at the Lincoln high school cafeteria.

Willard C. Fuller, Goodridge School Head, Dies Tuesday

Superintendent Dies Suddenly at Age of 61; Interment in St. Paul

Willard C. Fuller, superintendent of schools at Goodridge, died suddenly Tuesday morning at the age of 61 years. Funeral services were conducted by Rev. E. C. Mead at the Gulbranson Chapel at eleven o'clock this morning and the remains were shipped to St. Paul for burial.

Mr. Fuller was born at Mapleton, Minnesota, July 25, 1891. He attended Hamline and the University of Minnesota, earning his master's degree in the field of education. He married Miss Lillian Gebhard in St. Paul November 27, 1919.

He is survived by his wife Lillian, who was also teaching at Goodridge, and the following children, all of St. Paul: Patricia Ann, Richard, Charles, John, June, Mrs Marilyn Benson, Mrs. Harriet Hall, Mrs. Dorothy Huestis, Mrs. Katherine Murray, and Mrs. Jean Newell. Also surviving are his mother, Mrs. Phoebe Fuller of Minneapolis, and eight grandchildren.

RRV Optometric Assn. Met Sunday

The Red River Valley Optometric association met in Hallock Sunday, April 26. Among members present were Dr Orlon Belch, Dr. E. L. Gilbert and Dr. E. S. Amesbury of Thief River Falls. Reports were given by those who had attended the 1953 Minnesota state association convention held in St. Paul recently. Visual care of the pre-school child was the topic of the discussion that followed.

Funeral Services For Mrs. S. Metsa Held Wednesday

Final rites for Mrs. Sofia Metsa, of Middle River were held at the Finnish Lutheran church of Middle River on Wednesday afternoon, April 22, with Rev. C. O. Hanson officiating. Interment was made in the Finnish Lutheran cemetery. She had been in poor health for the past few years, and passed away Sunday morning, April 19, at the home of her son in law and daughter, Mr. and Mrs. Frank Rinkel.

Mrs. Metsa was born in Finland on January 17, 1870, and was 83 years old at the time of her death. She was married to Bernard Launa at Braahe, Finland in 1897 and in 1904 they came to America, locating at Soudan, Minnesota. Her husband passed away in Jan. 1909. In 1912 she was married to John Metsa at Soudan, Minnesota, and the same year they moved to Middle River, which has since been her home. She was a charter member of the Finnish Lutheran church and Ladies Aid.

Surviving are four daughters and two sons: Mrs. Frank Rinkel and Mrs. Edward Kusmak of Thief River Falls; Mrs. Jay Wilson of Morenci, Arizona; Mrs Fred Biskey of Sheridan, Wyoming; John Launa and Bernard Metsa, of Middle River. Other survivors include three foster children: Mrs. Rudolph Kusmak, Goodridge; Mrs. Wayne Scott, O'Fallon, Ill.; John Silvola, Middle River; a sister, Mrs. Hanna Ahlman, Arlington, Va.; and a grandson, James Biskey of Sheridan, Oregon.

Services for W. L. Rodman To Be Held Thursday

Wilson L. Rodman, a resident of the Oklee community since 1905 passed away at a local hospital April 24 at the age of 78 years. Funeral services will be conducted by Rev. Halvard Lie at the Oak Park Lutheran Church Thursday afternoon, April 30, at two o'clock.

Mr Rodman was born in the state of New York Feb. 3, 1875. He came with his parents to Fisher, Minnesota, in 1881, and three years later they moved to a farm in Hill River township near Fosston. In 1901 he was united in marriage to Ruby Peterson at Trail, where they lived until 1905 when they homesteaded on a farm near Oklee.

He is survived by his wife and twelve children: Roy of Faribault, James, Morris, Lyman, Marvin, and Clair, all of Oklee; Mrs Theodore Hamm of Highlanding; Mrs. Clarence Haskins of Cactus, Arizona; Mrs. Helmer Myre, Mrs. Harold Haugen, and Miss Pearl Rodman of Oklee, and Mrs. John Lindemoen of Argyle. Also surviving are 27 grandchildren and three great grand children. Besides his parents, an infant son preceded him in death.

Use of Weapons Banned in City

Complaints were received at a meeting of the local safety council Monday evening of careless use of .22 rifles, airguns, slingshots and bow and arrows in this community. Police Chief Ken Judy issued a warning to children and adults, calling attention to the fact that the use of these weapons within the city limits is forbidden by ordinance as being hazardous to the public.

Found Guilty of Drunken Driving

Robert Bye of Goodridge, who pleaded innocent to a charge of driving an automobile while under the influence of intoxicating liquor when arrested by police Friday on Highway 32 in this city, was found guilty Tuesday afternoon when tried by Judge H. O. Chommie. He paid a fine of $100 and $5 costs.

Mrs. Olena Olson Laid to Rest in Holt Cemetery

Funeral services for Mrs. Bertha Olean Olson, who passed away at Seattle on April 21, were held at Zion Lutheran church at one o'clock Tuesday afternoon, with Rev. Walter M. Pedersen officiating. Burial was made in the Holt cemetery. Mrs. Olson, a resident of Thief River Falls until 1912, had been making her home with her daughter in Seattle, and was 73 years of age at the time of her death.

Mrs. Olson was born in Goodhue county February 14, 1880, and came to Pennington county when a young girl. She took nurses training at Crookston and was later employed there as a nurse. In the summer of 1910 she married Carl Engebretson at Holt and they established their home on a farm north of there. Mr. Engebretson passed away in 1918. Her second marriage to Morris Olson took place in 1926 and he preceded her in death in 1933. The deceased was a member of the Zion congregation and Zion Ladies Aid.

She is survived by a daughter, Mrs. Clarice Brossart of Seattle, and a son, Clifford Engebretson of Aitkin, Minnesota. Three grandchildren and a brother, Edward Finn of rural Thief River Falls, also survive.

Crippled Children to Be Examined at Clinic Here Saturday, May 9

If your child has or seems to be developing a crippling disability, your best first step is to consult your own family doctor.

This information for parents comes from the crippled children services of the State Division of Social Welfare, which is conducting an orthopedic clinic Saturday, May 9 at Thief River Falls to serve children of this county and four other counties. Hours are 8 a. m. to 2 p. m., and the place is Lincoln high school.

"If you want to bring a child to the cline for the first time, it is wise to obtain a referral from your own physician," the announcement states. "He knows most about your child's condition and can often give information *helpful to the orthopedic specialist.*"

Children who have been under care of the crippled children services or Gillette hospital are not expected to report at the clinic unless they have received special notices, it is announced.

Purpose of the field clinics, according to Dr. F. F. Callahan, chief of the medical services unit of the Social Welfare division, is to help provide any needed medical and surgical care for boys and girls under 21 years of age who have crippling handicaps. These may have resulted from diseases of muscles, bones or joints; may have been present at birth, or may have been caused by accidents.

Children attending the clinics are examined by an orthopedic surgeon and a pediatrician. *Young people, from 14 to 21, have* an opportunity to talk with a counsellor from the state division for vocational rehabilitation regarding job training and placement.

Any parents wishing further information may contact a public health nurse in this area or write to the Crippled Children Services, state division of social welfare, 117 University avenue, Saint Paul 1, Minnesota.

Mayor's Proclamation of Elks National Youth Day

Whereas, President Dwight D. Eisenhower has proclaimed May 1st National Youth Day and urged that it be so observed throughout America,

Whereas, May 1st has been set aside since early generations for a time of gladness, of joy and merriment, and the outbreak of new life and beauty,

Whereas, The Benevolent and Protective Order of Elks of the United States of America, in recognition of the virtues of our fine, intelligent and able youths, the future citizens of our great nation, have proclaimed May 1st, Elks National Youth Day,

Threfore, I, Harry E. Simons, Mayor of the city of Thief River Falls, do hereby proclaim Friday, May 1st, National Youth Day in this city and enthusiastically endorse this program to honor and encourage the youth of today as they prepare themselves for their responsibilities as leaders of tomorrow, to demonstrate to our young people that we are proud of them and of their achievements and contributions to our community and that we are confident that they will carry on in the American tradition. "Keep May Day American."

HARRY E. SIMONS, Mayor

Many Fire Alarms During Past Week

Little Damage Results from Majority of Blazes

The fire siren continued to blow frequently during the past week, with small damage resulting from the majority of the blazes.

When a neighbor attempted to burn leaves in the alley, the garage in the rear of the Dr. M. D. Starekow home at 301 Crocker av. N. caught fire last Wednesday, the blaze being extinguished, with only little damage resulting.

A short circuit in the radio set on a car belonging to Chris Klopp, 706 Arnold av. N., resulted Wednesday in a fire that caused considerable damage to the dash and burning out the radio and wiring system.

Burning grass last Thursday ignited a telephone pole on Arnold av. at Thirteenth st., while Friday the firemen were summoned to 303 State av. N., where an oil burner became flooded, creating considerable smoke and soot.

Monday the firemen were called to the Elde farm three miles north of this city, where a grass fire endangered the barn until brought under control.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Learning to Share

Children who are just beginning to play together are likely to seem rude and possessive with their toys. Parents may be worried for a time, fearing that their youngsters will continue to be selfish or bullying sort of person, but this sort of worry is relieved when we look at the process of learning to share. If we think of a five year span of time, for example, this early stage of "grabbiness" can be seen as a part of the process of social learning.

At the earliest ages at which children play together, probably it is best to be rather tolerant of the "grabbing" activity. Forcing a young child to give up his prize possession to another, when he is still too young to comprehend explanation, may make him feel that everyone is "against" him. He needs some time to learn about the feeling of something belonging to him, after all.

It is slightly different situation when a child not only dislikes having to share his own toys, but insists also on taking toys away from other children. Sometimes an energetic, forceful child gets quite accustomed to being able to dominate his playmates, and then it may be harder to change his behavior.

Often it will help if such a youngster spends some play time with children a little older than he is; their larger size and greater experience will help them defend their property more successfully.

Similarly, a young child who is especially timid and permits others to overwhelm him with their snatching of his toys may need some experience with a few children who are not so aggressive; then, with time to pratice, he will generally learn to stand up for his rights.

Sharing begins to "make sense" to the child at about the age of three, especially if parents offer some guidance. Commands to share aren't very helpful. Better methods are to encourage taking turns, and to provide toys and activities which involve cooperative effort to be the most fun.

To Speak in City

DR. ARNOLD T. OLSON

President of the Evangelical Free Church of America, will be the speaker at the Northern Minnesota Young People's conference, to be held in the local Evangelical Free church Saturday at 8:00 p. m. and Sunday at 11:00, 2:30 and 7:45. Dr. Olson is a forceful and interesting speaker. He was infantry chaplain in World War II, and also headed the speakers' bureau for civilian defense in New York's Richmond Borough.

QUESTIONS answered for VETERANS

THE VETERAN ASKS:

(This service is based on questions asked at Veterans Administration offices in the State. Answers are supplied by VA.)

Q: I am a disabled veteran taking training under Public Law 16. After I finish my course, will VA find me a job?

A: Under the law, VA's primary responsibility is to restore your ability to earn a living, in spite of your handicap. When you are ready, VA will refer you to a state or federal employment agency which will help you find a job.

Q: I want to buy a house with a GI loan. Can you tell me why it's necessary to have the house appraised by VA?

A: The law requires that the purchase price of your house must not be more than the reasonable value, as determined by proper appraisal made by an appraiser designated by VA.

Q: I am a World War II veteran in training under the GI Bill, but I am now in a hospital with a broken leg. Even though the cut-off date has passed, will I be permitted to resume my studies after I get out of the hospital?

A: Yes. But you must resume your training within a reasonable time after you recover from your injury. You should check with your VA regional office as soon as you can, to learn what would be considered a "reasonable time," in your case.

Q: Is it possible to pay National Service Life Insurance premiums on any other basis than every month? I find it quite a bother to make out a check each month.

A: Yes. Premiums may be paid annually, semi-annually or quarterly. In fact, it's cheaper that way. Your VA insurance office will be glad to supply all details.

Deep Well Cookers

Insulated lids on deep well cookers should never be immersed in water but should be carefully wiped off with a clean, damp cloth after use. The lid may be left ajar when the cooker is not in use, to keep cooker fresh.

Pond Weeds

Summer is an excellent time to get rid of pond weeds, such as cattails and water lilies. Use a strong ester type of 2,4-D on the exposed leaf surface. Repeat spray application when new growth appears.

"Charley's Aunt," Junior Class Play, Offered May 5 & 6

Hilarious Comedy to Be Presented in Lincoln High School Auditorium

"I'm Charley's aunt from Brazil where the nuts come from," so says Don Ueland as Lord Fancourt Babberly in the junior class play, "Charley's Aunt," which will be presented Tuesday and Wednesday, May 5 and 6, at 8 p. m. in Lincoln high school auditorium.

Yes, "Babbs" poses as a woman to help out his buddies at Oxford. Jack Cheaney (Lyle Guttu) is violently in love with Kitty (Gail Brown), and Charles (Larry Larson) is equally in love with Amy (Bunny Anderson). These boys invite the young ladies to their rooms for lunch—and to meet Charley's aunt, but the wealthy old lady sends word that she can't come.

Since Brasset, the butler, played by Les Sabo, isn't acceptable as a chaperone, Lord Babberly is forced into wearing a black satin dress complete with wig, lace fichu, and mitts, and introduced to the girls, their guardian, Mr. Spettigue (David Thompson) and Jack's father (played by Robert Scultthorp) as "Charley's Aunt." Then the real aunt, played by Iris St. Martin, and her ward Ela (Judy Ferber) turn up to complete the picture of comic confusion.

Student directors for the play are David Thompson and Kathy Flom; direction by Miss Patricia Hoffman.

"Charley's aunt needs a little help," said Miss Hoffman. "If you have an old top hat, will you call the speech department at Lincoln high today?"

Jerry Claffy in NDAC Play Cast

Minnesota towns are liberally represented by North Dakota Agricultural college students appearing as members of the cast or production crew of the 1953 Bison Brevities, annual stage production of NDAC.

Brevities are sponsored each year by Blue Key, student service organization. Nearly 200 students will take part in this year's presentation, with eight acts of music, dancing and comedy scheduled in the review.

Jerry Claffy, Thief River Falls, will appear in a fifteen-minute skit produced by Kappa Psi fraternity.

MSTC DRAMATICS CLUB ELECTS ANGELINE VRAA

Don Short of Pelican Rapids has been elected president of Dragon Masquers dramatics club at Moorhead State Teachers College. Other officers elected are John Soeth of Moorhead, vice president; Angeline Vraa of Thief River Falls, secretary; Gordon Aas of Pelican Rapids, treasurer.

Red Cross Blood Donations Reach 55 Pct. of Quota

Pennington Co. Chapter Chairman Voices Regret over the Poor Response

Regret that only slightly more than one-half of the blood donor quota of 500 pints had been achieved during the stay of the Great Northern-Red Cross blood procurement car in Thief River Falls April 20 to 24 was expressed this week by Herman A. Kjos, chairman of the Pennington county Red Cross chapter.

With a quota of 100 pints of blood per day, the day-by-day donations were reported as follows by Alvin Christofferson, blood procurement chairman: Monday, 33 pints; Tuesday, 41; Wednesday, 56; Thursday, 61; and Friday, 82; making a total of 273 pints, or 55 per cent of the quota.

The poor showing, Kjos stated, is regrettable particularly since all blood collected is destined for the treatment of wounded servicemen in Korea.

Alvin Christofferson voiced thanks to all who contributed blood, to the many women who gave freely of their time and energy to assist with the local program, and to Mrs. L. B. Hartz, Mrs. Andy Williamson and Mrs. Margaret Race for the efficient manner in which they operated the canteen.

Northern Region Firemen's Session Attended by 135

Bemidji Chief Criticizes Governor for Discharge of State Fire Marshal

Following a dinner served to 135 guests in the Civic and Commerce rooms, the Northern Region Firemen's association held its annual spring meeting last Thursday evening in the city Auditorium.

Mayor Harry E. Simons welcomed the visitors to Thief River Falls, and a group of songs and instrumental numbers was rendered by Mrs. Max Jensen and Mrs. Jessie Miramontes. Leonard Goulet showed a film describing the correct use of smoke masks.

Ole Ness, veteran member of the local fire department and ardent fisherman, was presented with a giant fish hook to use on fishing expeditions when he makes his projected visit to Norway.

Pete Johnson, chief of the Bemidji department and president of the Minnesota Fire Chiefs association, accused Governor C. Elmer Anderson of having played politics in his recent discharge of A. Herbert Nelson from his post of state fire marshal.

C. A. Cherry, deputy state fire marshall of Detroit Lakes, spoke on "Fire protection thru ordinances," and also discussed diking around gasoline storage tanks.

It was announced that the next meeting of the association will be held in Bemidji July 26.

Sheep Parasites

Now is the time to get your sheep flock free from internal parasites. This should be done before letting them out on pasture this spring. Infestations come while the animals are on grass. In this area the cold winter destroys most of the eggs left from last year, however, if the sheep are not clean they will soon spread the parasites over a new area. There are two types of treatment: Phenothiazine or a copper and nicotine sulphate solution. Phenothiazine may be given as a capsule mixed in feed or as a drench. For a drench mix 1 pound of drench grade phenothiazine in 4 pints of water. Use 4 ounces for mature sheep and 2 ounces for lambs. Do not treat pregnant ewes within one month of lambing.

The past two years tapeworms have shown up in a number of Pennington county flocks. To control them you must use the copper sulphate and nicotine sulphate solutions. If you have been disappointed in your results with phenothiazine it may be that you have some tapeworm. For a drench use a solution of 4 ounces of copper sulphate and 3 ounces of nicotine sulphate in 3 gallons of water.

Goiter Trouble with Lambs

Albert Kotrba was in the other day and said he was having some goiter trouble this spring. This shows up with weak lambs. Many of them will be large and some will have swellings at the throat and difficulty in breathing. This will be very weak and death losses will be high. Goiter has shown up in Pennington county a number of time and is due to shortage of iodine. Be sure you have iodized salt before your sheep at all times. There is no cure for goiter. It has to be prevented.

Starting a Garden

This time of the year everyone seems to be interested in starting a garden. Just a few tips in helping you make this a success. Apply barnyard manure (well rotted) to 3 to 4 bushels per 100 square feet. Use the starter solution in setting out transplants. Dissolve ½ cup of complete fertilizer in a gallon of water and use ½ cup of this solution to each plant at planting time.

Why not try some new varieties this year such as salad bowl lettuce, king red beets, and Cherokee potatoes. If you are freezing, of course, be sure to use varieties tested and suitable for freezing. Treat your seed with orason or spergon, this will prevent your plants from diseases and fungus in the seedling stage.

WARREN STUDENT RATES HIGH IN STATE CONTEST

James Strandberg, senior Warren high school student, received an "Excellent" rating in the discussion division of the Minnesota High School League speech contests held at Hamline University, St. Paul on April 17. James represented Region 8 at the state session. He was accompanied to St. Paul by his speech advisor, Miss Marjorie Bryden.

SOUTH ST. PAUL LIVESTOCK MARKET REPORT MONDAY

Slaughter Cattle and Calves

A dip of 12,000 head in marketings of cattle at 12 principal centers on Monday had a generally overall bullish effect. Most markets reported substantially higher prices for slaughter steers and heifers, but advices from eastern dressed beef centers were rather mixed. At Chicago steer beef was steady to $1.00 higher, while New York reported steady to 50c lower prices. Local supplies were just a few hundred head under last week. Slaughter steers and yearlings made up bulk of the offerings, cows accounting for scarcely 20 percent of the run, while stocker and feeder classes amounted to less than 10 percent. Trading on slaughter steers and heifers showed good activity from the start. Prices ranged strong to 50c higher than last week's close, most sales showing the full advance. All grades and weights shared in the maximum upturn. The cow market showed slight irregularity. All beef cows unless overfat were active and steady to strong, while Canner and Cutter grades sold generally steady. Bulls and vealers were fully steady, both classes being active. Trade in stocker and feeder cattle and calves held about steady with last week's close, but there was no breadth to demand.

Special Attention

Collars and cuffs need special attention before regular laundering if they're to be kept in the peak of condition. Dip a stiff brush into suds made from ½ cup soap flakes or detergent and two cups of warm water and rub the badly soiled places to loosen and remove dirt.

Bermuda Cedars

For more than three centuries, Bermuda cedar has played a large part in the lives of the islanders. Until they learned to build their houses from the Aeolian limestone just beneath their soil, they built with the fragrant cedar. In cedar ships, they attacked Spanish galleons making their easting in Bermuda latitudes. They have long made cedar ornaments and furniture. The custom of celebrating births, weddings, and other events by planting commemorative cedars has been practiced for years.

More Blindness

Since 1938 there has been a sharp increase in blindness from prenatal and hereditary causes. This is mainly due to retrolental fibroplasia, a disease of unknown origin which usually strikes only premature babies. It now accounts for more than 50 percent of blindness among pre-school children in some states.

Stain Remover

Fresh tannin stains may be removed by soaking in cold water. Follow this with thorough washing and rinsing. If this doesn't work soak in two tablespoons hydrogen peroxide with a gallon of water for half an hour

Bemidji High School Wins '53 Sioux Relays

Coach Mike Legather's Bemidji Lumberjacks, revealing exceptional strength in the jumping and the field events, rolled up a decisive win in the seventh annual Sioux Relays track and field tournament at Grand Forks on Saturday.

Bemidji, with Dick Patten and Harold Drescher sharing the individual honors, racked up a total of 45 1/5 points to gain a 26⅕ point margin over the runner-up Moorhead Spuds, who totaled 19 points. Detroit Lakes, with 18 1/5 points, earned third place; and the Fergus Falls Otters, with 17 points, gained fourth place.

Bemidji's Elmen Johnson, with a leap of 5 feet, 10 7/8 inches, bettered the high jump mark of 5 feet, 10¼ inches set by Bismarck's Dick Addington last year. The Prowlers' Wayne Kotaska picked up a tie for fourth place in the high jump event.

Joey Poole tied for fourth place in the pole vault to give the Prowlers their 2 1/5 point total, with he and Kotaska being the only Prowler point winners.

In an event that was limited to North Dakota athletes (the javelin throw has been discontinued as a Minnesota high school track event) Fargo Shanley's Jerry Barrett made a toss of 163 feet to set a new javelin throw record.

Prowler coach Quentin Jones will take his track squad to Bemidji on Friday where they will participate in the 11th annual Beaver Relays.

The team scoring total in the Sioux Relays were as follows: Bemidji, 45 1/5; Moorhead, 19; Detroit Lakes, 18 1/5; Fergus Falls, 17; Lisbon, 12, Wahpeton, 12; Pelican Rapids, 11; Fargo Oak Grove, 10 2/5; Fargo Shanley, 9; East Grand Forks, 7; Barnesville, 6; Grand Forks Central, 5; Warren, 5; Larimore, 5; School for the Deaf 4; Casselton, 3; Thief River Falls, 2 1/5; Ulen 2; Fordville, 1; and Cavalier, 1.

AIRPORT NEWS

Chris Kierk is an airplane owner again, having just purchased a part interest in Hans Anton's Luscombe.

Knute Grahn and Tony Bohlinger from Roseau were airport visitors last week.

Donald Lee Paro from Duluth flew in Saturday night with his Mooney Mite, visited with relatives here, and left again on Sunday morning.

Beau Young from Grand Forks was here Saturday afternoon on business. He was flying a P. T. 26.

Chris Kierk and Chet Matthews made a trip to Grand Forks Monday in the Luscombe.

Les Ringstrand and Frank LaFleur flew the Cub to Grand Forks on Monday.

Bud Chambers and Phyllis West from Grand Forks, flying a Taylorcraft, were Sunday callers at the airport.

Bob Jones and Howard Lamberson from Warren flew over Sunday in a Luscombe.

Another Sunday visitor was Connie Chandler from Euclid. He was flying a Cub.

Mr. and Mrs. Ken Sembrick and family are leaving soon to make their home at Shakopee, where Ken is employed as A & E mechanic for American Aviation.

A breakfast flight is scheduled at Grand Forks next Sunday, May 3rd. Several fliers from here and surrounding airports plan to take part.

To enable more people to fly, plans are under way to organize a flying club. If twenty-five or more fliers can be signed up, the initial membership fee and cost per flying hour will be reasonable enough so that anyone can afford to belong. For further information, contact Chris Kierk at the municipal airport.

Local Firemen at State Fire School on U of M. Campus

Latest developments in fire fighting and prevention in both rural and urban areas are being discussed at the Minnesota state fire school April 27-May 1.

General sessions are in Coffey hall on the St. Paul campus of the University of Minnesota. Heavy equipment, loaned by agencies co-operating in conducting the school and fire departments in the Twin Cities area, is being demonstrated on the state fair grounds.

More than 200 firemen attended, including Francis Cloutier and Albert Lafrenz of the Thief River Falls department.

Sponsors of the school are the University's office of agricultural short courses and the general extension division.

Thieves Face Alvarado in 1st League Tilt

R. R. Valley Baseball Loop Opens Its Season with Four Games Sunday

The Red River Valley baseball league will begin play on its 1953 schedule on Sunday, with games being slated for Thief River Falls, Shelly, Crookston, and Nielsville. Alvarado, rated as a title contender, will play the Thieves at Thief River Falls; the Warren-Argyle Twins will meet Shelly; the defending champion Red Lake Falls Lakers will play the Crookston Pirates; and Viking will travel to Nielsville.

The Crookston Pirates, boasting an all-veteran lineup, and managed by lefty Kenny Dupuis, has been installed as an odds-on favorite to win the league title. The Pirates played the Grand Forks Chiefs of the Northern league in an exhibition game, losing by a 10 to 5 score. Crookston has secured the services of Bill Anderson, a righthander who formerly pitched for the Detroit Lakes Lakers, and he, together with southpaw Dupuis, will provide the Pirates with a first-rate pitching staff.

The Thieves will move into their schedule-opening with a re-vamped and untested lineup. According to present plans, Lefty Phil LeGault will take the mound against Alvarado, and Bud Olson will do the catching. Shorty Perkins is slated to cover first base, with Joey Poole at second, and Wayne Gothe at shortstop. Larry Gilbertson or Sid Vraa will be at third base, depending upon the pitching that Alvarado sends against the Thieves. In the outfield, Swede Lund, Gerry Stephens, and Jack Hoppe are the probable starters. There is a possibility that Gene Leslie, who played with Warren-Argyle last year, will join the Thieves. Leslie would add considerably to the infield strength, and he would also provide the locals with right-handed pitching.

No. Central Line to International Falls Opens June 1

North Central Airlines service to International Falls June 1 will consist of two round-trip flights daily via Hibbing and Duluth, Howard A. Morey, airlines president, reported today.

"The new service will be a 'commuter' operation with the two round-trips originating at the border city," he says. "It will be a seasonal schedule, from June 1 through Sept. 30.

"Recent improvements to the municipal airport, specifically construction of new runways, lengthening and re-surfacing others and installing lighting equipment for night operations, have made airline service to the Falls possible," Morey says.

Although exact flight schedules have not yet been determined, plans call for an early morning departure from International Falls, a mid-day return trip, an afternoon departure and a late-evening return.

Keeping Score with "Huck" Olson

The League Opener

The Thieves will be making their debut as a member of the Red River Valley baseball league on Sunday afternoon when, in a game slated for the Fair Grounds diamond, they meet a highly-regarded Alvarado team in the 1953 schedule opener.

A May 3rd opening date for league play is about the earliest that we can recall a local team beginning a baseball season. It's probable, too, that that May 3rd date will prove to be too early for the young and inexperienced Thieves who will enter Sunday's game as the short-enders.

The Alvarado Farmers, with right-handed Bergman and southpaw Lefty Hegland, will be able to throw some powerful pitching against the Thieves. The Red River Valley loop was a pitcher's league last year, and the indications are that it will be a hurler's circuit again this year.

The Thieves will perhaps rely on the pitching of Phil LeGault for the opener, with Swede Lund being available for relief duty. Lund or Bud Olson will be behind the plate, with Joey Poole, Shorty Perkins, Wayne Gothe, Sid Vraa, and Larry Gilbertson slated for infield play.

Gerry Stephens, a newcomer to the local team, having moved here from Staples, shows promise of being a stand-out flychaser. If Bud Olson, who played with Warroad in the state tourney and is the athletic coach at Karlstad, is available for the catching job, Lund will shift to the outfield.

Local baseball fans would give the Thieves' morale a big boost by being in attendance at the league opener on Sunday. There's plenty of room at the Fair Grounds.

The Early Worm Tournament

Warren's Riverside golf club is conducting a shortstop tournament on Sunday, May 3rd. If the weather on Sunday is unfavorable, the shortstop will be postponed until May 10th.

Percy Gilbert, who is in charge of the entry list, and who may be reached by calling 359 on the Warren exchange, states that fishing tackle prizes will be awarded to the flight winners, runners-up, and consolation winners.

This tournament will give the "morning glory" golfers, the fellows who have had the benefit of indoor swinging and carpet putting, to bag some prizes before the mid-summer boys get their games under control.

Hockey

While we are moving into the baseball season down here, the Canadians are still enjoying ice hockey. The St. Boniface Canadians and the Barrie Flyers are in the finals for the Memorial Cup, the trophy that is the emblem of Canada's junior hockey championship. Playing at Winnipeg on Monday night, in the first game of the best-of-seven series the Barrie Flyers, scoring three goals in the third period, defeated the Canadians, 6 to 4. Gary Blaine, the youngster who played several games with the Hallock Lions of the Northwest league this past season, is a member of the St. Boniface club.

The second game of the series will be played at Brandon tonight, and the third game, too, is slated for the Brandon ice. The fourth and fifth games are booked for Winnipeg.

A Warning

The brook trout fishing season opens one hour before sunrise on Saturday, and it's only fair to warn Martin Gulbranson and Al Berge that "squatters" intend to move into the Naseth creek territory a couple or three hours before sunrise to stake out claims to the most productive stretches of the creek.

Martin and Al contend that they, due to having fished the creek for years and years, are entitled to seniority rights. Martin, in particular, will be in an owly mood if he finds a fisherman or fishermen dangling angleworms in that "secret" pool of his. Well, Martin shouldn't take any bets that he won't be having "company" on Saturday.

They're the Champs

The men's city bowling leagues concluded their 1952-53 schedule on Thursday night when the Commercial league rolled off its final series. The American Legion team—Kenn Rustad, Bud Brossoit, Glen Bjerke, Duane Olson, Joe Larson, and Del Harbott—won the Service league title by a margin of three games over the runner-up Plummer squad. In the Tuesday night Business League, Gerry Carriere's Middle River team—John Meland, Gust Qualey, George Hill, Squire Holmes, and Carriere—gained the league championship by a one-game margin over the V. F. W. team. In the Commercial league, the Eagles—with Harold Johnson, Elmer Poole, Chuck Krause, Lloyd Hanson, Art Langseth, Emil Dostal, and Berdeen Nornes on the roster—edged out the St. Hilaire team, winning first place by one game.

Only in the Friday night bowling, with the Northern Woodwork team winning the first and second place teams, the Woodworkers, with Arn Wysoski, Kenny Rustad, Ray Olson, Ben Miramontes, Howard Hoel, and Myhrer on the squad, had quite a "cushion" over the runner-up Northern Chevrolet team.

Of the four league championship winners, it's our opinion that the accomplishment of Gerry Carriere's Middle River team in winning the Business league title, was the most noteworthy. It's agreed that the Business league was the city's hot-shot circuit, and the Middle River club had to turn back the persistent challenges of the Vets and the Hartz Office teams in order to win. They did that job.

Plummer Junior Class to Present Comedy Thursday

"Let Me out of Here" to Be Given at 8 p. m. in the Community Hall

"Let Me Out of Here," the Plummer high school junior class play, is to be presented at 8 p. m. Thursday, April 30th, at the Plummer community hall.

The three-act play is a farce-comedy with plenty of action. Bona Lynn (Rhoda Newstrom) and Eve Boyd (Phyllis Dobson) work together as typists and share a little two-room apartment. Bona has a handsome brother, Garrett (James Kopp) whom Eve would like to meet. Eve has a wealthy aunt (Joanne Kapler) who wants Eve to be independent. But Eve has led her aunt to *believe she is attending* an exclusive girl's school when she is really working at a job.

Gifford Morton (Bill Peterson) is an eccentric young man who is a poet and author as well as a suitor for Eve's hand. Bessie Rhodes (Beverly Burstad) a snoopy landlady; Hazel Miles (Barbara Clausen) a colored maid; and Stevie, the elevator boy (Andy Wichterman) are all characters who get into the complications as the play moves on at a swift pace.

Victor Ward (Robert Dube) and Marshall Ward (Neil Craft) attempt to close an important business deal in the midst of all the tangles that develop in the action of the play.

Watchtower Bible Representative Speaking in City

During this week the Thief River Falls congregation of Jehovahs Witnesses with headquarters at Kingdom Hall, 523 N. Knight Av. will have as their guests Mr. and Mrs. W. E. Sherwood, graduates of the New York Bible School of Gilead. Mr. Sherwood is an ordained minister and Bible lecturer representing the Watchtower Bible and Tract Society Inc. of New York City.

A series of instructive Bible talks are scheduled for this week at the Kingdom Hall. Friday evening's program will consider ways of furthering the public service work of home Bible education locally.

A special feature of the program will consider the international aspect of the Witnesses' Bible educational work.

A week of home visitation of the people of Thief River Falls and vicinity will be climaxed by a talk on "Practical Love In A Selfish World" to be delivered by Mr. Sherwood Sunday afternoon at 2 p. m.

Legislature Ended Term Apr. 21 without Covering the Clock

For the first time in the memory of the oldest legislator — and possibly in the history of the legislature—Minnesota's lawmakers finished their work on time Tuesday night of last week.

Racing against the clock, the Senate passed its final bill at the stroke of midnight to meet the constitutional deadline. The House had adjourned at 11:55 p. m.

The final bill set the state property tax rate at 9.94 mills for the first year and 9.15 for the second year of the biennium. This is an increase of more than three mills.

The boost is needed to help finance appropriations totaling $154,515,822 from the general revenue fund. This is $4,200,000 less than was granted in 1951, when the fund had a 21 million dollar surplus.

The fund appropriations exceed estimated revenue by about six million dollars, accounting for two mills of the added property tax levy.

Rep. Roy Dunn, Pelican Rapids, majority leader, told House members that "This is the first time in the history of the Minnesota Legislature we have adjourned without covering the clocks.

"At the 1951 session, no new taxes and no increase in taxes were voted. We nearly did that again. The additional mill levy probably will receive the approval of the public because of the use for which it is intended."

While the legislature rejected many of Gov. Anderson's recommendations, one of the last acts was to approve a measure he had requested especially—creation of an interim commission with a 25,000 appropriation to study what he has called the state's "hodgepodge" tax structure.

Among the governor's proposals which were sidetracked were powers of arrest, party designation for legislators, reapportionment, employement on merit, constitutional revision, higher mental health allowances, and establishment of a state public safety department.

In a fast-moving, last night session, the legislature agreed on:

The $174,427,925 education bill. Financed largely from income tax, this raises the basic aid from $70 per pupil unit to $80 and increases equalization aids. Included in the same bill in $29,776,000 for the University of Minnesota; up $1,400,000 from two years ago, and $5,940,773 for teachers colleges. The latter two are paid out of the general revenue fund.

A $10,378,000 state, building program to be financed by a .64 mill property levy over a 10-year period.

Establishment of a five-member commission to hold hearings on claims against the state and make recommendations for settlements to the legislature.

Authorizing state liquor control agents to confiscate automobiles carrying illegal liquor.

Setting up a 28-member legislative-citizens commission to study highway problems, including raising and distributing highway fund.

New State Parks Director Named

U. W. Hella of St. Cloud Succeeds Col. L. E. Fiero

U. W. Hella of St. Paul has been appointed director of state parks to succeed Col. L. E. Fiero who recently tendered his resignation because of illness, it was announced by Conservation Commissioner Chester S. Wilson.

The new director comes to the park system from KOL, Inc., St. Paul, where since 1946 he has been general manager of production and corporate secretary. The industrial engineering firm manufactures tubular steel and sheet metal items.

"We consider that the state is very fortunate in being able to secure the services of Mr. Hella," Commissioner Wilson said, "because of his years of experience in our own park service, and the part he has played in developing overall plans in the state park system, combined with his technical training and business experience."

The 44 year old civil engineer was graduated from the University of Minnesota in 1931 with a B. A. degree in civil engineering and also attended the graduate school of preventative medicine and public health at the University. He is a registered professional civil and highway engineer.

Mr. Hella was with the Minnesota state highway department from 1931 to 1933, spent four years with the National Park service; four year (1937 to 1941) with the division of state parks as Northern district supervisor; and four years with Northwest Airlines, first as plant engineer, northern division, and advancing to chief administrative engineer.

3,800,000 Trees Being Planted on Private Lands

Nearly 3,800,000 trees, for Minnesota's largest tree planting program on private lands, have been shipped to 3,000 owners and will be in the ground within a few days, Raymond Clement, forester in charge of nurseries and planting for the division of forestry, said today.

The planting of between 11,000,000 and 12,000,000 trees on public lands is well under way and will continue as long as planting conditions remain favorable.

Clement said the season is about ten days ahead of the last few years and has been favorable up to date. Early spring moisture has been sufficient to give the trees a start, but if the May and June rainfall is below normal the trees should be watered wherever it is possible.

The trees were grown in the two state nurseries at Badoura and Willow River. Most are conifers such as pines, spruce and cedar, but a considerable number are deciduous trees, such as American elm, maple, cottonwood and others.

Gustavus Adolphus Choir Concert Has Broad Appeal

(By Lois Ekeren)

The Gustavus Choir of Gustavus Adolphus College, St. Peter, Minnesota, directed by Eugene Casselman, presented a concert of sacred music on Wednesday evening, April 22, in the Lincoln High School Auditorium, to a near-capacity audience. To program an evening of choral music so that it holds to a high standard of musical taste, and still appeals to a greatly diversified audience, requires no small skill. But Mr. Casselman is particularly adept at this, so there was something delightful for every listener, and still it was no potpourri, but a solid and neatly-tied package.

The first group represented four sixteenth century composers—Gibbons, Schein, Palestrina and Byrd, all with the objectivity of expression and contrapuntal style of that period, and yet individual both in color and in thought.

The second group, a Brahms Motet in four sections, was really a better vehicle for the type of tone this choir uses than the first group, with its more analytical flavor. It is a warm tone, quite unlike the cold, straight quality we hear from some choirs and which would have been more appropriate for the first group. It would be desirable to have both on tap, to be used at will as the demands of the music change, but we don't seem to find college choirs doing much of this. The peak of this Motet was the closing chorale—its rich harmonies delicately balanced, and the last phrase, "Like sleep is Death the friendly," very sensitively handled. Brahms provided it with a perfect musical setting, and these singers made it live.

The Schumann Women's Chorus, and the Gustavian Male Chorus each presented a group which drew enthusiastic response. The little Canons done by the girls were articulate and fun, and certainly their encore, "Little David, Play on Your Harp," with its twinkling accompaniment, was refreshing. The men's openers, two Swedish numbers, were good listening even for those of us who have no claim to Swedish blood. One of the most delightful moments all evening was their catchy arrangement of "Little Innocent Lamb," tossed off in a most charming manner, and followed, as an encore, by another Negro spiritual, "Humble." These were surprising understanding interpretations for singers of one race to give the music of another.

The last group presented contemporary writing by Poulenc, a luscious arrangement by Dett of an old tune, a Spanish carol, and, to close, the Katalsky "God Is With Us", with its startling beginning, and its wonderful monotone chant. The soloists in each case were well chosen for the specific need, and the contralto who sang this chant—not an easy matter, either—was blessed not only with an unusually rich voice, but harmonic sensitivity so that she colored her chant with the harmonies flowing around her. The Gustavus "Alma Mater," sung by request, and a Swedish folk melody concluded the program.

This was a listenable concert, and for the average concert-goer that cannot always be said, even of groups with greater technical maturity. This choir sang with quite consistent understanding of the music, with warmth and color, with fine contrasts (several perfectly exquisite pianissimo passages), and they succeeded well in achieving their aim. We look forward with pleasant anticipation to hearing them again another season.

TIME TO ACT

Elsewhere in this issue is a statement by the trustees of the Northwestern Hospital Association outlining a plan for financing a hospital expansion program in our community. Northwestern Hospital is in every sense a community organization. The expansion program involves the expenditure of public funds, already authorized, as well as the contributions by local individuals and organizations, already pledged. The proposal of the trustees therefore deserves the careful consideration of not only members of the Association but of all citizens of the community and the large area that is served by the hospital.

The plan now presented by the trustees is based on many months of study and negotiation. The extent to which they recommend the present facilities be expanded is based on actual need as determined by responsible authorities. The total costs are the top estimates of competent architects. The amount of federal aid they report as being available is a figure for which they have official assurance. On the basis of these solid facts we now have a dependable estimate of what our local contribution will have to be. And according to these figures we now know that we somehow must raise an additional hundred thousand dollars to secure a million dollar development.

The trustees tell us further that we must act promptly if we are to take advantage of the federal grant. We know this to be a fact. There is a July deadline and if we do not act within that time limit then the $419,716.35 now set aside for us will go to other communities that are seeking a share of these funds. There is much to be done in a short time.

And it is the opinion of many that federal grants of this kind are not going to be easy to get in future years. If we don't accept the one that is available to us now we may lose it forever.

It therefore appears to us that it is in our best interests from every standpoint to go along with the trustees in the plan they propose. As we see it, we cannot afford to reject that plan.

The issue now is clear-cut. The trustees very properly are giving us the hard, cold facts as they see them. And they properly tell us that it is not for them to say what the decision shall be. Making the decision is a responsibility all of us must share. It is a community problem and the decision will have to be made by all of us acting as a community.

We need an additional hundred thousand dollars, and that is a lot of money. But for a good cause it is not too much money, and over a period of several years we should be able to absorb this added load without undue inconvenience. And certainly, from a very selfish standpoint, in terms of our own individual welfare, this better health center can be justified as a deserving cause.

After nearly four months of listening to the yakety yak of a legislative session, the clackety clack of a printing press is sweet music. After nearly four months of exposure to the impurities of a political atmosphere, the smell of ink is indeed refreshing. There is no odor so fragrant as the smell of ink. It is nice to be back on the job again. Only thing we don't like about coming back after being away from the job so long is the rediscovery of the disturbing fact that they can get along without us.

Governor Anderson didn't get everything he wanted from the legislature but he did get his wish that the work of the session be completed on time and this was a tribute to his good leadership. Considering all the other matters on which he expressed a particular interest he averaged up well in the final results. He may comfort himself as did the farmer who didn't get enough for his wheat. "I didn't get as much as I expected," the farmer said, "but then I really didn't expect to get that much anyway."

Political Roundup

By Arthur Naftalin

Is the 1953 legislative session deserving of praise or condemnation?

The overall record of the session which adjourned last week is certain to have its sharp critics as well as vigorous applauders, because, in the end, the legislators did manage to meet most state needs without new major revenue measures, but, along the way, there were many specific failures that are bound to be subjects of continuing controversy.

A record state budget of $300,000,000—including appropriations from the general revenue fund and the various dedicated and ear-marked funds—was voted, an increase of $26,000,000 over the total 1951 appropriations. By cutting down appropriations for state departments operations, welfare services, and public institutions and by diverting money from dedicated funds with surpluses, the legislature was able to provide for the increase by increasing the state property tax by two mills.

Increase for Education

Most of the increase in appropriations went to the state's various educational services. Basic school aid was increased from $70 to $80 per pupil and equalization from $80 to $83.95, which will cost $126,000,000 for the next biennium. The University received an increase of almost $1,500,000, for a total of $29,776,000.

The five state teachers colleges will receive $5,950,000 during the next two years, and increases were also voted for University Hospitals, agricultural research, agricultural extension, and for county agricultural agents. In all, more than $174,000,000—or better than half of the total budget—was voted for educational purposes.

But there was one big disappointment in the educational field. This was the failure to provide for a state-financed educational TV program.

Tax Problem Postponed

The additional two-mill property tax levy will raise an estimated $6,800,000 during the biennium (increasing the state millage for 1953-54 to 9.9 and to 9.15 for 1954-55). An additional estimated $1,200,000 will come annually from iron ore because of a revision in the labor credits formula.

There were some minor changes in the tax picture such as extending the privilege of using the short form return to those making $10,000 a year, reducing the tax on boxing admissions from 10 to 5 per cent, and levying a 5 per cent tax on radio and TV receipts from boxing shows.

But the sales tax, reduction in corporate and personal income tax, and repeal of the personal property tax were all killed. Thus, in the view of many legislators, the entire tax problem was, in effect, postponed until the 1955 session.

Agency Reforms Killed

For a second time most of the recommendations of the Little Hoover Commission (which if adopted in their entirety, would save $4,000,000, according to the Commission's estimates) were killed. But the legislature did vote to merge the division of public institutions and social welfare into one department, and it transferred some minor functions from the state auditor to the tax commissioner and created an advisory commission on business research and development.

Highway Interim Study

The serious problem of rural roads was assured careful consideration during the next two years with creation of a 28-member interim study body, including seven senators, seven representatives, and 14 public members. The commission is to report not later than March 15, 1954, after which sponsors of increased aid for rural roads are confident that the Governor will summon a special session to take up the question of submitting a constitutional amendment in the 1954 general election. Such an amendment would seek a division of the motor vehicle tax among state, county, and township governments, along the line proposed in the 1952 Amendment No. 5.

No Fundamental Changes

The session's record can be fairly characterized as "standpat." Apart from the money increases noted, most of the legislation that was finally adopted made no fundamental change in state governmental services. Interim studies were set up to investigate mental health, civil service, tuberculosis facilities, and dairy products and livestock. Courts were given authority to revoke municipal liquor store licenses for violations. An amendment to the constitution was submitted requiring that any result of a constitutional convention must be submitted to a general vote. A claims commission to act on private claims against the state between legislative sessions was created.

Many Major Bills Lose

But there were many disappointments among supporters of major proposals that died in committee or failed in one house or the other. The list of such measures is a long one, including educational TV, reapportionment, employment on merit, modification of the presidential primary law, reestablishing party designation for the legislature, calling a constitutional convention, increasing old age assistance, arrest powers for liquor control agents, streamlining state departments as recommended by the Little Hoover Commission, and some form of tax relief. Each of these measures is certain to be with us when the 1955 session convenes.

Report to the People

By Governor C. Elmer Anderson

School Appropriations

Members of the Legislature finished their work on time and went home for a deserved rest, but, as Governor, I had to stay on the legislative job for three days more and consider and act on bills which the legislators passed in closing hours of their session. It was my duty after analyzing the bills to sign them and deposit them in the office of the secretary of state or veto them. Altogether, when the last measure had been passed on, I had signed or vetoed 766 bills for the session.

I was particularly impressed in these closing acts of the session to see how large appropriations for education loomed in the total funds made available for the state's far-reaching services. I learned on inquiry that 56 per cent of the appropriations which the Legislature voted from all funds for the coming two years were for educational purposes.

Another interesting disclosure, reflecting the importance which Minnesota citizens attach to schools, was the revelation that the increases in appropriations voted by the legislators for the next two years were confined in large degree to appropriations for education. Appropriations authorized from all funds listed in the major appropriation bills in the 1953 session, were $308,464,884, compared to $281,611,983 in the 1951 session. That means an increase of $26,853,900.

Education Increase

Of this increase, it will be seen, most went for education. As a matter of fact, appropriations voted for schools from all funds rose from $148,251,559 in the 1951 session to $174,276,259 in the 1953 session, or an increase of $26,025,700. In other words, the increase voted for schools was almost as large as the total increase voted for all purposes.

Other services as a group received in the recent session about the amount received in 1951, it is apparent. Appropriations for welfare dropped from $41,001,253 in 1951 to $38,100,525 in 1953. Appropriations for institutions rose from $44,486,832 in 1951 to $45,242,016 this year. Appropriations for the various departments went up from $43,473,173 in 1951, to $46,138,826 in 1953.

For the general revenue fund, the figures were even more decisive. Of the six major bills appropriating funds from general revenue this year, five bills reduced allowances for the coming biennium compared with 1951. Education alone got larger general revenue appropriations. Total appropriations from general revenue in 1953 in fact were lower than in 1951. A total of $158,628,846 was appropriated in 1951 for use in the current biennium and $155,745,182 this year for the next biennium.

School Aid Increase

Minnesotas' public schools will receive the largest payments in state school aid in their history in the next two years as a result of the action taken by the Minnesota Legislature. Basic school aid was increased from $70 to $80 per pupil school unit. Equalization aid payments likewise were raised from $80 to $83.95. Total school aid for the coming biennium will reach $126,207,600, as a result of the changes made, or an increase of $21,830,700.

The payments do not include aids paid out on standing commitments, including the $10 per pupil distribution from the income tax and the distribution from trust fund income. With these sums, school aids to be paid out during the next two years will amount to an estimated $145,507,600.

IRON ORE FINER THAN Face Powder

TINY SPECKS OF IRON ORE, far too fine to be graded by screen, are sized in this mining company research laboratory at Cooley, Minnesota. Metallurgist Eino Kautt removes a sample from a cone of this Infrasizer where compressed air is used to sort the dry ore powder. This machine will grade ore so fine that 4 million particles would hardly cover a square inch of paper! This experimenting with fine ore recovery is just another way the iron mining industry is trying to utilize once-worthless ores. If successful, Minnesota and all its people will benefit. A fair deal for Minnesota's iron mining industry means a good deal for you.

Highest-powered ENGINE in the low-price field

plus all these other buyer benefits that only the New Chevrolet offers you!

Entirely new Styling
Strikingly new—with longer, lower lines that set a new standard of beauty for low-priced cars. Larger, roomier, more luxurious interiors, too!

Entirely new Powerglide*
Faster acceleration from a standing start with new automatic starting range . . . new power to pass in city traffic . . . and a substantial gain in gasoline mileage.

Entirely new Economy
The most important gain in economy in Chevrolet's history! Two great engines now offer even more economy than you enjoyed in the past.

Entirely new Safety
New one-piece curved windshield for greater visibility. New, sturdier construction. New, easier brake action and new Foot-Form brake pedal.

Entirely new Durability
Chevrolet's new Body by Fisher has been strengthened throughout. New heavier door-posts and sills. New bracing in roof and framing. More rigid construction everywhere for longer life.

Entirely new Power Steering*
Exclusive to Chevrolet in the low-price field! It lets you swing the wheel easily, permits you to park with finger-tip ease.

Pictured above, you see the great new 115-h.p. "Blue-Flame" engine—one of the most important advances in engine design in many and many a year. New high compression! The 7.5 to 1 compression ratio is among the highest in the industry. Free-breathing carburetion, new aluminum pistons and many other features also play an important role in making this the most powerful engine in its field!

And, both the "Blue-Flame" engine (teamed with Powerglide*) and the advanced "Thrift-King" engine (in gearshift models) offer a wonderful gain in economy.

Why not take the wheel yourself on a demonstration drive? Why not make it soon?

Late Events in Middle River

By Carlyle Hanson, Middle River

Funeral services for Mrs. Sofia Metsa were held Wednesday April 22 at 2 p. m. in the Finnish Lutheran church of Middle River with Rev. C. O. Hansen officiating. Burial was made in the Finnish cemetery.

Serving as pallbearers were Waina Talkari, Tom Maijala, Wm. Maijala, Martin Rantanen, Elmer Korpi and Arthur Matero. Funeral arrangements were by the Collins Funeral home of Middle River.

Mrs. Metsa passed away Sunday morning at the home of her daughter Mrs. Frank Rinkel at Thief River Falls after an illness of several months. She was born in Finland and had been a resident of the Middle River Community for 41 years. Her husband John Metsa died in 1949.

The Concordia College Refurnishing meeting for the Thief River Falls circuit will be held at Greenbush Bethel church. Rev. Mathiason in charge on April 30 Thursday at 8 p. m.

Rev. C. O. Hanson, Herman Young, Ing Gullikson, Bennie Hanson, Victor Berg and Ed Bakken solicited money for the First Lutheran Church building fund. A sum of over $1,700 in cash was raised last week. The appeal could reach $1900. They had a goal set of $1200 by May 1st.

In the Music Concert Wednesday night April 22 at the Middle River School Gym, three splendid groups were heard, a senior band of 43 pieces, a junior band of 19 and a girls glee club of 23 members. The Senior Band also wore their new band uniforms of blue and white.

The Senior band and the Glee club were at Hallock Friday and Saturday where they participated in the annual spring district music festival and we are proud that our band rated a B at the contest with our splendid band director Mrs. T. V. Cleys. She can be congratulated on the work she has done.

Mr. A. E. Blom was pleasantly surprised Saturday when his family all gathered to wish him a happy birthday. He was 78 years old. MOBILGAS ECONOMY RUN FLASH!
FORD BEATS ALL IN ECONOMY!
MILEAGE MAKER "6" WINS SWEEPSTAKES!

Score a blazing victory for Ford's dollar-saving gas economy! Ford's high-compression Mileage Maker "6" with Overdrive beat every car entered in this year's Mobilgas Economy Run, regardless of size or weight, to sweep the sweepstakes! Ford's winning average was 56.70 ton-miles per gallon*. And Ford's high-compression 110-h.p. Strato-Star V-8 with Overdrive was right up there in economy, too, with a record of 48.55 ton-miles per gallon!

The winning Ford was a regular production car, just like thousands of other '53 Fords you see on the road every day. This 1,206-mile trip from Los Angeles to Sun Valley covered all types of driving conditions. The route threaded through city traffic, where stop-and-go driving tests an engine's fuel economy under the toughest conditions . . . and out along the highways of four western states.

The Ford Mileage Maker "6" took all this in stride, maintaining a speed above the required 44.25 m.p.h. minimum, to finish 1st in the sweepstakes! What better proof is there that Ford is the thriftiest car of all? What better way to show why Ford is worth more when you buy it . . . worth more when you sell it!

OFFICIAL AAA PROOF!
FORD 101-h.p. Mileage Maker "6"
WITH OVERDRIVE
56.70
TON-MILES PER GALLON*
Ford is the first car in its weight class . . . in the history of the Economy Run . . . to win top honors in ton-miles per gallon over all other cars regardless of size or weight.
* The AAA Contest Board determines the winner by a "ton-mile per gallon" formula to insure equal chance for all cars in each class regardless of size and weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by number of miles traveled, divided by number of gallons of gasoline consumed.

Cattle Feeders Day Held at N. W. School

The annual Cattle Feeders' Day at the Northwest School and Experiment Station, Crookston, held on April 23, was well attended by farmers and others interested in the cattle feeding trial.

The feeding trial of 24 head of Hereford steers was of unusual interest this year, according to Supt. T. M. McCall, because a Red River Valley product—dried sugar beet pulp—was fed in different amounts, in the feeding ration. The cooperative feeding trial was directed by H. D. Fausch, animal husbandman at the Northwest School and Experiment Station, with L. J. Sumption of the school staff as assistant.

Mr. Fausch stated, "The purpose of the 1952-53 feeding trial was to determine what proportion of the grain ration could profitably be replaced with the dried beet pulp." The average initial weight of steers in the four lots averaged 773 lbs. and the final average weight was 1221.5 lbs. for an average increase in weight for all steers of 448.5 lbs. The steers were divided into four lots with Lot I receiving the basic grain steer fattening ration without beet pulp; Lot II feeding ration was 2-3 basic grain ration and 1-3 beet pulp; Lot III, ½ basic grain ration and ½ beet pulp, and Lot IV, 1-3 basic grain ration and 2-3 dried beet pulp. All lots were given their feed free choice, good alfalfa hay free choice, and all steers were fed one pound of soybean meal daily.

In summarizing the results of the trial, Mr. Fausch pointed out that: (1) Lot II made the greatest average daily gain of 2.47 lbs. and steers fed in Lot I made the lowest average daily gain of 2.18 lbs.; (2) Steers in Lot III had the highest evaluation and highest slaughter grade (all choice) at the end of the feeding trial; (3) At least 2-3 of the grain ration can be made up of dried beet pulp without sacrificing rate of gain or economy of grain. Beet pulp is a palatable feed for beef cattle and tends to keep up the appetite so that the daily feed intake is increased. While all lots of steers were fed at a loss due to falling prices, yet information gained is of great value to cattle feeders, sugar beet producers and processors.

Copies of the 1952-53 cattle feeding trial results are available at the Northwest School and Experiment Station, Crookston, Minnesota.

Grain Rust Leader at "U" to Retire

Dr. E. C. Stakman Slated to Give-up Duties June 30

The man who is recognized as the world's number one authority on rusts and other diseases of cereal grains will retire from the University of Minnesota staff on June 30 after 44 years of service.

He is E. C. Stakman—known to his colleagues as "Stake"—head of the department of plant pathology and botany.

Dr. Stakman, who holds bachelor's, master's and doctor's degrees from the University, joined the Minnesota staff as an instructor in 1909. In 1913 he became head of the section of plant pathology of his department. In 1940, he became head of the entire department of plant pathology and botany.

Dr. Stakman was born at Algoma, Wisconsin, and grew up in the farming community of Brownton, Minnesota. Other than teaching in public schools at Red Wing and Mankato and serving as superintendent of schools at Argyle, he has spent his entire professional career at the University of Minnesota. Since 1917 he has also served as an agent for the U. S. Department of Agriculture.

Perhaps his major contribution to the understanding and control of grain rusts has been the discovery that within a variety of species of the stem rust fungus there are races or strains that look alike but behave differently on different varieties of cereals and grasses.

This discovery helped greatly in the study of rust, one of the most deadly plant killers, and has helped in the study of all microorganisms.

State Fair Will Fete Teachers for Length of Service

The teacher in Pennington county who has taught longest in Minnesota public schools will be a guest of honor at the 1953 Minnesota state fair, Monday, August 31.

The oldest teachers in years of service in the 86 other counties also will be similarly honored, Milo J. Peterson, superintendent of the state fair education department has announced. The day they visit the fair will be called Teachers' Recognition Day.

Eligible candidates for the honor must be regularly employed, under contract for the school year 1952-53, and must hold a valid teaching certificate. Although teachers chosen need not have spent all their teaching time in the county each represents, Peterson said, all of them must have taught in Minnesota only.

Funerals Topic of Better Business Bureau Leaflet

The Association of Better Business Bureaus has published a new public service leaflet to assist people faced with problems concerning funerals and interments.

The four page leaflet, "Facts Every Family Should Know About Funerals and Interments," presents certain elementary facts which, the Association states, should help overcome a "noticeable degree of public ignorance and suspicion," and assist families to plan intelligently in advance of death. It also should help protect families against the "plausible pretenses of 'fringe' operators."

Copies of the leaflet may be obtained on request to either the National Funeral Directors Association, Milwaukee, Wisconsin, or the Association of Better Business Bureaus, Inc., 723 Chrysler Building, New York 17, New York.

Rep. Harold Hagen and Four Brothers Visit Eisenhower

Brothers Enjoy Reunion in Washington, D. C., for First Time in 32 Years

Five Hagen brothers—including Rep. Harold C. Hagen of Crookston got together Friday for their first full meeting and reunion in 32 years.

The highlight came Friday afternoon when Rep. Hagen took his four brothers to visit with President Eisenhower at the White house.

All natives of Crookston, the Hagen boys have each made a name for themselves in various fields. Collectively they have traveled in almost every country in the world.

For the first time in 32 years, the five find themselves in the same city at the same time.

George Hagen, an attorney and former Minnesota state legislator, now is serving as counsel for the State Department's Japanese pardon board which is considering the cases of Japanese war criminals.

Norman Hagen is a meteorologist. He has been associated with the government's Weather Bureau for 25 years and represented the bureau in international affairs during World War II.

Alfred Hagen is the mayor of Palmer, Alaska. He is president of the Matanuska Valley Fair Association, has varied business interests throughout the territory, and is a staunch advocate of statehood for Alaska.

Adolph Hagen, is a resident of Falls Church Va., where he owns an office supply business.

Old Mill Park Pool Pictured on Cover of MEA Magazine

A photograph of the swimming pool at the Old Mill state park between Argyle and Newfolden adorns the cover of the May issue of the Minnesota Journal of Education, official publication of the Minnesota Education association. Gas Tax to Yield $40 Million in '53

Yearly income from the state's gasoline tax has jumped from $4,805,000 to $40,200,000 since the levy was first imposed here 28 years ago this week, H. M. Whisman, executive secretary of the Minnesota Petroleum Industries Committee reported today.

"Of course these 28 years have seen a substantial rise in gasoline consumption," Mr. Whisman said, "but the increased revenue also reflects the change in our tax rate."

When a motorist buys 10 gallons of gasoline today, he pays 70 cents in taxes to the state and federal governments, Mr. Whisman pointed out, while 28 years ago, the tax on 10 gallons was 20 cents.

A brave man thinks no one his superior who does him an injury; for he has it then in his power to make himself superior to the other by forgiving it.
